**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3
AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Please find attached the following documents for your perusal:

- Invitation letter to participate in the Basic Assessment and Public Participation Process for these three (3) Wind Facilities.
- Background Informatin Document which will provide you with additional technical information regarding the proposed developments (ook beskikbaar in Afrikaans).
- Registration and Comment Form (ook beskikbaar in Afrikaans).

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter and e-mail dated 06 February 2023 in which you were informed of the commencement of the Basic Assessment and Public Participation Process has reference.

Please find attached the notification letter notifying you of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

10 March 2023

Dear Stakeholder and Interested & Affected Party,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

You have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Public Participation and Social Consultant

Aberdeen Wind Energy Facilities

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

Project Names: Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3, Western Cape Province

Applicant, Activity and Location: The development of three (3) separate wind energy facilities and associated infrastructure on sites located approximately 20 km west of Aberdeen in the Eastern Cape Province. The projects are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

Each wind farm has a planned contracted capacity of up to 240MW, and will include up to 41 wind turbines and associated infrastructure including an on-site facility substation; turbine foundations and hardstands; battery energy storage system, main and internal access roads; cabling between the turbines; warehouse, laydown area and site camp hub; and O&M buildings.

Applicant	Project Name	Affected Property
Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 1	<ul style="list-style-type: none"> · Farm Koppieskraal 157 · Remainder of Farm Doorn Poort 93 · Portion 1 of Farm Doorn Poort 93 · Farm Kraanvogel Kuil 155

		<ul style="list-style-type: none"> · Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 2	<ul style="list-style-type: none"> · Remainder of Farm Doorn Poort 93 · Portion 1 of Farm Doorn Poort 93 · Farm Kraanvogel Kuil 155 · Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3 (Pty) Ltd	Aberdeen Wind Facility 3	<ul style="list-style-type: none"> · Portion 1 of Farm Doorn Poort 93 · Portion 1 (Good Hope) of Farm 94 · Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 · Farm Kraanvogel Kuil 155 · Portion 3 of Farm Wildebeest Poortje 153 · Portion 1 of Farm Kraay River Outspan 150 · Remainder of Farm Doorn Poort 93 · Portion 4 of Farm Sambokdoorns 92

Application for Environmental Authorisation: Separate applications for Environmental Authorisation (EA) in terms of the National Environmental Management Act (No. 107 of 1998) (NEMA) and the EIA Regulations, 2014, as amended, (GNR 324-327) are to be submitted for the projects. As the project sites are located within the Beaufort West Renewable Energy Development Zone (REDZ), a Basic Assessment (BA) process is required to be undertaken in accordance with GNR114 (February 2018). Savannah Environmental is undertaking the required environmental assessment and combined public participation process.

Basic Assessment (BA) Reports available for review: The BA Report for each project is available for review and comment. The due date for written comment is **13 April 2023**.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

Heritage Cases

Special Notice

Following comments received on the proposed Revised Schedule of Fees for applications made to the South African Heritage Resources Agency (SAHRA), made in terms of Section 25(2)(l) of the National Heritage Resources Act No. 25 of 1999 (NHRA) and published in the Government Gazette of 22 July 2022, SAHRA hereby publishes the final Revised Schedule of Fees for Applications made to SAHRA. Applications for provision of services submitted to the South African Heritage Resources Authority (SAHRA), in terms of the National Heritage Resources Act, No. 25 of 1999 (NHRA) must be accompanied by a payment of the appropriate fee, taking effect from 1 January 2023

[Revised Schedule of Fees for Applications made to the South African Heritage Resources Agency \(SAHRA\)](#)

Proposed Development of the Aberdeen Wind Facility 2 near Aberdeen in the Eastern Cape

or to post comments

CaseHeader LocationInfo Admin

ProposalDescription:

Aberdeen Wind Facility 2 (Pty) Ltd is proposing the development of a commercial Wind Energy Facility (WEF) and associated infrastructure on a site located approximately 20km west of the town of Aberdeen in the Eastern Cape Province. The site is located within the Dr Beyers Naude Local Municipality in the Sarah Baartman District Municipality.

Subject: SE3060: ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE - Notification of Basic Assessment Reports review period ending soon

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: 14/12/16/3/3/1/2722; 14/12/16/3/3/1/2723 & 14/12/16/3/3/1/2724 respectively)**

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter dated 10 March 2023 in which you were informed of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment from **10 March 2023** to **13 April 2023**, has reference.

This e-mail serves as a reminder that the review and comment period is ending on **13 April 2023**.

Thank you to those stakeholder who had submitted their written comments on the BA Reports and we would like to urge those who had not yet submitted their written comments, to please do so on or before **13 April 2023**.

The BA Reports are available for download from Savannah Environmental's website: [CLICK HERE](#)

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Mr Lekota,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter and e-mail dated 06 February 2023 in which you were informed of the commencement of the Basic Assessment and Public Participation Process has reference.

