### Comment

Ms Golding initiated correspondence with EIMS regarding the initial call to register document received via registered mail. Ms Golding further requested that more information be provided to EWT and that the all correspondence in further be sent to the EIA email address and copied to Dr Little.

### Response

"Dear Marianne, Thank you for your correspondence with Andrew this morning. Kindly find attached the notification for the call to register for the Koa South Prospecting Right Project as requested. Please could you send all correspondence for this project to the project details provided in the notification. Furthermore, thank you for the updated contact details. EIMS currently has [ewt@ewt.org.za](mailto:ewt@ewt.org.za) on the project database. Please can you confirm if I may remove this EWT contact and replace it with the ones you have provided. Please feel free to contact me should you have any further queries." Mr Golding confirmed the changes to EWT contact details and the necessary amendments where made.

Good afternoon, Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions. Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA. Once all documents including all appendices are uploaded to the case application, please ensure that the status of the case is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application, and are submitted to SAHRA at the beginning of the Public Review periods. Once all these documents have been uploaded, I will be able to issue an informed comment as per section 38(4) and 38(8) of the NHRA. Please note that I am working from home and cannot be contacted via the SAHRA office number. Please call me on my

### Response

Thank you for your correspondence. Kindly note that a case will be logged on SHARIS for the application. Should you have any further comments or queries please feel free to contact EIMS.

EIMS initiated correspondence with the Northern Cape Land Claims Department. The following correspondence was received: " Dear Sir / Madam Land Claims Enquiry, 1. Farm Kalkfontein No Portion 1 and 2, Pixley Ka Seme District, Northern Cape Province. 2. Farm Roode Draai No 134, Portion 3 and 4, Pixley Seme District, Northern Cape Province. We refer to your email received 14/05/2020. We confirm that as at the date of this letter that there are no land claims appearing on our database in respect of all the properties. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014. Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have been lodged but not yet been gazetted such as: 1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and 2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against. The commission therefore does not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a claim in respect of the above property. If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search. "

### Response

EIMS initiated correspondence with the Northern Cape Land Claims Department requesting details regarding any potential land claims on the proposed project properties. " To whom it may concern Dear Sir or Madam: REQUEST FOR INFORMATION REGARDING LAND CLAIMS ON THE PROPERTIES FARMS KALKFONTEIN A 131 C, FARM ROODE DRAAI 134 LOCATED IN PIXLEY KA SEME MUNICIPALITY, NORTHERN CAPE PROVINCE Our correspondence regarding this project and possible land claims refers. Would you kindly advise if your Department has any recorded land claims (processed and/or ongoing) against the following list of properties? Farm Kalkfontein A 131: 1 ( C06000000000013100001 ); 2 ( C06000000000013100002); Farm Roode Draai 134: 3 (C06000000000013400004); 4 (C06000000000013400003) Your feedback in this regard will be greatly appreciated. Mr JP Le Roux

IAP Questionnaire received. Refer to correspondence document.

