PPP	Public Participation Process
PPR	Public Participation Report

# 1 INTRODUCTION

Harmony Gold Mining Company (hereafter referred to the applicant), has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with undertaking the required authorisation processes (including the statutory public participation), and to compile and submit the required documentation in support of applications for Environmental Authorisation (EA) (i.e.: Scoping and Environmental Impact Report (S&EIR)), Water Use Licence (WUL), Waste Management Licence (WML) and an Atmospheric Emissions Licence (AEL) for the proposed expansion of the Kalgold production operation (hereafter referred to as the proposed Kalgold Expansion Project). The EIR and Environmental Management Programme Report (EMPr) will also be used in support of a Mineral and Petroleum Resources Development Act (MPRDA, Act No. 28 of 2002) Section 102 amendment application for amendments to the existing EMPr and the Social and Labour Plan.

The existing Harmony Kalgold operation wishes to expand its current production from the current production rate of 130 000 tons per month to 300 000 tons per month. A pre-feasibility study has been undertaken. The findings of the pre-feasibility study have concluded that the following new activities and expansions must be provided for:

- The pit footprint will increase.
  - A-Zone (Henry pit). Total footprint will be 127 ha.
  - Windmill south: Total footprint will be 13 ha.
- Larger dewatering pipelines (Internal diameter of approximately 350mm and peak throughput of approximately 150L/s).
- Extension to Spanover waste rock dump (expand the waste rock dump with another 140 ha)
- New ROM pad.
- New processing plant.
- Recommission old TSF at low deposition rate.
- Increase deposition rate at D-Zone pit.
- Install pipeline from Central dam to the new plant (Internal diameter of approximately 450mm and peak throughput of approximately 230L/s).
- Install a tailings pipeline from the new plant to old TSF and D-zone pit (pipelines for both deposition and also another for return water). The Internal diameter of the pipelines will be of approximately 350mm and peak throughput of approximately 150L/s.
- Install pipeline from old plant raw water pond to the new plant (D-Zone return water, Internal diameter of approximately 450mm and peak throughput of approximately 230L/s).
- Install two 22kv power lines from Ferndale substation to the new plant.
- Install a water treatment plant at the new plant.
- Relocate and expand the explosives magazine.
- Additional new road from the plant to the N18 (approximately 13m wide).
- New road from pit to ROM pad (approximately 28m wide).
- New road to Spanover waste rock dump extension.
- Increase the size of the water pipe from A-Zone to Central dam (Internal diameter of approximately 350mm and peak throughput of approximately 150L/s).

- Increase the size of the water pipe from Watertank pit to Central dam. (Internal diameter of approximately 350mm and peak throughput of approximately 150L/s).

Kalgold mine is a gold mine located approximately 55km southwest of the town Mafikeng and 60km northeast of the town Stella in the Ratlou Local Municipality, located within the Ngaka Modiri Molema District Municipality, North West Province. The project area covers the remainder of portion 1 and portion 5 of the Farm Spanover 249, the remaining portion of Farm Spanover 552, the Farm Ferndale 554, portion 13 of Ferndale 551 and the Farm Goldridge 632. The centre point of the site is 26° 8'58.01"S; 25°14'35.97"E.

## 2 OBJECTIVES OF THE PUBLIC PARTICIPATION

South Africa, being one of the countries with the most progressive constitutions, enshrined the public's right to be involved in decisions that may affect them in its Constitution. Section 57(1) of the new Constitution that provides: "*The National Assembly may (b) make rules and orders concerning its business, with due regard to representative and participatory democracy, accountability, transparency and public involvement*". This provision, along with several others gave rise to many new trends in South African legislation. In environmental legislation, the idea of public participation (or stakeholder engagement) features strongly and especially the National Environmental Management Act (Act 107 of 1998, NEMA) and the recent regulations passed under the auspices of this Act makes very strict provisions for public participation in environmental decision-making.

Public participation can be defined as..."*a process leading to a joint effort by stakeholders, technical specialists, the authorities and the proponent who work together to produce better decisions than if they had acted independently*"<sup>1</sup>. From this definition, it can be seen that the input of the public is regarded as very important indeed.

The PPP is designed to provide sufficient and accessible information to Interested and Affected Parties (I&APs) in an objective manner to assist them to:

- During the Environmental Impact Assessment (EIA) Process:
  - Contribute relevant local information and knowledge to the environmental assessment;
  - Verify that their issues have been recorded;
  - Comment on the findings of the environmental assessments; and
  - Provide relevant local information and knowledge to the environmental assessment.

The PPP is a requirement of several pieces of South African Legislation and aims to ensure that all relevant I&APs are consulted, involved and their opinions are taken into account and a record included in the reports submitted to Authorities. The process ensures that all stakeholders are provided this opportunity as part of a transparent process which allows for a robust and comprehensive environmental study. The PPP for the necessary authorisation required for the Proposed Expansion Project needs to be managed sensitively and according to best practises in order to ensure and promote:

- Compliance with international best practice options;
- Compliance with national legislation;
- Establishment and management of relationships with key stakeholder groups; and
- Encouragement of involvement and participation in the environmental study and authorisation/approval process.

---

<sup>1</sup> Greyling, T. (1999) Towards Managing Environmental Disputes: Appropriate Public Participation. Prepared for Conference on Environmental Dispute Resolution 10-11 June 1998, Fourways, Gauteng, Manyaka Greyling Meiring (Pty) Ltd, South Africa

As such, the purpose of the PPP and stakeholder engagement process is to:

- Introduce the proposed project and process for the authorisation project;
- Explain the environmental authorisation;
- Determine and record issues, concerns, suggestions, and objections to the project;
- Provide opportunity for input and gathering of local knowledge;
- Establish and formalise lines of communication between the I&APs and the project team;
- Identify all significant issues for the project; and
- Identify possible mitigation measures or environmental management plans to minimise and/or prevent negative environmental impacts and maximise and/or promote positive environmental impacts associated with the project.

This PPR lists all verbal and written issues raised by I&APs and stakeholders from the 14-day initial notification and call to register period from the 26<sup>th</sup> March 2021 to date. A breakdown of the PPP is given within the remaining sections of this PPR.

## **2.1 Legal Compliance**

The PPP must comply with all environmental legislation that requires public participation as part of an application for authorisation or approval; namely:

- The National Environmental Management Act (NEMA, Act No. 107 of 1998);
- The National Water Act (NWA, Act 36 of 1998);
- The National Environmental Management Air Quality Act (NEM: AQA, Act 34 of 2004);
- The National Environmental Management: Waste Act (NEM: WA, Act 59 of 2008) and
- The Mineral and Petroleum Resources Act (MPRDA, Act No. 28 of 2002).

Adherence to the requirements of the above-mentioned Acts will allow for an Integrated PPP to be conducted, and in so doing, satisfy the requirement for public participation referenced in the Acts. The details of the Integrated PPP are provided below

## **3 IDENTIFICATION OF INTERESTED AND AFFECTED PARTIES (I&APS)**

An initial I&AP database has been compiled from historic projects in the area and Windeed searches to obtain the contact details of the surrounding landowners. The I&APs referred to in the PPR include:

- Pre-identified and registered landowners and surrounding landowners;
- Pre-identified and registered key stakeholders;
- Regulatory authorities;
- Specialist interest groups; and
- All I&APs who responded to the initial notifications and requested to be registered.

Efforts to pre-identify key I&APs involved various avenues such as consultation with the proponent and known landowners within the study area, review of related previously conducted studies, and identification of key

interest groups and authorities within the vicinity of the study area and municipality. Refer Appendix C 1 for the Key Stakeholder/I&AP Database.

All landowners whose properties are within the study area have been notified about the project via post, fax and/or email as well as through advertisements and/or site notices inviting them to participate in the EIA process. Refer to Appendix C 2 for the landowner, key stakeholder and I&AP initial notifications.

### **3.1 LIST OF KEY I&APS IDENTIFIED AND NOTIFIED**

The following key I&APs, but not limited to, were notified of the proposed project and invited to participate in the public participation process:

- National Department of Agriculture, Land Reform and Rural Development;
- National Department of Environment, Forestry and Fisheries;
- National Department of Human Settlements, Water and Sanitation;
- National Department of Mineral Resources and Energy; and
- Ngaka Modiri Molema District Municipality;
- Northwest Department of Agriculture and Social Development;
- Northwest Department of Community Safety and Transport Management;
- Northwest Department of Economic Development, Environment, Conservation and Tourism
- Northwest Department of Health;
- Northwest Department of Local Government and Human Settlements;
- Northwest Department of Mineral Resources and Energy;
- Ratlou Local Municipality;
- South African Heritage Resource Agency (SAHRA);
- South African National Parks;
- South African National Roads Agency Limited (SANRAL).

### **3.2 LIST OF KEY STAKEHOLDERS IDENTIFIED AND NOTIFIED**

- Barolong Ratlou Ba Ga Seitshiro Tribal Authority;
- Khunwana Tribal Authority;
- Maretsane Farmers Union;
- Endangered Wildlife Trust;
- South African Civil Authority;
- Eskom Soc Ltd.;
- Tlakajeng Tribal Office; and
- Farmers Forum;
- Transnet SOC Limited

## **4 NOTIFICATION OF INTERESTED AND AFFECT PARTIES**

This section provides details on the notifications that were distributed as part of the consultation process to date.

