**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3
AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Please find attached the following documents for your perusal:

- Invitation letter to participate in the Basic Assessment and Public Participation Process for these three (3) Wind Facilities.
- Background Informatin Document which will provide you with additional technical information regarding the proposed developments (ook beskikbaar in Afrikaans).
- Registration and Comment Form (ook beskikbaar in Afrikaans).

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

06 February 2023

Dear Stakeholder and Interested & Affected Party,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESSES

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

The infrastructure associated with each wind energy facility includes:

- » Up to 41 turbines with a contracted capacity of up to 240MW per wind farm;
- » Turbine foundations and turbine hardstands;
- » On-site facility substation;
- » Battery Energy Storage System (BESS);
- » Main and internal access roads;
- » Cabling between the turbines (up to 33kV), to be laid underground and adjacent to internal access roads where practical;
- » Warehouse, laydown area and site camp hub, accommodating storage and assembly areas and concrete batching plant; and
- » Operation and Maintenance (O&M) buildings.

BASIC ASSESSMENT PROCESS

In accordance with the EIA Regulations, 2014 (as amended) published in terms of Section 24(5) of the National Environmental Management Act (No. 107 of 1998) (NEMA), the applicants require Environmental Authorisation (EA) from the Competent for the development of the proposed project.

In terms of Section 24(5) of NEMA, the EIA Regulations 2014 (as amended), the Government Notice (R114) and Listing Notices (GNR 327, GNR 325, and GNR 324), the application for EA is subject to the completion of Basic Assessment (BA) process based on the location of the project sites within a REDZ. The application is required to be supported by comprehensive, independent environmental studies undertaken in accordance with the EIA Regulations, 2014 (as amended).

A BA process is an effective planning and decision-making tool. It allows for potential environmental consequences resulting from a proposed activity to be identified and appropriately managed during the construction, operation, and decommissioning phases of development. It also provides an opportunity for the project applicant to be forewarned of potential environmental issues, and allows for the resolution of issue(s) identified and reported on as part of the BA process, as well as provides opportunity for dialogue with key stakeholders and Interested and Affected Parties (I&APs).

Savannah Environmental has been appointed as the independent environmental consultant responsible for managing the separate applications for EA and undertaking the supporting BA processes required to identify and assess potential environmental impacts associated with the projects, as well as propose appropriate mitigation and management measures to be contained within the Environmental Management Programmes (EMPrs).

You and/or the organization / company, which you represent, have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure are explored in more detail in the Background Information Document (BID) which is attached to this letter and is also available for download from the Savannah Environmental public participation platform on <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>.

PUBLIC INVOLVEMENT PROCESS

The public participation (PP) process will be undertaken in accordance with the requirements of Regulations 39 to 44 of the Environmental Impact Assessment (EIA) Regulations, 2014, as amended, (GNR 326). The aim of the public participation process is primarily to ensure that:

- » information containing all relevant facts in respect of the proposed projects is made available to potential stakeholders and I&APs
- » participation by I&APs is facilitated in such a manner that all potential stakeholders and I&APs are provided with a reasonable opportunity to comment on the proposed projects; and
- » comments received from potential stakeholders and I&APs are recorded and incorporated into the BA process.

Savannah Environmental have established an online stakeholder engagement platform, where you are invited to register your interest in the project, and view project documentation. Please visit our website (link provided above).

Where I&APs do not have the applicable facilities or access to internet, alternative means for consultation and to facilitate comment on the projects will be made through the Ward Councilor and/or Ward Committee Members. I&APs are also able to make contact via the "Please call me" functionality available on our public participation mobile phone (060 978 8396).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter and e-mail dated 06 February 2023 in which you were informed of the commencement of the Basic Assessment and Public Participation Process has reference.

Please find attached the notification letter notifying you of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

10 March 2023

Dear Stakeholder and Interested & Affected Party,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

You have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Hi Nicolene,

Please find attached herewith .kml of the properties being consider for the WEF cluster. The client is currently looking at developing four WEFs, i.e. Kariega 1, 2, 3 and 4 of 140MW each, subject to specialist studies and the outcome of the BAs.

