APPLICATION FOR A MINING RIGHT ON THE REMAINING EXTENT, REMAINING EXTENT OF PORTION 1, REMAINING EXTENT OF PORTION 2, REMAINING EXTENT OF PORTION 3, REMAINING EXTENT OF PORTION 4, REMAINING EXTENT OF PORTION 5, PORTIONS 6, 7, 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20 AND 21 ALL OF THE FARM FOURTEEN STREAMS NO 311 IN THE ADMINISTRATIVE DISTRICT OF BARKLY WEST BY COPPERSUN TWELVE (PTY) LTD

The attached copies of correspondence between Messrs Milnex 189 BK and Transnet SOC Ltd (Transnet) refer please.

It is with great disappointment that Transnet has learned that a prospecting right has been granted to Messrs Copperson Twelve (Pty) Limited for, on and over portions of the farm Fourteen Streams No 311 as currently owned by Transnet. The properties are currently utilized for the railway between Klerksdorp and Kimberley and forms part of one of the main rail corridor linking Kimberley with the ports of Cape Town and Port Elizabeth. In view of this, it is of national importance that these properties are reserved for this purpose.

The granting of mining right, reconnaissance permission, prospecting right and mining permits over properties utilized for railway lines in the various rail corridors are a serious concern for Transnet. Not only do these activities pose a serious risk for both the permit holder and Transnet, but also does Section 48 (1) of the Minerals And Petroleum Resources Development Act, 2002 stipulate that such permissions and / or rights not be issued in respect of railway lines.

The attitude as reflected in the copy of the letter from Messrs Milnex 189 BK dated 31 October 2011 is totally unacceptable to Transnet.

Under the aforementioned circumstances, your assistance is hereby requested in resolving the matter between Messrs Copperson Twelve and Transnet. Should this not be forthcoming

Dear Mr Kotzee

APPLICATION FOR A MINERAL RIGHT IN TERMS OF SECTION 16 OF THE MINERAL AND RESOURCES DEVELOPMENT ACT, 2002 (ACT 28 OF 2002) OVER VARIOUS PORTIONS OF THE FARM FOURTEEN STREAMS BY COPPERSUN TWELVE (PTY) LIMITED

Thank you for the invitation to the public meeting forwarded under your reference Hennie Kotzee / Doreen MO 0099 dated 7 July 2011.

Unfortunately a representative from Transnet could not attend the meeting scheduled for 26 July 2011.

As you are aware and as mentioned in your Invitation, Transnet SOC Ltd is the owner of various portions, as referred to in the Invitation, of the farm FOURTEEN STREAMS No 311 in the Administrative District of Barkly West. These properties are utilized for the railway line from Klerksdorp to Kimberley and it is of national interest for the economy of South Africa.

Transnet SOC Ltd hereby wishes to draw your attention to Section 48 (1) of the Minerals And Petroleum Resources Development Act, 2002 which stipulates as follow:

"48. (1) Subject to section 20 of the National Parks Act, 1976 (Act No. 57 of 1976), and subsection (2), no reconnaissance permission, prospecting right, mining right or mining permit may be issued in respect of—

- (a) land comprising a residential area;*
- (b) any public road, railway or cemetery;*
- (c) any land being used for public or government purposes or reserved in terms of any other law; or*
- (d) areas identified by the Minister by notice in the Gazette in terms of section 49."*

PORTION 20 AND PORTION 21 OF THE FARM FOURTEEN STREAMS NO
311 IN THE ADMINISTRATIVE DISTRICT OF BARKLY-WEST BY
COPPER SUN TWELVE (PTY) LTD:**

Please find hereby attached correspondence presentation done by Milnex 189 CC on behalf of Copper Sun Twelve (PTY) LTD.

I was the only member attending the meeting.