### **4.1 Initial Notification of Landowners and I&APs**

The PPP commenced on the 26<sup>th</sup> March 2021 with an initial notification and call to register ending on the 9<sup>th</sup> April 2021. Notification during this initial consultation was given in the manner described below.

#### **4.1.1 REGISTERED LETTERS, FAXES AND EMAILS**

Notification letters and registered mail in English and Setswana were distributed on the 30<sup>th</sup> March 2021 to pre-identified I&APs through either registered mail, faxes, and/or emails. Please refer to Appendix C2 for initial notification and proof of initial notification.

The notification documents included the following information:

- List of anticipated activities to be authorised;
- Sufficient detail of the proposed development to enable I&APs to assess/surmise what impact the development will have on them or on the use of their land;
- The purpose of the proposed project;
- Details of the application processes associated with proposed activities;
- Details of the affected properties (including a locality map);
- Details of the South African environmental legislation that must be adhered to;
- Date by which the I&AP must register and send comments through to EIMS;
- Contact details of the EAP.

#### **4.1.2 Newspaper Advertisements**

Advertisements describing the proposed project and EIA process were placed in the Mahikeng Mail (in English and Setswana) with circulation in the vicinity of the study area on the 26<sup>th</sup> March 2021. The newspaper adverts included the following information: Project name;

- Project name;
- Applicant name;
- Project location;
- Nature of the activity;
- Legislative requirements; and
- Relevant EIMS contact person for the project.

Please refer to Appendix C4 for proof of adverts placed.

#### **4.1.3 SITE NOTICE PLACEMENT**

Seven (7) A1 Correx site notices (in English and Setswana) were placed at 7 locations along, within and surrounding the perimeter of the proposed project study area on the 26<sup>th</sup> March 2021. The on-site notices included the following information:

- Project name;

- Applicant name;
- Project location;
- Map of proposed project area;
- Project description;
- Legislative requirements; and
- Relevant EIMS contact person for the project.

Please refer to Appendix C4 for proof of site notice and site notice distribution.

## **4.2 AVAILABILITY OF THE SCOPING REPORT**

### **4.2.1 NOTIFICATIONS FOR THE AVAILABILITY OF THE SCOPING REPORT**

Notification (in English and Setswana) regarding the availability of the Scoping Report was provided to preidentified and registered I&APs were distributed through either faxes, registered mail and/or emails. The notification includes details regarding where hard copies of the reports can be accessed.

Contact details have been provided to I&APs if they require assistance accessing the information or require copies of the reports.

The Scoping report and associated appendices was made available for public review and comment from the 04<sup>th</sup> of May 2021 to the 03<sup>rd</sup> of June 2021 at the entrance to the Kalgold Mine. An additional hard copy of the report was placed at the Kraaipan Tribal Council. In addition to this a hard copy of the report was made available to the Maretsane Farmers Union. Please refer to Appendix C 5 for proof of Scoping Report notification.

### **4.2.2 PUBLIC OPEN DAY**

A scoping phase public open day was held on the 26<sup>th</sup> May 2021 at the Ratlou Local Municipality Chambers, Setlagole Village between 10am and 3pm to present a high-level summary of the Scoping Report. I&APs were invited to attend the open day. Strict COVID-19 measures were implemented to ensure the health and safety of all attendees. The findings from the Scoping Report were presented and discussions based on the findings were also undertaken. Please refer to Appendix C 6 for Public Open Day documentation.

## **4.3 AVAILABILITY OF THE EIA/EMPR REPORT**

### **4.3.1 NOTIFICATIONS FOR THE AVAILABILITY OF THE EIA/EMPR**

The EIA report and associated appendices have been made available for public review and comment from the 04<sup>th</sup> of February 2022 to the 07<sup>th</sup> of March 2022 at the entrance to the Kalgold Mine. An additional hard copy of the report was placed at the Kraaipan Tribal Council. In addition to this a hard copy of the report will be made available to the Maretsane Farmers Union.

### **4.3.2 PUBLIC OPEN DAY**

An EIA phase public open day will be held at the Ratlou Local Municipality Chambers, Setlagole Village to present the findings of the EIA Report.

#### 4.4 SUMMARY OF PUBLIC PARTICIPATION OPPORTUNITIES

The table below provides a summary of the opportunities provided to I&APs for participation in the public participation process.

Table 1: Opportunities Provided for Public Participation

PUBLIC PARTICIPATION PHASE			
ACTION	DESCRIPTION	PUBLICATION/PLACE	DATE
Initial Public Notification (announcement of project and call to register)	Newspaper advertisements	Mahikeng Mail (in English and Setswana)	26 March 2021
	Placement of site notices.	Seven (7) A1 site notices (English and Setswana) within and around the study area (7 placement locations).	26 March 2021
	Notification of landowners, occupiers, and other key I&APs.	Affected landowners and key I&APs were notified via email, fax, and/or post.	26 March 2021 and 30 March 2021 (emails)
Scoping report public review and comment period	Notification of landowners, occupiers, and other key I&APs.	Affected landowners, legal occupiers, and key I&APs were notified via email, fax, and/or post.  Hard Copies of the report were placed at the Kalgold Mine Entrance and the Kraaipan Tribal Council. A copy of the report was made available on the EIMS website.	04 May 2021 to the 03 June 2021
Scoping phase public open day	Notification of landowners, occupiers, and other key I&APs.	Affected landowners, legal occupiers, and key I&APs were notified via email, fax, and/or post.	26 May 2021
EIA report public review and comment period	Notification of landowners, occupiers, and other key I&APs.	Affected landowners, legal occupiers, and key I&APs were notified via email, fax, and/or post.	04 February 2021
EIA phase public open day	Notification of landowners, occupiers, and other key I&APs.	Affected landowners, legal occupiers, and key I&APs were notified via email, fax, and/or post.	TBA

### 5 NOTIFYING INTERESTED AND AFFECTED PARTIES OF THE DECISION

Interested and Affected Parties will be notified via fax, registered mail and/or email of the decision once available including the appeal process should they wish to appeal the decision.

## 6 RECORD OF ISSUES RAISED

The comments presented in Appendix C 7 are those that have been received and addressed from 26<sup>th</sup> March 2021 to date.

### 6.1 How Issues Raised Were Addressed

Issues raised were addressed in a transparent manner and included in the compilation of the EIA Report for the proposed Kalgold Expansion Project, in the following manner:

- Issues raised were used quantitatively to calculate the significance of impacts both real and perceived; and
- Issues raised were used to provide further suggestions and recommendations with regard to potential management options for impacts.

### 6.2 Summary of Issues That Were Raised

To date comments have been received as per below:

- Correspondence from SAHRA requesting that a case be created on the SAHRIS website;
- Letter of Objection received from Chief GH Phoi on a separate application that was lodged by the applicant for Kalgold Mine and;
- Request for registration from the local business;
- I&AP requesting to be removed from the project's database;
- Statutory comment from Transnet stating that their pipelines were not affected by the proposed project;
- Request for a copy of the report to be delivered to the SANRAL offices for comment;
- Local organisation requesting support;
- Land claims enquiry;
- Request for the applicant to develop the surrounding communities socially and economically;
- Statutory comment from SAHRA.

All comments and/or queries received are included in this report and presented in Appendix C 7 and Appendix C 6 for submission to the competent authority, the DMRE. Please refer to Appendix C 8 for proof of correspondence.

## 7 CONCLUSIONS AND RECOMENDATIONS

The comments and issues raised through the public participation have been considered and used to inform the compilation of the EIA Report. This report will be updated for submission to the DMRE (the competent authority), following the 30-day public review period of the EIA Report and associated appendices.

Appendix C 2: Initial Notification and Proof of Initial  
Notification

26 March 2021

Our ref: BK/cm/1385

To whom it may concern

Dear Sir or Madam:

**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR THE KALGOLD EXPANSION PROJECT IN THE RATLOU LOCAL MUNICIPALITY, NORTH WEST PROVINCE.**

Notice is given in terms of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GN R. 982) promulgated under the National Environmental Management Act (Act 107 of 1998) (NEMA), of applications for Environmental Authorisation (EA) (i.e.: Scoping and Environmental Impact Report (S&EIR)), Water Use Licence (WUL), Waste Management Licence (WML) and an Atmospheric Emissions Licence (AEL) for the proposed expansion of the Kalgold production operation (hereafter referred to as the proposed Kalgold Expansion Project). The EIR and Environmental Management Programme Report (EMPr) will also be used in support of a Mineral and Petroleum Resources Development Act (MPRDA, Act No. 28 of 2002) Section 102 amendment application for amendments to the existing EMPr and the Social and Labour Plan.

