RE: Prospecting Rights Application 10B: Invite to submit initial comment and input

[Redacted]

Mon 06/06/2022 09:46

[Redacted]

Dear Cheruscha

Thank you for the email.

I note from the BID that "This area covers 10 040 ha and extends from 8km south of the border between the Western and Northern Cape (southern boundary) to 13km south of the Groenrivier Lighthouse (northern boundary) (Figure 1)." I'm not familiar with the West Coast so unsure if the Western Cape Province is affected by the proposed prospecting activities (it appears to fall completely within the N. Cape). It appears that the Soutrivier Estuary falls within Sea Concession 11A and does not form part of this application.

Can you please confirm whether the Department should register as a commenting authority?

Subject: Prospecting Rights Application 10B: Invite to submit initial comment and input

**Geagte Belanghebbende,**

**VOORAF-KONSULTASIE: KENNISGEWING VAN AANVAARDING VAN 'N AANSOEK OM PROSPEKTEREGTE EN OMGEWINGSMAGTIGING VIR PROSPEKERING IN SEEKONSESSIEGEBIED 10B, WES- EN NOORD-KAAP.**

**Trans-Atlantic Diamonds Pty (Ltd) (die 'Aansoeker')** doen aansoek vir die reg om vir diamante te prospekter in Suid-Afrikaanse Seekonsessiegebied 10B langs die Wes- en Noord-Kaapse kus. Ingevolge die Wet op Nasionale Omgewingsbestuur (Wet No. 107 van 1998) word van die Aansoeker verwag om 'n Basiese Assessering (BA) van die voorgestelde aktiwiteit en gepaardgaande potensiële impakte uit te voer. Hulle het Anchor Environmental Consultants (Pty) Ltd as die onafhanklike Omgewingskonsultante (Environmental Assessment Practitioner (EAP)) aangestel om met hierdie proses te help.

Belanghebbende en Geaffekteerde Partye (B&GP'e) word hiermee uitgenooi om te registreer die Agtergrondinligtingsdokumente na te gaan en enige aanvanklike kommentaar of bekommernisse rakende die voorgestelde projek per e-pos pos of telefonies aan die kontakpersoon hieronder **voor 23:59 op 24 Junie 2022 in te dien**.

**Ons besoek ook Kotzesrus op 7 Junie. As u enige navrae of kommentaar het wat u persoonlik met ons wil bespreek, sal ons op 7 Junie 2022 by die Kotzesrus Kerk te Kotzesrus, Noord-Kaap, tussen 16:30 tot 18:00, beskikbaar wees. Ons besoek ook Lepelsfontein op 7 Junie om met gemeenskapslede daar te praat.**

**Neem asseblief kennis: Hierdie is NIE die amptelike openbare deelnameproses en vergadering nie. Ons vra slegs vir enige aanvanklike kommentaar en insette wat alternatiewelik ook per e-pos, pos of telefonies verskaf kan word. 'n Amptelike 30-dae openbare deelnameproses en vergadering sal nog gereël word en besonderhede sal op 'n later stadium aan belanghebbendes gekommunikeer word.**

Indien u bewys is van enige belanghebbendes wat deur hierdie aktiwiteit geraak kan word en wat ons op ons kontaklys moet insluit en na die opedag en komende vergaderings moet nooi stuur asseblief vir ons hul kontakbesonderhede of verwys hulle na hierdie e-pos.

**Moet asseblief nie huier om ons te kontak indien jy enige vrae het oor die voorgestelde projek of konsultasieproses nie.**

Baie Dankie  
Vriendelike Groete

Ecologist and Environmental Consultant  
Anchor Environmental Consultants (Pty) Ltd

**Ons voldoen aan die Wet op die Beskerming van Persoonlike Inligting (POPI), ingevolge waarvan u persoonlike inligting nie sonder u toestemming of kennis versprei of openbaar gemaak mag word nie. Ons sal egter alle kommentaar van belanghebbendes aan die publiek beskikbaar stel, alhoewel dit anoniem sal bly.**

**Let daarop dat slegs geregistreerde belanghebbendes verdere korrespondensie sal ontvang. Ten spyte van voorsorgmaatreëls is daar verskeie e-posdiensverskaffers wat dalk u e-poskennisgewings as strooi-pos klassifiseer. Indien u wil registreer, voeg die volgende e-posadres by u kontakte om te verseker dat u toekomstige opdatings oor hierdie projek kan ontvang:**

Dear Stakeholder,

**PRE-CONSULTATION: NOTICE OF ACCEPTANCE OF AN APPLICATION FOR PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION FOR PROSPECTING IN SEA CONCESSION AREA 10B, WESTERN AND NORTHERN CAPE.**

Trans-Atlantic Diamonds Pty (Ltd) (the 'Applicant') is applying for the right to prospect for diamonds in South African Sea Concession Area 10B along the Western and Northern Cape coast. In terms of the National Environmental Management Act (Act No. 107 of 1998) the Applicant is required to conduct a Basic Assessment of the process and associated potential impacts. They have subsequently appointed Anchor Environmental Consultants (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to assist with this process.

