Dear Madam

RE: APPLICATION FOR THE KANGALA EXTENSION PROJECT (“THE PROJECT”)

APPLICANT: UNIVERSAL COAL DEVELOPMENT 1 (PTY) LTD (“THE APPLICANT”)

1. We refer to the abovementioned matter and confirm we act on behalf of JF du Plessis Boerdery, represented by Mr. Jozua du Plessis. Our client is the lessee of various properties in respect of which the mining right application is being submitted, *inter alia*, Strydpan 243 IR Portions 14, 15, 16, 19, 20, 22, 23 & 24.
2. In light of the above, our client wishes to register as an interested and affected party in respect of the project.
3. Please find set out hereunder our clients’ preliminary comments in respect of the above project:
 - 3.1 The effect of the proposed mining operations on the dolomitic aquifer underlying the area are anticipated to be significant. This aquifer is crucial for water supply not only for our client and surrounding farmers but also Delmas and Eloff whose residents utilise this water for domestic use.
 - 3.2 The effects of blasting and vibration which are currently being experienced by our client and surrounding land owners.

- 3.3 The loss of employment, job security and viable farming operations as a result of the sterilisation of agricultural land.
- 3.4 In terms of the Victor Khanye Local Municipality: Spatial Development Framework, the area in which the proposed mining operations are to be undertaken is earmarked for Extensive Agriculture and is understood to be zoned as “commercial agriculture”. In terms of the Delmas Town Planning Scheme, 2007, “mining” is a use not permitted within land zoned as commercial agriculture.
- 3.5 The cumulative impact of the proposed mining operation will need to be considered in great detail in light of the current operational Kangala Mine in addition to another mining right application submitted by the applicant for portions of the farm Middelbult 235IR and Wolvenfontein 244IR.

Dear Madam

RE: APPLICATION FOR THE KANGALA EXTENSION PROJECT (“THE PROJECT”)

APPLICANT: UNIVERSAL COAL DEVELOPMENT 1 (PTY) LTD (“THE APPLICANT”)

1. We refer to the abovementioned matter and confirm we act on behalf of JF du Plessis Boerdery, represented by Mr. Jozua du Plessis. Our client is the lessee of various properties in respect of which the mining right application is being submitted, *inter alia*, Strydpan 243 IR Portions 14, 15, 16, 19, 20, 22, 23 & 24.
2. In light of the above, our client wishes to register as an interested and affected party in respect of the project.
3. Please find set out hereunder our clients’ preliminary comments in respect of the above project:
 - 3.1 The effect of the proposed mining operations on the dolomitic aquifer underlying the area are anticipated to be significant. This aquifer is crucial for water supply not only for our client and surrounding farmers but also Delmas and Eloff whose residents utilise this water for domestic use.
 - 3.2 The effects of blasting and vibration which are currently being experienced by our client and surrounding land owners.

- 3.3 The loss of employment, job security and viable farming operations as a result of the sterilisation of agricultural land.
- 3.4 In terms of the Victor Khanye Local Municipality: Spatial Development Framework, the area in which the proposed mining operations are to be undertaken is earmarked for Extensive Agriculture and is understood to be zoned as “commercial agriculture”. In terms of the Delmas Town Planning Scheme, 2007, “mining” is a use not permitted within land zoned as commercial agriculture.
- 3.5 The cumulative impact of the proposed mining operation will need to be considered in great detail in light of the current operational Kangala Mine in addition to another mining right application submitted by the applicant for portions of the farm Middelbult 235IR and Wolvenfontein 244IR.

Dear Nadia,

I trust this email finds you well? I have been trying to call you however, your office says you have been out of office.

With regards to the requested meetings below, please be advised that both projects are currently on hold. The Arnot project is currently on hold pending until such time the project receives landowner consent forms and the Kangala Project is currently on hold as a result of the Mpumalanga Department of Mineral Resources being closed.

Once the projects resume, I will contact you to arrange a meeting for both projects.

Should you have any comments or queries please do not hesitate to contact me.

Warm regards,

Hi Tandina

Please find attached the copy of the MR grant.

Will make sure I get you a copy of the approved EMP.

Kind regards

Shammy

Dear Shammy

Further to your below e-mail, you state that Eloff Mining Company has been granted the right to mine.

Please will you urgently provide us with a copy of the Mining Right and environmental authorization granted in this regard.

Regards,

Tandina Charters

Hi Mnr Du Plessis

We wish to let you know that Eloff Mining Company has been granted the right to mine at Eloff.

We would love to drill at the attached area asap. We are willing to discuss compensations for any crop losses in the areas likely to be disturbed by our drilling.

Let me know when I can come through to discuss the compensation and any issues related to our plans.

Kind regards

Hi Shammy,

As per our discussion, could you please sensitize the land owners of our intention to drill during their period of crop growing.

Attached is the drill plan which some crops are envisaged to be damaged by the drilling operations.