The existing Harmony Kalgold operation wishes to expand its current production from the current production rate of 130 000 tons per month to 300 000 tons per month. A pre-feasibility study has been undertaken. The findings of the pre-feasibility study have concluded that the following new activities and expansions must be provided for:

- The pit footprint will increase.
- Larger dewatering pipelines.
- Extension to Spanover waste rock dump.
- Road from the pit to new ROM pad.
- New ROM pad.
- New plant.
- Recommission old TSF at low deposition rate.
- Increase deposition rate at D zone pit.
- Install pipeline from Central dam to the new plant.
- Install a tailings pipeline from the new plant to old TSF and Dzone pit.
- Install pipeline from old plant raw water pond to the new plant (D zone return water).
- Install two power lines from Ferndale substation to the new plant.
- Install evaporators at Central dam.
- Install a water treatment plant at the new plant.
- Relocate and expand the explosives magazine.
- Additional new road from the plant to the N18.

Kalgold mine is a gold mine located approximately 55km southwest of the town Mafikeng and 60km northeast of the town Stella in the Ratlou Local Municipality, located within the Ngaka Modiri Molema District Municipality, North West Province. The project area covers the remainder of portion 1 and portion 5 of the Farm Spanover 249, the remaining portion of Farm Spanover 552, the Farm Ferndale 554 , portion 13 of Ferndale 551 and the Farm Goldridge 632.

EIMS will be following the procedures defined in the Environmental Impact Assessment (EIA) Regulations (GRN982 of 2014, as amended) for undertaking a Scoping and Environmental Impact Assessment (EIA) process. In accordance with Chapter 6 of the EIA Regulations, a public participation process will be undertaken. You are hereby invited to register and comment on the proposed project and application/s. In order to ensure that you are identified and registered as

A 8 Dalmeny Road, Pine Park, Randburg | PO Box 2083, Pinetown 2123, South Africa

## **KITSISO MALEBANA LE TSHONO YA GO TSAYA KAROLO MO KOPONG SEMOLAO YA TETLA YA TSA TIKOLOGO YA KALGOLD MINE, MO MASEPALENG WA SELEGAE WA RATLOU, MO POROFENSENG YA BOKONE BOPHIRIMA.**

Kitsiso eno e nwa malebana le Chapter 6 ya Melao ya Environmental Impact Assessment (EIA), 2014 (GN R 982) e bolelwa kafa tlase ga Nation Environmental Management Act (Act 107 ya 1998) (NEMA), ya dikopo tsa Environmental Authorisation (EA) (ka sekai: Scoping and Environmental Impact Report (S&EIR)), Water Use Licence (WUL), Waste Management Licence (WML) le Atmospheric Emissions Licence (AEL) ka ga katooselo e e akanyediwang ya ditiragalo tsa ntshodikuno tsa Kalgold (e e itsiweng jaaka Porojeke ya go Atolosiwa ga Kalgold). EIR le Environmental Management Programme Report (EMPr) e tlile go dirisiwa go tshegetsa Mineral and Petroleum Resources Development Act (MPRDA, Act No. 28 ya 2002) Karolo 102 ya kopo ya diphetogo tse di diriwang ke EMPr le Social and Labour Plan.

Harmony Kalgold e e dirang gone jaanong e batla go atolosa kuno ya yone ya ga jaana e e bogolo jwa 130 000 ka kgwedi go ya go 300 000 ka kgwedi. Go dirilwe di tlatlhobo tsa seo. Dipatlisiso tsa ditlhatlhobo tseo di feleditse ka gore ditiragalo tse di tlang ga mmogo le katoloso e direlwe:

- Motlhala wa kगतampi o tla oketsega.
- Diphaepe tsa go nosetsa tse digolo
- Go okediwa ga Spanover mo o go latlhelwang matlapa gone
- Tsela ya go tswa ko kगतamping go ya ko di ROM tse disha.
- ROM e ntšha.
- Polanta e ntšha
- Go tlhabolosa TSF ya kgale ka go fokotsa tsela e e ntshang ka yone
- Go oketsa tsela e kगतampi ya D zone e dirang ka yone.
- Go tsenya diphaepe tsa letamo le le Mogare go ya polanteng e ntšha.
- Go tsenya diphaepe tse dingwe go tswa ko polanteng e ntšha go ya ko TSF ya kgale le kगतampi ya Dzone.
- Go tsenya diphaepe go tswa polanteng ya kgale ya letamo go ya go polanteng e ntšha (polanteng e e busang metsi ya D zone).
- Go tsenya diphaepe tse pedi tse di tswang ko station sa Ferndale go ya ko polanteng e ntšha.
- Go tsenya dibakamouwane mo letamong le le fa gare.
- Go tsenya polanta ya go sireletsa metsi go ya go ko polante e ntšha
- Go fudusa le go atolosa makasine o o thuntshang.
- Go dira tsela e ntšha go tsa polanteng go ya N18.

Kalgold mine ke mine wa gauta o o 55km go tswa borwabopphirima jwa toropo ya Mafikeng le 60km go tswa bokonebotlhaba jwa toropo ya Stella mo Msepaleng wa Selegae wa Ratlou, e e mogare ga Masepala wa Tikologo ya Ngaka Modiri Molema, Porofenseng ya Bokone Bopphirima. Porojeke eno e tlile go tsaya karolo 1 le korolo 5 ya Polase ya Spanover 249, karolo e e setseng ya Spanover 552, Polase ya Ferndale 554, karolo 13 ya Ferndale 551 le Polase ya Goldridge 632.

Jaaka moikwadisi wa I&AP, o lalediwa go tla go ikwadisa le go akgela mo porojekeng eno. O ka tswa o nale dikakgelo kgotsa matshwenyego a a amanang le porojeke eno, kgotsa fa o batla o itse tshedimotsetso e e oketsegileng, tsweetswee leletsa EIMS, kgotsa o ba kwalele pele ga di 9 tsa Moranang 2021 o dirisa dintlha tsa tlhaeletsano tse di kwa tlase. Tsweetswee akareletsa nomore ya referense ya porojeke (1385) mo dipuisanong tsotlhe. Mme gape, tsweetswee

## NOTIFICATION: ENVIRONMENTAL AUTHORISATION APPLICATION PROCESS

Notice is given in terms of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GN R. 982) promulgated under the National Environmental Management Act (Act 107 of 1998) (NEMA), of applications for Environmental Authorisation (EA) (i.e.: Scoping and Environmental Impact Report (S&EIR)), Water Use Licence (WUL), Waste Management Licence (WML) and an Atmospheric Emissions Licence (AEL) for the proposed expansion of the Kalgold production operation (hereafter referred to as the proposed Kalgold Expansion Project). The EIR and Environmental Management Programme Report (EMPr) will also be used in support of a Mineral and Petroleum Resources Development Act (MPRDA, Act No. 28 of 2002) Section 102 amendment application for amendments to the existing EMPr and the Social and Labour Plan.

**Name of Applicant:** Kalahari Goldridge Mining Company Limited (hereafter referred to as Kalgold Mine)

**EIMS Reference Number:** 1385

### Nature of Activity:

The existing Harmony Kalgold operation wishes to expand its current production from the current production rate of 130 000 tons per month to 300 000 tons per month. A pre-feasibility study has been undertaken. The findings of the pre-feasibility study have concluded that the following new activities and expansions must be provided for: The pit footprint will increase; Larger dewatering pipelines; Extension to Spanover waste rock dump; Road from the pit to new ROM pad; New ROM pad; New plant; Recommission old TSF at low deposition rate; Increase deposition rate at D zone pit; Install pipeline from Central dam to the new plant; Install a tailings pipeline from the new plant to old TSF and Dzone pit; Install pipeline from old plant raw water pond to the new plant (D zone return water); Install two power lines from Ferndale substation to the new plant; Install evaporators at Central dam; Install a water treatment plant at the new plant; Relocate and expand the explosives magazine; Additional new road from the plant to the N18.

### Location:

Kalgold mine is a gold mine located approximately 55km southwest of the town Mafikeng and 60km northeast of the town Stella in the Ratlou Local Municipality, located within the Ngaka Modiri Molema District Municipality, North West Province. The project area covers the remainder of portion 1 and portion 5 of the Farm Spanover 249, the remaining portion of Farm Spanover 552, the Farm Ferndale 554, portion 13 of Ferndale 551 and the Farm Goldridge 632.

### Registration and Comment

As a potential I&AP, you are invited to register and comment on the project. Should you have any comments or concerns regarding the project, or should you require additional information, please contact EIMS telephonically, or in writing by no later than the 9 of April 2021 using the contact details below. Please include the project reference number (1385) in all correspondence. Furthermore, please note that only registered I&APs will be informed of any future project information and participation opportunities::

# University authorities angered by destruction of property at learning institutions

**MAFIKENG MAIL – MAHIKENG:** The North West University management last week reacted with total frustration and took note at the way some of the Mahikeng Campus students conducted themselves, during strikes affecting all universities across the country especially when there were calls for support and solidarity on matters at national level.

