**Mr. John Butterworth (Grootplaats Farms cc)**

Dear Sir:

**LETTER TO LANDOWNERS REGARDING AN APPLICATION FOR ENVIRONMENTAL  
AUTHORISATION FOR THE PROPOSED UMSINDE EMOYENI WIND ENERGY  
FACILITY AND ASSOCIATED INFRASTRUCTURE, IN THE WESTERN & NORTHERN  
CAPE PROVINCES**

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Arcus Consulting (hereafter referred to as Arcus) on behalf of Windlab Systems (Pty) Ltd (the Applicant) to conduct the Public Involvement/Participation Process towards an application for Environmental Authorisation (EA) for the proposed umSinde Emoyeni Wind Energy Facility (WEF) and associated grid infrastructure. The exact location of the proposed WEF infrastructure will be defined during the Environmental Impact Assessment (EIA) Process. With reference to the attached map, the study area within which the WEF site will be located is approximately 30km north-east of the town of Murraysburg in the Western Cape, with a small portion traversing the border of the Northern Cape Province, near the town of Richmond. The study area covers approximately 58,100 ha in total. The Background Information Document (BID) will be available and distributed shortly.

Due to the planning requirements, including *inter alia*, the Grid or Distribution Code, the WEF will be separated into two phases and the grid connection infrastructure. Each of these components will be submitted as separate EA applications to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of these applications.

The project requires EA under Chapter 5 of the National Environmental Management Act (Act 107 of 1998 – NEMA) as amended, and the applicant intends submitting applications for EA to the competent authority, the DEA. These applications for EA and necessary EIA processes will be carried out in terms of the EIA Regulations (GN R. 543) promulgated under Section 24(5) of the NEMA (as amended), as prescribed for listed activities published in GN R.544, GN R. 545, and GN R. 546.

A public notification and involvement process (also referred to as the Public Participation Process (PPP)) will be carried out as an integral part of the EIA process. The PPP offers Interested & Affected Parties (I&APs) the opportunity to obtain information, comment, raise issues of concern, and collaborate in the EIA process. During this PPP, advertisements will be placed in regional and/or local newspaper(s), site notices, and posters will be placed at central locations (e.g. public library, supermarkets) and

notification documents of the proposed activity will be sent out to all key I&APs (e.g. landowners, local authorities, national and provincial government departments, etc.).

As landowner of the **Remaining Extent (Portion 0) of the farm Rhenosterfontein 50, Murraysburg Road**, you have been registered on our I&AP database in relation to the WEF component of the project and we would like you to take part in this process (please refer to the attached map for an indication of where your properties are within the study area).

Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing, using the contact details below. Comments will be taken up into an Issues and Responses Report (IRR) that will be submitted to the competent authority, the DEA, at different intervals during the EIA Process, in order to inform their decision-making.

Any comments, objections, and responses to the applications must be submitted to EIMS using the following contact details:

CAPE PROVINCES**

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Arcus Consulting (hereafter referred to as Arcus) on behalf of Windlab Systems (Pty) Ltd (the Applicant) to conduct the Public Involvement/Participation Process towards an application for Environmental Authorisation (EA) for the proposed umSinde Emoyeni Wind Energy Facility (WEF) and associated grid infrastructure. The exact location of the proposed WEF infrastructure will be defined during the Environmental Impact Assessment (EIA) Process. With reference to the attached map, the study area within which the WEF site will be located is approximately 30km north-east of the town of Murraysburg in the Western Cape, with a small portion traversing the border of the Northern Cape Province, near the town of Richmond. The study area covers approximately 58,100 ha in total. The Background Information Document (BID) will be available and distributed shortly.

Due to the planning requirements, including *inter alia*, the Grid or Distribution Code, the WEF will be separated into two phases and the grid connection infrastructure. Each of these components will be submitted as separate EA applications to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of these applications.

The project requires EA under Chapter 5 of the National Environmental Management Act (Act 107 of 1998 – NEMA) as amended, and the applicant intends submitting applications for EA to the competent authority, the DEA. These applications for EA and necessary EIA processes will be carried out in terms of the EIA Regulations (GN R. 543) promulgated under Section 24(5) of the NEMA (as amended), as prescribed for listed activities published in GN R.544, GN R. 545, and GN R. 546.