The suggestions made by me on behalf of the CPA were as follows:

1. The CPA totally objects the developments of any mining mineral application of their farm.
2. The CPA brought under the attention of the consultants (Milnex 189 CC) that there is a pending appeal case against the processing or granting of mineral rights especially on Portion 21 which the Moleko's are the landowners.
3. The CPA confirms that the area is a Section 48 of the MPRDA as advertised in the government gazette dated 05th August 2011 Gazette no 27848 Page 35.
4. The CPA wants to know what happened with the Diamond Field Advertisement Newspaper dated 04th of April 2008. Whereas a mining right consultation public meeting was advertised for inputs of interested and affected parties.
5. The CPA needs a copy of the draft Environmental Impact Assessment as well as an draft Environmental Scoping Report in order to make their inputs considering the environment and how this propose project will have an impact or not on their property.

And also

- 5.1 In order to study documents relating to Section 23 (1) (d) – *The mining will not result in unacceptable pollution, ecological degradation or damage to the environment.*
 - 5.2 *The applicant has the ability to comply with the relevant provisions of the Mine Health and Safety Act, 1996 (Act 29 of 1996).*
 - 5.3 **Quote:** The purpose on why the land has been granted by the High Court of South Africa (Portion 21) and the inputs of the Court Order (Sole Mandate to train the boys for purposes of agriculture) Court Case No: 828/05 Northern Cape High Court.
 6. The land owner cant object, support or comment formally if a duplicate of the documents named **EIA** or **Scoping Report** has not yet been given to the consultant of the applicant to do formal studies therefore the consulting company (Milnex 189 CC) is hereby respectfully requested by the consulting company Breeze Court Investments 47 (PTY) LTD to please forward the above mentioned documents within a period of 14 days and after receiving of documents, Breeze Court Investments 47 (PTY) LTD shall respond in writing within a period of 21 days to Milnex 189 CC.
- 

7. Breeze Court Investments 47 (PTY) LTD personally has no objections in the manner Milnex 189 CC has conducted the presentation of public participation. In Breeze Court Investments (PTY) LTD's view the public participation was done according to Section 22 (4) (b) **but it should be noted:**

That no documents except the presentation paper / document has been handed over to the land owners for their formal comments in this regard.

One needs to understand that the owner of the farm is not an individual but a community / broad base family.

RECOMMENDATION:

To benefit the whole community one needs to put their interest first.

For sustainable development and further relationship one needs to handle this matter on due respect very carefully if the community decides otherwise or versa vice.

Should mining be allowed:

- It should be recommended that the community has another virgin land ± the some hectares which the same type of fauna and flora, water use etc.
- Royalties from mineral resources and part-time involvement in the mining operations.
- This factors can only be achieved if the following undersigned stake holders are jointly and administratively involved:
 - DMR
 - Land Affairs
 - Environmental Affairs
 - Water Affairs
 - Department of Justice and Constitutional Development
 - SARS
 - Moleko CPA
 - Independent Lawyers for Human Rights
 - The Public Protector
 - Coppersuns Twelve (PTY) LTD
 - Arts and Culture
 - Department of Education
 - Local Magareng Municipality (for infrastructure)
 - Frances Baard District municipality (infrastructure and existing projects)
 - SAHRA

Please Note that further comments can only be made once a copy of the EIA and Scoping Report is received.

Hope you find this in order.

Yours faithfully.

INTRODUCTION TO THE PROPOSED PROJECT

THE PROJECT

- Coppersun Twelve (Pty) Ltd has been prospecting for alluvial diamonds since a prospecting license was first applied for in 2006 (31 January 2007 issued).
 - An application for renewal of the prospecting right has been submitted in 2008.
- An application for a mining right was submitted to the Department of Mineral Resources (DMR) on 26 May 2011 as the diamond reserves have been proven through the prospecting activities.

THE PROJECT

- The Mine will be an open cast mine.
- The Mine will be established within the mining area as central as possible to the identified resource.
- Total size of the property is 3 096.9605 hectares.
