Motivation for the demolition of a structure on 38 Morling Street, Howick

We are applying to demolish an existing ablution which was an add on to and is not part of the original building. When we gained ownership of the property, the ablution already existed. We were not aware that this structure had not been approved before it was built.

In order to achieve the optimum use of the house and preserve the original structure, we need to demolish this ablution. This alteration will not affect the house in any negative manor. On the contrary, it will be restored to its original glory.

Angels' Care Centre is an NPO, which operates from this heritage building. Keeping in mind that it is the home of a crisis centre for abused children, and that the intention is to restore the building, we place a special request that the fine for the presence of an illegal structure be wavered.

Yours sincerely

A handwritten signature in black ink that reads 'C Hancock'.

Dr. Carolyn Hancock
