Community / Family has been concerned about pipelines belonging to the Two Rivers Platinum Mine encroaching into the buffer zone of our ancestral graves. However, after consultation with the Mine and other families, we have elected to support an application for an exemption from the 100 m servitude requirement. We note that the Mine has pledged itself to provide material support for traditional ceremonies to be held at the burial ground as cultural remediation.

I confirm that I have been to the burial ground which is the subject of the application, and I am satisfied that this is the right course of action.