I would appreciate it you can share the BID and .kmz of your clients project site with us considering we will have to include this as part of the cumulative impact assessment (I'm sure we have more than likely contracted some of the same specialists in any case).

I will provide you with updated information once we move closer to a finalised layout which will go out on PPP.

Kind regards,

Dirk

Hi Nicolene

Kate Richardson is the current Chairperson for SABAA (copied in here), and is the most appropriate person to comment on the Aberdeen wind farm projects - especially considering that myself, Kate, and Trevor are all from IWS, which is the specialist company that undertook the pre-construction bat monitoring for these projects. Surely comment should be sought from Kate or another SABAA member who is not from IWS and is, therefore, an independent party?

The below listed e-mail addresses are correct.

Kind regards
Caroline

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3
AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Samantha,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter and e-mail dated 06 February 2023 in which you were informed of the commencement of the Basic Assessment and Public Participation Process has reference.

Please find attached the notification letter notifying you of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment.

Kind regards,

Per e-mail: energy@birdlife.org.za

Dear Ms Ralston-Paton,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

Your Organisation has been identified as a key stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Dear Phillip,

Thank you for taking my call this afternoon, it is appreciated.

As per our discussion, it is envisaged that the Background Information Document (BID) will be available for distribution tomorrow afternoon which will provide more details regarding the proposed projects.

I will send a landowners map as soon as it is available and give you a call to discuss the possibility of meeting 2, 3 of 4 of your neighbours at the same 'introduction' meeting.

Me and my colleague Matthew Ellero is planning to come to the study area next week Thursday, 09 February 2023 & Friday, 10 February 2023 to put up site notices at the proposed development sites.

Have a great evening and will contact you shortly.

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

10 March 2023

Mr Phillip McNaughton
Landowner

Per e-mail:

Dear Mr McNaughton,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As an adjacent landowner to Aberdeen Wind Facility 1 of **Portion 0** of the **Farm Beenkraal 90**, has been identified as an Interested and Affected Party (I&AP) for this project. Should your property be leased, we kindly request you to please provide us with the name and contact details of the lessee to enable us to inform him/her/them of the project. The same request applies to any occupiers / workers you have on the above-mentioned property.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, AND ABERDEEN WIND FACILITY 3 NEAR ABERDEEN, EASTERN CAPE

Dear Mr Marx,

Our letter and e-mail notification regarding the development of a cluster of three (3) wind energy facilities and associated infrastructure approximately 20 km west of the town of Aberdeen in the Eastern Cape Province, has reference.

We would like to take this opportunity to invite you to attend an information sharing session, where additional information regarding the wind farm developments will be presented, and where you can ask questions and provide comment on **Monday, 13 February 2023 at 17h00** at the SA Hunters Shooting Range Club House, located along the N9, Aberdeen.

Please RSVP your attendance by return e-mail or per WhatsApp (066 282 6913) by Friday, 10 February 2023.

BASIESE EVALUERINGS VIR DIE ABERDEEN WINDKRAGAAANLEG 1, ABERDEEN WINDKRAGAAANLEG 2 EN ABERDEEN WINDKRAGAAANLEG 3

Beste Mnr Marx,

Ons brief en e-poskenningsgewing rakende die ontwikkeling van 'n groepering van drie (3) windkragaanlegte en gepaardgaande infrastruktuur gelee ongeveer 20 km wes van die dorp Aberdeen in die Oos-Kaapprovinsie, het verwysing.

Ons wil graag van hierdie geleentheid gebruik maak om u uit te nooi om 'n inligtingsessie by te woon waar ons addisionele inligting rakende die windkragaanlegte sal aanbied, en waar u vrae kan stel en kommentaar lewer op Maandag, 13 Februarie 2023 om 17h00 by die SA Jagters Skietbaan Klubhuis, geleë langs die N9, Aberdeen.

RSVP asseblief u bywoning deur op hierdie e-pos te antwoord of per WhatsApp (066 282 6913) teen Vrydag, 10 Februarie 2023.