Reacting to the recent strikes during which students demanded access to NSFAS funding, the university said all the students at the three campuses in the province and those on distance learning had a right to support the national calls for financial and other assistance for academically deserving students. Students were also permitted to raise issues with management through the university's students' structures and recognised channels. The University objected to what it termed a developing trend at the Mahikeng Campus where there were constant instances of violence, vandalism, and destruction of property as well as intimidation of stakeholders. "There does not seem to be any appreciation of the resources

that we have been working hard to build to ensure equity of resources and student experiences across the three campuses. This week, less than 100 students, including non-students with absolutely no interest in the success of the university nor the best interests of our students, caused damage to university property, and their actions led to the closure of the Mahikeng Campus. Staff could not gain access to the campus and could therefore not assist students with critical services, including financial clearances and registration. Our infrastructure development projects are also negatively affected since contractors cannot access the campus," Prof Dan Kgwadi, Vice-Chancellor of the NWU said. He said this year's protest action was taking place in the middle of the Covid-19 pandemic which continued to claim lives.

"We have spent millions to make our campuses Covid-19 regulations compliant, and to ensure that our students can return to campuses. We have done this because we value the health and safety of staff and students, and we want to create an environment that enables you to succeed. Whilst many of our staff and students have engaged in activities that positively reflect the solidarity of the NWU in fighting the pandemic, the current behaviour negates all our good intentions. These gatherings are super-spreader events as there is no adherence to the wearing of masks and social distancing. The university regrets the irresponsible actions currently displayed at our Mahikeng Campus," explained Prof

Dan Kgwadi. "We have spent a significant amount of funds to invest in security at the Mahikeng Campus to ensure the safety of our students. We are repeatedly compelled to use the already limited university funds to respond to the vandalism and destruction of university property during violent protests. We must appreciate that these are taxpayers' funds which could be used for other services such as infrastructure development and funding for post-graduate students," he further said. "Ironically the same people who are destroying property are the ones who purport to be fighting for poor students. The need to make it abundantly clear that the continued vandalism and destruction of

property will not solve the socio-economic problems. In fact, these actions will result in even more of the students unable to succeed academically", Prof Kgwadi added.

The North West University Management said they were involved in discussions with the minister, USAF and NSFAS to consider sustainable solutions for this funding crisis.

"All of us must be involved in a constructive debate regarding long-term sustainable solutions for higher education funding in our country. This is critical for the development and growth of our beloved country. Short-termism will only deepen the funding crisis and derail future students' access and success", said Prof Kgwadi.

## Provincial Legislature Portfolio Committee on Community Safety welcomes SIU Probe into Public Works

**MAFIKENG MAIL - MAHIKENG:** The North West Provincial Legislature's Portfolio Committee on Public Works, Roads, Community Safety and Transport Management led by Onicca Medupe has welcomed the Special Investigative Unit's probe into the Department of Public Works and Roads on probing allegations of corruption and maladministration dating back from January 2016 to 15 March 2021 as per President Cyril Ramaphosa's proclamation.

The proclamation also issued probe into malpractice and transactions from the stipulated dates. According to the SIU report, the entity will focus on procurements processes relating to installation of the parameter fence at Eagle Water Wild Life Resort; project management for the transport infrastructure office in the department

and procurement of the rehabilitation of flood damage to road infrastructure. Medupe said the Committee was pleased with the state entity's probe into the department. "This is a step in the right direction to show that our President is serious about fighting corruption and maladministration. The law must take its course," said Medupe.

### NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR THE KALGOLD EXPANSION PROJECT IN THE RATLOU LOCAL MUNICIPALITY, NORTH WEST PROVINCE.

Notice is given in terms of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GN R. 982) promulgated under the National Environmental Management Act (Act 107 of 1998) (NEMA), of applications for Environmental Authorisation (EA) (i.e.: Scoping and Environmental Impact Report (S&EIR)), Water Use Licence (WUL), Waste Management Licence (WML) and an Atmospheric Emissions Licence (AEL) for the proposed expansion of the Kalgold production operation (hereafter referred to as the proposed Kalgold Expansion Project). The EIR and Environmental Management Programme Report (EMPr) will also be used in support of a Mineral and Petroleum Resources Development Act (MPRDA, Act No. 28 of 2002) Section 102 amendment application for amendments to the existing EMPr and the Social and Labour Plan.

**Name of Applicant:** Kalahari Goldridge Mining Company Limited (hereafter referred to as Kalgold Mine)

**EIMS Reference Number:** 1385

#### Nature of Activity:

The existing Harmony Kalgold operation wishes to expand its current production from the current production rate of 130 000 tons per month to 300 000 tons per month. A pre-feasibility study has been undertaken. The findings of the pre-feasibility study have concluded that the following new activities and expansions must be provided for:

- The pit footprint will increase.
- Larger dewatering pipelines.
- Extension to Spanover waste rock dump.
- Road from the pit to new ROM pad.
- New ROM pad.
- New plant.
- Recommission old TSF at low deposition rate.
- Increase deposition rate at D zone pit.
- Install pipeline from Central dam to the new plant.
- Install a tailings pipeline from the new plant to old TSF and D zone pit.
- Install pipeline from old plant raw water pond to the new plant (D zone return water).
- Install two power lines from Ferndale substation to the new plant.
- Install evaporators at Central dam.
- Install a water treatment plant at the new plant.
- Relocate and expand the explosives magazine.
- Additional new road from the plant to the N18.

#### Location:

Kalgold mine is a gold mine located approximately 55km southwest of the town Mafikeng and 60km northeast of the town Stella in the Ratlou Local Municipality, located within the Ngaka Modiri Molema District Municipality, North West Province. The project area covers the remainder of portion 1 and portion 5 of the Farm Spanover 249, the remaining portion of Farm Spanover 552, the Farm Ferndale 554, portion 13 of Ferndale 551 and the Farm Goldridge 632.

#### Registration and Comment

As a potential I & AP, you are invited to register and comment on the project. Should you have any comments or concerns regarding the project, or should you require additional information, please contact EIMS telephonically, or in writing by no later than the **9 of April 2021** using the contact details below. Please include the project reference number (**1385**) in all correspondence. Furthermore, please note that only registered I & AP will be informed of any future project information and participation opportunities.

**Name and contact details of Consultant:**

**Environmental Impact Management Services (Pty) Ltd (EIMS)**

P.O. Box 2083 Pinegowrie 2123

Phone: 011 789 7170 / Fax: 086 571 9047

Contact: Cheyenne Muthukarapan

Email: kalgold@eims.co.za

**EIMS Reference number: 1385**

Appendix C 5: Scoping Notification and Proof of  
Notification

19 April 2021  
Our ref: 1385/BK/sm

To whom it may concern

Dear Registered Interested and Affected Party:

**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR THE KALGOLD EXPANSION PROJECT IN THE RATLOU LOCAL MUNICIPALITY, NORTH WEST PROVINCE.**

As a registered Interested and Affected Party (I&AP) for the above-mentioned project, you are hereby notified of the following opportunity/ies for public participation:

<b>Description of event:</b>	<b>Availability of Scoping Report for public review and comment</b>
<b>Where:</b>	A hard copy of the report can be viewed at the entrance to Kalgold Mine
	A hard copy of the report can be viewed at the Kraaipan Tribal Council
	A copy of the report can be downloaded from the EIMS website: <a href="https://www.eims.co.za/public-participation/">https://www.eims.co.za/public-participation/</a>
<b>When:</b>	Until the 3 <sup>rd</sup> June 2021

All inputs received by EIMS will be included in subsequent submissions to the relevant competent authorities for consideration in their decision-making process.

Contact Person: Sinalo Matshona

EIMS Reference Number: 1385

Postal Address: P.O. Box 2083; Pinegowrie; 2123

Telephone: (011) 789 7170/ Fax: (086) 571 9047

E-mail: [kalgold@eims.co.za](mailto:kalgold@eims.co.za)

Please include the project reference number 1385 in all correspondence.

Please feel free to contact the undersigned if you have any queries or concerns.

Kind Regards,

Sinalo Matshona

## Appendix C 6: Public Open Day Documentation

12 May 2021

Our ref: 1385/BK/sm

To whom it may concern

Dear Registered Interested and Affected Party:

**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR THE KALGOLD EXPANSION PROJECT IN THE RATLOU LOCAL MUNICIPALITY, NORTH WEST PROVINCE.**

As a registered Interested and Affected Party (I&AP) for the above-mentioned project, you are hereby notified of the following opportunity/ies for public participation:

<b>Description of event:</b>	<b>Invitation to Public Open Day</b>
<b>Where:</b>	Ratlou Local Municipality Chambers R507 Setlagole Village (next to Setlagole Library)
<b>When:</b>	26 <sup>th</sup> May 2021: the open day will run from 10AM to 3PM

Further to the above kindly note that an additional hard copy of the Scoping Report and associated appendices has been made available at the Kalgold Mine entrance and Kraaipan Tribal Authority Office. Please submit all comments on the reports to EIMS by no later than 3<sup>rd</sup> June 2021.

All inputs received by EIMS will be included in subsequent submissions to the relevant competent authorities for consideration in their decision-making process.

I&AP registrations, or any queries, comments, or concerns with regards to this application, can be directed to EIMS at:

Contact Person: Sinalo Matshona

EIMS Reference Number: 1385

Postal Address: P.O. Box 2083; Pinegowrie; 2123

Telephone: (011) 789 7170/ Fax: (086) 571 9047

E-mail: [kalgold@eims.co.za](mailto:kalgold@eims.co.za)

Please include the project reference number 1385 in all correspondence.

