

Luckhoff SPP 1: Comments and Response Report

Comments received prior to the release of the Draft Scoping Report for the 30-day review and comment period

Organisation	Person	Issue or comment raised (see Appendix C5 & C6 of the draft Scoping Report)	Addressing or incorporation of issue or comment
Aberdare Cables	Mantsali Chakane	<p>In an email dated 17 October 2022 the following comments were received:</p> <p>Good morning</p> <p>Trust you are well.</p> <p>I am interested in taking part on Luckhoff solar 1,2,&3 in the Letsemeng municipality.</p> <p>Looking forward to hearing from you.</p>	<p>It is confirmed that Mantsali Chakane have been registered as an I&AP for the project.</p> <p>Please refer to the List of I&APs included in Appendix C4.</p>
Mvelaphande Trading / Telkom	Chris Schutte	<p>In an email dated 16 November 2022, the following request was received:</p> <p>Good day,</p> <p>Please provide us with the locality maps for the application as none are on the documents supplied.</p>	<p>The locality map have been circulated to the I&AP. The Draft Scoping Report have also been circulated to the I&AP.</p>
South African Heritage Resources Agency	Sityhilelo Ngcatsha	<p>In a letter dated 18 November 2022 the following interim comment was received from SAHRA:</p> <p>The activities entail the development of photovoltaic solar facility and associated infrastructure on the</p>	<p>The requirements for the submission of documentation have been acknowledged.</p>

<p>(SAHRA)</p>		<p>Farm Rorich’s Hulp No. 505, Registration Division Fauresmith, situated within the Letsemeng Local Municipality area of jurisdiction. The town of Luckhoff is located approximately 3km south of the proposed development The project entails the generation of up to 240MW electrical power through photovoltaic (PV) panels. The total footprint of the project will approximately be 480 hectares (including supporting infrastructure on site).</p> <p>Thank you for notifying the SAHRA on the proposed development of a photovoltaic solar facility and associated infrastructure on the Farm Rorich’s Hulp No. 505 in Fauresmith, situated within the Letsemeng Local Municipality, Free State.</p> <p>The project entails the generation of up to 240MW electrical power through photovoltaic (PV) panels and the total footprint of the project will be approximately 480 hectares including the supporting infrastructure on site.</p> <p>As the proposed development is undergoing an EA Application process in terms of the National Environmental Management Act, 107 of 1998 (NEMA) and the NEMA Environmental Impact Assessment (EIA) Regulations, it is incumbent on the developer to ensure that a Heritage Impact Assessment (HIA) is done as per section 38(3) and 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA). This must include an archaeological component, palaeontological component and any other applicable heritage components. The HIA must be conducted</p>	<p>The Draft Scoping report have been uploaded for review and comment to the Case 20139 on the SAHRIS online portal.</p>
----------------	--	---	--

		<p>as part of the EA Application in terms of NEMA and the NEMA EIA Regulations.</p> <p>The archaeological component of the HIA should follow the SAHRA 2007 Minimum Standards: Archaeological Component of Impact Assessment Report. The quickest process to follow for the archaeological component would be to contract a qualified archaeologist (see www.asapa.co.za or www.aphp.org.za).</p> <p>The proposed development area is located mostly within an area of medium sensitivity in terms of</p> <p>palaeontological resources as per the SAHRIS PalaeoSensitivity map. As such, a desktop Palaeontological Impact Assessment (PIA) must be undertaken by a qualified palaeontologist</p> <p>(See https://www.palaeosa.org/heritage-practitioners.html for a list of qualified palaeontologists). The report must comply with the 2012 Minimum Standards: Palaeontological Components of Heritage Impact Assessments.</p> <p>Any other heritage resources as defined in section 3 of the NHRA that may be impacted, such as built structures over 60 years old, sites of cultural significance associated with oral histories, burial grounds and graves, graves of victims of conflict, and cultural landscapes or viewsapes must also be assessed.</p> <p>The NEMA EIA documents and appendices must be submitted at the start of the public review periods in order for an</p>