Interested and Affected Parties (I&APs) are hereby invited to register review the Background Information Documents (this document) and submit any initial comments or concerns regarding the proposed project by email post or telephone to the contact person **below before 23:59 on 24 June 2022**.

**We will also be visiting Kotzesrus on 7 June. If you have any queries or comments that you would like to discuss with us personally, we will be available on 7 June 2022 at the Kotzesrus Church Hall in Kotzesrus, Northern Cape, between 16:30 and 18:00. We will also be visiting Lepelsfontein on 7 June to speak to community members there.**

**Please note: This is NOT the official public Participation Process and meeting. We are only calling for any initial comment and input which can, alternatively, also be provided by means of email, post or telephonically. An official 30-day Public Participation Process and meeting**

**will still be arranged and details communicated to stakeholders at a later stage.**

Should you be aware of any stakeholders that might be affected by this activity and which we should include on our contact list and invite to the open day and upcoming meetings please send us their contact details or refer them to this email.

**Please do not hesitate to contact us should you have any questions concerning the proposed project or stakeholder consultation process.**

Thank you.  
Kind regards,

[Redacted]

**Dear Stakeholder,**

**PRE-CONSULTATION: NOTICE OF ACCEPTANCE OF AN APPLICATION FOR PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION FOR PROSPECTING IN SEA CONCESSION AREA 10B, WESTERN AND NORTHERN CAPE.**

Trans-Atlantic Diamonds Pty (Ltd) (the 'Applicant') is applying for the right to prospect for diamonds in South African Sea Concession Area 10B along the Western and Northern Cape coast. In terms of the National Environmental Management Act (Act No. 107 of 1998), the Applicant is required to conduct a Basic Assessment of the process and associated potential impacts. They have subsequently appointed Anchor Environmental Consultants (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to assist with this process.

Interested and Affected Parties (I&APs) are hereby invited to register, review the Background Information Documents (this document) and submit any initial comments or concerns regarding the proposed project by email, post or telephone to the contact person **below before 23:59 on 24 June 2022.**

**We will also be visiting Kotzesrus on 7 June. If you have any queries or comments that you would like to discuss with us personally, we will be available on 7 June 2022 at the Kotzesrus Church Hall in Kotzesrus, Northern Cape, between 16:30 and 18:00. We will also be visiting Lepelsfontein on 7 June to speak to community members there.**

**Please note: This is NOT the official public Participation Process and meeting. We are only calling for any initial comment and input which can, alternatively, also be provided by means of email, post or telephonically. An official 30-day Public Participation Process and meeting will still be arranged and details communicated to stakeholders at a later stage.**

Should you be aware of any stakeholders that might be affected by this activity and which we should include on our contact list and invite to the open day and upcoming meetings, please send us their contact details or refer them to this email.

**Please do not hesitate to contact us should you have any questions concerning the proposed project or stakeholder consultation process.**

Thank you.  
Kind regards,

[Redacted]

Hello Cheruscha

Hope you are well. I'm just following up on my email of 06 June 2022. If possible could you please provide me with the kmz file for the PR area? This should assist in determining whether the Department should be involved in commenting.

Kind regards

Subject: RE: Prospecting Rights Application 10B: Invite to submit initial comment and input

Dear Cheruscha

Thank you for the email.

I note from the BID that "This area covers 10 040 ha and extends from 8km south of the border between the Western and Northern Cape (southern boundary) to 13km south of the Groenrivier Lighthouse (northern boundary) (Figure 1)." I'm not familiar with the West Coast so unsure if the Western Cape Province is affected by the proposed prospecting activities (it appears to fall completely within the N. Cape). It appears that the Soutrivier Estuary falls within Sea Concession 11A and does not form part of this application.

Can you please confirm whether the Department should register as a commenting authority?

Dear [REDACTED]

Thank you for the opportunity to comment on Prospecting Rights Application 10B (NC 30/5/1/1/2/13062 PR)

Cognisance must be taken by the general Duty of Care, as stated in Section 28 of the National Environmental Management Act, 1998:

“Every person who causes, has caused, or may cause significant pollution or degradation of the environment must take reasonable measures to prevent such pollution or degradation from occurring, continuing, or recurring, or, in so far as such harm cannot reasonably be avoided or stopped, to minimize and rectify such pollution or degradation of the environment”

With reference to the content of the final Background Information document the following comments as requested.

Due to a lack of resources and capacity within this office this office only the following concentrated and pointed out studies and resources are referred to however there are quite a few other studies and resources within this regard.

