Required Attendees:

Dear Delegates

TotalEnergies Exploration and Production South Africa (TEEPSA) is in the process of applying for a Production Right and Environmental Authorisation (EA) to allow for the development and production of hydrocarbons in Licence Block 11B/12B. The Block is located offshore from the Southern Cape coast, approximately 120 km from Mossel Bay. The Production Right and EA application is being done in terms of the Minerals and Petroleum Resources Development Act, 2002 (MPRDA: Act 28 of 2002), the National Environmental Management Act, 1998 (NEMA: Act 107 of 1998) as well as, the Environmental Impact Assessment Regulations, 2014, as amended.

WSP Group Africa (Pty) Ltd has been appointed by TotalEnergies EP South Africa (TEEPSA) as the independent Environmental Assessment Practitioner to undertake the Environmental and Social Impact Assessment and public participation processes.

The official notification of the proposed project, Environmental and Social Impact Assessment and public participation process will be launched on the 1st of December 2022.

TEEPSA and WSP cordially invite the Garden Route District Municipality and representatives of relevant departments of the Local Municipalities within its jurisdiction to an introductory virtual meeting, as follows:

Date: Monday, 5 December 2022

Time: 10:00 am – 12:00 pm

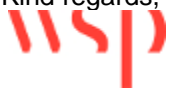

Platform: MS Teams

The objectives of the introductory meeting will be to:

- Introduce TEEPSA's proposed offshore Block 11B/12B development project.
- Introduce the Environmental and Social Impact Assessment (ESIA) process that is being undertaken to support TEEPSA's proposed Production Right and EA process.
- Create understanding of the different components that form part of an offshore Production Right application project.
- For the District and Local Municipalities to identify potential issues of concern and impacts that should be considered in the ESIA as well as provide input regarding the best ways of mobilising Interested and Affected Parties (I&APs) in the proposed project area to attend public meetings being planned for early 2023.

We look forward to meeting with you.

Many thanks.
Kind regards,

Dear Delegates

TotalEnergies Exploration and Production South Africa (TEEPSA) is in the process of applying for a Production Right and Environmental Authorisation (EA) to allow for the development and production of hydrocarbons in Licence Block 11B/12B. The Block is located offshore from the Southern Cape coast, approximately 120 km from Mossel Bay. The Production Right and EA application is being done in terms of the Minerals and Petroleum Resources Development Act, 2002 (MPRDA: Act 28 of 2002), the National Environmental Management Act, 1998 (NEMA: Act 107 of 1998) as well as, the Environmental Impact Assessment Regulations, 2014, as amended.

WSP Group Africa (Pty) Ltd has been appointed by TotalEnergies EP South Africa (TEEPSA) as the independent Environmental Assessment Practitioner to undertake the Environmental and Social Impact Assessment and public participation processes.

The official notification of the proposed project, Environmental and Social Impact Assessment and public participation process was launched on the 1st of December 2022. The public review period will be closing on Friday 03 February 2023.

TEEPSA and WSP cordially invite the Sarah Baartman District Municipality and representatives of relevant departments of the Local Municipalities within its jurisdiction to an introductory virtual meeting, as follows:

Date: Tuesday 10 January 2023

Time: 10h00 am - 12h00 pm

Platform: MS Teams

RSVP: Please respond to this invitation by accepting/rejecting the online MS Teams meeting request by Monday 9 January 2023.

The objectives of the introductory meeting will be to:

- Introduce TEEPSA's proposed offshore Block 11B/12B development project.

- Introduce the Environmental and Social Impact Assessment (ESIA) process that is being undertaken as part of TEEPSA's proposed Production Right and EA process.
- Create understanding of the different components that form part of an offshore Production Right application project.
- For the District and Local Municipalities to identify potential issues of concern and impacts that should be considered in the ESIA as well as provide input regarding the best ways of mobilising Interested and Affected Parties (I&APs) in the proposed project area to attend public meetings being planned for early 2023.

As agreed, we will appreciate it if you could circulate or forward this meeting invitation to representatives from the Local Municipalities (especially the coastal Local Municipalities) within the Sarah Baartman District Municipality's jurisdiction.

We look forward to meeting with you.

15 December 2022

Dear Stakeholder,

Invitation to a Focus Group Meeting with Commercial, Recreational and Aquaculture Fishing Industry:

Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Application for Block 11B/12B by TotalEnergies EP South Africa B.V.

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of, the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to better understand issues, concerns and questions that are particularly relevant to the fishing industry. Furthermore, early engagement with the fishing industry sector is critical for the EAP to understand the extent to which industry-specific concerns must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the commercial, recreational and aquaculture fishing industry, as follows:

Date: Wednesday, 18 January 2023

Time: 10h00 am – 12h00 pm

Platform: MS Teams

RSVP: Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Tuesday 17 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA process, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the fishing industry regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application area.

Building 1
Maxwell Office Park, Magwa Crescent West, Waterfall City
Midrand, 1685
South Africa

T: +27 11 254 4800
wsp.com

- For the fishing industry to share any data, information, or findings of research studies by the industry that could inform and should be considered in the S&EIA specialist studies. This information could include, for example, practical protocols, procedures, and mechanisms that should be incorporated into the Environmental Management Programme and that should be implemented by TEEPSA, if the PR and EA are granted.

