5 AUGUST 2022

DEAR SIR / MADAM

As requested, Attached internal photographs of dwelling. Please note that with our original application, we submitted streetscape photographs. Within these photographs there are 2 new 3 storey buildings recently completed three properties away from ours on the right- hand side having similar elevations to our new development therefore our development compliments the existing streetscape and does not detract from what already exists. It would also add value to adjoining properties.

We hope this is enough information for you to arrive at a favourable decision.

Yours Faithfully

G.P. Braum