Studies as being mentioned below has shown also that seismic disturbance may have in the water may have a huge impact on marine animals as they are very sensitive to sound disturbances in the water as is indicated by this study By **Robert C. Jones Jr. 01-03-2019**

**“Marine mammals use sound to communicate, navigate, and hunt for prey,” said Jill Richardson, program director and senior lecturer in the Department of Marine Ecosystems and Society at the University of Miami Rosenstiel School of Marine and Atmospheric Science. “Evolutionarily, they capitalized on the effective propagation of sound underwater, but this also makes them very susceptible to noise pollution. Airgun noise can be so pervasive, spatially, and temporally, that it can be debilitating.”**

**Changes in diving and surfacing patterns, displacement from important feeding habitats, disorientation, stress, and either temporary or permanent shifts in hearing thresholds are some of the known impacts to marine mammals, according to Richardson. “And since sound is so important to their survival, the fact that they may not be able to hear each other is extremely concerning and may lead to impacts at the population level,” she said. “Imagine trying to raise a baby or communicate with friends while navigating in a concert hall where the band, essentially, never stops.”**

**According to Richardson, the sounds generated by airguns can travel more than 4,000 kilometres from the source. “We are only starting to understand the impact of stress on marine mammal health, but it likely contributes to immune function disruption,” she said. “This, when layered on top of the menagerie of other emergent threats, such as exposure to contaminants and biotoxins and the loss of habitat, can lead to devastating effects on marine mammals.”**

This office is not aware of any studies or sources that consider the impact of the proposed activities impact on the environment to be positive.

Research have also shown the Southern Right and Humpback whales pass through the West Coast in groups of 8-10 between June and December. Bryde’s whales, common dolphins, Heaviside dolphins

and dusky dolphins is also spotted during the year. The southern right whale (**Eubalaena australis**) is the most spotted whale along the West Coast in the cool season between May and November. Courting pairs breach and lobtail or slap the water with their flippers while the mothers can be seen escorting their newly born calves around sheltered bays.

Considering the above research seismic activity in the application could potentially cause great harm to the Marine Ecology and fisheries should the approval of prospecting activities leads to mining activities over a long period of time.

The West Coast is also traditionally known for its small fishing communities which relies on fish catches from the sea for a livelihood. Taking the above research outcomes into account it is extremely important to acknowledge the fact that seismic activity effects breeding and moving patterns of fish and that it could potentially lead to a devastating decline in fish population species along the Coastal Towns.

It is my sincere request that this application is implemented through the regulatory system of binding Marine Area Plans with detailed guidelines and spatial regulations that would steer development according to the Marine Spatial Planning Act (No. 16 of 2018) which inter alia provides a framework for Marine Spatial Protected areas in South Africa, provides for the development of marine area plans and provides for the Institutional arrangements for the Marine Spatial Planning to govern the use of the ocean by and across multiple sectors. This act must be read in conjunction with the National MSP Framework (including the spatial management approach) and the National MSP Data and Information Report (NDIR)

Also, of concern as pointed out in the Background Information document is the accumulative impact of the amount prospecting applications on the West Coast either from sea or land as can be seen on the map below and referred to in the summary of Potential Impacts on pg. 6 of the Background information document. Also see Map below of all mining and prospecting applications along this stretch of coastline.

Each of the marked applications has some negative potential impacts on the coastline of the West Coast and it seems like collectively, it could damage or destroy the living resources and heritage of the people of the West Coast.

With regards to the Conclusions and Recommendations of the Socio-Economic Impact Assessment even though the negative impacts of prospecting would be low the long-term impacts of mining may have devastating negative impacts on the maritime sector.

Considering the above it is critical that the Potential Mitigation measures must form part of the EMPR as pointed out on pg. 7 of the Background Information document.

The Municipality reserves the right to request further information and revise initial comments based on any additional information that might be received.

Kind Regards

**Geagte Belanghebbende,**

**VOORAF-KONSULTASIE: KENNISGEWING VAN AANVAARDING VAN 'N AANSOEK OM PROSPEKEREGTE EN OMGEWINGSMAGTIGING VIR PROSPEKERING IN SEEKONSESSIEGEBIED 10B, WES- EN NOORD-KAAP.**

**Trans-Atlantic Diamonds Pty (Ltd) (die 'Aansoeker')** doen aansoek vir die reg om vir diamante te prospekteer in Suid-Afrikaanse Seekonsessiegebied 10B langs die Wes- en Noord-Kaapse kus. Ingevolge die Wet op Nasionale Omgewingsbestuur (Wet No. 107 van 1998), word van die Aansoeker verwag om 'n Basiese Assessering (BA) van die voorgestelde aktiwiteit en gepaardgaande potensiële impakte uit te voer. Hulle het Anchor Environmental Consultants (Pty) Ltd as die onafhanklike Omgewingskonsultante (Environmental Assessment Practitioner (EAP)) aangestel om met hierdie proses te help.

Belanghebbende en Geaffekteerde Partye (B&GP'e) word hiermee uitgenooi om te registreer, die Agtergrondinligtingsdokumente na te gaan en enige aanvanklike kommentaar of bekommernisse rakende die voorgestelde projek per e-pos, pos of telefonies aan die kontakpersoon hieronder **voor 23:59 op 24 Junie 2022 in te dien**.