Dear Mr Le Roux, Ons verwys na u epos hieronder asook u gesprek met Mnr GP Kriel rakende hierdie projek. Baie dankie vir u epos. Ons neem kennis van u besonderhede en bevestig dat u en Vosburg Agri (Mnr Pieter Vos) geregistreer is as Belangstellende en Geaffecteerde Partye vir hierdie projek. Ons verwys u na die aangehegte Agtergrond Inligtingsdokument wat 'n liggingskaart op bladsy 3 bevat. Die grense van die geaffecteerde grond gedeeltes word aangedui op hierdie kaart. Die plaasname en besonderhede van hierdie grond gedeeltes is ook aangedui in die daaropvolgende Tabel 1. Die koördinate van die hoekpunte van die aansoek area is soos volg (desimale grade – dd.dddddd) en is ook aangeheg as 'n Google Earth KML: Punt No Y Coordinate X Coordinate 1 -30.327715 22.662804 2 -30.355 22.649613 3 -30.350368 22.638305 4 -30.380119 22.610828 5 -30.365907 22.601785 6 -30.377085 22.56188 7 -30.348545 22.536765 8 -30.326499 22.527615 9 -30.304491 22.563809 10 -30.282583 22.606591 11 -30.299325 22.657703 12 -30.301653 22.669847 Na aanleiding van u gesprek met Mnr GP Kriel gister, het EIMS ons Basiese Assesserings Verslag saamgestel en sal dit binne die volgende week aan die publiek beskikbaar maak vir 'n 30 dag kommentaar periode. Ons beoog ook om in hierdie kommentaar periode 'n vergadering te reël sodat ons die projek en die verslag aan u en die gemeenskap kan kom voordra. Dit sal ongelukkig afhang van die vereistes van die wetgewing rakende die COVID 19 pandemie – ons sal u op hoogte hou van die details van die vergadering. Ons neem kennis van u bekommernis oor die impak van die projek op lug-, grond-, water- en geraasbesoedeling, asook die grondgebruik en toerisme. In hierdie verband wil ons bevestig dat die voorgestelde projek slegs prospektering insluit op hier die stadium. Breedvoerig sal dit behels dat die maatskappy 'n kombinasie van nie-indringende en indringende prospekterings tegnieke gebruik om onderliggende gesteentes te identifiseer, soos aangedui in die aangehegte Agtergrond Inligtingsdokument. Die aansoek sal 'n gefasseerde benadering volg, en die projek sal verdeel word in verskeie opeenvolgende fases. Die verskillende fases en tydskedules van die voorgestelde prospekterreg sal, volgens aard, afhanklik wees van die resultate wat tydens die voorafgaande fase ingesamel is. Die voorgestelde indringende prospektering sal verder 'n baie klein oppervlakte opneem – 0.3 hektaar – wat oor 10 boorgat areas versprei sal word binne die 9234 hektaar aansoek area. EIMS het verder ook as deel van ons impak studie sensitiewe areas geïdentifiseer en voorgestel dat sensitiewe areas vermy word sover moontlik vir die indringende prospektering. Ons verslag het oor die impakte van sal ook 'n lug-, grond-, water- en geraasbesoedeling, asook die grondgebruik en toerisme in ag geneem en gevind dat die impakte tipies gering en plaaslik van aard is. Ons verslag het verder streng maatreëls in plek gestel wat beskryf hoe die aktiwiteite uitgevoer moet word om die omgewing te beskerm ten alle tye, insluitend vir rehabilitasie na die prospektering afgehandel is. Daar is ook onder andere, ingesluit dat 'n ooreenkoms met elke grondeienaar gesluit word wat sal voorskryf hoe toegang en ander vereistes van die grondeienaar hanteer moet word. Sou die projek goedkeuring kry, sal al hierdie maatreëls wet word vir die aansoeker met gepaardgaande gevolge as hulle nie die omgewingsbestuursplan nakom nie. Ons wil verder ook daarop wys dat sou daar lewensvatbare minerale hulpbronne geïdentifiseer word

as deel van hierdie projek, sal Black Mountain Mining eers 'n verdere en baie meer gedetailleerde aansoek om 'n Mynreg moet doen, wat 'n volle omgewings impak assessering sal moet insluit, en weer aan die publiek sal geleentheid gee om deel te vorm van die proses. Ons bedank u vir u deelname in ons proses. Sal u asseblief die aangehegte dokumente aan die ander lede van u vereniging deurstuur.

Good afternoon,

Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions.

Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA.

Once all documents including all appendices are uploaded to the case application, please ensure that the status of the case is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application, and are submitted to SAHRA at the beginning of the Public Review periods. Once all these documents have been uploaded, I will be able to issue an informed comment as per section 38(4) and 38(8) of the NHRA.

Please note that I am working from home and cannot be contacted via the SAHRA office number. Please call me on my cellphone number as shown in my email signature for any queries. I am still available via email and on SAHRIS. Please only contact me during office hours 08:00 – 16:30.

Dear Sir/ Madam

### **LAND CLAIMS ENQUIRY**

- 1. Farm Kalkfontein No. 131, Portion 1 and 2, Pixley Ka Seme District, Northern Cape Province.**
- 2. Farm Roode Draai No. 134, Portion 3 and 4, Pixley Ka Seme District, Northern Cape Province.**

We refer to your email received 14/05/2020

We confirm that as at the date of this letter that there are no land claims appearing on our database in respect of all the properties. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014.

Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and
2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against.

The Commission therefore does not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search.

Yours faithfully

A handwritten signature in black ink, appearing to read 'M. Du Toit', written over a faint horizontal line.

