Subject: RE: NOTIFICATION OF BASIC ASSESSMENT AND WATER USE AUTHORIZATION PROCESS FOR THE NEW ALOE SUBSTATION AND LOOP-IN LOOP-OUT POWERLINES, POLOKWANE LOCAL MUNICIPALITY
Attachments: New Aloe Substation Notification Letter.pdf

Dear Kgoshi Mothiba,

I trust this e-mail finds you safe and well.

As you have been informed telephonically, GA Environment has been appointed by Eskom Limpopo Operating Unit (LOU) as the Independent Environmental Consultants to undertake a Basic Assessment Process and Water Use Authorisation processes for the construction of the New Aloe 132Kv substation and the parallel 132kV Silica-Aloe loop-in powerline and 132kV Thabamooop - Aloe loop - out powerline approximately 15km east of the Polokwane CBD.

You have been informed of the proposed development as the occupiers of the site and person in control of the land and you are hereby formally notified in terms of Regulation 41(2) (b) (i) of the National Environmental Management Act (NEMA), 1998 (Act No. 107 of 1998) Environmental Impact Regulations, 2014 as amended.

Kindly find attached a Notification Letter of the proposed project as part of the Public Participation Process. This Notification is also in terms of the directions regarding the measures to address, prevent and combat the spread of the COVID-19 relating to the National Environmental Management Permits and Licences issued by the Minister of Environment, Forestry and Fisheries on 05 June 2020.

Further to this you will be provided with a copy of the Draft Basic Assessment Report (BAR) for comments and input.

We are looking forward to your further participation. Please do not hesitate to contact us should you have any queries about any of the above.