A public notification and involvement process (also referred to as the Public Participation Process (PPP)) will be carried out as an integral part of the EIA process. The PPP offers Interested & Affected Parties (I&APs) the opportunity to obtain information, comment, raise issues of concern, and collaborate in the EIA process. During this PPP, advertisements will be placed in regional and/or local newspaper(s), site notices, and posters will be placed at central locations (e.g. public library, supermarkets) and

notification documents of the proposed activity will be sent out to all key I&APs (e.g. landowners, local authorities, national and provincial government departments, etc.).

As landowner of **Portions 2 of the farm Witteklip 32, Murraysburg Road and Portion 1 of the farm Klein Driefontein 152, Murraysburg Road**, you have been registered on our I&AP database in relation to the WEF component of the project and we would like you invite you to take part in this process (please refer to the attached map for an indication of where your properties are within the study area).

Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing, using the contact details below. Comments will be taken up into an Issues and Responses Report (IRR) that will be submitted to the competent authority, the DEA, at different intervals during the EIA Process, in order to inform their decision-making.

Any comments, objections, and responses to the applications must be submitted to EIMS using the following contact details:

**Mr Andrew Wallis (Springfontein Trust)**

Dear Sir:

**LETTER TO LANDOWNERS REGARDING AN APPLICATION FOR ENVIRONMENTAL  
AUTHORISATION FOR THE PROPOSED UMSINDE EMOYENI WIND ENERGY  
FACILITY AND ASSOCIATED INFRASTRUCTURE, IN THE WESTERN & NORTHERN  
CAPE PROVINCES**

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Arcus Consulting (hereafter referred to as Arcus) on behalf of Windlab Systems (Pty) Ltd (the Applicant) to conduct the Public Involvement/Participation Process towards an application for Environmental Authorisation (EA) for the proposed umSinde Emoyeni Wind Energy Facility (WEF) and associated grid infrastructure. The exact location of the proposed WEF infrastructure will be defined during the Environmental Impact Assessment (EIA) Process. **With reference to the attached map, the study area within which the WEF site will be located is approximately 30km north-east of the town of Murraysburg in the Western Cape, with a small portion traversing the border of the Northern Cape Province, near the town of Richmond. The study area covers approximately 58,100 ha in total. The Background Information Document (BID) will be available and distributed shortly.**

Due to the planning requirements, including *inter alia*, the Grid or Distribution Code, the WEF will be separated into two phases and the grid connection infrastructure. Each of these components will be submitted as separate EA applications to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of these applications.

The project requires EA under Chapter 5 of the National Environmental Management Act (Act 107 of 1998 – NEMA) as amended, and the applicant intends submitting applications for EA to the competent authority, the DEA. These applications for EA and necessary EIA processes will be carried out in terms of the EIA Regulations (GN R. 543) promulgated under Section 24(5) of the NEMA (as amended), as prescribed for listed activities published in GN R.544, GN R. 545, and GN R. 546.

A public notification and involvement process (also referred to as the Public Participation Process (PPP)) will be carried out as an integral part of the EIA process. The PPP offers Interested & Affected Parties (I&APs) the opportunity to obtain information, comment, raise issues of concern, and collaborate in the EIA process. During this PPP, advertisements will be placed in regional and/or local newspaper(s), site notices, and posters will be placed at central locations (e.g. public library, supermarkets) and

notification documents of the proposed activity will be sent out to all key I&APs (e.g. landowners, local authorities, national and provincial government departments, etc.).

As landowner of **Portions 1 and 4 of the farm De Hoop 30, Murraysburg Road**, you have been registered on our I&AP database in relation to the WEF component of the project and we would like you to take part in this process (please refer to the attached map for an indication of where your properties are within the study area).

Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing, using the contact details below. Comments will be taken up into an Issues and Responses Report (IRR) that will be submitted to the competent authority, the DEA, at different intervals during the EIA Process, in order to inform their decision-making.

