Clearly indicating the title of the position applying for!

Short-listed candidates will be subjected to Psychomotoric testing.

Only short-listed candidates will be contacted. Credential checks will be conducted.

Super Eagles win away

Super Eagles FC maintained their winning momentum after the recess when they edged

out Hunters FC at Botshabelo on Saturday in a top of the log clash, reducing the points difference to one after 11 games played.

The visitors started the game throwing everything at their opponents in search of an early goal. In the 20th minute, Moloï Motsamai cut in from the right and unleashed a powerful shot which the Hunters' goalkeeper, Moodie Serasengoe spilled onto the path of Motaung Buti who tapped the ball into the net, putting Super Eagles into the lead.

Hunters gave Eagles a fright in the 35th minute as they came close to restoring parity. Nosi Thapelo received the ball and made his way

forward from deep before smashing a 25-yard shot at goal, but it went just inches away from crossbar. Eagles managed to keep the marauding Hunters' forwards at bay and went into the second half with a slender 1-0 lead.

Eagles had a chance of increasing the lead in the 69th minute when Moloï Motsamai hit a long range shot which was saved by the goalkeeper. Two minutes later Lepele Senokoane dribbled past two defenders with the goalkeeper at his mercy and his shot was parried for a corner kick. Hunters were dealt a massive blow with 21 minutes left, when Philimon Nkhabu was shown a straight red card for dissent. This paved the way

for Eagles to take full control of the game.

In the 75th minute, Eagles benefitted from good speed transition as Bongani Mofokeng outpaced two Hunters defenders and hit a good shot to the far bottom corner giving the Hunters' goalkeeper no chance. After the cushion goal, Hunters threw bodies upfront in search of an elusive goal but found the Eagles defense too well organized, holding on for the entire last 15 minutes and claiming the 2 nil victory.

Eagles will be welcoming Dinonyane FC at their slaughter house, Bohlokong Stadium this coming Saturday. The game is scheduled for a 15h00 kickoff.

MALUTI-A-PHOFUNG WASTE MANAGEMENT LICENSE APPLICATION (EIA PROCESS) NOTICE OF THE DRAFT SCOPING REPORT AVAILABILITY FOR PUBLIC REVIEW

PROPOSED MALUTI-A-PHOFUNG LANDFILL SITE

LOCATION

Portion 110 of the Farm Witsieshoek, 1903 at Phuthadithjaba (QwaQwa) which falls under the Maluti-A-Phufong Local Municipality in the Free State Province.

INVITATION OF I&APs/STAKEHOLDERS TO COMMENT ON DRAFT SCOPING REPORT AND/OR

REGISTER AS AN INTERESTED/AFFECTED PARTY

DETEA Free State PROVINCE REF NO: WML/EIA/10/2014

Name of Applicant: Maluti-A-Phufong Local Municipality

Notice is hereby given in line with Regulation 56 of the National Environmental Management Act 107 of 1998 (as amended) EIA Regulations 2010, as published in the government notice no: R 543, that the Draft Scoping Report for the proposed Maluti-A-Phufong Landfill site Waste Management License (EIA process) is available for public review/comment.

The Draft Scoping Report forms part of the Scoping Phase for the proposed development as it follows the EIA process. Furthermore this part of the scoping is referred to as the initial phase to the full EIA process. The Draft Scoping Report aims to establish and understand the following critical aspects of the full EIA study:

- ❖ Issues to be considered in the EIA phase for assessment, timeframes and boundaries of the EIA study.
- ❖ Important/significant factors and effects to be studied in detail during the EIA phase, understanding the receiving environment.
- ❖ Establish potential environmental impacts to the receiving environment, thus cultural, socio-economic and the biophysical environment.
- ❖ Most importantly to identify the necessary information required for decision making purposes.

In addition to the above, the Draft Scoping Report is available for Public Review/comments within 40 days from the date of this advert. The main reason for the public review process is to allow Interested and Affected Parties the opportunity to comment, raise issues and suggestions which will be captured by Tholoana Consulting for inclusion in the Environmental Impact Assessment report. These comments are considered for decision making purposes by the competent authority and the applicant as well as guiding the EIA study.

The copy of the Draft Scoping Report is available for review at the following Public areas.

- ❖ Harrismith Public Library, Kestell Public Library, Phuthadithjaba Public Library, Ward 32 Councilor. For any other means of accessing the Scoping Report please contact Tholoana Consulting.
- ❖ An Electronic copy can be requested from Tholoana Consulting in writing, details of contact person are as below.

I&APs and stakeholders can comment in writing by sending a fax, email or post to Tholoana Consulting. Looking forward to your comments for inclusion in the Issues and Response report. Please do not hesitate to contact Tholoana Consulting for any additional information required.

Contact Person: Mr. Vusmuzi Hlatshwayo

Contact Details: 011 704 5071, Fax: 011 704 5130, Email: vusi@tholoanaconsulting.co.za, Post: PO Box 1549, Honeydew, 2040
