"We Keep you Covered!"

"As the Industry leaders in South Africa, you are assured the best quality the industry has to offer. Combined with our 30 years of experience, you can expect the best service too."

ceiling structures

For the more discerning buyer the Ceiling Structure is a product that will fit into most Architectural backgrounds and will be one with your home. Awnmaster has pioneered this product and are proud to say that their design and quality exceeds any other. The Ceiling Structure remains a roof sheeted canopy, supported by a steel structure with Nutec Fibre Cement fascia cladding on the open sides to

conceal the sheeting, gutter and angle of the canopy. A variety of different Ceiling types and supporting columns are offered to suit the environment as well as your homes architectural style. Insulation is standard in all our Ceiling Structures and the only items not included is the painting and electrics. Ceiling Structures are ideal for:

- Patio Covers
- Carports
- Corporate Entertainment Areas
- Closed in Patio Covers
- Entrance Portico
- Garden Gazebo
- Witch Room
- Roof extension

Price: R57673.00 (Incl.vat)
Not Incl. painting or electrics

TERMS & CONDITIONS

- 1) **The above price does not include Plans, Engineers & Submission fees, Painting and installation or removal of any Electrical work.**
- 2) Our quotation is net and payable on installation date, unless otherwise arranged.
- 3) Our quotation will remain fixed for a period of 30 days from quotation date.
- 4) We will require a suitable lead-time(+ three weeks) from date of order to proceed with the works, to allow for the procurement of materials etc.
- 5) Should the work be undertaken in occupied premises we will require that all furnishings, equipment etc, be removed or suitably protected.
- 6) Toilet facilities, electrics (within 20m) and water are to be provided.
- 7) Should our quotation be accepted, we require either an official order or a copy of our quotation signed by a duly authorised signatory of the client
- 8) Any delays on site caused by outside parties; lack of electrical power or any unforeseen under ground obstacles, including rock, will be borne by the purchaser unless prior arrangement has been made. If any seen or unseen services are damaged during works been undertaken, the repair thereof will be for the purchasers account.
- 9) Acceptance of our quote shall be deemed to constitute full acceptance of the above conditions as well as our standard conditions of sale.
- 10) If work is halted by the purchaser, Awnmaster reserves the right to invoice for lost time. All correspondence in this regard must be in writing.
- 11) If Awnmaster is unable to continue work on site, through no fault of their own, and as a result will have to move off site, there will be a site establishment fee incurred for the purchase of the account.
- 12) **A 50% deposit is required on acceptance of order and the balance payable on installation date.**
