

**CHAMPION TREES OF SOUTH AFRICA**  
**(Individual Trees and Groups of Trees Declared as Protected Under Section 12**  
**of the National Forests Act of 1998 by the Department of Agriculture, Forestry**  
**and Fisheries)**

Tree measurements and rankings may change over time as trees are re-measured and new candidates are added to the list. A single diameter is also calculated for multiple stems according to a formula. Overall size index is calculated according to a formula including height, trunk and crown diameter. In the case of tree groups, measurements are shown of the tallest or biggest trees. For groups of trees, the measurements of the tallest or largest trees are indicated.

| Tree Species |   | Description   | Height (m) | Stem diameter at breast height (m) | Crown diameter (m) | Index figure | Location/site  |
|--------------|---|---|------------|------------------------------------|--------------------|--------------|--|
| 1            | <i>Adansonia digitata</i> (baobab)<br>Sagole Tree, also known as Muvuyo wa Makhadzi | The largest indigenous tree of South Africa, and habitat for a rare colony of mottled spinetail swallows  | 20,5       | 10,8                               | 40                 | 426          | Sagole, Limpopo  |
| 2            | <i>Adansonia digitata</i> (baobab)<br><br><b>PART OF CROWN COLLAPSED</b>            | Second largest indigenous tree in South Africa  | 17         | 15,9                               | 37,05              | 413          | The farm Glencoe, Hoedspruit, Limpopo                  |
| 3            | <i>Ficus salicifolia</i> (Wonderboom fig)<br>Wonderboom fig of Pretoria             | Largest Wonderboom fig, carbon dated to more than 1000 years old. Served as ox-wagon outspan area in earlier years, and legend that the tree draws its growing power from a local chief buried under the tree | 22         | 5,32 (multiple stems)              | 56                 | 380          | Wonderboom Nature Reserve, Pretoria (Tshwane), Gauteng |
| 4            | <i>Breonadia salicina</i> (matumi)<br>One of a trio of trees called Three Queens    | Largest matumi tree in South Africa   | 33         | 2,81                               | 37                 | 336          | Amorentia Estate, near Modjadjiskloof, Limpopo         |
| 5            | <i>Breonadia salicina</i> (matumi)<br>One of a trio of trees called Three Queens    | Second largest matumi tree in South Africa  | 38         | 2,6                                | 24,9               | 306          | Amorentia Estate, near Modjadjiskloof, Limpopo         |
| 6            | <i>Breonadia salicina</i> (matumi)<br>One of a trio of trees called Three Queens    | Third Largest matumi tree in South Africa (forms part of a trio of large matumi trees)  | 38,6       | 2,41                               | 17,78              | 286          | Amorentia Estate, near Modjadjiskloof, Limpopo         |
| 7            | <i>Adansonia digitata</i> (baobab)<br>Platland Tree                                 | Very large baobab and well-known tourist attraction with a bar inside   | 19         | 10,7                               | 36                 | 372          | Platland/Sunland, near Modjadjiskloof, Limpopo         |