Any comments, objections, and responses to the applications must be submitted to EIMS using the following contact details:

**Mr Izak van Heerden (Rooikop Trust)**

Dear Sir:

**LETTER TO LANDOWNERS REGARDING AN APPLICATION FOR ENVIRONMENTAL  
AUTHORISATION FOR THE PROPOSED UMSINDE EMOYENI WIND ENERGY  
FACILITY AND ASSOCIATED INFRASTRUCTURE, IN THE WESTERN & NORTHERN  
CAPE PROVINCES**

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Arcus Consulting (hereafter referred to as Arcus) on behalf of Windlab Systems (Pty) Ltd (the Applicant) to conduct the Public Involvement/Participation Process towards an application for Environmental Authorisation (EA) for the proposed umSinde Emoyeni Wind Energy Facility (WEF) and associated grid infrastructure. The exact location of the proposed WEF infrastructure will be defined during the Environmental Impact Assessment (EIA) Process. With reference to the attached map, the study area within which the WEF site will be located is approximately 30km north-east of the town of Murraysburg in the Western Cape, with a small portion traversing the border of the Northern Cape Province, near the town of Richmond. The study area covers approximately 58,100 ha in total. The Background Information Document (BID) will be available and distributed shortly.

Due to the planning requirements, including *inter alia*, the Grid or Distribution Code, the WEF will be separated into two phases and the grid connection infrastructure. Each of these components will be submitted as separate EA applications to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of these applications.

The project requires EA under Chapter 5 of the National Environmental Management Act (Act 107 of 1998 – NEMA) as amended, and the applicant intends submitting applications for EA to the competent authority, the DEA. These applications for EA and necessary EIA processes will be carried out in terms of the EIA Regulations (GN R. 543) promulgated under Section 24(5) of the NEMA (as amended), as prescribed for listed activities published in GN R.544, GN R. 545, and GN R. 546.

A public notification and involvement process (also referred to as the Public Participation Process (PPP)) will be carried out as an integral part of the EIA process. The PPP offers Interested & Affected Parties (I&APs) the opportunity to obtain information, comment, raise issues of concern, and collaborate in the EIA process. During this PPP, advertisements will be placed in regional and/or local newspaper(s), site notices, and posters will be placed at central locations (e.g. public library, supermarkets) and

notification documents of the proposed activity will be sent out to all key I&APs (e.g. landowners, local authorities, national and provincial government departments, etc.).

As landowner of the **Remaining Extent (Portion 0) of the farm Schietkuil 3, Murraysburg Road**, you have been registered on our I&AP database in relation to the WEF component of the project and we would like you invite you to take part in this process (please refer to the attached map for an indication of where your properties are within the study area).

Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing, using the contact details below. Comments will be taken up into an Issues and Responses Report (IRR) that will be submitted to the competent authority, the DEA, at different intervals during the EIA Process, in order to inform their decision-making.

Any comments, objections, and responses to the applications must be submitted to EIMS using the following contact details:

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Arcus Consulting (hereafter referred to as Arcus) on behalf of Windlab Systems (Pty) Ltd (the Applicant) to conduct the Public Involvement/Participation Process towards an application for Environmental Authorisation (EA) for the proposed umSinde Emoyeni Wind Energy Facility (WEF) and associated grid infrastructure. The exact location of the proposed WEF infrastructure will be defined during the Environmental Impact Assessment (EIA) Process. With reference to the attached map, the study area within which the WEF site will be located is approximately 30km north-east of the town of Murraysburg in the Western Cape, with a small portion traversing the border of the Northern Cape Province, near the town of Richmond. The study area covers approximately 58,100 ha in total. The Background Information Document (BID) will be available and distributed shortly.

Due to the planning requirements, including *inter alia*, the Grid or Distribution Code, the WEF will be separated into two phases and the grid connection infrastructure. Each of these components will be submitted as separate EA applications to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of these applications.

The project requires EA under Chapter 5 of the National Environmental Management Act (Act 107 of 1998 – NEMA) as amended, and the applicant intends submitting applications for EA to the competent authority, the DEA. These applications for EA and necessary EIA processes will be carried out in terms of the EIA Regulations (GN R. 543) promulgated under Section 24(5) of the NEMA (as amended), as prescribed for listed activities published in GN R.544, GN R. 545, and GN R. 546.

A public notification and involvement process (also referred to as the Public Participation Process (PPP)) will be carried out as an integral part of the EIA process. The PPP offers Interested & Affected Parties (I&APs) the opportunity to obtain information, comment, raise issues of concern, and collaborate in the EIA process. During this PPP, advertisements will be placed in regional and/or local newspaper(s), site notices, and posters will be placed at central locations (e.g. public library, supermarkets) and

**Dr A Marais (Kliplaat Trust)**

Dear Sir:

**LETTER TO LANDOWNERS REGARDING AN APPLICATION FOR ENVIRONMENTAL  
AUTHORISATION FOR THE PROPOSED UMSINDE EMOYENI WIND ENERGY  
FACILITY AND ASSOCIATED INFRASTRUCTURE, IN THE WESTERN & NORTHERN  
CAPE PROVINCES**

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Arcus Consulting (hereafter referred to as Arcus) on behalf of Windlab Systems (Pty) Ltd (the Applicant) to conduct the Public Involvement/Participation Process towards an application for Environmental Authorisation (EA) for the proposed umSinde Emoyeni Wind Energy Facility (WEF) and associated grid infrastructure. The exact location of the proposed WEF infrastructure will be defined during the Environmental Impact Assessment (EIA) Process. **With reference to the attached map, the study area within which the WEF site will be located is approximately 30km north-east of the town of Murraysburg in the Western Cape, with a small portion traversing the border of the Northern Cape Province, near the town of Richmond. The study area covers approximately 58,100 ha in total. The Background Information Document (BID) will be available and distributed shortly.**

Due to the planning requirements, including *inter alia*, the Grid or Distribution Code, the WEF will be separated into two phases and the grid connection infrastructure. Each of these components will be submitted as separate EA applications to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of these applications.

The project requires EA under Chapter 5 of the National Environmental Management Act (Act 107 of 1998 – NEMA) as amended, and the applicant intends submitting applications for EA to the competent authority, the DEA. These applications for EA and necessary EIA processes will be carried out in terms of the EIA Regulations (GN R. 543) promulgated under Section 24(5) of the NEMA (as amended), as prescribed for listed activities published in GN R.544, GN R. 545, and GN R. 546.

A public notification and involvement process (also referred to as the Public Participation Process (PPP)) will be carried out as an integral part of the EIA process. The PPP offers Interested & Affected Parties (I&APs) the opportunity to obtain information, comment, raise issues of concern, and collaborate in the EIA process. During this PPP, advertisements will be placed in regional and/or local newspaper(s), site notices, and posters will be placed at central locations (e.g. public library, supermarkets) and

notification documents of the proposed activity will be sent out to all key I&APs (e.g. landowners, local authorities, national and provincial government departments, etc.).

As landowner of the **Remaining Extent (Portion 0) and Portion 2 of the farm Kliplaat 109, Richmond Road**, you have been registered on our I&AP database in relation to the WEF component of the project and we would like you to take part in this process (please refer to the attached map for an indication of where your properties are within the study area).

Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing, using the contact details below. Comments will be taken up into an Issues and Responses Report (IRR) that will be submitted to the competent authority, the DEA, at different intervals during the EIA Process, in order to inform their decision-making.

Any comments, objections, and responses to the applications must be submitted to EIMS using the following contact details:

Geagte Grondeienaar:

**BRIEF AAN GRONDEIENAARS AANGAANDE VERANDERING VAN AANSOEKER EN PROJEK NAAM**

**AANSOEK VIR OMGEWINGS MAGTIGING VIR DIE VOORGESTELDE UMSINDE EMOYENI WINDENERGIE-AANLEG EN GEPAARDGAANDE INFRASTRUKTUUR IN DIE WES- EN NOORD-KAAP**

Environmental Impact Management Services (Pty) Ltd (EIMS), namens Arcus Consulting, het oorspronklik die aanvanklike kennisgewing na die vooraf geïdentifiseerde geïmpakteerde grondeienaars (diegene binne die voorgestelde bousterrein), ten opsigte van 'n omgewingsimpak bepaling (OIB)-projek vir die Trouberg Windkragaanleg (WEF) en gepaardgaande netwerk infrastruktuur op die 13<sup>de</sup> Maart 2014 gestuur. As 'n grondeienaar wie se eiendom binne die voorgestelde studie terrein. 'n Agtergrond inligtingsdokument (AID) en liggings plan van die voorgestelde WEF en netwerk-konneksie terrein is beskikbaar op die EIMS webwerf ([www.eims.co.za](http://www.eims.co.za)).