Please feel free to contact the undersigned if you have any queries or concerns.

Kind Regards,

Sinalo Matshona

# KALGOLD EXPANSION PROJECT: SCOPING PHASE

PUBLIC MEETING  
26 MAY 2021

# Agenda

- Welcome and Introductions
- Proposed Project:
  - Project Overview.
  - EIA and Licensing Process.
  - Scoping Phase Findings: Preliminary Environmental Impact Assessment.
  - Plan of Study for EIA.
  - Way Forward and Timeframes.
- Discussion and Comments

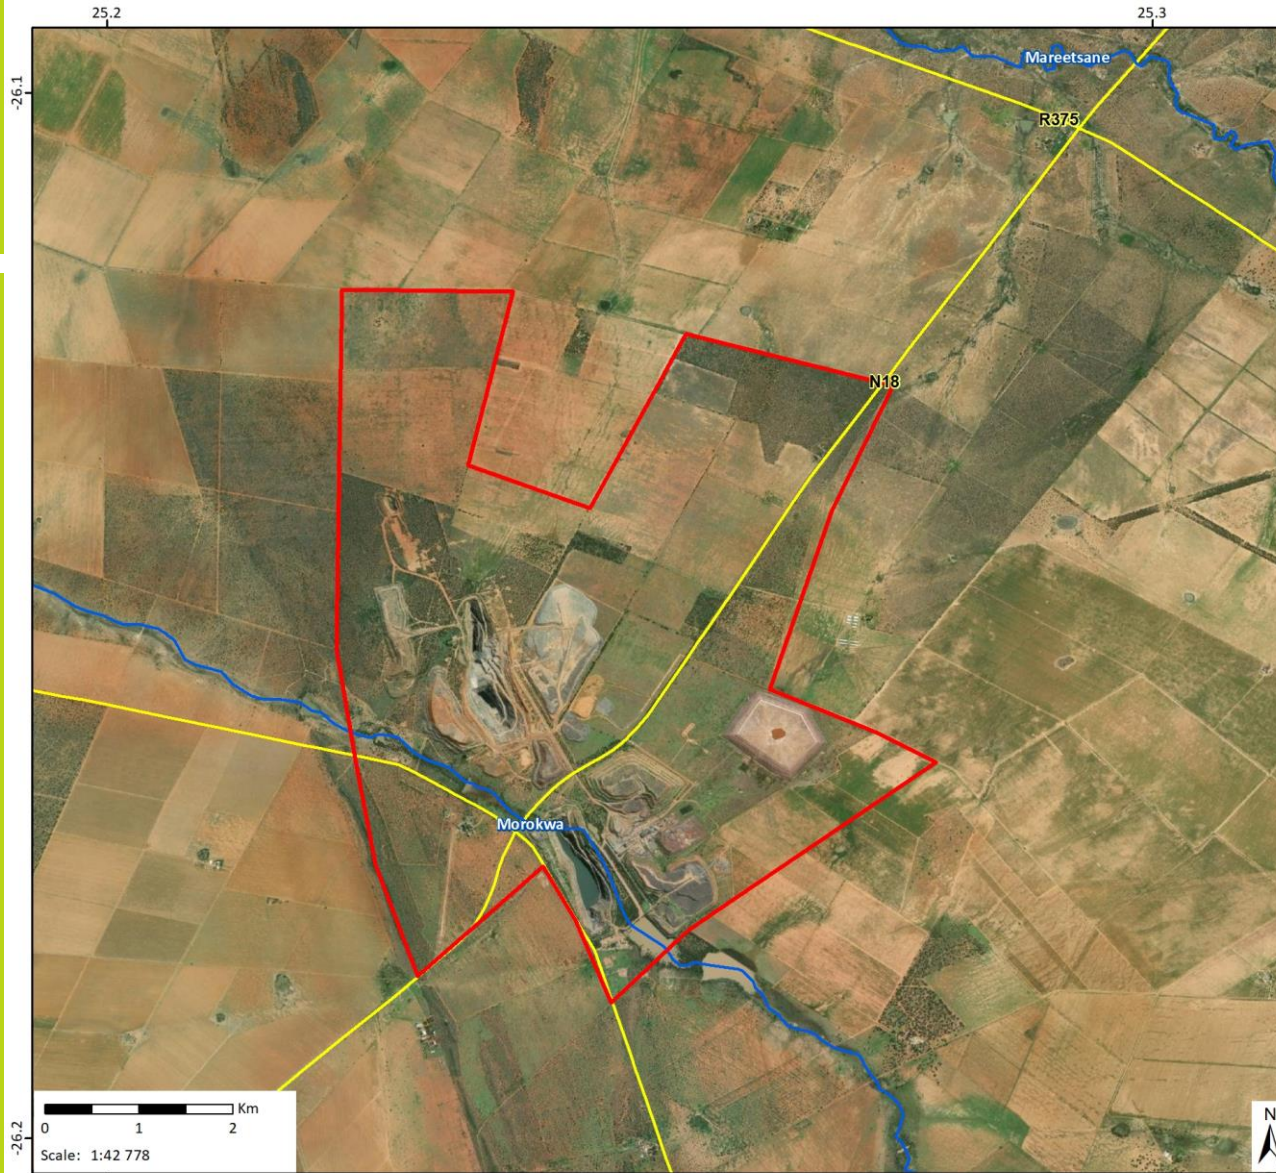

# Project Overview – Kalgold Expansion Project

- EIMS (PTY) Ltd appointed by Harmony Gold Mining Company (Harmony) as EAP to assist with:
  - required EA processes;
  - compiling necessary reports; and
  - undertaking the statutory consultation processes.
- EIMS, on behalf of Harmony, submitted an EA application to the DMRE on the 3<sup>rd</sup> of May 2021.
- The proposed project is located within the existing Kalgold mine boundaries on remainder of portion 1 and portion 5 of the Farm Spanover 549, the remaining portion of Farm Spanover 552, the Farm Ferndale 554, Portion 13 of the Farm Ferndale 551 and the Remaining extent of the Farm Goldridge 632.

# Project Overview – Kalgold Expansion Project

- The existing Harmony Kalgold operation wishes to expand its current production from the current production rate of 130 000 tons per month to 300 000 tons per month. A pre-feasibility study was undertaken and determined that various infrastructure/activities will be required or need to be expanded. The following is proposed:
  - Increased pit footprint.
  - Larger dewatering pipelines (size to be determined after water balance is done).
  - Extension to Spanover waste rock dump.
  - Road from the pit to new Run of Mine (ROM) pad.
  - New ROM pad.
  - New Gold Processing plant.

# Project Overview – Kalgold Expansion Project

## Required infrastructure or upgrades...continued

- Recommission old Tailings Storage Facility (TSF) at low deposition rate. Increase deposition rate at D-zone pit.
- Install pipeline from Central dam to the new plant.
- Install a tailings pipeline from the new plant to old TSF and D-zone pit.
- Pipeline from D-zone to the new plant.
- Pipeline from new plant to the stream for discharge of treated water.
- Install two power lines from Ferndale substation to the new plant.
- Install evaporators at Central dam (to evaporate excess water).
- Install a water treatment plant at the new plant.
- Relocate and expand the explosives magazine.
- Additional new road from the plant to the N18.

# EIA and Licensing Process

Several listed activities contained in the NEMA, the NEMAQ and the NEMWA will be triggered by the proposed Kalgold Expansion Project. Preliminary listed activities triggered is listed below. Listed activities in terms of the National Water Act (Act 36 of 1998) (NWA) will be identified and finalised in the EIA phase

## NEMA

- GNR 983: Listing Notice 1: 9, 10, 12, 19, 24, 27, 45, 46 and 56
- GNR 984: Listing Notice 2: 4, 6, 15 and 17.
- GNR 985: Listing Notice 3: 4, 10, 12, 14 and 18.

