

25 January 2018

To:Whom it may Concern

This is to confirm that Upward Spiral 1471 is in the process of removing the mine dump within Living Africa`s property in Rooderpoort -Mathole Township.

Our process involves managing all environmental issues such as Dust and Safety which may negatively affect the community around.

We have an effect dust suppression strategy; our safety compliance is impeccable and we work with the community in ensuring there is no adverse impact to communities.

According to our programme, it will take approximately 24 months to effectively rehabilitate the site.

All the ore bearing material is disposed to Mogale Gold as they are rightful Mineral Right Holder in the area.

Should you require additional information, please contact our office.

Kind regards

Dumisane Mazibuko.
