Dear Ms. Muthukarapan,

The proposed project affects Eskom's existing and new powerlines. See attached map.

Existing lines affected:

Camden – Incandu 1 400kV
Camden – Chivelston 2 400kV
Camden – Normandie 1 400kV
Camden – Duvha 1 400kV
Camden – Komati 1 275kV
Uitkoms - Overvaal 88kV traction line on eastern side of Camden – Normandie 400kV

New lines affected:

Camden – Mbewu 400kV
Vacant 275kV servitude on south-western side of Camden – Normandie 400kV (47m width)

There is also a proposed new ash dam. That involves the deviation of the Camden – Duvha and Camden – Komati lines.

The Applicant must get the correct approvals from Eskom for any activities near our power lines and servitudes.

Dear Chayenne

RE: NOTIFICATION REGARDING THE OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR THE MOOPLAATS COLLIERY PROJECT IN THE MSUKALIGWA MUNICIPALITY
PROJECT REF: 1299

I refer to your letter dated 16 May 2019 wish to confirm that the following Eskom Transmission (Tx's) power lines will be affected by this application:

- a. Eskom Transmission Camden-Incandu 400kV powerline
- b. Eskom Transmission Camden-Normandie 400kV powerline
- c. Eskom Transmission Camden-Chivelston 400kV powerline

The following terms and conditions will also apply to this application:

1. Eskom Tx's rights and services must be acknowledged and respected at all times.
2. Eskom Tx shall at all times retain unobstructed access to and egress from its servitudes.
3. Eskom Tx's consent does not relieve the applicant from obtaining the necessary statutory, land owner or municipal approvals.
4. The applicant will adhere to all relevant environmental legislation. Any cost incurred by Eskom Tx as a result of non-compliance will be charged to the applicant.
5. All work within Eskom's servitude areas shall comply with the relevant Eskom earthing standards in force at the time.
6. If Eskom Tx has to incur any expenditure in order to comply with statutory clearances or other regulations as a result of the applicant's activities or because of the presence of his equipment or installation within the servitude restriction area, the applicant shall pay such costs to Eskom Tx on demand.

Eskom Transmission AME

Tel +27 11 800 5734 Fax 11 800 3917: <http://www.eskom.co.za>

7. The use of explosives of any type within 500 metres of Eskom Tx's services, shall only occur with Eskom Tx's previous written permission. If such permission is granted the applicant must give at least fourteen working days prior notice of the commencement of blasting. This allows time for arrangements to be made for supervision and/or precautionary instructions to be issued in terms of the blasting process. It is advisable to make application separately in this regard.
8. Changes in ground level may not infringe statutory ground to conductor clearances or statutory visibility clearances. After any changes in ground level, the surface shall be rehabilitated and stabilised so as to prevent erosion. The measures taken shall be to Eskom TX's requirements.
9. **Eskom Tx shall not be liable for the death of or injury to any person or for the loss of or damage to any property whether as a result of the encroachment or of the use of the servitude area by the applicant, his/her agent, contractors, employees, successors in title and assignee. The applicant indemnifies Eskom Tx against loss, claims or damages including claims pertaining to consequential damages by third parties and whether as a result of damage to or interruption of or interference with Eskom Tx's services or apparatus or otherwise. Eskom Tx will not be held responsible for damage to the applicant's equipment.**
10. No mechanical equipment, including mechanical excavators or high lifting machinery, shall be used in the vicinity of Eskom Tx's apparatus and/or services, without prior written permission having been granted by Eskom Tx. If such permission is granted the applicant must give at least seven working days' notice prior to the commencement of work. This allows time for arrangements to be made for supervision and/or precautionary instructions to be issued by the Lines- and Servitudes Manager. **The contact person in this regard is Mr Tiholo Mafutsana (Lines and Servitudes Manager). He can be contacted at Tel. No.+27 13 693 3884. A copy of this letter will be made available to him.**
11. No work shall commence unless Eskom Tx has received the applicant's written acceptance of the conditions specified in this letter of consent within 30 days of the date of this letter and or before commencement of any work.
12. Should the stated works not start within a period 90 days of this letter, the applicant must re-apply.

Eskom Tx's rights and duties in the servitude shall be accepted as having prior right at all times and shall not be obstructed or interfered with. Note: Where and electrical outage is required, at least fourteen work days are required to arrange it.

13. Under no circumstances shall rubble, earth or other material be dumped within the servitude restriction area. The applicant shall maintain the area concerned to Eskom Tx's satisfaction. The applicant shall be liable to Eskom Tx for the cost of any remedial action which has to be carried out by Eskom Tx.

