# KWAZULU-NATAL AMAFA AND RESEARCH INSTITUTE

THE KZN PROVINCIAL HERITAGE RESOURCES AUTHORITY

(accredited in terms of the National Heritage Resources Act)

## GUIDELINES FOR THE PREPARATION OF APPLICATIONS IN TERMS OF SECTION 37(1)(a) OF THE KWAZULU-NATAL AMAFA AND RESEARCH INSTITUTE ACT (5/2018,) FOR PERMITS TO DEMOLISH, ALTER OR ADD TO A STRUCTURE WHICH IS, OR WHICH MAY REASONABLY BE EXPECTED TO BE OLDER THAN 60 YEARS

Please detach these guidelines from the form before submission

**SUBMISSION OF APPLICATIONS:** Application forms can be downloaded from [www.amafainstitute.org.za](http://www.amafainstitute.org.za) – look under the “RESOURCES” tab - forms – Form A. Submissions must be uploaded to the Sahrís system operated by SAHRA at [www.sahra.org.za](http://www.sahra.org.za) (confirm upload to [beadmin@amafapmb.co.za](mailto:beadmin@amafapmb.co.za)) All documentation submitted is retained for record purposes and interested and affected parties may apply to view the documentation.

### APPLICATION FORMS

Even though the Sahrís system is formulated as a submission, all applications must be accompanied by the relevant official application form and the required supporting documentation.

**Form H** must be used for buildings that are proclaimed Heritage Landmarks (previously National Monuments) and buildings listed in the Heritage Register.

**Form I** must be used for approval of work undertaken on a protected building (formally protected/listed or over 60 years of age at the time the work was started/completed without approval), irrespective of who undertook the work.

**A. DECLARATION:** The owner/or the official representative of a trust/company that owns the property must sign the form and any accompanying documentation and must consent to submissions by a third party/agent (letter of appointment/power of attorney to be submitted – load to the designated ConsentLetter box on Step 4 where the information is confidential).

**B. PROPERTY:** Name of the property only where applicable: e.g., Grandborough Court. Provide all the cadastral information, the Title Deed number and the size of the site. The full title deed must be uploaded to the ConsentLetters field.

The street address is the key information and is used as a tracking device in the database.

**C. SIGNIFICANCE:** All structures over 60 years of age are protected.

- 1. ORIGINAL DATE OF CONSTRUCTION** is taken from the date of first plan approval. If the original plans are not available, estimate the date e.g. c1920's.
- 2. HISTORICAL REPORT:** a brief history of the occupation of the site and phases of construction, as well as an assessment of historical significance is necessary. Do not assume that there is no significance – proof of such a statement must be provided.
- 3. ARCHITECTURAL REPORT:** An assessment of the condition of the building should be given. Provide an analysis of the styles and phases of construction of the building, including alterations and additions and a statement of its architectural significance.
- 4. URBAN SETTING & ADJOINING PROPERTIES:** It is important to describe the urban context in which the building is situated (supported by photographs of the surrounding buildings).

**D. PROPOSED WORK:** Motivate for the proposed work – give reasons and design considerations behind the proposal. Detail all the work to be carried out – do not refer to the plans.

**E. CONTACT DETAILS:** the contractor's details can be left out if unknown. All other fields must be completed. **The architect must complete all fields and sign on the appropriate box. THE OWNERS MUST SIGN THE APPLICATION FORMS!! PERMITS ARE NOT TRANSFERABLE**

**G. \*PUBLIC PARTICIPATION:** all applications require a level of public consultation with the basic level being the poster placed on all boundary entrances. Neighbours, Ward Councillors, and Heritage Societies should be consulted in the case of demolition, major alterations, change of use & development applications. Owners & residents of properties within 100m must be consulted for demolition applications. (Guidelines & Forms under COMPLIANCE on the website [www.amafainstitute.org.za](http://www.amafainstitute.org.za).)

**F. A SUBMISSION FEE** – a processing fee determined by the Council of the Institute in terms of Section 24(1)(e)(i) is payable on submission of all applications. The application will not be registered as submitted if the proof of payment is not attached – UPLOAD TO Proof of Payment – step 4.

