As deel van die aansoekproses word daar vereis dat 'n Basiese Assesering van die potensiële impakte van die voorgestelde aktiwiteit uitgevoer word. Daar word ook 'n Openbare Deelnamevergadering gehou waartydens hierdie inligting aan die publiek deurgegee word en die publiek se aanbevelings, bekommernisse en vrae opgeteken word. Alle spesialisbevindinge en publieke kommentaar word dan in die Finale BAR geïnkorporeer. Hierdie Finale BAR word weer saam met die EMPr aan die DMHE en publiek beskikbaar gestel. Die DMHE het 107-dae om die Finale BAR na te sien en die finale besluit te maak in terme van die toedien of afkeur van die prospekterregte.

Anchor Environmental Consultants (Edms) Bpk is deur die Aansoeker aangestel as die Onafhanklike Omgewingskonsultant (EAP) om die aansoeke in te dien en om 'n Basiese Asseserings- en Openbare Deelnameproses uit te voer.

English notice**NOTICE: YOU ARE HEREBY INVITED TO COMMENT ON THE PROPOSED PROSPECTING BY TRANS ATLANTIC DIAMONDS IN SEA CONCESSION AREA 14C, BETWEEN DORINGBAAI AND DONKINSBAAI**

Dear Stakeholder,

This concession area is located in the ocean approximately 5 km (2.7 nautical miles) west of the high-water mark. This 5 km point is about 70m deep. The C-concession extends westward from this point up to 200 m water depth (isobath). The concession area extends from just north of Doringbaai, southwards, to just south of Groothoekbaai along the West Coast of South Africa.

Applications have been submitted in terms of the Mineral and Petroleum Resources Development Act (28 of 2002), the National Environmental Management Act (107 of 1998) and the Environmental Impact Assessment Regulations, 2014 (as amended). The application process requires that a Basic Assessment of the potential impacts of the proposed activity be conducted. All findings are incorporated into the Draft Basic Assessment Report (BAR) and circulated, along with the Environmental Management Programme (EMPr), to the DMRE and the public for a 30-day commenting period (also known as the 30-Day Public Participation Process). A Public Participation Meeting will also be held during this time to present the public with the findings and to record their recommendations, concerns and questions. All specialist findings and public comment are then incorporated into the Final BAR. This Final BAR is again made available to the DMRE and the public along with the EMPr. The DMRE has 107 days to review the Final BAR and make the final decision in terms of granting or rejecting the prospecting rights.

Anchor Environmental Consultants (Pty) Ltd has been appointed by the Applicant as the Independent Environmental Assessment Practitioner (EAP) to submit the applications and to carry out a Basic Assessment and Public Participation process.