**Ons besoek ook Kotzesrus op 7 Junie. As u enige navrae of kommentaar het wat u persoonlik met ons wil bespreek, sal ons op 7 Junie 2022 by die Kotzesrus Kerk te Kotzesrus, Noord-Kaap, tussen 16:30 tot 18:00, beskikbaar wees. Ons besoek ook Lepelsfontein op 7 Junie om met gemeenskapslede daar te praat.**

**Neem asseblief kennis: Hierdie is NIE die amptelike openbare deelnameproses en vergadering nie. Ons vra slegs vir enige aanvanklike kommentaar en insette wat alternatiewelik ook per e-pos, pos of telefonies verskaf kan word. 'n Amptelike 30-dae openbare deelnameproses en vergadering sal nog gereël word en besonderhede sal op 'n later stadium aan belanghebbendes gekommunikeer word.**

Indien u bewus is van enige belanghebbendes wat deur hierdie aktiwiteit geraak kan word en wat ons op ons kontaklys moet insluit en na die opedag en komende vergaderings moet nooi, stuur asseblief vir ons hul kontakbesonderhede of verwys hulle na hierdie e-pos.

**Moet asseblief nie huiwer om ons te kontak indien jy enige vrae het oor die voorgestelde projek of konsultasieproses nie.**

**Baie Dankie  
Vriendelike Groete**

[REDACTED]

**Dear Stakeholder,**

**PRE-CONSULTATION: NOTICE OF ACCEPTANCE OF AN APPLICATION FOR PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION FOR PROSPECTING IN SEA CONCESSION AREA 10B, WESTERN AND NORTHERN CAPE.**

Trans-Atlantic Diamonds Pty (Ltd) (the 'Applicant') is applying for the right to prospect for diamonds in South African Sea Concession Area 10B along the Western and Northern Cape coast. In terms of the National Environmental Management Act (Act No. 107 of 1998), the Applicant is required to conduct a Basic Assessment of the process and associated potential impacts. They have subsequently appointed Anchor Environmental Consultants (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to assist with this process.

Interested and Affected Parties (I&APs) are hereby invited to register, review the Background Information Documents (this document) and submit any initial comments or concerns regarding the proposed project by email, post or telephone to the contact person **below before 23:59 on 24 June 2022**.

**We will also be visiting Kotzesrus on 7 June. If you have any queries or comments that you would like to discuss with us personally, we will be available on 7 June 2022 at the Kotzesrus Church Hall in Kotzesrus, Northern Cape, between 16:30 and 18:00. We will also be visiting Lepelfontein on 7 June to speak to community members there.**

**Please note: This is NOT the official public Participation Process and meeting. We are only calling for any initial comment and input which can, alternatively, also be provided by means of email, post or telephonically. An official 30-day Public Participation Process and meeting will still be arranged and details communicated to stakeholders at a later stage.**

Should you be aware of any stakeholders that might be affected by this activity and which we should include on our contact list and invite to the open day and upcoming meetings, please send us their contact details or refer them to this email.

**Please do not hesitate to contact us should you have any questions concerning the proposed project or stakeholder consultation process.**

Thank you.  
Kind regards,

## WCDM comment: Prospecting Rights Application 10B: Invite to submit initial comment and input

[REDACTED]

Wed 22/06/2022 14:22

To [REDACTED]

Ref: 13/2/12/21 & 13/2/12/2/3

Madam

1. Your notification of the proposed prospecting right application in Sea Concession 10B dated 3 June 2022 and the Basic Assessment Process to be embarked upon, refer.
2. The West Coast District Municipality would like to register as an Interested and Affected Party for the proposal. Information to be sent to:

[REDACTED]

[REDACTED]

3. The initial comments of the WCDM are as follows:
  - 3.1 The applicability of the Integrated Coastal Management Act (NEM: ICMA) with regard to the proposed prospecting needs to be highlighted in the BAR. The NEM: ICMA provides the framework for integrated management of the coast and aims to preserve, protect, extend and enhance the status of coastal public property (CPP) and secure equitable access to the benefits and opportunities of the coast.
  - 3.2 The proposed prospecting site is located within 5 km of the HWM of the sea and thus situated in the CPP in terms of ICMA. The impact of prospecting and mining on the CPP must be addressed in the BAR & EMPr.
  - 3.3 Access to Coastal Public Property and the impact on tourism must be addressed in the EMPr. Access to the Matzikama coastline and beaches has already been heavily affected by prospecting and mining.
  - 3.4 The sound levels from acoustic equipment will impact marine and migratory species i.e. whales, dolphins, west coast rock lobster, invertebrates, fish and birds and must be addressed.
  - 3.5 The relevant discharge and dumping permits with regard to discharge of sediment into the marine environment need to be obtained in terms of ICMA.
  - 3.6 The proposal must be appropriately communicated and advertised to provide local fishing communities and community organisations the opportunity to comment on the proposal's impact on both commercial and recreational fisheries in the area.
4. In view of the large number of prospecting and mining applications currently underway off the west coast it is recommended that a Strategic Environmental Assessment for the entire South African West

Coast be conducted prior to the acceptance of further prospecting and mining applications in order to address these concerns in a strategic manner.

