The following document was circulated to identified Stakeholders, Compliance Authorities and Interested and Affected Parties on 13 May 2016.

**PROPOSED DEVELOPMENT OF A TIMESHARE RESORT LOCATED ON
PORTION 101 TENBOSCH NEAR THE CROCODILE RIVER,
MPUMALANGA PROVINCE
BACKGROUND INFORMATION DOCUMENT**

MAY 2016

In terms of the 2014 Environmental Impact Assessment (EIA) Regulations published in terms of Section 24(5) of the National Environmental Management Act 107 of 1998 (NEMA), the Project Applicant hereby gives notice of its intention to apply for Environmental Authorisation from the **Mpumalanga Dept. of Agriculture, Rural Development, Land and Environmental Affairs (DEALEA)** as the Competent Authority, for the proposed development of the timeshare resort in the Nkomazi Local Municipality, Mpumalanga Province.

The Basic Assessment process provided for in Regulation 19 read with Appendix 1 of GN R982 of 4 December 2014 of the 2010 EIA Regulations published under NEMA will be followed for the application for Environmental Authorisation.

By virtue of location, you have been identified as a potential **Interested and / or Affected Party (I&AP)** to this process, and are hereby invited to participate.

WHAT THIS DOCUMENT TELLS YOU

This Background Information Document (BID), provides you, as a potential I&AP, with **background information** on the proposed project, as well as, information regarding the Basic Assessment (BA) process to be undertaken to assess the potential impacts (i.e. positive and negative, as well as direct, indirect, and cumulative) of the proposed project.

It further indicates how you can participate in the assessment process, receive information and raise issues that may concern and / or interest you. The sharing of information forms an important component of the Public Participation Process as it not only provides I&APs with the opportunity to become actively involved, but also provides information that may be of value for the proposed development.

PROPERTY & PROJECT DESCRIPTION

The affected property, Portion 101 Tenbosch Farm, 162 JU, is situated within the Nkomazi local Municipality, in the Ehlanzeni District Municipality, approximately 8 Km north west of Komatipoort and approximately 9 Km east of Marloth Park.

The proposed development entails the construction of tourist accommodation in the form of a timeshare resort within the Portion 101 Tenbosch Farm, 162 JU adjacent to the Crocodile River. The timeshare will comprise between 60-100 chalets and a central complex inclusive of recreational facilities. A third of the existing water rights from the river will be converted to be used for the development. All associated civil infrastructure (water, electricity, waste treatment) will be included, as well as, internal access tracks.

PROJECT MOTIVATION

The motivation and reasoning behind the proposed development of the timeshare resort is to further develop the growing tourism industry and possible tourism linkages within the area. Tenbosch farm is situated in a prime position. The Kruger National Park forms the northern boundary of the proposed site. Other game reserves nearby are the Mjejane Private Game Reserve and Lionspruit Game Reserve. These Game Reserves are within easy driving distance from Gauteng and are also popular Big 5 game viewing destinations. It is, therefore, important that the natural recreational potential of this region be explored. In order to do this, accommodation facilities need be developed in the greater region that will help to unlock the natural potential of the region.

THE BASIC ASSESSMENT PROCESS

NuLeaf Planning and Environmental (Pty) Ltd has been appointed by Applicant to conduct the Basic Assessment process for the proposed development of the timeshare resort. The 2014 EIA Regulations and its associated Listing Notices [Listing Notice 1 (GN R983) and Listing Notice 3 (GN R985)] specify the activities that require a Basic Assessment. The activities triggered by the proposed development include the following listed activities:

Access roads may be lengthened by more than 1 Km. The Kruger National Park is located less than 1 Km from the proposed site.

- An independent **Environmental Assessment Practitioner (EAP)** must undertake the process on behalf of the applicant to ensure objectivity.
- The first step of the process is to submit an **Application for Environmental Authorisation** to the Competent Authority (DEALEA), which in this case is the

Mpumalanga Dept. of Agriculture, Rural Development, Land and Environmental Affairs.

- The EAP must conduct a **Public Participation Process**, and afford any and all persons interested and /or affected by the proposed development an opportunity to register and participate in the process. A **30 day registration period** is allowed for, as well as, an opportunity to ask questions, submit concerns etc.
- The EAP must then prepare a **Draft Basic Assessment Report (BAR)**, inclusive of specialist reports and a draft Environmental Management Programme (EMPr), which describes both the project and the environment and assesses the anticipated impact of the project on the environment, and makes recommendations in terms of mitigation and management.
- Once complete, the Draft BAR will be circulated to all registered I&APs who are entitled to submit written comments in respect thereof. A **30 day comment period** is allowed for in terms of Regulation 40 (1) of the 2010 EIA Regulations.
- Once all comments from registered I&APs have been addressed, the EAP will submit the **Final BAR** to the Competent Authority for consideration.
- The Competent Authority is then required to make a decision on the application for Environmental Authorisation (i.e. either positive or negative).
- Once the Competent Authority has made a decision on the Final BAR, the EAP must communicate the outcome thereof to all I&APs who registered during the Public Participation Process.
- I&AP's have the right to **Appeal** against the decision of the Competent Authority should they feel the need to do so, in which case, the Competent Authority will review and reconsider the application. The appeal process is regulated in terms of the 2014 National Appeal Regulations published in terms of GN R993 on 8 December 2014 under NEMA.

ROLE OF INTERESTED AND AFFECTED PARTIES

You have been identified as a potential Stakeholder or I&AP, and are hereby invited to participate in this EIA Process. If you would like to be involved in this process, comment on draft reports, provide input, raise concerns, or simply remain informed of the project process, please register as a Stakeholder via a return email, fax or post to the contact details provided below.

Registration as a Stakeholder must reach the Environmental Assessment Practitioner listed below by no later than Monday 13th June 2016

Hi Bryony

Please register "RCL Foods Sugar and Milling" and "Libuyile Farming Services" as I&APs.
Please use my contact details below for all communication – preferably e-mail.

We have sugar cane fields neighbouring the property and farming activities in the area and downstream.
Our interest in the project relates to:

- Water quantity and availability
- Water quality and waste
- Impact of existing farming in the area on the proposed activity i.e. farming activities will continue with associated noise and there is occasional burning of cane.

There might be other concerns but these will be communicated once we receive the full details of the proposed development.

Thanks and regards
Greg

Dear Bryony

I would hereby like to register the KNP as a key I&AP for the proposed development. We have obvious concerns for the potential negative impact this development could have on the KNP.

Kind Regards

Tracy