Kind Regards / Vriendelike Groete

10 March 2023

Mr Morné Marx
Landowner

Per e-mail:

Dear Mr Marx,

ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (also include please call me)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As an affected landowner for the Aberdeen Wind Facility 3 of **Portion 1** of the **Farm 94 (Good Hope)** and **Portion 3** of the **Farm Kraai Rivier 149**, has been identified as an Interested and Affected Party (I&AP) for this project. Should your property be leased, we kindly request you to please provide us with the name and contact details of the lessee to enable us to inform him/her/them of the project. The same request applies to any occupiers / workers you have on the above-mentioned property.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Nicolene,

Dankie vir die uitnodiging en informasie.

Ek sal ongelukkig nie die inligtingsessie kan bywoon nie. My plaas is Klipstavel en word nie deur die windplaas ontwikkeling geraak nie.

Groete,

Roelof

BASIESE EVALUERINGS VIR DIE ABERDEEN WINDKRAGAAANLEG 1, ABERDEEN WINDKRAGAAANLEG 2 EN ABERDEEN WINDKRAGAAANLEG 3

Beste JP,

Weereens dankie dat jy my oproep gister beantwoord het – dit word waardeer.

Soos bespreek bevestig ek graag dat ons komende Maandag, 13 Februarie 2023 om 14h30 u op u plaas sal ontmoet waartydens ons 'n inligtingsessie en bespreking rakende die bogenoemde windkragaanlegte.

Teenwoordig sal ekself en my kollega Present Matthew Ellero wees.

Bevestig asseblief die afspraak deur te antwoord op hierdie e-pos of stuur gerus 'n WhatsApp asook die pindrop en/of koördinate na u plaas.

Vriendelike groete

10 March 2023

Mr JP Smit
Landowner: DC Smit Trust

Per e-mail:

Dear Mr Smit

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As an affected landowner of the Aberdeen Wind Facility 1 of **Portion RE** of the **Farm Koppies Kraal 157** and **Portions RE & 1** of the **Farm Doorn Poort 93**, has been identified as an Interested and Affected Party (I&AP) for this project. Should your property be leased, we kindly request you to please provide us with the name and contact details of the lessee to enable us to inform him/her/them of the project. The same request applies to any occupiers / workers you have on the above-mentioned property.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, AND ABERDEEN WIND FACILITY 3 NEAR ABERDEEN, EASTERN CAPE

Dear Mr Pieter Scholtz,

Our letter and e-mail notification regarding the development of a cluster of three (3) wind energy facilities and associated infrastructure approximately 20 km west of the town of Aberdeen in the Eastern Cape Province, has reference.

We would like to take this opportunity to invite you to attend an information sharing session, where additional information regarding the wind farm developments will be presented, and where you can ask questions and provide comment on **Monday, 13 February 2023 at 17h00** at the SA Hunters Shooting Range Club House, located along the N9, Aberdeen.

Please RSVP your attendance by return e-mail or per WhatsApp (066 282 6913) by Friday, 10 February 2023.

BASIESE EVALUERINGS VIR DIE ABERDEEN WINDKRAGAAANLEG 1, ABERDEEN WINDKRAGAAANLEG 2 EN ABERDEEN WINDKRAGAAANLEG 3

Beste Mnr Pieter Scholtz,

Ons brief en e-poskennisgewing rakende die ontwikkeling van 'n groepering van drie (3) windkragaanlegte en gepaardgaande infrastruktuur gelee ongeveer 20 km wes van die dorp Aberdeen in die Oos-Kaapprovinsie, het verwysing.

Ons wil graag van hierdie geleentheid gebruik maak om u uit te nooi om 'n inligtingsessie by te woon waar ons addisionele inligting rakende die windkragaanlegte sal aanbied, en waar u vrae kan stel en kommentaar lewer op Maandag, 13 Februarie 2023 om 17h00 by die SA Jagters Skietbaan Klubhuis, geleë langs die N9, Aberdeen.

RSVP asseblief u bywoning deur op hierdie e-pos te antwoord of per WhatsApp (066 282 6913) teen Vrydag, 10 Februarie 2023.

Kind Regards / Vriendelike Groete

Dear Nicolene,

I received the BID document, thank you.

