The South African Heritage Resources Agency (SARAH):

RE: Permission and access to the Crown Mine Skeletons housed at Avbob Johannesburg

We hereby grant permission to Miss Stacey Lander from the University of the Witwatersrand to enter the Avbob premises in Johannesburg where the Crown Mine skeletons that were exhumed by Archaetnos are currently being housed. We give her permission to open the coffins in which the skeletons are being stored to remove small bone samples needed to complete her research project. The permission is only given upon acceptance of the permit application submitted to SARAH.

Kind Regards,

  
.....  
Nantie Croucamp.