Please find attached the notification letter notifying you of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

10 March 2023

Mr Seoka Lekota
 Deputy Director: Biodiversity Conservation
 DFFE
Per e-mail: BCAdmin@dfre.gov.za

Dear Mr Lekota,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As a commenting official from your Directorate, you have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: 14/12/16/3/3/1/2722; 14/12/16/3/3/1/2723 & 14/12/16/3/3/1/2724 respectively)**

Dear Ms Mudau & Mr Mathetja,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter dated 10 March 2023 in which you were informed of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment from **10 March 2023** to **13 April 2023**, has reference.

This e-mail serves as a reminder that the review and comment period is ending on **13 April 2023**.

Thank you to those stakeholder who had submitted their written comments on the BA Reports and we would like to urge those who had not yet submitted their written comments, to please do so on or before **13 April 2023**.

The BA Reports are available for download from Savannah Environmental's website: [CLICK HERE](#)

10 March 2023

Mr Thivhulawi Nethonda
 Deputy Director: Protected Areas, Planning & Management Effectiveness
 DFFE
Per e-mail: Tnethononda@dffe.gov.za

Dear Mr Nethonda,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As a commenting official from your Directorate, you have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Please find attached the following documents for your perusal:

- Invitation letter to participate in the Basic Assessment and Public Participation Process for these three (3) Wind Facilities.
- Background Information Document which will provide you with additional technical information regarding the proposed developments (ook beskikbaar in Afrikaans).
- Registration and Comment Form (ook beskikbaar in Afrikaans).

Please do not hesitate to contact us should you require any additional information at this stage.

Good Morning Alistair,

I can confirm that you are a registered I&AP on the projects' databases and I had registered Avela as requested.

You with both receive all future correspondence regarding these three (3) projects.

Kind regards,

Subject: SE3060: ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE - Notification of the Basic Assessment and Public Participation Processes

**BASIC ASSESSMENTS FOR ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Reference Nos.: To be Issued)**

Dear Stakeholder and Interested & Affected Party,

The development of three (3) separate wind energy facilities and associated infrastructure are proposed to be developed on various project sites located approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The project will aid in the diversification and stabilisation of the country's electricity supply with the three proposed wind farm facilities set to inject up to 720MW into the national grid. Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Please find attached the following documents for your perusal:

- Invitation letter to participate in the Basic Assessment and Public Participation Process for these three (3) Wind Facilities.
- Background Information Document which will provide you with additional technical information regarding the proposed developments (ook beskikbaar in Afrikaans).
- Registration and Comment Form (ook beskikbaar in Afrikaans).

Please do not hesitate to contact us should you require any additional information at this stage.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

10 March 2023

Mr Z Pityi
Chief Director
Department of Agriculture: Eastern Cape Province
Per e-mail: Pityi@agrmduk.ecape.gov.za

Dear Mr Pityi,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As a commenting official from your Department, you have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Each wind energy facility will connect to the grid via a grid connection solution consisting of an Eskom switching substation and a power line, and which will be subject to a separate application of Environmental Authorisation.

Our letter and e-mail dated 06 February 2023 in which you were informed of the commencement of the Basic Assessment and Public Participation Process has reference.

Please find attached the notification letter notifying you of the availability of the Basic Assessment (BA) Report for the Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3 for review and comment.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

10 March 2023

Ms Portia Makhanya
 Head of Department
 Department of Water & Sanitation: Eastern Cape Province
Per e-mail: MakhanyaP@dws.gov.za

Dear Ms Makhanya,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As a commenting official from your Department, you have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Per e-mail: ted@sbdm.co.za

Dear Mr Pillay,

ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE

NOTICE OF BASIC ASSESSMENT REPORTS AND AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT

The development of three (3) separate wind energy facilities and associated infrastructure is proposed to be approximately 20 km west of the town of Aberdeen in the Eastern Cape Province. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are to be known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The wind farm facilities and associated infrastructure are located on the following properties:

Project Name	Affected Property
Aberdeen Wind Facility 1	<ul style="list-style-type: none"> • Farm Koppieskraal 157 • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 2	<ul style="list-style-type: none"> • Remainder of Farm Doorn Poort 93 • Portion 1 of Farm Doorn Poort 93 • Farm Kraanvogel Kuil 155 • Portion 4 of Farm Sambokdoorns 92
Aberdeen Wind Facility 3	<ul style="list-style-type: none"> • Portion 1 of Farm Doorn Poort 93 • Portion 1 (Good Hope) of Farm 94 • Portion 3 (Remaining Extent) of Farm Kraai Rivier 149 • Farm Kraanvogel Kuil 155 • Portion 3 of Farm Wildebeest Poortje 153 • Portion 1 of Farm Kraay River Outspan 150 • Remainder of Farm Doorn Poort 93 • Portion 4 of Farm Sambokdoorns 92

Each wind energy facility will be constructed as a separate stand-alone project, and a separate application for Environmental Authorisation will be submitted for each project. However, due to the proximity of the projects to one another, the public participation processes will be undertaken concurrently, providing the public with an opportunity to understand and comment on all three projects. The details of the projects are as follows:

Project Name	Aberdeen Wind Facility 1	Aberdeen Wind Facility 2	Aberdeen Wind Facility 3
Applicant	Aberdeen Wind Facility 1 (Pty) Ltd	Aberdeen Wind Facility 2 (Pty) Ltd	Aberdeen Wind Facility 3 (Pty) Ltd
Size of the development area	~9180 ha	~6475 ha	~7225 ha
Contracted capacity	up to 240MW per wind farm		
Number of turbines	up to 41 turbines per wind farm		

In accordance with the EIA Regulations, 2014 (as amended) published in terms of the National Environmental Management Act (No 107 of 1998) (NEMA), the applicants will require environmental authorisation for the undertaking of the projects. In terms of Section 24(5) of NEMA, the EIA Regulations, 2014, as amended, as well as GNR 114 (the site is located within the Beaufort West REDZ), the three applications are subject to the completion of a Basic Assessment (BA) process based on the location of the project sites within a REDZ.

BASIC ASSESSMENT REPORTS AVAILABLE FOR PUBLIC REVIEW AND COMMENT

The Basic Assessment Report for each project is available for review and comment from **10 March 2023** to **13 April 2023**. The reports are available for download from Savannah Environmental website: <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>. Please submit your written comments to Nicolene Venter at Savannah Environmental by any of the following means:

Post: PO Box 148, Sunninghill, 2157
 Telephone: 011 656 3237
 Mobile: 060 978 8396 (*also include please call me*)
 Fax: 086 684 0547
 Email: publicprocess@savannahsa.com

As Municipal Manager for the Sarah Baartman District Municipality, you have been identified as a stakeholder for the proposed projects as described above. The nature and extent of the wind energy facilities and the associated infrastructure were explored in more detail in the Background Information Document (BID) which was distributed to you on 6 February 2023. The BID is available for download from the Savannah Environmental website (link provided above).

Please do not hesitate to contact us should you require additional information and/or clarification regarding the projects. Our team welcomes your participation and look forward to your involvement throughout the processes.

Kind regards

Nicolene Venter

Subject: SE3060: Aberdeen Wind Facility Cluster – Invitation to Focus Group Meeting

When: Tuesday, 28 March 2023 14:00-15:30 (UTC+02:00) Harare, Pretoria.

Where: Microsoft Teams Meeting

**ABERDEEN WIND FACILITY 1, ABERDEEN WIND FACILITY 2, ABERDEEN WIND FACILITY 3 AND ASSOCIATED
INFRASTRUCTURE NEAR ABERDEEN, EASTERN CAPE PROVINCE
(DFFE Ref. Nos.: 14/12/16/3/3/1/2722; 14/12/16/3/3/1/2723; 14/12/16/3/3/1/2724 respectively)**

Sarah Baartman District Municipality
Dr Beyers Naude Local Municipality

Dear Key Stakeholders,

The development of three (3) separate wind energy facilities and associated infrastructure is proposed approximately 20 km west of the town of Aberdeen in the Eastern Cape. The three wind energy facilities are located within the Beaufort West Renewable Energy Development Zone (REDZ) and are known as Aberdeen Wind Facility 1, Aberdeen Wind Facility 2 and Aberdeen Wind Facility 3. The project sites are located within the Dr Beyers Naude Local Municipality and the greater Sarah Baartman District Municipality.

The Applications for each of the Aberdeen Wind Facilities have been submitted to the Department of Forestry, Fisheries and the Environment (DFFE) for decision-making.

The review for the Basic Assessment (BA) Report for each project has commenced. You are invited to take this opportunity to download the Report/s from our website (at this link <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>)

Savannah Environmental would like to invite you as commenting Officials to attend a Focus Group Meeting (FGM). The meeting will be held online (via MStTeams) to allow for maximum participation. The meeting will provide an opportunity for the details of the projects to be presented, and for all participating parties to raise comments so that these may be formally recorded as part of the public participation process. The meeting will provide:

- a brief background to the proposed projects;

- an overview of the Basic Assessment Processes;
- a summary of the key environmental findings as documented in the Basic Assessment Reports;
- an opportunity to seek clarity on the environmental findings; and
- an opportunity to raise comments relevant to the project/s.

Should you not be able to attend the FGM, you are welcome to forward this invitation to a colleague within your Municipality to attend on your behalf.

The review period for the BA reports commenced on 10 March 2023. Comments are welcomed and required to be submitted on or before 13 April 2023. The reports can be downloaded from our website <https://savannahsa.com/public-documents/energy-generation/aberdeen-wind-energy-facilities/>.

We are looking forward to a fruitful meeting.

Please do not hesitate to contact us should you require any additional information.

Kind regards,

Hi Nicolene,

We have followed up with ECPHRA and they indicated that the reports would be reviewed in their meeting today (25th).

I will let you know if I hear anything further.

Jen

Hi Jenna,

Just following up whether you had an opportunity to follow-up with ECPHRA?

I just checked SAHRIS as well and no comments submitted - I did screenshots for us, see attached.

Kind regards,

savannah
