Dear Nicholas

Please register CapeNature as a commenting authority for this application. Although we currently do not have the capacity to comment on the BID for this project, we would like to comment on the Draft Scoping Report when it is available.

In the interim, please keep on record and refer to our standard letter (attached) which outlines CapeNature's requirements for commenting on development applications.

Kind regards,
Alana

Good Afternoon Andrew,

Thank you for your response. Due to the timeframes imposed by the EIA Regulations 2014 we will be required to make the Scoping Report available for comment by the 11th of September 2015. Realistically we would need to get your comments by the 7th, or the 8th by the latest, to incorporate them into the Scoping Report.

Should you only be able to send your comments by the 14th, we would incorporate them into the revised Scoping Report which will be submitted to the Petroleum Agency of South Africa (PASA). Alternatively you can provide comment on the Scoping Report itself.

Dear Sir / Madam

The attached letter and Background Information Document (BID) provides information regarding the applications by Rhino Oil and Gas Exploration South Africa (Pty) Ltd ("Rhino") to undertake exploration activities for oil and gas in two exploration licence areas off the South-West Coast of South Africa.

In this regard, Rhino has lodged separate applications for Exploration Rights over each of these two areas with the Petroleum Agency of South Africa (PASA) in terms of Section 79 of the Mineral and Petroleum Resources Development Act, 2002 (No. 28 of 2002) (MPRDA), as amended.

A BID providing preliminary project details has been compiled and distributed for a 30-day comment period from **5 August to 7 September 2015** (which makes provision for the two public holidays in August). A copy of the BID is enclosed for your information.

If you or your organisation would like to register as an interested and affected party and/or wish to raise any initial issues or concerns regarding either of these application processes, please make use of the attached Registration and Response Form and forward it to our Mr Jeremy Blood (jeremy@ccaenvironmental.co.za) by **no later than 7 September 2015**.

Notice is also hereby given that an Information-sharing Meeting will be held in **Cape Town on 20 August 2015**. The purpose of this meeting is to provide a basic overview of the Exploration Rights applications and allow an opportunity to raise any issues or concerns. The details of this meeting are provided below:

Venue:	Two Oceans Aquarium, Dock Road, V&A Waterfront: The Auditorium
Time:	17h30

Should you have any queries in this regard please do not hesitate to contact Mr Jeremy Blood.

Yours sincerely

Dear Mr. Arnott,

Please register SANParks as an I&AP regarding this application.

The national parks West Coast National Park, Table Mountain National Park and Agulhas National Park of SANParks, their MPA's (current or future) and surrounds may be affected by this application.

To this end and to accommodate our commenting structures, kindly provide us with sets of bound hard copies and electronic copies of your application as set out below:

1. Ms Bulelwa Msengi – Park Manager Agulhas National Park: **1** set (1 set = 1 hard copy and 1 cd)
 - Po Box 120 L'Agulhas 7287
2. Ms Patricia Bopape – Park Manager Agulhas National Park: **1** set
 - PO Box 25, Langebaan, 7357

3. Ms. Ane Oosthuizen – National Marine Co-ordinator, SANParks: **1** set
 - PO Box 76693, N.M.M.U., 6031, Port Elizabeth
4. Mr. André Riley – Head: Planning & Environmental Coordination, SANParks: **1** set
 - PO Box 3542, Knysna, 6570
5. Ms. Marné van der Westhuizen – Principal Planner, Table Mountain National Park: **1** set
 - See our TMNP postal address below in my signature

I will be acting as our SANParks comment coordinator and your liaison on this application. Please register my details as your SANParks contact person.

Please also register as a second person as a contact in this regard: the TMNP Planning Manager, Mr. Mike Slayen (michael.slayen@sanparks.org) and copy him on all correspondence.

Dear Imraan and Jeremy,

Not sure if it's necessary since we received this email - but we'd like to officially register as IAPs for this project.

Further - this survey area, especially the inshore area is prime habitat for whales and dolphins. The animals in this area do follow the pattern of 'whale season' that is seen along the Cape south coast for right whales, with potentially large effects on survey timing and stoppages.

Although data for much of this area is relatively sparse - we'd be happy to help CCA in collating it and putting together a desktop study on the potential impacts on cetaceans in the area.

Regards,
Dr Simon Elwen, Dr Tess Gridley

RO01&02/Let-4Aug15

4 August 2015

Dear Sir / Madam

RHINO OIL AND GAS EXPLORATION SOUTH AFRICA - PROPOSED EXPLORATION ACTIVITIES IN TWO AREAS OFF THE SOUTH-WEST COAST OF SOUTH AFRICA (PASA REF NO'S: 12/3/292 ER AND 12/3/293 ER): PROJECT NOTIFICATION AND AVAILABILITY OF BACKGROUND INFORMATION DOCUMENT

This letter and attached Background Information Document (BID) provides information of the applications by Rhino Oil and Gas Exploration South Africa (Pty) Ltd ("Rhino") to undertake exploration activities for oil and gas in two exploration licence areas off the South-West Coast of South Africa.

In this regard, Rhino has lodged separate applications for Exploration Rights over each of these two areas with the Petroleum Agency of South Africa (PASA) in terms of Section 79 of the Mineral and Petroleum Resources Development Act, 2002 (No. 28 of 2002) (MPRDA), as amended.

In terms of Section 79 of the MPRDA, a requirement for obtaining an Exploration Right is that the applicant must comply with Chapter 5 of the National Environmental Management Act, 1998 (No. 107 of 1998) (NEMA), as amended, with regards to consultation and reporting. In terms of NEMA, the proposed project requires Environmental Authorisation as it triggers Activity 18 in Listing Notice 2 (GN No. R984). As such a Scoping and Environmental Impact Assessment (hereafter termed "SEIA") process must be undertaken in terms of the EIA Regulations 2014. Rhino has appointed CCA Environmental (Pty) Ltd (CCA) to undertake two separate SEIA processes (one per application) to meet the relevant requirements of both the MPRDA and NEMA.

A BID providing preliminary project details has been compiled and distributed for a 30-day comment period from **5 August to 7 September 2015** (which makes provision for the two public holidays in August). A copy of the BID is enclosed for your information.

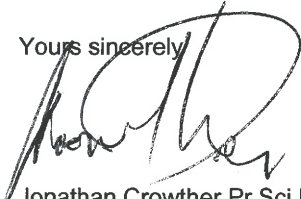

If you or your organisation would like to register as an interested and affected party and/or wish to raise any initial issues or concerns regarding either of these application processes, please make use of the attached Registration and Response Form and forward it to our Mr Jeremy Blood (jeremy@ccaenvironmental.co.za) by **no later than 7 September 2015**.

Notice is also hereby given that an Information-sharing Meeting will be held in **Cape Town on 20 August 2015**. The purpose of this meeting is to provide a basic overview of the Exploration Rights applications and allow an opportunity to raise any issues or concerns. The details of this meeting are provided below:

Hi Jeremy,

Saw your ad in the newspaper this morning regarding the drilling for gas project you're working on in the West Coast.

Please avoid any use of fracking in order to attain the gas. You probably are already aware of the incredible damage this does but if not you can watch the documentary 'Gas Land' to see.

concerned citizen,
Graeme Morgan

Both:

1. The impact of low frequency sounds on fish. Research indicates negative impacts at sound levels >180db. Noise impacts can cause physical damage, physiological stress and auditory masking resulting in spatial deterrence and other behavioral modifications. Physical damage includes capillary rupture, neurotrauma, eye hemorrhage and swim bladder rupture. Negative impact on fish resources (pelagic and sedentary) will have knock-on impacts for the recreational fishery.
2. Impact on recreational ski-boat fishery due to exclusion from survey area (safety zones) during survey period.
3. Long-term impact on recreational ski-boat fishery if mining goes ahead, e.g. permanent rigs that exclude fishing vessels from operating in their vicinity, and structures located on existing popular fishing grounds.

Please include Mr John Pledger from SACRAA on your IAP mailing list as well (jpledger@iafrica.com).

Thank-you

Dr Aidan Wood

Dear Jeremy

In response to an invitation from CCA Environmental (Pty) Ltd Consulting, for registration as an interested and affected party in relation to the Rhino Oil and Gas Exploration South Africa's activities off the South-West Coast of South Africa, I hereby attach our registration form for your records.

Further to the above, please note that it our intention to be presented at the scheduled information-sharing meeting on the 20th of August 2015.

Kindly alert me should there be any further information to be provided and we look forward to receiving further information as and when it becomes available.

Kind regards

Rhino Oil and Gas Exploration South Africa

Proposed Exploration Activities off the West Coast of South Africa

The attached letter and Background Information Document (BID) provides information regarding the applications by Rhino Oil and Gas Exploration South Africa (Pty) Ltd ("Rhino") to undertake exploration activities for oil and gas in two exploration licence areas off the South-West Coast of South Africa. In this regard, Rhino has lodged separate applications for Exploration Rights over each of these two areas with the Petroleum Agency of South Africa (PASA) in terms of Section 79 of the Mineral and Petroleum Resources Development Act, 2002 (No. 28 of 2002) (MPRDA), as amended.

A BID providing preliminary project details has been compiled and distributed for a 30-day comment period from **5 August to 7 September 2015** (which makes provision for the two public holidays in August). A copy of the BID is enclosed for your information.

If you or your organisation would like to register as an interested and affected party and/or wish to raise any initial issues or concerns regarding either of these application processes, please make use of the attached Registration and Response Form and forward it to our Mr Jeremy Blood (jeremy@ccaenvironmental.co.za) by no later than 7 September 2015.

Notice is also hereby given that an Information-sharing Meeting will be held in Cape Town on 20 August 2015. The purpose of this meeting is to provide a basic overview of the Exploration Rights applications and allow an opportunity to raise any issues or concerns. The details of this meeting are provided below:

Venue: Two Oceans Aquarium, Dock Road, V&A Waterfront: The Auditorium

Time: 17h30

Should you have any queries in this regard please do not hesitate to contact Mr Jeremy Blood.

Hello Jeremy,

Thank you very much, appreciate your feedback.

We have also contacted Rhino Oil & Gas Exploration SA to offer our local services as, besides being well experienced in these projects, we have the local representation situated in both Cape Town and Struisbaai.

Thank you and take care,

Anne

RO01&02/Let-4Aug15

4 August 2015

Dear Sir / Madam

RHINO OIL AND GAS EXPLORATION SOUTH AFRICA - PROPOSED EXPLORATION ACTIVITIES IN TWO AREAS OFF THE SOUTH-WEST COAST OF SOUTH AFRICA (PASA REF NO'S: 12/3/292 ER AND 12/3/293 ER): PROJECT NOTIFICATION AND AVAILABILITY OF BACKGROUND INFORMATION DOCUMENT

This letter and attached Background Information Document (BID) provides information of the applications by Rhino Oil and Gas Exploration South Africa (Pty) Ltd ("Rhino") to undertake exploration activities for oil and gas in two exploration licence areas off the South-West Coast of South Africa.

In this regard, Rhino has lodged separate applications for Exploration Rights over each of these two areas with the Petroleum Agency of South Africa (PASA) in terms of Section 79 of the Mineral and Petroleum Resources Development Act, 2002 (No. 28 of 2002) (MPRDA), as amended.

In terms of Section 79 of the MPRDA, a requirement for obtaining an Exploration Right is that the applicant must comply with Chapter 5 of the National Environmental Management Act, 1998 (No. 107 of 1998) (NEMA), as amended, with regards to consultation and reporting. In terms of NEMA, the proposed project requires Environmental Authorisation as it triggers Activity 18 in Listing Notice 2 (GN No. R984). As such a Scoping and Environmental Impact Assessment (hereafter termed "SEIA") process must be undertaken in terms of the EIA Regulations 2014. Rhino has appointed CCA Environmental (Pty) Ltd (CCA) to undertake two separate SEIA processes (one per application) to meet the relevant requirements of both the MPRDA and NEMA.

A BID providing preliminary project details has been compiled and distributed for a 30-day comment period from **5 August to 7 September 2015** (which makes provision for the two public holidays in August). A copy of the BID is enclosed for your information.

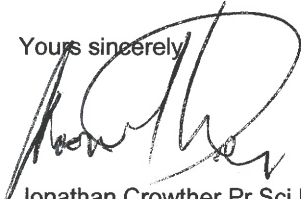

If you or your organisation would like to register as an interested and affected party and/or wish to raise any initial issues or concerns regarding either of these application processes, please make use of the attached Registration and Response Form and forward it to our Mr Jeremy Blood (jeremy@ccaenvironmental.co.za) by **no later than 7 September 2015**.

Notice is also hereby given that an Information-sharing Meeting will be held in **Cape Town on 20 August 2015**. The purpose of this meeting is to provide a basic overview of the Exploration Rights applications and allow an opportunity to raise any issues or concerns. The details of this meeting are provided below:

Venue:	Two Oceans Aquarium, Dock Road, V&A Waterfront: The Auditorium

Inshore licence area:

Offshore licence area:

Both:

[BirdLife South Africa would like to request that CCA Environmental \(PTY\) LTD cooperate with the Department of Agriculture, Forestry and Fisheries to set up an experimental procedure to assess the impact of seismic surveys on fish populations.](#)

[Ideally a pre- and post-survey assessment should be conducted to determine the effects on fish stocks in the survey area.](#)

[This assessment will be important for both the fishery sector and seabird and other marine predators.](#)

Do you or your organisation have any issues or concerns regarding the proposed exploration activities? If yes, please provide details below:

Inshore licence area:

Offshore licence area:

Both:

We represent about 40% of the active Tuna Pole fishing concerns as well as a few of the long line fishing concerns and our activities take place in both areas. This activity may directly affect our activities and will certainly affect fish movement and stocks.