Regards

---

### Interim Comment

**In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999)**

Attention: Anchor Environmental Consultants (Pty) Ltd

**Trans Atlantic Diamonds Pty Ltd has applied for the right to prospect for diamonds and other gemstones and precious metals and ferrous and base metals such as rare earths in Sea Concession Area 10B. This area covers 10 040 ha and extends from 8km south of the border between the Western and Northern Cape (southern boundary) to 13km south of the Groenrivier Lighthouse (northern boundary).**

The South African Heritage Resources Agency (SAHRA) would like to thank you for submitting the Background Information Document (BID) for the proposed Prospecting Rights and Environmental Authorisation to Prospect in the Offshore Sea Concession Area 10B.

As part of the Environmental Authorisation process a Basic Assessment Report and Environmental Management Plan must be completed. SAHRA is pleased to note that the BID has already identified that there may be impacts to Heritage during the proposed project and as such has outlined possible mitigation measures on page 10 of the document. Furthermore, as part of the assessment of the possible impact on heritage, SAHRA requires that a Heritage Impact Assessment (HIA) must be undertaken as part of the project including an evaluation of the likelihood for any shipwrecks being present in the proposed prospecting area. The HIA must include a specialist study of maritime and underwater cultural heritage to be undertaken by a suitably qualified Maritime Archaeologist.

In terms of the National Heritage Resources Act, No 25 of 1999 (NHRA), Sections 2 and 35 stipulates that any wreck, being any vessel or aircraft or any part thereof older than 60 years in South Africa's territorial waters or maritime cultural zone is protected and falls under the jurisdiction of SAHRA's Maritime and Underwater Cultural Heritage Unit. These heritage sites or objects may not be disturbed without a permit from the relevant heritage resources authority.

Should anything of archaeological or paleontological significance be exposed during the proposed project, work must cease immediately and SAHRA must be informed of its discovery without delay. In this event, work

[REDACTED]  
[REDACTED]

Dear Ms. [REDACTED]

**SUBJECT: COMMENTS ON THE BACKGROUND INFORMATION DOCUMENT FOR PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION TO PROSPECT IN THE OFFSHORE SEA CONCESSION AREA 10B.**

The Department of Forestry, Fisheries, and the Environment (DFFE), Branch Oceans & Coasts (O&C) appreciates the opportunity granted to comment on the Background Information Document (BID) for Prospecting Rights and Environmental Authorization to Prospect in the Offshore Sea Concession Area 10B. The Branch O&C has provided recommendations in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), ("NEMA") and the National Environmental Management: Integrated Coastal Management Act, 2008 (Act No. 24 of 2008) ("**ICM Act**").

The Branch O&C has the mandate to ensure the holistic management of the coast and estuarine areas as an integrated system and promote coordinated coastal management. It ensures that the ecological integrity, natural character, and economic, social, and aesthetic value of the coastal zone are maintained to ensure that people, properties, and economic activities are protected against the impacts of dynamic coastal processes. Guided by the principles of integrated coastal management, the Branch O&C promotes developments that promote socially justified sharing of benefits derived from a resource-rich marine and coastal area and strives to ensure that the principles of sustainable development are upheld.

**Please note the recommendations for your consideration:**

1. The Background Information Document indicated that the Trans-Atlantic Diamonds Pty Ltd (the Applicant) has applied for the right to prospect for diamonds and other gemstones and precious metals and ferrous and base metals such as rare earth in Sea Concession Area 10B. This area covers 10 040 ha and extends from 8km south of the border between the Western and Northern Cape (southern boundary) to 13km south of the Groenrivier Lighthouse (northern boundary). The boundary closest to the shore starts approximately 1km west of the highwater mark and extends 5km westwards from this point to a water depth of 70. The applicant is advised to conduct the proposed prospecting sustainably as South African waters play a significant role in supporting the

unique and diverse biota even though this area is not a proclaimed Marine Protected Area (MPA) it contributes important ecosystem goods and services including significant fisheries resources.

2. The report has identified potential impacts associated with the proposed activity and recommended mitigation measures to minimize the significant impacts. It is recommended that specialist studies be conducted to provide expert advice on the potential impacts with recommended mitigation measures to inform the Competent Authority on decision making.
3. In terms of the specialist studies to be conducted, a Marine Ecology Impact Assessment should be undertaken to identify, quantify and evaluate the potential effects of the proposed mineral prospecting on marine habitats, species, and ecosystems including the ecosystem functioning and processes. This should include considerations of species richness, biodiversity, faunal densities, and community structures and incorporate measures to avoid, reduce and mitigate negative ecological impacts and their effects, and the provision of ecological enhancements.
  - 3.1 Heritage Impact Assessment (HIA) should be conducted to identify any heritage resources that will be impacted either directly or indirectly and provide insight into the impact of the proposed prospecting on such heritage resources and provide mitigation measures to limit the effect of that impact.
  - 3.2 Cumulative Impacts Assessment should be undertaken to assess the impact that arises from a result of an impact from the proposed prospecting activity interacting with an impact from another activity to create an additional impact. The assessed impacts and effects are strongly influenced by the status of the other activities such as projects already in existence, approved or proposed, and how much data is available to characterize the magnitude of their impact.
  - 3.3 Furthermore, a Fisheries Impact Assessment (FIA) should also be conducted considering that the western coastal shelf has highly productive commercial fisheries like other upwelling ecosystems around the world and approximately 14 different commercial fisheries sectors currently operate within South African waters therefore this assessment will best advise the suitable areas to conduct the proposed activity to avoid fishing grounds coinciding with the proposed prospecting area.
4. The Branch O&C supports the creation of buffer zones around any ecological sensitive features to enhance the probability of recovery of impacted sites through local re-colonization after the prospecting and/or mining activity if the proposed activity reaches such stage.
5. The Branch O&C further encourages all the operations related to the proposed four phases of sampling to avoid mortalities or injuries to marine life either by smothering/burying animals by sediment, contamination from oil spills, etc., adhere to the recommended best practice mitigation for impacts related to spills and waste generated by vessels and assess any risks associated with this activity.
6. Register the Branch O&C as registered as an Interested &Affected Party for the proposed project.

7. The Branch O&C will provide detailed comments and recommendations during the next public process based on the availability of specialist studies and more information.

Kindly note that the Department reserves the right to revise its comments and request further information based on any additional information received. All correspondence, documentation, and/or requests (hard copy or electronic copy) should be submitted to our office via [REDACTED] / or **Physical Address: Department of Forestry, Fisheries & the Environment (DFFE), Branch: Oceans and Coast, 2 East Pier Building, East Pier Road, Victoria and Alfred Waterfront, Cape Town, 8001.**

Yours Sincerely

Attention: **Cheruscha Swart**

**RE: Trans Atlantic Diamonds (Pty) Ltd APPLICATION: PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION TO PROSPECT IN THE OFFSHORE SEA CONCESSION AREA 10B.**

SANParks is hereby registering as Interested and Affected Party for the above project. SANParks takes note of the proposed project, as described below.

**Trans Atlantic Diamonds Pty Ltd (The Applicant)** has applied for the right to prospect for diamonds and other gemstones and precious metals and ferrous and base metals such as rare earths in Sea Concession Area 10B. This area covers 10 040 ha and extends from 8km south of the border between the Western and Northern Cape (southern boundary) to 13km south of the Groenrivier Lighthouse (northern boundary) (Figure 1). The boundary closest to the shore starts approximately 1km west of the high-water mark and extends 5km westwards from this point to a water depth of 70 m (Figure 2).

SANParks also takes note that only prospecting activities are applied for in the current application and will consist of:

**Geophysical/ Acoustic Surveys:** Acoustic equipment is used to send out sound towards the seabed. The sound energy is reflected from the seabed and travels back to the receiver.

**Van Veen Grab sampling:** Sampling will be done at 20–50 sites, disturb a total surface area of 5 square meters (m<sup>2</sup>) and a total volume of 1.5 cubic meters (m<sup>3</sup>).

**Core sampling:** Core samples will be collected at 100–200 sites. The core samples will disturb a total surface area of 1.57 m<sup>2</sup> and collect a total volume of 4.71 m<sup>3</sup>.

**Drilling:** Target areas will be sampled using a drill with a surface area of 5m<sup>2</sup>. In total, 1 500 samples will be collected and will cover a surface area of 7 500 m<sup>2</sup>. A total surface area of 7 507 m<sup>2</sup> (0.75 ha) will be disturbed during all phases.