From your map, we own Beenkraal 90 and Farm 91, I'm not sure who the rest of the titles belong to.

This week is closed out for meetings. For next week, available on Thursday 16th Feb from 10.30am until 12.00pm or 3.00pm until 4.00pm.

Kind regards,

Phillip McNaughton

Dear Phillip,

Thank you for taking my call this afternoon, it is appreciated.

As per our discussion, it is envisaged that the Background Information Document (BID) will be available for distribution tomorrow afternoon which will provide more details regarding the proposed projects.

I will send a landowners map as soon as it is available and give you a call to discuss the possibility of meeting 2, 3 of 4 of your neighbours at the same 'introduction' meeting.

Me and my colleague Matthew Ellero is planning to come to the study area next week Thursday, 09 February 2023 & Friday, 10 February 2023 to put up site notices at the proposed development sites.

Have a great evening and will contact you shortly.

Kind regards,

Mr Pieter Lategan
Landowner

Per e-mail:

Dear Mr Lategan,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As an adjacent landowner to Aberdeen Wind Facility 1 and Aberdeen Wind Facility 2 of **Portion 0** of the **Farm Steenbok Vlakte 156** and Aberdeen Wind Facility 3 of **Portion RE** of the **Farm Steenbok Vlakte 177**, has been identified as an Interested and Affected Party (I&AP) for this project. Should your property be leased, we kindly request you to please provide us with the name and contact details of the lessee to enable us to inform him/her/them of the project. The same request applies to any occupiers / workers you have on the above-mentioned property.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, AND ABERDEEN WIND FACILITY 3 NEAR ABERDEEN, EASTERN CAPE

Dear Mr Christo Lategan,

Our letter and e-mail notification regarding the development of a cluster of three (3) wind energy facilities and associated infrastructure approximately 20 km west of the town of Aberdeen in the Eastern Cape Province, has reference.

We would like to take this opportunity to invite you to attend an information sharing session, where additional information regarding the wind farm developments will be presented, and where you can ask questions and provide comment on **Monday, 13 February 2023 at 17h00** at the SA Hunters Shooting Range Club House, located along the N9, Aberdeen.

Please RSVP your attendance by return e-mail or per WhatsApp (066 282 6913) by Friday, 10 February 2023.

BASIESE EVALUERINGS VIR DIE ABERDEEN WINDKRAGAAANLEG 1, ABERDEEN WINDKRAGAAANLEG 2 EN ABERDEEN WINDKRAGAAANLEG 3

Beste Mnr Christo Lategan

Ons brief en e-poskennisgewing rakende die ontwikkeling van 'n groepering van drie (3) windkragaanlegte en gepaardgaande infrastruktuur gelee ongeveer 20 km wes van die dorp Aberdeen in die Oos-Kaapprovinsie, het verwysing.

Ons wil graag van hierdie geleentheid gebruik maak om u uit te nooi om 'n inligtingsessie by te woon waar ons addisionele inligting rakende die windkragaanlegte sal aanbied, en waar u vrae kan stel en kommentaar lewer op Maandag, 13 Februarie 2023 om 17h00 by die SA Jagters Skietbaan Klubhuis, geleë langs die N9, Aberdeen.

RSVP asseblief u bywoning deur op hierdie e-pos te antwoord of per WhatsApp (066 282 6913) teen Vrydag, 10 Februarie 2023.

Kind Regards / Vriendelike Groete

Mr Christo Lategan
Landowner

Per e-mail:

Dear Mr Lategan,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As an adjacent landowner to Aberdeen Wind Facility 3 of **Portion 1** of the **Farm Wildebeeste Poortjie 153** and **Portion 1** of the **Farm Schuilpad Vlakte 174**, has been identified as an Interested and Affected Party (I&AP) for this project. Should your property be leased, we kindly request you to please provide us with the name and contact details of the lessee to enable us to inform him/her/them of the project. The same request applies to any occupiers / workers you have on the above-mentioned property.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023 to 13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547

10 March 2023

Mr Fanie Marx
Landowner

Per e-mail:

Dear Mr Marx,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT
