Attention: Alicia De Swart

**NOTIFICATION OF ENVIRONMENTAL IMPACT ASSESSMENT (EIA) PROCESS FOR THE  
PROPOSED UPGRADE OF THE SOUTH AFRICA POLICE TRAINING FACILITY VERDRAG,  
NEAR THABAZIMBI LOCAL MUNICIPALITY**

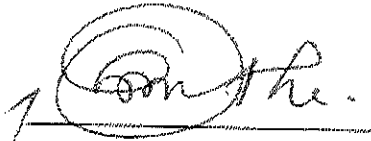

Your letter dated 11 June 2012 with reference: [NEAS REF: DEA / EIA/ 0001130/2012 AND 14/12/16/3/3/38].

We hereby acknowledge receipt of notification of the EIA Process report of the above proposed development in Thabazimbi Local Municipality. The site inspection was conducted in the area after careful consideration the land development application has been approved by Limpopo development tribunal due to the life span of the DFA 67 of 1995 Legislation, the tribunal approved the application subjected to other studies including EIA.

The proposed Land development area application is consistent with the municipality's SDF's and policies in this regard. Waterberg District Municipality is recommends the approval of EIA due to the approval of Land development application ( Township Establishment) by Limpopo Development Tribunal .

Hope you will find the above to be in order and please do not hesitate to contact the Municipality for further enquiries.

Regards

ANY PRELIMINARY COMMENTS (NEMENEMWA MULA)

1) I am acting on behalf of Kliprivier BesigheidsTrust as trustee.  
I am totally against any development and/or enlargement of activities on or related to Verdrag for the following reasons:  
1) Verdrag has been known to have been responsible for veldfires in the past.  
Annual Reports of veldfires started as a result of training at Verdrag has been recorded. More people who are trained will definitely lead to more veldfires.  
2) Fire roads and borders of Verdrag is not up to standard to protect neighbouring farms against veldfires coming from Verdrag.  
3) The shooting range is too close to Skilpadkop - again risk of veldfire spreading.  
4) Presently the main road is not properly maintained by the municipality.  
5) Verdrag trainees do not consider people in the community - i.e. speeding on the roads, a refusal to belong to other organisations in community eg. FPA.

**Attachments:** site layout.pdf

Dear Dr Oberem,

Attached please find a pdf file of the preliminary site layout indicating the proposed as well as existing training camps and facilities. (The labeled position should be readable when enlarging to 100%.)

When the draft scoping report is made available for comment we will either organize an open day for interested and affected parties to attend or alternatively we will hold a focus group meeting with registered stakeholders to discuss concerns from the landowners. We shall notify you once the draft scoping report becomes available which will contain a lot more detail regarding the proposal and approximately 2 weeks after that the Focus Group / Open Day will be held.

Kind regards

**Alicia de Swardt**

Thanks Alicia

These are much better:

- Do you think that you can now just label what the existing and proposed new developments are on the marked places on the map

This will help a lot

- Will it be possible for someone from your office to be able to visit our property (am immediate

2012/06/11

neighbour) and then see what will be in clear view from our lodge and thus be problematic (if anything)  
Kind regards and thanks for the help

**Subject:** EIA SAPT facility Verdrag

Dear Alicia

My name is Dr Peter Thomas Oberem

I am one of the owners of Dabchick Wildlife Reserve the game ranch on the eastern border of Verdrag

My telephonic contact is +27828216577

You may use either contacts but I would prefer the e-mail for documentation (record keeping)

Although we are Verdrag's immediate neighbour I recently received the notification via an indirect route. I would like you in future to deal directly with me as the neighbour.

As you would understand from the fact that we are a wildlife reserve, we as a game ranch obtain our income and ROI from the sense of place. i.e. the wild, peaceful bush atmosphere. This issue is thus of major importance to us. We would therefore very much appreciate

1. Being well informed
2. Being able to give our inputs
3. Being able to discuss the developments one on one with you (and/or your team)

We are not necessarily anti the developments and would truly like to find a win-win in this situation

Counting on your co-operation

Regards

PS the maps and info we have are of poor quality so we are unable to evaluate the full intention

*Peter Oberem*

## Interdesign