Dear Mr Le Roux,

Ons verwys na u epos hieronder asook u gesprek met Mnr GP Kriel rakende hierdie projek.

Baie dankie vir u epos. Ons neem kennis van u besonderhede en bevestig dat u en Vosburg Agri (Mnr Pieter Vos) geregistreer is as Belangstellende en Geaffekteerde Partye vir hierdie projek.

Ons verwys u na die aangehegte Agtergrond Inligtingsdokument wat 'n liggingskaart op bladsy 3 bevat. Die grense van die geaffekteerde grond gedeeltes word aangedui op hierdie kaart. Die plaasname en besonderhede van hierdie grond gedeeltes is ook aangedui in die daaropvolgende Tabel 1. Die koördinate van die hoekpunte van die aansoek area is soos volg (desimale grade – dd.dddddd) en is ook aangeheg as 'n Google Earth KML:

Punt No	Y Coordinate	X Coordinate
1	-30.327715	22.662804
2	-30.355	22.649613
3	-30.350368	22.638305
4	-30.380119	22.610828
5	-30.365907	22.601785
6	-30.377085	22.56188
7	-30.348545	22.536765

Na aanleiding van u gesprek met Mnr GP Kriel gister, het EIMS ons Basiese Assesserings Verslag saamgestel en sal dit binne die volgende week aan die publiek beskikbaar maak vir 'n 30 dag kommentaar periode. Ons beoog ook om in hierdie kommentaar periode 'n vergadering te reël sodat ons die projek en die verslag aan u en die gemeenskap kan kom voordra. Dit sal ongelukkig afhang van die vereistes van die wetgewing rakende die COVID 19 pandemie – ons sal u op hoogte hou van die details van die vergadering.

Ons neem kennis van u bekommernis oor die impak van die projek op lug-, grond-, water- en geraasbesoedeling, asook die grondgebruik en toerisme. In hierdie verband wil ons bevestig dat die voorgestelde projek slegs prospektering insluit op hier die stadium. Breedvoerig sal dit behels dat die maatskappy 'n kombinasie van nie-indringende en indringende prospekterings tegnieke gebruik om onderliggende gesteentes te identifiseer, soos aangedui in die aangehegte Agtergrond Inligtingsdokument. Die aansoek sal 'n gefasseerde benadering volg, en die projek sal verdeel word in verskeie opeenvolgende fases. Die verskillende fases en tydskedules van die voorgestelde prospekterreg sal, volgens aard, afhanklik wees van die resultate wat tydens die voorafgaande fase ingesamel is. Die voorgestelde indringende prospektering sal verder 'n baie klein oppervlakte opneem – 0.3 hektaar – wat oor 10 boorgat areas versprei sal word binne die 9234 hektaar aansoek area.

EIMS het verder ook as deel van ons impak studie sensitiewe areas geïdentifiseer en voorgestel dat sensitiewe areas vermy word sover moontlik vir die indringende prospektering. Ons verslag het oor die impakte van sal ook 'n lug-, grond-, water- en geraasbesoedeling, asook die grondgebruik en toerisme in ag geneem en gevind dat die impakte tipies gering en plaaslik van aard is. Ons verslag het verder streng maatreëls in plek gestel wat beskryf hoe die aktiwiteite uitgevoer moet word om die omgewing te beskerm ten alle tye, insluitend vir rehabilitasie na die prospektering afgehandel is. Daar is ook onder andere, ingesluit dat 'n ooreenkoms met elke grondeienaar gesluit word wat sal voorskryf hoe toegang en ander vereistes van die grondeienaar hanteer moet word. Sou die projek goedkeuring kry, sal al hierdie maatreëls wet word vir die aansoeker met gepaardgaande gevolge as hulle nie die omgewingsbestuursplan nakom nie.

Ons wil verder ook daarop wys dat sou daar lewensvatbare minerale hulpbronne geïdentifiseer word as deel van hierdie projek, sal Black Mountain Mining eers 'n verdere en baie meer gedetailleerde aansoek om 'n Mynreg moet doen, wat 'n volle omgewings impak assessering sal moet insluit, en weer aan die publiek sal geleentheid gee om deel te vorm van die proses.

Ons bedank u vir u deelname in ons proses. Sal u asseblief die aangehegte dokumente aan die ander lede van u vereniging deurstuur.

Vriendelike groete,

**Ms. Cheyenne Muthukarapan**