Hierdie brief dien om u in kennis te stel, dat die projek se naam intussen verander het van Trouberg WEF Projek na Umsinde Emoyeni WEF Projek. Verder is die aansoeker se naam, Windlab Systems (Pty) Ltd, ook verander na Emoyeni Wind Farm Project (Pty) Ltd (EWFP).

As gevolg van die beplanning vereistes, insluitende onder andere, die Netwerk of Distribusie Kode, sal die voorgestelde WEF en netwerk-konneksie infrastruktuur komponente elk verdeel word in twee fases, met elk van hierdie komponente ingedien as afsonderlike EA aansoeke. 'n Totaal van vier EA aansoeke is by die Nasionale Departement van Omgewingsake (DEA) ingedien. 'n Gekonsolideerde OIE-proses sal uitgevoer word ter ondersteuning van al vier aansoeke naamlik:

- Umsinde Emoyeni WEF naby Murraysburg, Wes Kaap: Fase 1;
- Umsinde Emoyeni WEF naby Murraysburg, Wes Kaap: Fase 2;
- Elektriese netwerk konneksie and geassosieerde infrastruktuur vir Umsinde Emoyeni WEF naby Murraysburg, Wes Kaap: Fase 1; en
- Elektriese netwerk konneksie and geassosieerde infrastruktuur vir Umsinde Emoyeni WEF naby Murraysburg, Wes Kaap: Fase 2.

Soos genoem in die vorige korrespondensie, as 'n grondeienaar, word u uitgenooi om te registreer en kommentaar te lewer op die projek en aan te dui watter komponent van die

*Environmental Impact Management Services (Pty) Ltd*  
*Registration Number: 1992/005927/07*  
*Directors: T. Nkhahle, A. Smith, L. Whitlow*

projek (WEF, Netwerkkonaksie, of albei) u belangstel in (verwys asseblief na Agtergrond inligtings liggings plan/ kaart ).

Indien u enige kommentaar of kommer oor die projek het, of indien u enige bykomende inligting benodig, kontak EIMS telefonies of skriftelik, by die kontakbesonderhede hieronder, of alternatiewelik, voltooi en stuur die aangehegte kommentaar vorm aan EIMS. Kommentaar sal opgeneem word in 'n Kommentaar-en Antwoord verslag (IRR) wat tydens die OIE-proses op verskillende intervale voorgelê sal word aan die DEA, ten einde hul besluitneming in te lig.

Enige kommentaar, beswaar, en reaksies op die aansoeke moet ingedien word by EIMS, **nie later nie as die 16 Junie 2014**, met behulp van die volgende kontakbesonderhede:

- ✎ Kontak Persoon: Nobuhle Hughes
- ✎ E-pos: [emoyeni@eims.co.za](mailto:emoyeni@eims.co.za)

EIMS ref: LW/nh/0999

Dear Landowner:

**LETTER TO LANDOWNERS REGARDING CHANGES TO APPLICANT AND PROJECT NAMES**

**AN APPLICATION FOR ENVIRONMENTAL AUTHORISATION FOR THE PROPOSED UMSINDE EMOYENI WIND ENERGY FACILITY AND ASSOCIATED INFRASTRUCTURE, IN THE WESTERN AND NORTHERN CAPE PROVINCES**

Environmental Impact Management Services (Pty) Ltd (EIMS), on behalf of Arcus Consulting (the Environmental Assessment Practitioner), distributed initial notification to pre-identified affected landowners (those within the proposed site area) regarding an Environmental Impact Assessment (EIA) project for the Trouberg Wind Energy Facility (WEF) and associated Grid Infrastructure **on the 13<sup>th</sup> March 2014**. As a landowner whose property is within the proposed study site area. A Background Information Document (BID) and location plan of the proposed WEF and Grid Connection site area is included on the EIMS website ([www.eims.co.za](http://www.eims.co.za)).

This letter serves to notify you that the project's name has since been changed from Trouberg WEF Project to Umsinde Emoyeni WEF Project. Furthermore, the applicant's name, Windlab Systems (Pty) Ltd, has also been changed to Emoyeni Wind Farm Project Proprietary Limited (EWFP).

