Dear Constance.

Please note that you have been allocated an application:

Type of Application: Pre-Application Meeting Request;
Reference Number: 2020-12-0013;
Date Received: 10/12/2020;
Action Required: Decide on meeting request.

Kindly let Ephron know which date the meeting is to be held, if it will be set.

*EAP/Applicant: please use this reference number when submitting the application for EA/amendment application (page 1 of the application form), as well as attach the approved PP Plan if the application requires a PP process.

EIA Applications

Subject: Request for Pre-App Meeting for BA process for 132kV Power Lines between Authorised Loeriesfontein 3 PV Solar Energy Facility and Authorised Dwarsrug Wind Energy Facility, and from Dwarsrug Wind Energy facility to Authorised Narosies Sub, Northern Cape
Importance: High

To whom it may concern,

Please find attached an electronic copy of the Pre-Application Meeting Request Form for the Basic Assessment (BA) process for the Proposed Construction of 132kV Power Lines between the Authorised Loeriesfontein 3 PV Solar Energy Facility and the Authorised Dwarsrug Wind Energy Facility, and from the Dwarsrug Wind Energy facility to the Authorised Narosies Substation, Located near Loeriesfontein in the Hantam Local Municipality, Namakwa District in the Northern Cape Province of South Africa.

Please be advised that the **primary aim of this pre-application meeting is to discuss the Public Participation Plan (PPP) which will form part of the BA process and subsequently have this approved by the Department.** There are no specific issues related to the BA process which SiVEST would like to discuss and therefore a pre-application meeting is not really necessary. We however require the Public Participation Plan (PPP), and subsequently the public participation process, which will form part of the BA process to be approved by the Department. This is mentioned in the Agenda (see attached).

We trust you will find everything is in order.

Your earliest possible response will be greatly appreciated.

Regards,

Stephan Jacobs

Dear Michelle

This email serves as acknowledgement of receipt of your pre-app request. The Department also notes that you do not require the meeting as there are no specific issues related to the BA process which SiVEST would like to discuss.

The Department will review the pp plan and advise accordingly.

Please take note of the closure timeframes as in the attached document.

Good Afternoon Constance,

I trust you are well.

The emails below refer.

Please be advised that there are no specific issues related to the amendment process which SiVEST would like to discuss and therefore a pre-application meeting is not really necessary. We however require the Public Participation Plan (PPP), and subsequently the public participation process, which will form part of the BA process to be approved by the Department.

Therefore, can SiVEST forward you the PPP which we have compiled for review and approval? See attached.

We have application for EA and Draft BA Report ready to submit and need to submit before 16:00 (before online portal closes). Would you be able to review the document and provide feedback before then??

Apologies for the short notice but we only just receive feedback from your Department regarding this.

Your earliest possible response will be greatly appreciated.

Thanks and Kind Regards,

Stephan Jacobs

Subject: RE: Request for Pre-App Meeting for BA process for 132kV Power Lines between Authorised Loeriesfontein 3 PV Solar Energy Facility and Authorised Dwarsrug Wind Energy Facility, and from Dwarsrug Wind Energy facility to Authorised Narosies Sub, Northern Cap

Importance: High

Good Afternoon Constance,

I trust you are well.

The emails below refer.

Please be advised that there are no specific issues related to the amendment process which SiVEST would like to discuss and therefore a pre-application meeting is not really necessary. We however require the Public Participation Plan (PPP), and subsequently the public participation process, which will form part of the BA process to be approved by the Department.

Therefore, can SiVEST forward you the PPP which we have compiled for review and approval? See attached.

We have application for EA and Draft BA Report ready to submit and need to submit before 16:00 (before online portal closes). Would you be able to review the document and provide feedback before then??

Apologies for the short notice but we only just receive feedback from your Department regarding this.

Your earliest possible response will be greatly appreciated.

Thanks and Kind Regards,

Stephan Jacobs
Environmental Consultant
SiVEST Environmental Division

Dear Constance.

Please note that you have been allocated an application:

Type of Application: Pre-Application Meeting Request;

Reference Number: 2020-12-0013;

Date Received: 10/12/2020;

Action Required: Decide on meeting request.

Kindly let Ephron know which date the meeting is to be held, if it will be set.

*EAP/Applicant: please use this reference number when submitting the application for EA/amendment application (page 1 of the application form), as well as attach the approved PP Plan if the application requires a PP process.

EIA Applications

Subject: Request for Pre-App Meeting for BA process for 132kV Power Lines between Authorised Loeriesfontein 3 PV Solar Energy Facility and Authorised Dwarsrug Wind Energy Facility, and from Dwarsrug Wind Energy facility to Authorised Narosies Sub, Northern Cape

Importance: High

To whom it may concern,

Please find attached an electronic copy of the [Pre-Application Meeting Request Form](#) for the Basic Assessment (BA) process for the Proposed Construction of 132kV Power Lines between the Authorised Loeriesfontein 3 PV Solar

Energy Facility and the Authorised Dwarsrug Wind Energy Facility, and from the Dwarsrug Wind Energy facility to the Authorised Narosies Substation, Located near Loeriesfontein in the Hantam Local Municipality, Namakwa District in the Northern Cape Province of South Africa.

Please be advised that the **primary aim of this pre-application meeting is to discuss the Public Participation Plan (PPP) which will form part of the BA process and subsequently have this approved by the Department.** There are no specific issues related to the BA process which SiVEST would like to discuss and therefore a pre-application meeting is not really necessary. We however require the Public Participation Plan (PPP), and subsequently the public participation process, which will form part of the BA process to be approved by the Department. This is mentioned in the Agenda (see attached).

We trust you will find everything is in order.

Your earliest possible response will be greatly appreciated.