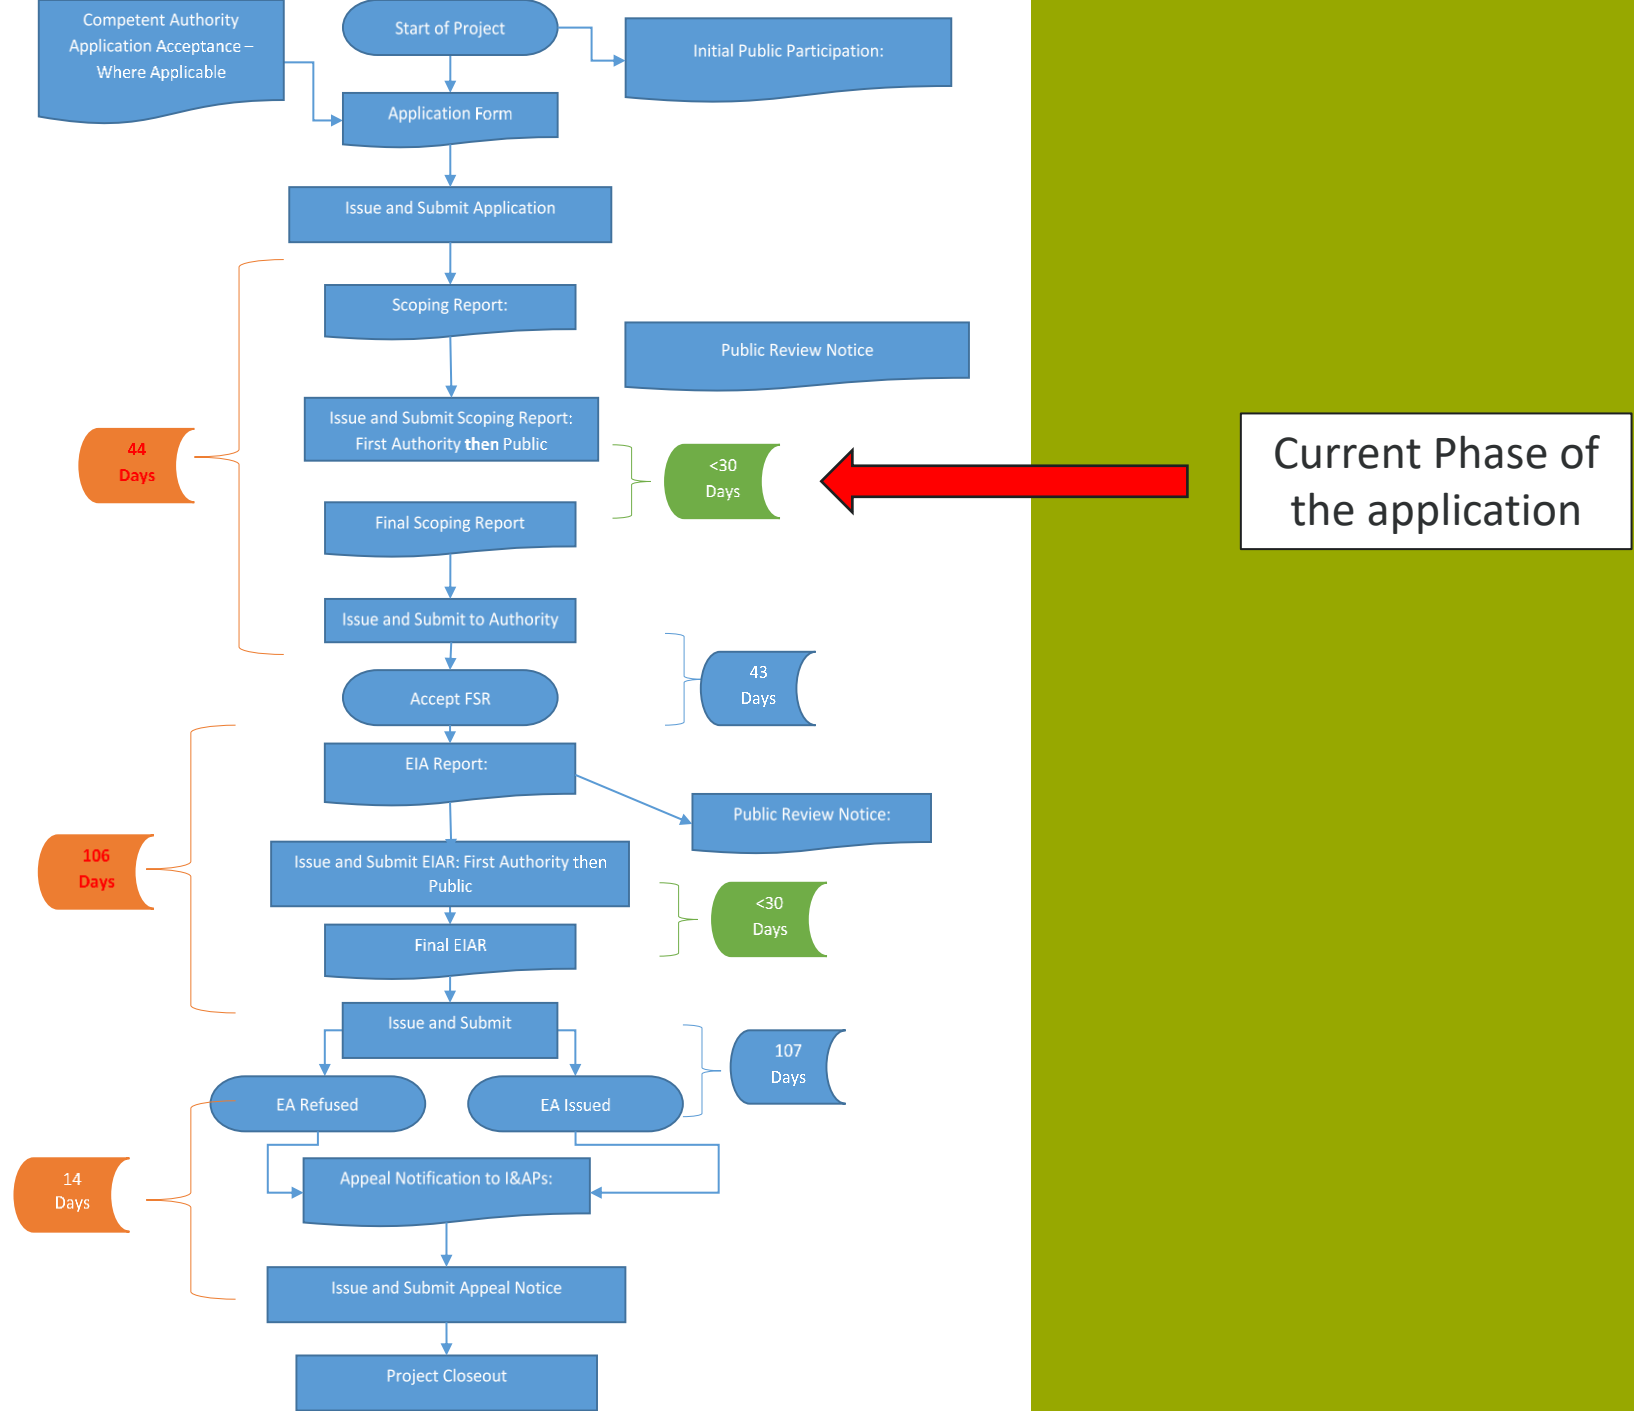

## NEMWA

- GNR921: Category B10: The construction of a facility for a waste management activity listed in Category B...
- Category B11: The establishment or reclamation of a residue stockpile or residue deposit resulting from activities which require a mining right....

## NEMAQA

- GN 893: Subcategory 4.1: Drying and calcining of mineral solids including ore
- GN 893: Subcategory 4.17: The production or processing of precious and associated base metals through chemical treatment

# Scoping Phase Findings: Preliminary Environmental Impact Assessment

Potential environmental impacts were identified during the Scoping phase. These impacts were identified by the EAP, the appointed specialists, as well as information sort or received from the public. Potential impacts identified are summarized below.

Category	Potential Impact Identified	Significance after Mitigation
Agriculture	Destruction, further loss and fragmentation of the high agricultural land use	Medium-Low
	Erosion	Medium-Low
	Destruction, further loss and fragmentation of the high agricultural land use	Medium-Low
Freshwater Ecology (including wetlands)	Habitat modification	Low
	Water quality modification	Low
Terrestrial Ecology	Temporary disturbance of wildlife due to increased human presence and possible use of machinery and/or vehicles.	Low
	Destruction, further loss and fragmentation of the vegetation community	Low
	Introduction of alien species, especially plants	Low
	Erosion due to storm water runoff and wind	Low
	Displacement of faunal community due to habitat loss, direct mortalities and disturbance (road collisions, noise, light, dust, rock chips, bird Power line collisions, vibration and poaching).	Low
	Environmental pollution due to water/ mine drainage runoff potential leaks, discharges, pollutant and storage leaching into the surrounding environment	Low
	Continued displacement and fragmentation of the faunal community due to ongoing anthropogenic disturbances (noise, dust and vibrations) and habitat degradation/loss (litter, road mortalities and/or poaching).	Low
Heritage	Impact on palaeontology	Low
	Impact on chance find heritage resources	Low
Hydrology	Erosion of Soils	Low
	Pollutants entering the surface water environment	Med-Low
	Flood potential	Low
	Decrease in runoff	Medium
Air Quality	Impact of Pollutant Concentrations on Human Health	Medium-Low
	Impact of nuisance dustfall rates on amenities	Low
	Impact of dustfall Rates and Pollutant Concentrations on Vegetation	Medium-Low
Geohydrology	Reduction in groundwater levels	Low
	Contaminant seepage from TSF	Medium
	Contaminant seepage from WRD	Low
Social	Employment creation	Positive
	Diversification of economic activities	Positive
	Increased tax income	Positive
	Dependency on a single industry	Medium
	Additional demand on limited resources	Low
	Social mobilisation	Low
	Employment creation	Positive

# Plan of Study for EIA

The proposed plan of study indicates what will be conducted for the various environmental aspects during the EIA phase.