Further details regarding the proposed WEF are as follows: the proposed WEF and Grid Connection infrastructure components have each been separated into two phases, with each of these components submitted as separate EA applications. Therefore, a total of four EA applications have been submitted to the National Department of Environmental Affairs (DEA). A consolidated EIA process will be carried out in support of all four applications, which are as follows:

- Umsinde Emoyeni WEF near Murraysburg, Western Cape: Phase 1;
- Umsinde Emoyeni WEF near Murraysburg, Western Cape: Phase 2;
- Electrical Grid Connection and Associated Infrastructure for Umsinde Emoyeni WEF near Murraysburg, Western Cape: Phase 1; and
- Electrical Grid Connection and Associated Infrastructure for Umsinde Emoyeni WEF near Murraysburg, Western Cape: Phase 2.

As mentioned in previous correspondence, as a landowner, you are invited to register and comment on the project, indicating which component of the project (WEF, Grid Connection, or both) you are interested in (please refer to Background Information location plan/map).

Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing, using the contact details below or alternatively complete and return the attached comment sheet. Comments will be taken up into an Issues and Responses Report (IRR) that will be submitted to the DEA, at different intervals during the EIA process, in order to inform their decision-making.

Any comments, objections, and responses to the applications must be submitted to EIMS, **no later than the 16<sup>th</sup> June 2014**, using the following contact details:

EIMS ref: LW/nh/0999

**Mr Linda Khoza (Eskom Holdings SOC Limited)**

Dear Sir:

**PROPOSED UMSINDE EMOYENI WIND ENERGY FACILITY AND ASSOCIATED  
INFRASTRUCTURE, IN THE WESTERN & NORTHERN CAPE PROVINCES:  
WITHDRAWAL OF LANDOWNER NOTICE**

Environmental Impact Management Services (Pty) Ltd (EIMS), on behalf of Arcus Consulting (the Environmental Assessment Practitioner), distributed initial notification to pre-identified affected landowners (those within the proposed site area) regarding an Environmental Impact Assessment (EIA) project for the Trouberg Wind Energy Facility (WEF) and associated grid infrastructure **on the 13<sup>th</sup> March 2014**. Eskom Holdings SOC Limited (hereafter referred to as Eskom) was included as an affected landowner in this original notification for the **farm Schietkuil 3 Portion 1 (Murraysburg Road)**.

However, this property has since been excluded from the proposed grid connection site area for the WEF project. Therefore, this letter serves to notify you that Eskom is no longer regarded as a landowner within the application area. However, Eskom will be included as a key Interested and Affected Party (I&AP) for the project and as such is encouraged to participate in the Public Participation Process.

Please also be advised that the project's name has been changed from Trouberg WEF Project to Umsinde Emoyeni WEF Project. Furthermore, the applicant's name, Windlab Systems (Pty) Ltd, has also been changed to Emoyeni Wind Farm Project Proprietary Limited (EWFP).

Please do not hesitate to contact the undersigned should you have any queries or concerns with regards to the above,

Kind Regards

Nobuhle Hughes

<b>Re:</b>	<b>LETTER TO LANDOWNERS REGARDING CHANGES TO APPLICANT AND PROJECT NAMES</b>  <b>AN APPLICATION FOR ENVIRONMENTAL AUTHORISATION FOR THE PROPOSED UMSINDE EMOYENI WIND ENERGY FACILITY AND ASSOCIATED INFRASTRUCTURE, IN THE WESTERN AND NORTHERN CAPE PROVINCES</b>		

Dear Landowner;

Environmental Impact Management Services (Pty) Ltd (EIMS), on behalf of Arcus Consulting (the Environmental Assessment Practitioner), distributed initial notification to pre-identified affected landowners regarding an Environmental Impact Assessment (EIA) project for the Trouberg Wind Energy Facility (WEF) and associated Grid Infrastructure on the 13th March 2014. Please note that the details stated in the initial notification (project and applicant name) have changed.

Attached, please find detailed information (provided in English and Afrikaans) regarding the above mentioned changes.

Please do not hesitate to contact EIMS if you have any queries or concerns in this regard.

Kind Regards,

Nobuhle Hughes.
