Dear Sir

DC25/0018/2012: ACCEPTANCE OF SCOPING REPORT FOR PROPOSED EXTENSION OF THE MAGDALENA COLLIERY DISCARD DUMP IN DANNHAUSER KZN

- 1 The abovementioned report which was submitted in terms of the EIA Regulations, 2010 and received by the Department on 12 July 2013 refers.
- 2 The report has been reviewed by this Department and has been found to be acceptable
3. You are further advised that the following should be included in the EIA report.
 - a. Final layout plan which is inclusive of all the establishments that are said to occur onsite.
 - b. Comments from interested parties (Ezemvelo KZN Wildlife, Department of Water Affairs, Amafa, Department of Health, Department of Local Government and Traditional affairs, Department of Human Settlements, Dannhauser local Municipality, Amajuba District Municipality, Department of Agriculture Environmental Affairs (Cedara – Macro planning Section)
 - c. The impacts of increased dust levels must be assessed. The assessment must include but not limited to the following.
 - i. An assessment of the current dust levels and the impacts on the surrounding neighbourhoods.
 - ii. An assessment of the proposed dust levels associated with the proposed extension and its impacts on the surrounding neighbourhood (i.e. health etc.).
 - iii. Methods that can be implemented in order to control such impacts.

GIBELA UMKHUMBI OLWA NOBUEHA

4. The Department requests that the contact details and proof of submission of all organs of state to which the draft EIR is submitted to, be forwarded to this Department, together with the draft report that was circulated for comment. This Department will then circulate the regulation 24 O (3) letters to the state departments notifying them of the 40 days commenting period.
5. Please contact this Department if you have any queries regarding this correspondence.

Yours faithfully

Ms S. Myeza