Item	Description
<b>EIA-phase specialist studies</b>	<ul style="list-style-type: none"> <li>• Heritage (archaeological and palaeontological).</li> <li>• Socio-Economic.</li> <li>• Traffic Impacts.</li> <li>• Geohydrology (ground water).</li> <li>• Freshwater ecology.</li> <li>• Biodiversity.</li> <li>• Hydrology (surface water).</li> <li>• Air quality.</li> <li>• Closure and Rehabilitation (including updated financial provisions)</li> </ul>
<b>Public consultation</b>	<ul style="list-style-type: none"> <li>• Notification of the availability of the EIAR for review and comment to all registered I&amp;APs.</li> <li>• Public and focus group meetings if required.</li> </ul>
<b>Authority consultation</b>	<ul style="list-style-type: none"> <li>• Consultation with DMR and the commenting authorities.</li> <li>• Authorities consultation (including meetings where necessary) to provide authorities with project related information and obtain their feedback.</li> </ul>
<b>Document compilation</b>	<ul style="list-style-type: none"> <li>• The EIA and EMPr will be compiled in line with the requirements of Appendix 3 and 4 of the NEMA EIA Regulations.</li> <li>• The EIA and EMPr will be made available for public comment for a period of 30 days.</li> <li>• The EIA and EMPr will be finalised and submitted to the DMRE for adjudication and decision making.</li> </ul>

# Indicative Timeframes

- Draft Scoping Report review and 30-day comment period ends 3<sup>rd</sup> June 2021. Copy of the report available at the following:
  - Entrance to Kalgold Mine.
  - Kraaipan Tribal Council offices.
  - EIMS Website: <https://www.eims.co.za/public-participation/>
- I&AP will be notified of Scoping Report Acceptance and availability of EIA Report for review.
- EIA Report anticipated to be available in October 2021.

# Participation and Comments

- All inputs received by EIMS will be included in subsequent submissions to the relevant competent authorities for consideration in their decision-making process.
  - Contact Person: Sinalo Matshona
  - EIMS Reference Number: 1385
  - Postal Address: P.O. Box 2083; Pinegowrie; 2123
  - Telephone: (011) 789 7170/ Fax: (086) 571 9047
  - E-mail: [kalgold@eims.co.za](mailto:kalgold@eims.co.za)

Please include the project reference number 1385 in all correspondence

## MEETING DETAILS

Meeting	<b>1385 Scoping Phase Public Open Day</b>		
Meeting Venue	Ratlou Local Municipality Chambers: Setlagole	Date	2021/05/26
		Time	10h00-15h00

A public open day was scheduled during the Draft Scoping Report (DSR) review period. The aim of the open day was to allow for the presentation of the DSR findings and provide Interested and Affected Parties (I&APs) the opportunity to express their comments and concerns regarding the proposed project. During the open day which took place between 10h00 and 15h00, a presentation of the findings was delivered to individual I&APs by Environmental Impact Management Services (EIMS) Pty (Ltd). Covid 19 rules such as wearing of masks, sanitising, temperature screening and physical distancing were strictly adhered for the duration of the open day. I&APs were attended and walked through the posters by Mr Bongani Khupe (Environmental Assessment Practitioner) and Ms Sinalo Matshona (Public Participation Consultant). The attendance register has been attached as an appendix to this document.

## AGENDA

Item
1. Introducing the project team
2. Project Description
3. Application Process
4. Public Participation
5. Impact Assessment

Due to limit working hours, working from home & limited internet access, electronic copies of applications will no longer be accepted. Can you please hand deliver the documentation (CD) via Courier to 38 Ida street, Menlo Park, Pretoria, 0081, or post to SANRAL's offices.

### Response

Thank you for your correspondence. Kindly note that a CD version of the Scoping Report will be submitted to the SANRAL offices for your attention. Should you have further queries and/or comments please feel free to contact EIMS.

## Ms Natasha Higgitt

Date 2021/05/03 Method Email

### Comment

Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions. Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 24(4)b(iii) of NEMA and section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA. Once all documents including all appendices are uploaded to the case application, please ensure that the status of the case is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application.

### Response

Thank you for your correspondence. Kindly note that a case was created on SAHRA to solicit comments on the Draft Scoping Report submitted.

to as the applicant) to undertake the Environmental Impact Assessments in support of the application for an Environmental Authorisation for the Proposed Kalgold Expansion Project. Hence, we cannot help with processing your job application. Kindly note that your email will be forwarded to the applicant for their consideration. Should you wish to be registered as an Interested and Affected Party in the mentioned project and be provided with the opportunity to comment on the EIA reports as they become available. Please feel free to let EIMS know.

## Mr Moses Pholoholo

Date 2021/05/26 Method Public Meeting

### Comment

Mr Pholoholo highlighted that he was working for the Kalgold Mine. He mentioned that the mine needs to focus on developing the surrounding communities by building skills training centres, and shopping malls, and increase their workers' salaries. He mentioned that the mine needs to recruit people from nearby communities. Mr Pholoholo also enquired on the land claims that were submitted to the Department for a farm portion adjacent to the mine

### Response

Mr Khupe thanked him and noted his comment. He indicated that issues raised would be added in the FSR and that an enquiry would be made to the Department of Agriculture, Land Reform and Rural Development to find out if there are any land claims that were submitted for the project affected farm portions.

## Elijah Dumisani Katsetse

Date 2021/06/04 Method Email

### Comment

The SAHRA APM Unit acknowledges receipt of the draft Scoping Report application and request that the following is undertaken in terms of section 38(3) of the National Heritage Resources Act (25 of 1999) as part of the EA application process. SAHRA's APM Unit supports the recommendation of the specialist for a field-based assessment of the impact of the proposed expansion to archaeological resources by a qualified archaeologist. The report must comply with section 38(3) of the NHRA and the SAHRA 2006 Minimum Standards: Archaeological and Palaeontological Component of Impact Assessments, and the 2012 Minimum Standards: Archaeological Component of Heritage Impact Assessments. The Minimum Standards provides allowance for a Letter of Recommendation for Exemption that can be submitted by a qualified archaeologist should they deem it appropriate. The project footprint is located in an area of moderate palaeontological sensitivity. Therefore a desktop assessment of the impact to palaeontological resources must be undertaken. The assessment must be conducted by a qualified palaeontologist. The report must comply with section 38(3) of the NHRA and the SAHRA 2006 Minimum Standards: Archaeological and Palaeontological Component of Impact Assessments, and the 2012 Minimum Standards: Palaeontological Component of Heritage

### Response

Dear Elijah, Thank you for your comments provided on the SAHRIS platform for the 1385 Kalgold Expansion Project (Case ID 16450). Kindly noted that your comments have been noted and will be included in the Final Scoping Report which will be submitted to the Competent Authority, the Department of Mineral Resources and Energy for their consideration in decision making. Please note that the comments will be addressed in the Environmental Impact Assessment (EIA) phase, and this will be made available to SAHRA for comment as it becomes available. Should you have any further queries or comments in this regard, please feel free to contact EIMS. Kind

We need your support because we have challenge of water ,tools and chickens structure and offices with equipment or office material please assist us with it, beside your help our operations cannot be carry on please. We attached our documents like CSD report, please take a suitable steps to assist us

### Response

Kindly note that Environmental Impact Management Services Pty (Ltd) EIMS was by Harmony Kalgold Mining Ltd as an Environmental Assessment Practitioner to assist with the Environmental Authorisation Application for the mentioned project by conducting an Environmental Impact Assessment. Unfortunately, we are unable to assist you with regards to your request. Should you have further comments in relation to the project, please feel free to contact EIMS.

## Mr Katlholo Setlhalo

Date 2021/05/26 Method Public Meeting

### Comment

Mr Setlhalo mentioned that he knew all ten or more villages that fall under the throne of Kgosi Phoi of the Barolong bo Ratlou boo Seitshiro.

### Response

Thank you for your comment. It has been considered in our EIA process.

Date 2021/05/26 Method Public Meeting

### Comment

Mr Setlhalo indicated that he did not know other communities which exist in the application area, except for Barolong bo Ratlou Seitshiro Kgosi Phoi(Gaesegwe Communal Property Association)

### Response

Thank you for your comment. It has been considered in our EIA process.

Date 2021/05/26 Method Public Meeting

### Comment

Not satisfied at all about the project, we are not agreeing on the expansion of the operation and its production, because the mine is not complying with the mining chatter and environmental regulations.

### Response

Thank you for your comment. Your comment will be addressed in the EIA phase.

# Comments and Responses 1385 Kalgold Expansion EIA WULA

## Mr Katlholo Setlhalo

Date 2021/05/26 Method Public Meeting

### Comment

He added these I&APs to the database: • R. Seokolo: (072 177 3745) • Olebogeng Mobai: (082 777 8904) • Lucas Molamu: (083 763 2296) • Samuel Mantjeane: (082 782 1140)

### Response

Thank you, the I&APs were added to the projects database and will be informed of opportunities to participate in the Environmental Impact Assessment as they become available.

Date 2021/06/09 Method Public Meeting

### Comment

Maretsane, Kraaipan, Madibongo, Setlagole, Madibongo Village. They are mining communities who are not informed about mining legislations and policies so environmental impact that is being performed is just a formality only but nothing.

