Subject: Naledzi: EIA Study for Prospecting Right Application (Gumbu/Madimbo area)

Good day Garth,

Our telephonic conversation refers.

We have been appointed by SAMIN Group Pty Ltd to conduct an EIA Study for a Prospecting Right Application with bulk sampling on unsurveyed stated owned land 440MT and 442MT located at Gumbu. See attached Google image.

The proposed PR area, as per the map, is just east of the KNP Far North Section area of Pafuri/ Makuleke Wilderness Concession.

Although its only a PR application and not a mining application, we would like to inform the KNP of the application which has been lodged by SAMIN to the Department of Mineral Resources: Limpopo Office.

Can you assist by providing the correct contact person which we are to consult with in this regard as part of our Public Participation Process for the EIA Study?

Your assistance would be appreciated.

Regards,

Marissa Botha

Dear Interested and Affected Party (I&AP) / Stakeholder,

An application for a Prospecting Right with bulk sampling has been lodged to the Department of Mineral Resources: Limpopo Office (DMR) by SAMIN Group Pty Ltd. The application was lodged on 22 November 2017.

The applicant intends to prospect for various minerals of Brytes, Chrome ore, Coal, Cobalt, Copper ore, Diamond, Gold ore, Graphite, Iron Ore and Nickel ore with focus on Graphite. Prospecting will be carried out over the farms 'unsurveyed state owned land 440MT & 442MT located in the area of Gumbu in the jurisdiction of Musina Local Municipality in the District of Mopani and Vhembe in the Limpopo Province of South Africa. The prospecting area is vast and has an extent of 42628 hectares.

Naledzi Environmental Consultants CC has been appointed to carry out the Scoping and Environmental Impact Assessment (EIA) Process including the public participation process in support of the Prospecting Right Application.

You are herewith invited to register as an I&APs on the project database, submit any comments or issues, and review the Scoping Report available for public review from 12 January 2018 until 12 February 2018. More information is attached to give detail on the application, process being followed and how you can participate in the process.

Please refer to the following attached documents for more information;

- Stakeholders Notification Letter
- Background Information Document
- Comments & Registration Form to be completed if you wish to register and or submit comments - please ensure that you register and submit comments on or before 12 February 2018.
- Locality Map
- draft Scoping Report available for public review until 12 February 2018 (will be sent in the next email)

Please do not hesitate to contact our office if you require further information.

NOTIFICATION OF AN EIA PROCESS IN SUPPORT OF A PROSPECTING RIGHT APPLICATION WITH BULK SAMPLING AND AVAILABILITY OF DRAFT SCOPING REPORT FOR PUBLIC REVIEW

DMR REF: LP30/5/1/1/2/13050 EM

SAMIN GROUP PTY LTD has lodged an application to the Department of Mineral Resources for a prospecting right with bulk sampling in terms of Section 16 & 20 of the Mineral and Petroleum Resources Development Act, 28 of 2002 (MPRDA).

The applicant intends to prospect for various minerals of Brytes, Chrome ore, Coal, Cobalt, Copper ore, Diamond, Gold ore, Graphite, Iron Ore and Nickel ore. Prospecting will be carried out over the farms 'unsurveyed state-owned land 440MT & 442MT' in the area of Gumbu in the jurisdiction of Musina Local Municipality in the District of Mopani and Vhembe in the Limpopo Province of South Africa.

The company is also required to obtain Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA) in support of its prospecting right and has accordingly submitted an application for environmental authorisation to the DMR on 22 November 2017. The application is subject to a Scoping and EIA Process in accordance with the NEMA EIA Regulations of 2014.

Naledzi Environmental Consultants CC has been appointed by SAMIN, as the independent environmental consultant, to undertake the EIA process and public participation process in terms of the current EIA Regulations. As part of the process, we are required to inform Interested and Affected Parties (I&APs) about the project to solicit their views, comments and recommendations on the application.

The applicant intends to prospect for various minerals of Brytes, Chrome ore, Coal, Cobalt, Copper ore, Diamond, Gold ore, Graphite, Iron Ore and Nickel ore. Prospecting will be carried out over the farms 'unsurveyed state-owned land 440MT & 442MT' in the area of Gumbu in the jurisdiction of Musina Local Municipality in the District of Mopani and Vhembe in the Limpopo Province of South Africa.

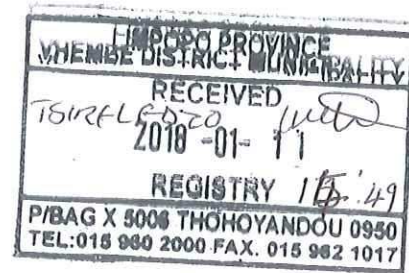

The company is also required to obtain Environmental Authorisation (EA) in terms of the National Environmental Management Act 107 of 1998 (NEMA) in support of its prospecting right and has accordingly submitted an application for environmental authorisation to the DMR on 22 November 2017. The application is subject to a Scoping and EIA Process in accordance with the NEMA EIA Regulations of 2014.

Naledzi Environmental Consultants CC has been appointed by SAMIN, as the independent environmental consultant, to undertake the EIA process and public participation process in terms of the current EIA Regulations. As part of the process, we are required to inform Interested and Affected Parties (I&APs) about the project to solicit their views, comments and recommendations on the application.

Description of the prospecting activities to be undertaken:
