NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS: PROPOSED EXTENSIONS TO RIVER LODGE AND INFRASTRUCTURE UPGRADES IN KAPAMA PRIVATE GAME RESERVE, LIMPOPO PROVINCE

The proposed development entails the expansion of River Lodge located within Kapama Private Game Reserve. The expansion will consist of the construction of a new dining room and approximately 20 tourism accommodation suites. All associated civil infrastructure (water, electricity and waste treatment) will be included.

Additionally, new wastewater treat works will be constructed at the four lodges and staff village within Kapama Private Game Reserve.

Notice is given in terms of section 24(5) read with Section 44 of the National Environmental Management Act, 1998 (Act No 107 of 1998) (NEMA) of intent to apply for Environmental Authorisation to undertake the following listed activities: Listing Notice 1: 12 (ii) (a) (c), 27 (No. R. 327, 4 December 2014, as amended) and Listing Notice 3: 4 (e) (i) (ee) (gg), 12 (e) (ii) (iii), 14 (ii) (a) (c) (e) (i) (ff) (hh), 17 (e) (i) (ee) (gg) (No. R. 324, December 2014, as amended). The basic assessment process provided for in Regulation 19 read with Appendix 1 of GN R326 of the 2014 EIA Regulations, as amended under NEMA will be followed for the application.

If you are an Interested and / or Affected Party and would like to register as part of the public participation process, please provide your name, contact details, and the nature of your interest in the project to the person below by no later than Monday 20 January 2020.

To register or for more information, please contact Bryony van Niekerk (NuLeaf Planning and Environmental) Tel: 012 753 5792; Fax: 086 571 6292; Email: bryony@nuleafsa.co.za

Club foot.

...ve procedure if...
...can lead to them...
...s.

Dr Fatti confirmed that the proliferation of little club feet is not just a South African phenomena but worldwide.
Ole Ahrens, Rotary Hoedspruit President and Rotarian Jill Owens arranged and sponsored little Keletso to go from the Oaks every week with his parents to have his treatment with Dr Fatti at Tintswalo Hospital.
Rotarian, Christine du Preez, Director of Holomela Clinic provided a carer to accompany him for the first five visits and Jill drove him to the hospital.
All Rotarians are working together for their community.
Ahrens who was recently on a visit to the crèche saw Keletso and was amazed at how he was recovering.
Now eight months later after diligently wearing his boots and brace at night for the second phase of his treatment he is nearing the end of his correctional procedure and has only a few more hospital visits left at which point he will be able to comfortably run around the playground with his friends.

BID

The following document was circulated to identified Stakeholders, Compliance Authorities and Interested and Affected Parties on 29 November 2019.

**PROPOSED EXTENSIONS TO RIVER LODGE AND INFRASTRUCTURE UPGRADES IN KAPAMA
PRIVATE GAME RESERVE, LIMPOPO PROVINCE
BACKGROUND INFORMATION DOCUMENT
November 2019**

In terms of the 2014 Environmental Impact Assessment (EIA) Regulations published in terms of Section 24(5) of the National Environmental Management Act 107 of 1998 (NEMA), the Project Applicant hereby gives notice of its intention to apply for Environmental Authorisation from the Limpopo Department of Economic Development, Environment and Tourism (LEDET) as the competent authority, for the proposed extensions to River Lodge and Infrastructure Upgrades in Kapama Private Game Reserve, Limpopo Province.

The Basic Assessment process provided for in Regulation 19 read with Appendix 1 of GN R326 of 4 December 2014 of the 2014 EIA Regulations, as amended published under NEMA will be followed for the application for Environmental Authorisation.

By virtue of location, you have been identified as a potential Interested and / or Affected Party (I&AP) to this process, and are hereby invited to participate.

WHAT THIS DOCUMENT TELLS YOU

This Background Information Document (BID), provides you, as a potential I&AP, with **background information** on the proposed project, as well as, information regarding the Basic Assessment (BA) process to be undertaken to assess the potential impacts (i.e. positive and negative, as well as direct, indirect, and cumulative) of the proposed project.

It further indicates how you can participate in the assessment process, receive information and raise issues that may concern and / or interest you. The sharing of information forms an important component of the Public Participation Process as it not only provides I&APs with the opportunity to become actively involved, but also provides information that may be of value for the proposed development.

PROPERTY & PROJECT DESCRIPTION

The properties affected are: the Remaining extent of the farm Hoedspruit 82 KU (River lodge), Portion 228 of the farm Guernsey 81 KU (Karula), Remaining extent of Portion 4 of the farm Moria 83 KU (Buffalo Camp), Portion 213 (ptn of Ptn 194) of the Farm Guernsey 81KU (Southern Camp), Remaining extent of the farm Hoedspruit 82

KU (Staff Village) and are situated within Kapama Private Game Reserve in Maruleng Local Municipality, approximately 20 Km south of Hoedspruit.

The proposed development entails the expansion of River Lodge located within Kapama Private Game Reserve. The expansion will consist of the construction of a new dining room and approximately 20 tourism accommodation suites. All associated civil infrastructure (water, electricity and waste treatment) will be included. Additionally, new wastewater treat works will be constructed at the four lodges and staff village within Kapama Private Game Reserve.

PROJECT MOTIVATION

The motivation and reasoning behind the proposed expansion at River Lodge in Kapama Private Game Reserve is to further develop the growing tourism industry and possible tourism linkages within the area. Kapama Private Game Reserve is situated in a prime position. The Kruger National Park lies to the east, with many other game and nature reserves nearby such as Thornynush Private Nature Reserve, Blyde River Canyon Nature Reserve and Timbavati Game Reserve. These Game and Nature Reserves are within easy driving distance from Gauteng and are also popular Big 5 game viewing and tourism destinations. It is, therefore, important that the natural recreational potential of this region be explored. In order to do this, accommodation facilities need be developed in the greater region that will help to unlock the natural potential of the region.

Additionally, the waste water treatment works at the 4 lodges (River lodge, Buffalo Camp, Karula and Southern Camp) and the staff village are aging and needs to be replaced.

THE BASIC ASSESSMENT PROCESS

NuLeaf Planning and Environmental (Pty) Ltd has been appointed by Applicant to conduct the Basic Assessment process for the proposed extensions to River lodge. The 2014 EIA Regulations, as amended in April 2017 and its associated Listing Notices [Listing Notice 1 (GN R327) and Listing Notice 3 (GN R324)] specify the activities that require a Basic Assessment. The activities triggered by the proposed development include the following listed activities:

Number and date of the relevant Listing Notice:	Activity Number (s) (in terms of the relevant Listing Notice):	Description of each listed activity as per the detailed project description
GN R.327 (Listing Notice 1)	12 (ii) (a) (c)	The development of (ii) infrastructure or structures with a physical footprint of 100 square meters or more where such development occurs within (a) a watercourse or (c) within 32

		meters or a watercourse.
	27	The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
GN R. 324 (Listing Notice 3)	4 (e) (i) (ee) (gg)	The development of a road wider than 4 meters with a reserve of less than 13,5 m in (e) Limpopo (i) outside urban areas in (ee) critical biodiversity areas in (gg) areas within 5 Km of any other protected area.
	12 (e) (ii) (iii)	The clearance of an area of 300 square meters or more of indigenous vegetation in (e) Limpopo (ii) critical biodiversity areas (iii) on land zoned open space, conservation or had an equivalent zoning.
	14 (ii) (a) (c); (e) (i) (ff) (hh)	The development of (ii) infrastructure or structures with a physical footprint of 10 square meters or more where such development occurs within (a) a watercourse or (c) within 32 m of a watercourse in (e) Limpopo (i) outside urban areas in (ff) critical biodiversity areas and (hh) within 5 Km of any other protected area.
	17 (e) (i) (ee) (gg)	The expansion of a resort, lodge, hotel, tourism or hospitality facilities where the development footprint will be expanded and the expanded facility can accommodate an additional 15 people or more in (e) Limpopo (i) outside urban areas in (e) critical biodiversity areas within (gg) 5 Km of any protected area

- An independent **Environmental Assessment Practitioner (EAP)** must undertake the process on behalf of the applicant to ensure objectivity.
- The first step of the process is to submit an **Application for Environmental Authorisation** to the Competent Authority, which in this case is the Limpopo Department of Economic Development, Environment and Tourism (LEDET).
- The EAP must conduct a **Public Participation Process**, and afford any and all persons interested and /or affected by the proposed development an opportunity to register and participate in the process. A **30 day registration period** is allowed for, as well as, an opportunity to ask questions, submit concerns etc.
- The EAP must then prepare a **Draft Basic Assessment Report (BAR)**, inclusive of specialist reports and a draft Environmental Management Programme (EMPr), which describes both the project and the environment and assesses the anticipated impact of the project on the environment, and makes recommendations in terms of mitigation and management.
- Once complete, the Draft BAR will be circulated to all registered I&APs who are entitled to submit written comments in respect thereof. A **30 day comment period** is allowed for in terms of Regulation 40 (1) of the 2014 EIA Regulations.
- Once all comments from registered I&APs have been addressed, the EAP will submit the **Final BAR** to the Competent Authority for consideration.
- The Competent Authority is then required to make a decision on the application for Environmental Authorisation (i.e. either positive or negative).

- Once the Competent Authority has made a decision on the Final BAR, the EAP must communicate the outcome thereof to all I&APs who registered during the Public Participation Process.
- I&AP's have the right to **Appeal** against the decision of the Competent Authority should they feel the need to do so, in which case, the Competent Authority will review and reconsider the application. The appeal process is regulated in terms of the 2014 National Appeal Regulations published in terms of GN R993 on 8 December 2014 under NEMA.

ROLE OF INTERESTED AND AFFECTED PARTIES

You have been identified as a potential Stakeholder or I&AP, and are hereby invited to participate in this EIA Process. If you would like to be involved in this process, comment on draft reports, provide input, raise concerns, or simply remain informed of the project process, please register as a Stakeholder via a return email, fax or post to the contact details provided below.

Registration as a Stakeholder must reach the Environmental Assessment Practitioner listed below by no later than Monday 20 January 2020

Dear Compliance Authority & Interested and Affected Parties,

Notice is given in terms of section 24(5) read with section 44 of the National Environmental Management Act, 1998 (Act No. 107 of 1998) of intent to carry out the following activity:

PROPOSED EXTENSIONS TO RIVER LODGE AND INFRASTRUCTURE UPGRADES IN KAPAMA PRIVATE GAME RESERVE, LIMPOPO PROVINCE

The proposed development entails the expansion of River Lodge located within Kapama Private Game Reserve. The expansion will consist of the construction of a new dining room and approximately 20 tourism accommodation suites. All associated civil infrastructure (water, electricity and waste treatment) will be included. Additionally, new wastewater treat works will be constructed at the four lodges and staff village within Kapama Private Game Reserve.

As an identified Compliance Authority or Interested and Affected Party, we require your input and comment on the above mentioned development.

The attached background information document provides further information pertaining to the proposed project.

If you are not the correct person to receive this information, please be so kind as to refer this document on.

Feel free to contact me if you have any questions.

Regards,

Bryony van Niekerk (BSc Hons. EMA)