### Response

Thank you for your comment. An initial call to register was conducted where interested and affected parties were identified through existing databases from the mine and through the placement of newspaper adverts in the local newspapers. Notices were also distributed to the relevant tribal authority representatives to disseminate the information to the relevant community members.

Date 2021/06/09 Method Public Meeting

### Comment

We are legal land occupiers within the application area of Barolong boo Ratlou bo Seitshiro (Phoi). We do not have title deeds, (CPA) Gaesegwe.

### Response

Thank you for your comment. It has been considered in our EIA process.

Date 2021/06/09 Method Public Meeting

### Comment

There is a really bad Eastern Waste Dump Dam no longer being serviced. Because of the little wind that goes in the direction of these villages, communities are starting to experience short breath, T.B and aching stomach caused by the underground water we are drinking. It is very clear that communities around the mine are going to suffer with kidney diseases due to what Kalgold is doing. They dump in an old oudadam rather than following proper protocol. Meaning the Environmental Department is not doing their work.

### Response

Thank you for your comment. Your comment will be addressed in the EIA phase.

## Wiseman Makgaila

Date 2021/05/13 Method Email

Good afternoon,

Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions.

Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 24(4)b(iii) of NEMA and section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA.

Once all documents including all appendices are uploaded to the case application, please ensure that the status of the case is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application.

## Interim Comment

**In terms of Section 38(3), 38(8) of the National Heritage Resources Act (Act 25 of 1999)**

Attention: Scelimpilo Dube

Harmony Gold Mining Company Limited

**Harmony Gold Mining Company (hereafter referred to as Harmony), has appointed Environmental Impact Management Services (Pty) Ltd. (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with compiling the necessary reports and undertaking the statutory consultation processes, in support of the proposed expansion of the Kalgold production operation - hereafter referred to as the proposed Kalgold Expansion Project. It is anticipated that several listed activities contained in the National Environmental Management Act (Act 107 of 1998) (NEMA), National Water Act (Act 36 of 1998) (NWA), the National Environmental Management Air Quality Act (Act 39 of 2004) and the National Environmental Management Waste Act (Act 59 of 2008) (NEMWA) will be triggered by the proposed Kalgold Expansion Project. In this regard the Kalgold Expansion Project requires Environmental Authorization, amendment of the Water Use License, an Air Emissions License for the new processing plant as well as an amendment of the approved Environmental Management Programme (EMPr) and Mine Works Programme (MWP) for Kalgold mine.**

Environmental Impact Management Services (EIMS) (Pty) Ltd has been appointed by Harmony Gold Mining Company to conduct an Environmental Authorisation (EA) Application for the proposed Kalgold operation production expansion project on the Remainder of Portion 1 and Portion 5 of the Farm Spanover 549, the Remaining Portion of the Farm Spanover 552, the Farm Ferndale 554, Portion 13 of the Farm Ferndale 551 and the Remaining extent of the Farm Goldridge 632, Ratlou Local Municipality, Ngaka Modiri District Municipality, North West Province.

A Scoping Report has been submitted in terms of the National Environmental Management Act, no 107 of 1998 (NEMA) and the NEMA Environmental Impact Assessment (EIA) Regulations. The scope of work includes prospecting without bulk sampling on 2557.1677 Ha for 200 boreholes (max. depth 70m) and 100 pits (10m x 4m x 2.5m).

EIMS (Pty) Ltd and PGS Heritage (Pty) Ltd have been appointed to provide heritage specialist input as part of the BAR process as required by section 24(4)b(iii) of NEMA and section 38(3) and 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA).

*Fourie, W. 2021. Heritage Scoping Report for Inclusion in the Environmental Scoping Report for the Proposed Kakgold Expansion Project, North West Province.*

There are known heritage resources in the large project area, therefore, the proposed expansion could impact negatively on these resources. It is therefore recommended that a field-based assessment of the footprint area related to the expansion is done to confirm the possible presence of heritage resources based on the findings develop appropriate mitigation measures.

## Interim Comment

The SAHRA APM Unit acknowledges receipt of the draft Scoping Report application and request that the following is undertaken in terms of section 38(3) of the National Heritage Resources Act (25 of 1999) as part of the EA application process.

SAHRA's APM Unit supports the recommendation of the specialist for a field-based assessment of the impact of the proposed expansion to archaeological resources by a qualified archaeologist. The report must comply with section 38(3) of the NHRA and the SAHRA 2006 Minimum Standards: Archaeological and Palaeontological Component of Impact Assessments, and the 2012 Minimum Standards: Archaeological Component of Heritage Impact Assessments. The Minimum Standards provides allowance for a Letter of Recommendation for Exemption that can be submitted by a qualified archaeologist should they deem it appropriate.

The project footprint is located in an area of moderate palaeontological sensitivity. Therefore a desktop assessment of the impact to palaeontological resources must be undertaken. The assessment must be conducted by a qualified palaeontologist. The report must comply with section 38(3) of the NHRA and the SAHRA 2006 Minimum Standards: Archaeological and Palaeontological Component of Impact Assessments, and the 2012 Minimum Standards: Palaeontological Component of Heritage Impact Assessments. The Minimum Standards provides allowance for a Letter of Recommendation for Exemption that can be submitted by a qualified palaeontologist should they deem it appropriate.

No.	Comment	Response
1	Not satisfied at all about the project, we are not agreeing on the expansion of the operation and its production, because the mine is not complying with the mining charter and environmental regulations.	Thank you for your comment. Your comment will be addressed in the EIA phase.
2	Maretsane, Kraaipan, Madibongo, Setlagole, Madibongo Village. They are mining communities who are not informed about mining legislations and policies so environmental impact that is being performed is just a formality only but nothing.	Thank you for your comment. An initial call to register was conducted where interested and affected parties were identified through existing databases from the mine and through the placement of newspaper adverts in the local newspapers. Notices were also distributed to the relevant tribal authority representatives to disseminate the information to the relevant community members.
3	We are legal land occupiers within the application area of Barolong boo Ratlou bo Seitshiro (Phoi). We do not have title deeds, (CPA) Gaesegwe.	Thank you for your comment. It has been considered in our EIA process.
4	Mr Sethlalo indicated that he did not know other communities which exist in the application area, except for Barolong bo Ratlou Seitshiro Kgosi Phoi(Gaesegwe Communal Property Association)	Thank you for your comment. It has been considered in our EIA process.
5	Mr Sethlalo mentioned that he knew all ten or more villages that fall under the throne of Kgosi Phoi of the Barolong bo Ratlou boo Seitshiro.	Thank you for your comment. It has been considered in our EIA process.
6	He added these I&APs to the database: <ul style="list-style-type: none"> <li>• R. Seokolo: (072 177 3745)</li> <li>• Olebogeng Mobai: (082 777 8904)</li> <li>• Lucas Molamu: (083 763 2296)</li> </ul>	Thank you, the I&APs were added to the projects database and will be informed of opportunities to participate in the Environmental Impact Assessment as they become available.

Directors: T Nkhahle, L Whitlow, A Smith.

No.	Comment	Response
1	<p><b>Ms Pholoholo Mmapula</b></p> <p>Ms Mmapula introduced herself as a member of the community and an I&amp;AP on the project. She wanted clarification on whether this project was the same as the exploration project. Ms Mmapula then highlighted that their family have a land claim for a farm within the project area.</p>	<p>Mr Khupe highlighted that this project is proposed within the existing mine footprint and land owned by the mine. The map she provided was reviewed and Mr Khupe highlighted that an enquiry would be made to the Department of Agriculture, Land Reform and Rural Development to find out if there are any land claims that were submitted for the project affected farm portions.</p>
2	<p><b>Mr Katlholo Setlhalo</b></p> <p>Mr Setlhalo made a note that he was an I&amp;AP and asked to be registered on the database for the proposed Kalgold Expansion Project. He mentioned that he was not satisfied and disagreed with the expansion of the mine operations and its production as the mine is not compliant with the Mining Charter and Environmental Regulations.</p> <p>Mr Setlhalo emphasised that mining sludge with chemicals was being discharged in an old eastern waste dam which was no longer being serviced. He indicated that this was starting to affect the health of the community people. He mentioned that community people were starting to experience illnesses such as short breath and tuberculosis as a result of inhaling small particles from the mine dump. He also mentioned that the mining activities are polluting the underground water and as a result people experience stomach aches from drinking the water</p>	<p>Mr Khupe thanked Mr Setlhalo and noted his comments. He ensured him that the comments will be included in the Final Scoping Report (FSR) and all comments received would be considered and addressed in the EIA phase. He was provided with a registration form and questionnaire where he could also write his comments.</p>
3	<p><b>Mr Moses Pholoholo</b></p> <p>Mr Pholoholo highlighted that he was working for the Kalgold Mine. He mentioned that the mine needs to focus on developing the surrounding communities by building skills training centres, and shopping malls, and increase their workers' salaries. He mentioned that the mine needs to</p>	<p>Mr Khupe thanked him and noted his comment. He indicated that issues raised would be added in the FSR and that an enquiry would be made to the Department of Agriculture, Land Reform and Rural Development to find out if there are any land claims that were submitted for the project affected farm portions.</p>
