**Attention : The Project Manager**

Dear Sir,

**RE: Water Availability for a 75MW Solar PV Power Plant at Remainder of Farm 53, Haramoep**

Our discussion of the above matter refers'

I hereby confirm that Sedibeng Water is a Water Services Provider within the Khai Ma Local Municipality responsible for bulk water provision to the municipality and other customers as per the request of the municipality.

Sedibeng Water will be able to supply water for the project for its planned construction and operation phases. The connection point will be provided along the bulk pipeline between Horseshoe reservoir and the Black Mountain take off point in Aggeneys. The cost of water connection supply point will be provided once the approval has been granted and water consumption shall be billed according to the approved tariff for Pelladrikt Regional Water Scheme.

Winner of  
Century Quality  
International  
ERA Award

This letter of confirmation is based on your company's requirements of 30 kl per day during construction and estimated 700 kl per annum during the operational phase of the project.

Kindly contact Mr. O.A. Masia, Regional Manager - Northern Cape at 081 018 2367 directly should you have any questions or require additional information regarding water supply arrangement.

Yours faithfully,

---

### WATER USAGE FOR CONSTRUCTION PURPOSES:

1. The municipality purchase bulk water from Sedibeng for Pella and Pofadder. The bulk supply pipes are no longer adequate and it is a challenge to keep up with the pumping of water to the communities.
2. The municipality cannot provide water for the construction phase. The proposal is to purchase the water directly from Sedibeng.
