Comment

Good day Before SANRAL can comment on this application we need an A4 locality map pertaining to this application. Please send application together with locality map to nrstat@nra.co.za

Response

Good day Ria, Thank you for your correspondence. Please find attached the locality map for the proposed MWS Pipelines as requested. Kindly note that the Basic Assessment Report which will be put out for review and comment is currently being finalised and the report will be availed to the SANRAL Northern Region Statutory for comment as soon as it is available. May you please indicate if you require any further information, or have any queries and comments in this regard.

Comment

Thanks, it seems the pipe lines may cross under Eskom power lines, thus wayleaves from Eskom will be required as per the previous comments I sent you.

Response

Good day John, I trust that you are well. I would like to follow up on our communication below regarding the wayleave application for the Harmony MWS Pipelines Project. May you please provide me with the coordinates of the powerline that the pipeline crosses under as requested below. We are currently discussing this with the Applicant.

Please contact the LD Manager from Eskom Dx, Gerrie van Schalkwyk, as per the attached list, to assist you. Check if the attached kmz files is still valid and contact Gerrie for assistance on wayleave applications. The pipeline crosses under Dx lines.

Response

Good day Gerrie, I trust that this finds you well. May you please provide further confirmation on whether the new proposed pipelines for the Harmony MWS operations will require any wayleaves from Eskom. Please see the attached notification letter and kmz files for your perusal, may you also kindly provide me with the names and the exact coordinates on where the proposed pipelines may cross under the powerlines mentioned below by Mr John Geeringh. Kindly let me know if you have any further queries with regards to this.

Response

Good day John, Thank you for sharing Gerrie's contact, I will follow up with him regarding the application. Kindly note that I will send a separate updated kmz file for the Harmony FSS6 Reclamation pipeline in Free State to Gerrie as soon as possible. Please note that the kmz files for the MWS return water and slurry pipelines project in North West are still valid.

Comment

Good day We received a message regarding the opportunity for the MWS Return water and Slurry Pipelines project, I would just like to find out exactly which documents will be needed from the company to be sent to you if we are interested.

Response

Dear Sir/Madam, Thank you for your correspondence and your interest in the proposed project. Kindly note that the notification you received on the 3rd of December 2021 was with regards to the opportunity to register as an Interested and Affected Party (I&AP) for the Environmental Authorisation Application Process of the proposed MWS Pipelines Project. Please note that as an I&AP you would be provided with opportunities to participate specifically on the Environmental Impact Assessment (Basic Assessment) Process which EIMS has been appointed to conduct for the proposed project. This includes but not limited to, the opportunity to review and comment on the Basic Assessment Report when it becomes available. Kindly note that as indicated EIMS has only been appointed to assist with the Environmental Authorisation process for this project as per the notification letter attached. Please indicate if you require any further information with regards to the process and whether you would like to be registered as an I&AP for this project.