## SUPPORTING DOCUMENTATION:

Only SACAP accredited professionals registered with the Institute may author drawings submitted in support of this application. Permits may require their overseeing/monitoring the work. **NB** the title block must contain all details of the owner, architect/technologist/designer, SACAP registration no., drawing nos. (with all revisions indicated), date of drawings and signatures of the owners and the author.

***Demolition applications must be supported by photographs - including internal views - and a set of concept drawings/renditions, including elevations, for the replacement building/s. The existing structures must be shown in dotted lines on the site plan with the new structures superimposed thereon.***

### 1. \*PHOTOGRAPHS OF EXISTING STRUCTURE/S AND CONTEXT:

Submit annotated/captioned photographs of the exterior (all facades/elevations) and interior of all buildings on the site and views that clearly illustrate the features of the structures to be altered/demolished. Photographs showing the context (streetscape and surrounding buildings – adjacent and across the road, aerial view, etc.) must also be submitted. Submit in colour and in jpeg format. If incorporated into a document or report, photographs must be post card size – 100x150mm. Sahrís allows about 8-10 photographs of 10MB or less to be uploaded – click Advanced upload to upload multiple images at once but remember to click upload and wait for the system to complete the upload. Complete the description/caption field provided. If there are more than 10 images, please upload the rest to Additional Documents – the limit of 10 is to keep the block of selected images on the case front page to a limited number of images – Additional Documents has no limit.

### 2. PLANS:

Submit one full set of submission drawings for alterations & additions applications and concept drawings or renditions for demolition applications (see above) – upload to Additional Documents or to Research Proposals if the case is confidential. Colour plans as follows:

MATERIALS	COLOUR
all existing	grey
demolition	dotted lines
new masonry	red
new concrete	green
new iron or steel	blue
new painting & plastering	yellow
new wood	brown
other	clearly indicated, using colours other than as above

#### 2.1. SITE PLAN

The site plan must be drawn in accordance with the approved surveyor's diagram of the site and must show: scale; the north point; the erf/property/farm number of the site; the location of the site and any structures on it in relation to surrounding roads, buildings and other features; existing buildings, structures, and pools on the site (coloured grey or uncoloured); proposed work (coloured red) and buildings or portions of buildings proposed for demolition (in dotted lines). An aerial view obtainable from "Google Earth" or the municipality is also very useful.

#### 2.2. FLOOR PLANS, ELEVATIONS AND SECTIONS

Sufficient plans, elevations and sections must be submitted to show the proposed work clearly. These drawings should be at 1:100, 1:50 or 1:20 scale, and must be fully dimensioned. The position of section lines must be indicated on the plan. The elevations should accurately reflect the effect of the proposal on the structure and its relationship to adjacent buildings.

All new materials, including finishes, must be specified. Drawings should be coloured as follows:

#### 2.3. SCALE PLAN OF EXISTING STRUCTURE(S)

If it is impossible to distinguish the existing layout from the original plans submitted, a measured floor plan of the structure as it exists is required. It must be at the same scale and orientation as the plans of the proposed work to facilitate comparison.

#### 2.4. DOOR AND WINDOW SCHEDULES AND DETAILS

Proposals for changing or replacing doors or windows must include sufficient information about their size, proportion and detail. This may be in the form of manufacturer's information (for stock windows and doors) or joinery details (for specials).

### 3. ORIGINAL/PREVIOUS DRAWINGS: submit if available. These are especially important in the case of deviations and where a case is made for the devaluing of the heritage conservation worthiness

**PROCESSING OF APPLICATIONS: complete** applications are processed in the order in which they are received, except during the holiday break 15 Dec – 15 Jan. Allow 10 working days for the initial review and a further 10 days for processing. The processing of complex applications will take longer. Written responses to applications will be uploaded to the case on Sahrís exclusively. Enquiries will be dealt with through the messaging system on Sahrís. Email will only be used if the Sahrís system becomes inoperable.

**\*PLEASE NOTE: INCOMPLETE APPLICATIONS WILL NOT BE PROCESSED. Allow 30 days from the receipt of all required documentation**