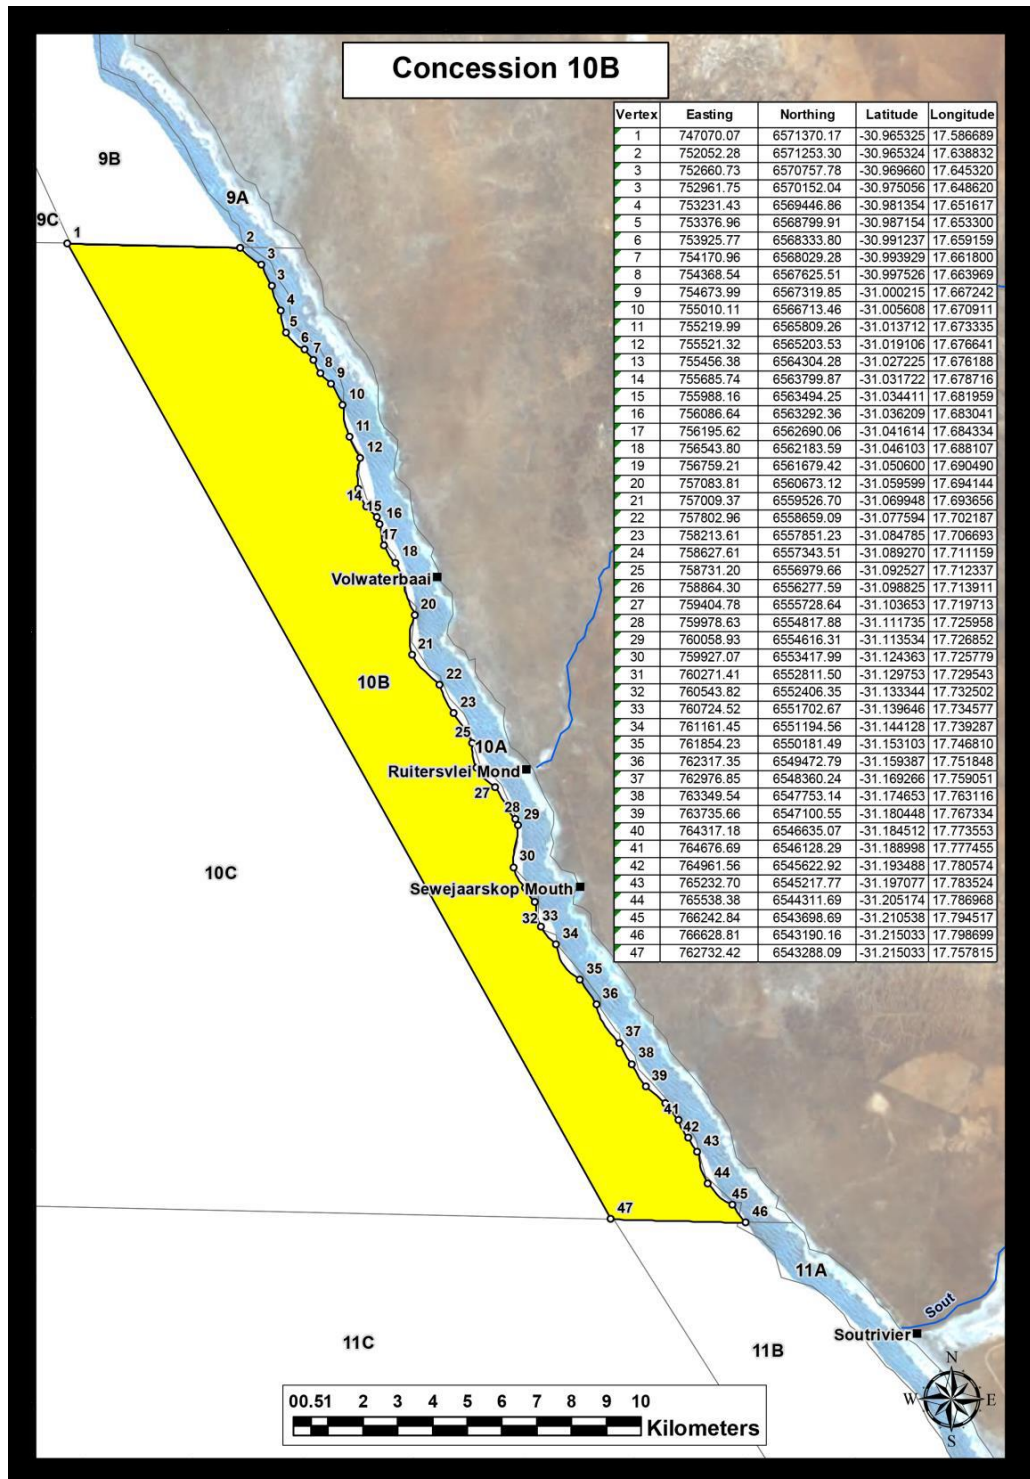

Figure 2. The boundary closest to the shore starts approximately 1km west of the high-water mark, some distance south of the Namaqua National Park MPA and extends 5km westwards from this point to a water depth of 70 m.

**SANParks comment and concerns on possible impact:**

- It is not clear what method will be used for the geophysical surveys, the activity is labelled acoustic, but under impacts seismic surveys are mentioned, this need to be clear, impacts are significantly different.
- Prospecting activities have less damage to the sea floor compared to the extraction/mining phase which will have significant impact, what activities will extraction entail?
- Is there a specific location of where in the block the activities will take place, or will it be spread across the entire footprint?
- The activities will take place near the Namaqua MPA with sensitive ecosystems and habitats. Please ensure to map the MPA and provide distances to the MPA.
- The footprint may overlap with the fishing area of the Hondeklipbaai community. What are the impacts and compensation for loss of fishing to the community area of fishing?

Specific impacts concerned about:

- direct impact of seabed excavation and tailings disposal on benthic habitats specifically in and biodiversity important area
- impact of fine sediment plumes on surrounding benthos and water column, impacting fishing areas and MPA ecosystems
- Improper waste discharges during vessel operations;

SANParks remains concerned about the future impact on biodiversity and the upstream Namaqua National Park MPA.

**RE: Prospecting Rights Application 10B: Invite to submit initial comment and input**

[REDACTED]

Mon 04/07/2022 20:05

To [REDACTED]

Dear Cheruscha,

As discussed telephonically, Please note that the above proposed development or activity(ies) is taking place in a marine environment. As a result, the DEFF Directorate: Biodiversity Conservation will not be able to provide comments. You are therefore, advised to request comments from Western Cape Department of Forestry, Fisheries and the Environmental under Marine and Coastal Unit as well as from the Heritage Unit.