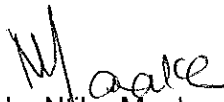

14. The clearances between Eskom Tx's live electrical equipment and the proposed construction work shall be observed as stipulated by the Regulation 19 of Electrical Machinery Regulations 2011 (with reference to SANS10280-1) of the Occupational Health and Safety Act, 1993 (Act 85 of 1993).
15. Equipment shall be regarded electrically live and therefore dangerous at all times.
16. In spite of the restrictions stipulated by Regulation 19 of *Electrical Machinery Regulations 2011 (with reference to SANS10280-1) of the Occupational Health and Safety Act, 1993 (Act 85 of 1993)* as additional safety precaution Eskom Tx will not

Dear Mr Krige,

Thank you for your correspondence regarding the MRPA's registration for the project. I have added Phumla Nkosi and Johan Eksteen to the I&AP database

Kindly note that the notifications were for the initial call to register for the project as the MTPA is pre-identified as an I&AP for all projects in Mpumalanga. Furthermore, kindly note that Scoping Report, EMP and associated project associated reports will be made available for public review and comment once they are available.

A copy of these reports will be couriered to the MTPA. Please kindly confirm that these documents be addressed to Ms. Komilla Knarasoo or they be addressed them to Phumla Nkosi? Your assistance in this regard would be greatly appreciated to ensure that the reports are received by the correct person.

Dear Ms. Muthukarapan,

The proposed project affects Eskom's existing and new powerlines. See attached map.

Existing lines affected:

Camden – Incandu 1 400kV
Camden – Chivelston 2 400kV
Camden – Normandie 1 400kV
Camden – Duvha 1 400kV
Camden – Komati 1 275kV
Uitkoms - Overvaal 88kV traction line on eastern side of Camden – Normandie 400kV

New lines affected:

Camden – Mbewu 400kV
Vacant 275kV servitude on south-western side of Camden – Normandie 400kV (47m width)

There is also a proposed new ash dam. That involves the deviation of the Camden – Duvha and Camden – Komati lines.

The Applicant must get the correct approvals from Eskom for any activities near our power lines and servitudes.

Dear Mr Robberts,

Thank you for your completed registration form (English and Afrikaans) submitted. Kindly note that I have registered you on the project I&AP database on behalf of Mr Langa.

Kindly note that your comments have been passed onto the specialists for their consideration in their specialist reports. As a registered I&AP you will be provided with an opportunity to comment on the Scoping Report and Environmental Impact Assessment (EIA) report and associated appendices once they become available.

Should you have any further comments or queries please feel free to contact EIMS.

Warm regards

Ms. Cheyenne Muthukarapan

Dear Chevron,

Thank you for your correspondence below.

Kindly note that the project will be following the EIA process which will allow two opportunities for your client to participate in the public participation process. The EIA process consists of a Scoping Phase and Environmental Impact Assessment Phase. The project is currently in the Scoping Phase and the scoping report and associated appendices will be made available for your review and comment within due course. The EIA phase will follow according to the National Environmental Management Act stipulated timeframes.

Kindly note that you will be notified of the availability of the Scoping Report and associated documents for review and comment as soon as it becomes available. Details regarding the proposed project will be provided in the Scoping Report.

Should you have any further comments or queries please feel free to contact EIMS.

Dear Mr Dekker,

Thank you for your correspondence regarding the Mooiplaats Colliery Project.

Apologies for any inconvenience caused in the incorrected registration form being sent to you. Kindly find attached the English form for your completion as an I&AP on the project. Kindly note that Elgin Investments has been pre-registered as an Interested and Affected Party (I&AP) on the project database as a landowner in the area. Please can you provide me with the contact details of the relevant people from your organisation that should also be included on the database.

Should you have any further comments or queries please do not hesitate to contact me.

Warm regards,

Dear Mr Dekker,

Thank you for the clarification.

The registration form is not compulsory however, it does ask questions regarding the land use for your property , any other potential developments, cultural heritage features etc. It also provides an opportunity for I&APs raise comments/concerns/ objections to the proposed project and to provide details of these so that they may be address in the EIA.

If Mr Mabuza wishes to provide any comments at this stage of the project, he is welcome to send them via email or to complete the relevant section of the registration form.

Furthermore, would it be possible for you to confirm the farms and farm portions that Elgin Investments No 44 (Pty) Limited owns?

Should you have any further comments or queries please feel free to contact me.

Warm regards,

Ms. Cheyenne Muthukarapan

Good morning Jaydi,

Further to our discussion this morning as well as your query on what infrastructure would be located on your farm, please find attached some of our preliminary maps. The future underground mining areas are shown in the attached map too.

As mentioned, we will share the Scoping Report as well as the Environmental Impact Assessment report in due course which will detail more information on the application.

In the interim, should you have any further queries, please let us know.

Afternoon Jaydi,

Based on the information available at the Title Deeds Office, their records show that Portion 2 of Adrianople 296 IT is owned by Willem Smuts (Title Deed Number: T5414/2008).

Could you please confirm if this is correct?
