### **Approval to accept archaeological material resulting from continued excavations at Kathu, Northern Cape (permit application: Prof Michael Chazan).**

The McGregor Museum Archaeology Department hereby indicates its agreement to accept archaeological material resulting from continued excavations at Kathu, Northern Cape Province, South Africa, as proposed in a research programme and permit application by Prof Michael Chazan.

The McGregor Museum supports the continued research at archaeological sites on the property of Sasha, Kathu, under the auspices of Prof Michael Chazan. The Museum is historically the repository for all collections from sites in the area known as Kathu Pan, including those from excavations by Peter Beaumont and Prof Chazan, and would continue to serve as repository for collections from excavations by Prof Michael Chazan and his colleagues.

Yours faithfully

David Morris  
Head of Archaeology, McGregor Museum &  
Extraordinary Professor, School of Humanities, Sol Plaatje University