**Geagte Belanghebbende,**

**VOORAF-KONSULTASIE: KENNISGEWING VAN AANVAARDING VAN 'N AANSOEK OM PROSPEKERREGTE EN OMGEWINGSMAGTIGING VIR PROSPEKERING IN SEEKONSESSIEGEBIED 10B, WES- EN NOORD-KAAP.**

**Trans-Atlantic Diamonds Pty (Ltd) (die 'Aansoeker')** doen aansoek vir die reg om vir diamante te prospekteer in Suid-Afrikaanse Seekonsessiegebied 10B langs die Wes- en Noord-Kaapse kus. Ingevolge die Wet op Nasionale Omgewingsbestuur (Wet No. 107 van 1998), word van die Aansoeker verwag om 'n Basiese Assessering (BA) van die voorgestelde aktiwiteit en gepaardgaande potensiele impakte uit te voer. Hulle het Anchor Environmental Consultants (Pty) Ltd as die onafhanklike Omgewingskonsultante (Environmental Assessment Practitioner (EAP)) aangestel om met hierdie proses te help.

Belanghebbende en Geaffekteerde Partye (B&GP'e) word hiermee uitgenooi om te registreer, die Agtergrondinligtingsdokumente na te gaan en enige aanvanklike kommentaar of bekommernisse rakende die voorgestelde projek per e-pos, pos of telefonies aan die kontakpersoon hieronder **voor 23:59 op 24 Junie 2022 in te dien**.

**Ons besoek ook Kotzesrus op 7 Junie. As u enige navrae of kommentaar het wat u persoonlik met ons wil bespreek, sal ons op 7 Junie 2022 by die Kotzesrus Kerk te Kotzesrus, Noord-Kaap, tussen 16:30 tot 18:00, beskikbaar wees. Ons besoek ook Lepelsfontein op 7 Junie om met gemeenskapslede daar te praat.**

**Neem asseblief kennis: Hierdie is NIE die amptelike openbare deelnameproses en vergadering nie. Ons vra slegs vir enige aanvanklike kommentaar en insette wat alternatiewelik ook per e-pos, pos of telefonies verskaf kan word. 'n Amptelike 30-dae**

**openbare deelnameproses en vergadering sal nog gereël word en besonderhede sal op 'n later stadium aan belanghebbendes gekommunikeer word.**

Indien u bewus is van enige belanghebbendes wat deur hierdie aktiwiteit geraak kan word en wat ons op ons kontaklys moet insluit en na die opedag en komende vergaderings moet nooi, stuur asseblief vir ons hul kontakbesonderhede of verwys hulle na hierdie e-pos.

**Moet asseblief nie huiwer om ons te kontak indien jy enige vrae het oor die voorgestelde projek of konsultasieproses nie.**

**Baie Dankie  
Vriendelike Groete**

**Ons voldoen aan die Wet op die Beskerming van Persoonlike Inligting (POPI), ingevolge waarvan u persoonlike inligting nie sonder u toestemming of kennis versprei of openbaar gemaak mag word nie. Ons sal egter alle kommentaar van belanghebbendes aan die publiek beskikbaar stel, alhoewel dit anoniem sal bly.**

**Let daarop dat slegs geregistreeerde belanghebbendes verdere korrespondensie sal ontvang. Ten spyte van voorsorgmaatreëls is daar verskeie e-posdiensverskaffers wat dalk u e-poskennisgewings as strooi-pos klassifiseer. Indien u wil registreer, voeg die volgende e-posadres by u kontakte om te verseker dat u toekomstige opdaterings oor hierdie projek kan ontvang:**

[REDACTED]

**Dear Stakeholder,**

**PRE-CONSULTATION: NOTICE OF ACCEPTANCE OF AN APPLICATION FOR PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION FOR PROSPECTING IN SEA CONCESSION AREA 10B, WESTERN AND NORTHERN CAPE.**

Trans-Atlantic Diamonds Pty (Ltd) (the 'Applicant') is applying for the right to prospect for diamonds in South African Sea Concession Area 10B along the Western and Northern Cape coast. In terms of the National Environmental Management Act (Act No. 107 of 1998), the Applicant is required to conduct a Basic Assessment of the process and associated potential impacts. They have subsequently appointed Anchor Environmental Consultants (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to assist with this process.

Interested and Affected Parties (I&APs) are hereby invited to register, review the Background Information Documents (this document) and submit any initial comments or concerns regarding the proposed project by email, post or telephone to the contact person **below before 23:59 on 24 June 2022.**

**We will also be visiting Kotzesrus on 7 June. If you have any queries or comments that you would like to discuss with us personally, we will be available on 7 June 2022 at the Kotzesrus Church Hall in Kotzesrus, Northern Cape, between 16:30 and 18:00. We will also be visiting Lepelsfontein on 7 June to speak to community members there.**

**Please note: This is NOT the official public Participation Process and meeting. We are only calling for any initial comment and input which can, alternatively, also be provided by means of email, post or telephonically. An official 30-day Public Participation Process and meeting will still be arranged and details communicated to stakeholders at a later stage.**

Should you be aware of any stakeholders that might be affected by this activity and which we should include on our contact list and invite to the open day and upcoming meetings, please send us their contact details or refer them to this email.

**Please do not hesitate to contact us should you have any questions concerning the proposed project or stakeholder consultation process.**

Thank you.  
Kind regards,
