Melk Fest se beker loop oor

Deur Salomé Kotzé

Klerksdorp Rekord, Klerksdorp - Dis sy uitbundige lag wat dadelik aandag trek. Bart Havenga, die man agter Klerksdorp se Melk Fest, is in sy noppies met die musiekfees waaroor mense nie kan ophou praat nie.

Dit is nou behalwe vir Moeder Natuur wat teen 18:00 op Saterdag 26 November besluit het dis nou genoeg. 'n Hengse windstorm met swaar reën en weerlig het hulle genoodsaak om die fees af te las. "Ek is honderd present oortuig dit was die regte besluit gewees. Veiligheid is vir ons baie belangrik en na die polisie en rampbestuur aanbeveel het ons moet die fees staak, het ons nie twee keer gedink nie. Ons is natuurlik hartseer oor die goeie musiek waarop ons uitgemis het, en ja, ons het vir seker ook 'n verlies gely asook die stalletjies, maar dit was die regte besluit."

Sewe kunstenaars het Saterdagaand nie opgetree nie weens die storm. Die fees het op Vrydag 25 November afgeskop en toe hulle teen middernag oppak toe weet hulle hier kom 'n ding. "Ons het gekook Vrydag-

aand en geweet die Saterdag gaan ons 'n killing maak by die hekke. Dit was seker die grootste Afrikaanse musiekfees nog in Klerksdorp en ons was baie besig deur die dag. As die weer net wou saamspeel."

Die storm het 'n paar bome in en om Klerksdorp ontworp. Toe die wind die gebied by Star Raceway tref, waar die fees aangebied is, het die markiestente se dakke begin wapper en mense het gehardloop vir skuiling. Tentpenne is uit die grond geruk en van die besoekers het aan die pype geklou om te keer dat die tente nie wegwaai nie. In die harwar het mense selfone en handsakke verloor. "Ons is dankbaar niemand is beseer nie. Ook nie die klomp in die bietuin wat kwaad was toe ons nie drank kon bedien terwyl dit lyk of die wêreld vergaan nie." Bart lag weer sy uitbundige oopmond lag.

Bart herinner gou dat hy nie die enigste organisierder was nie, met Leandri Day wat saam met hom die enorme taak aangepak het om 'n fees na Klerksdorp te bring soos nog nooit tevore nie. Hy bedank

ook sy broer, Lodus, sy A-span, hul borge en almal ("ek kan nie almal se name noem nie, nou-nou vergeet ek iemand") wat agter die skerms hard gewerk het om die fees aan te bied.

"Kyk, dit was nie makliik om die fees te reël nie. Ek wou 'n paar keer tou opgooi, maar ons het deurgedruk en is nie 'n oomblik spyt nie."

Bart, 'n sakeman en makelaar, het aanvanklik eers as borg betrokke geraak, maar voor hy die melk van sy lippe kon afvée was hy aan stuur van sake. "Dit was van kleinsaf my droom om so iets te kon doen. Om so 'n fees te reël. Dis magic man." So gelukkig soos 'n kat met 'n piercing melk.

Mense wat hom ken, sou Bart kort-kort agter op die verhoog of voor die verhoog sien dans. "Ek het dit ge-love. Die vibe was great. Dankie Klerksdorp vir 'n excellent fees en julle support."

Na 'n ruskans gaan die Melk Fest-organiseerders koppe bymekaa sit vir volgende jaar, want verseker hulle, die Melk Fest gaan beslis weer in Klerksdorp aangebied word.

Droomsindroom was 'n hoogtepunt.

NOTIFICATION: ENVIRONMENTAL AUTHORISATION APPLICATION PROCESS

In accordance with the requirements of Section 41 of the Water Use Licence Application and Appeals Regulations, 2017 (GNR 267 of 24 March 2017), notice is herewith given of an application/s which will be subjected to a public participation process.

Chemwes (Pty) Ltd also known as Mine Waste Solutions hereafter referred to as the applicant has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with undertaking the required environmental authorisation processes (including the statutory public participation), and to compile and submit the required documentation in support of an application for:

- Environmental Authorisation (EA) in accordance with the NEMA- Listed activities:
 - o Listing Notice 1: Activities 27 and 46.
 - o Listing Notice 3: Activities 12 and 23.

• Water Use Licence (WUL) in accordance with the National Water Act – NWA (Act 36 of 1998) - Listed activities:

o Listed Water uses: Section 21 (c) and Section 21 (i) (if applicable).

Additional listed activities and/or water uses may be identified during the process.

The applicant wishes to expand their reclamation activities to the Misaph 1 TSF through the construction of a reclamation pump station and installation of additional piping infrastructure to meet the planned Life of Mine (LOM) plan. The planned infrastructure will include a new process water and slurry pipeline and reclamation pump station. The infrastructure planned is a new 600mm slurry- and 500mm low-pressure process water pipelines of almost 9km from the East Pump Station to the Misaph 1 TSF Reclamation Pump Station. Both the slurry and process water pipeline to cross the Vaal River at Noligwa Bridge.

The proposed project is located on Misaph 274 (RE), Zuiping 394 (1), Chrystalkop 69(RE), Hoekplats 598 (RE), Modderfontein 440(4), Viljoenskroon RD 598 (RE), across the City of Matlosana Local Municipality and Moghaka Local Municipality , North West and Free State provinces, respectively..

EIMS will be following the procedures defined in the Environmental Impact Assessment (EIA) Regulations (GRN982 of 2014, as amended) for undertaking a Basic Assessment process. In accordance with Chapter 6 of the EIA Regulations, a public participation process will be undertaken. You are hereby invited to register and comment on the proposed project and application/s. In order to ensure that you are identified and registered as an I&AP and that your comments are captured, please submit your name, contact details, the reason for your interest or any comments, in writing or telephonically, to EIMS by no later than 23 January 2023. Please note that only registered I&AP's will be informed of future project information and opportunities for participation.

By registering as an interested and affected party you consent to the collection and processing of your personal information as per the EIMS Privacy Notice available at www.eims.co.za/public-participation. In order to avoid missing out on opportunities for public participation please submit I&AP registrations, or any queries, comments, or concerns with regards to this application, as soon as possible.

EIMS | ENVIRONMENTAL IMPACT MANAGEMENT SERVICES

NON-GOVERNMENTAL ORGANIZATION**NOTICE 1475 OF 2022****NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN THE APPLICATION FOR ENVIRONMENTAL AUTHORISATION PROCESS FOR THE PROPOSED MISPAH TSF RECLAMATION PIPELINES, ACROSS THE CITY OF MATLOSANA AND MOQHAKA MUNICIPALITIES, NORTH WEST AND FREE STATE PROVICES, SOUTH AFRICA.**

Chemwes (Pty) Ltd also known as Mine Waste Solutions (hereafter referred to as the applicant) has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with undertaking the required authorisation processes (including the statutory public participation), and to compile and submit the required documentation in support of application for:

- Environmental Authorisation (EA) in accordance with the NEMA- Listed activities:
 - Listing Notice 1: Activities 27 and 46.
 - Listing Notice 3: Activities 12 and 23.
- Water Use Licence (WUL) in accordance with the National Water Act – NWA (Act 36 of 1998) - Listed activity/ies:
 - Section 21 (c) and (i).

Additional listed activities and/or water uses may be identified during the process.

The applicant wishes to expand their reclamation activities to the Mispah 1 TSF through the construction of a reclamation pump station and installation of additional piping infrastructure to meet the planned Life of Mine (LOM) plan. The planned infrastructure will include a new process water and slurry pipeline and reclamation pump station. The infrastructure planned is a new 600mm slurry- and 500mm low-pressure process water pipelines of almost 9km from the East Pump Station to the Mispah 1 TSF Reclamation Pump Station. Both the slurry and process water pipeline to cross the Vaal River at Noligwa Bridge.

The proposed project is located on Mispah 274 (RE), Zuiping 394 (1), Chrystalkop 69(RE), Hoekplats 598 (RE), Modderfontein 440(4), Viljoenskroon RD 598 (RE), across the City of Matlosana Local Municipality and Moqhaka Local Municipality , North West and Free State provinces, respectively.

EIMS will be following the procedures defined in the Environmental Impact Assessment (EIA) Regulations (GRN982 of 2014, as amended) for undertaking a Basic Assessment process. In accordance with Chapter 6 of the EIA Regulations, a public participation process will be undertaken. You are hereby invited to register and comment on the proposed project and application/s. In order to ensure that you are identified and registered as an I&AP and that your comments are captured, please submit your name, contact details, the reason for your interest or any , in writing or telephonically, to EIMS no later than 23 January 2023. Please note that only registered I&AP's will be informed of future project information and opportunities for participation.

By registering as an interested and affected party you consent to the collection and processing of your personal information as per the EIMS Privacy Notice available at www.eims.co.za/public-participation. In order to avoid missing out on opportunities for public participation please submit I&AP registrations, or any queries, comments, or concerns with regards to this application, as soon as possible to EIMS at:
