Dear Stakeholder

You are hereby invited to review and pass comments on the Final Scoping Report, attached, for the abovementioned project. As required by relevant legislation the consultant, Terra Pacis Environmental (Pty) Ltd (Terra Pacis), must make the Final Scoping Report available for stakeholder review.

The Final Scoping Report is a document that includes a description of the existing and proposed activities and any feasible and reasonable alternatives, a description of the property and the environment that may be affected and the manner in which the biological, social, economic and cultural aspects of the environment may be impacted by the existing and proposed activities, a description of environmental issues and impacts, and details of the public participation process undertaken. In addition, the Final Scoping Report contains a roadmap for the Environmental Impact Assessment (EIA) Phase specifying the methodology to be used to assess the potential impacts, and the specialists or specialist reports that are required.
