Hi Sello,

With reference to the Ripplemead Packshed development (SAHRIS CaseID 1109), in the interim funding has been sourced for the construction of a new packshed that will meet Euro GAP standards for the export of citrus. The locality map has been attached on the SAHRIS case. HIA reports as submitted at the time addresses the proposed new locality. Would it be possible for EC PHRA APM Unit to please issue a HIA Comment for purposes of development. Should you require any additional information, please let me know what would be required so that I can refer exact requirements to Isi-Xwiba.

Regards,
Karen.