You are welcome to pass on this invitation to relevant representatives or experts in your organisation, association or industry based on your knowledge of the industry, or if you are not able to attend the online focus group meeting.

You can also attend any of the public meetings that will be convened in January 2023 as part of the Scoping phase of the S&EIA. Should you not be able to attend any of the consultation meetings, please submit your comments to the WSP Public Participation Office:

Public comment period:

We would like to remind you that the public review period of the Draft Scoping Report will close on **Friday 03 February 2023**. In addition, the Non-Technical Summary of the Draft Scoping Report is available on the abovementioned websites and can be downloaded in English, isiXhosa, and Afrikaans. An audio recording of the Non-Technical Summary of the Draft Scoping Report is also available in English, isiXhosa, and Afrikaans on the websites.

Please feel free to contact the WSP Public Participation Office should you have any questions or would like to obtain more information.

We look forward to your participation in this project and hope to meet with you at this focus group meeting.

Kind regards,

WSP Public Participation Office

Subject: Invitation to a Focus Group Meeting with Commercial Fishers / Aquaculture / Recreational Fishers: Scoping and Environmental Impact Assessment (S&EIA) process for proposed offshore Production Right and EA Application for Block 11B/12B by TotalEnergies

Location: Microsoft Teams Meeting

Start: Wed 2023/01/18 10:00
End: Wed 2023/01/18 12:00

Recurrence: (none)

Meeting Status: Meeting organizer

Organizer: ZA - GLD - Teepsa Esia

Optional Attendees:

Dear Stakeholder

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of, the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to better understand issues, concerns and questions that are particularly relevant to the fishing industry. Furthermore, early engagement with the fishing industry sector is critical for the EAP to understand the extent to which industry-specific concerns must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the commercial, recreational and aquaculture fishing industry, as follows:

Date: Wednesday, 18 January 2023

Time: 10h00 am – 12h00 pm

Platform: MS Teams

RSVP: Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Tuesday 17 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA process, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the fishing industry regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application area.
- For the fishing industry to share any data, information, or findings of research studies by the industry that could inform and should be considered in the S&EIA specialist studies. This information could include, for

example, practical protocols, procedures, and mechanisms that should be incorporated into the Environmental Management Programme and that should be implemented by TEEPSEA, if the PR and EA are granted.

You are welcome to pass on this invitation to relevant representatives or experts in your organisation, association or industry based on your knowledge of the industry, or if you are not able to attend the online focus group meeting.

You can also attend any of the public meetings that will be convened in January 2023 as part of the Scoping phase of the S&EIA. Should you not be able to attend any of the consultation meetings, please submit your comments to the WSP Public Participation Office:

15 December 2022

Dear Stakeholder,

Invitation to a Focus Group Meeting with Small-Scale Fishers and Cooperatives:
Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Application for Block 11B/12B by TotalEnergies EP South Africa B.V.

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of, the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to better understand issues, concerns and questions that are particularly relevant to Small-Scale Fishers and Cooperatives. Furthermore, early engagement with the Small-Scale fishing industry is critical for the EAP to understand the extent to which industry-specific concerns must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the Small-Scale Fishers and Cooperatives, as follows:

- Date:** **Wednesday, 18 January 2023**
- Time:** **13h30 – 15h30**
- Platform:** **MS Teams**
- RSVP:** **Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Tuesday 17 January 2023.**

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA process, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the Small-Scale fishing industry regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application Area.
- For the Small-Scale fishing industry to share any data, real-time information, or findings of research studies by the Small-Scale fisher industry or other organisations that are undertaking research about any aspects of the Small-Scale fisher industry that could inform and should be considered in the S&EIA specialist studies. This information could include, for example, but is not limited to the following:

Building 1
Maxwell Office Park, Magwa Crescent West, Waterfall City
Midrand, 1685
South Africa

T: +27 11 254 4800
wsp.com

- whether co-operatives have been established in your Province;
- how co-operatives collaborate, e.g., is there currently systems in place that enable inter-provincial collaboration between co-operatives;
- how do members participate economically in the co-operatives;
- how and what kind of educational training is taking place in the sector;
- how grievances are managed within the Small-Scale fishing sector;
- how Small-Scale fishers deal with safety at sea;
- how access to fishing grounds is currently impacted by factors like climate change or natural disasters, cultural heritage and trade,
- what plans are Small-Scale fishers putting in place to secure a sustainable future.

It is important for the EAP to consider all available and relevant information to the proposed project in the S&EIA so that it can be incorporated into the specialist studies.

You are welcome to pass on this invitation to relevant representatives or experts in your organisation, association or industry based on your knowledge of the industry, or if you are not able to attend the online focus group meeting.

You can also attend any of the public meetings that will be convened in January 2023 as part of the scoping phase of the S&EIA. Should you not be able to attend any of the consultation meetings, please submit your comments to the WSP Public Participation Office in any of the following ways:

WSP Group Africa (Pty) Ltd, PO Box 6001, Halfway House, 1685

15 December 2022

Dear Stakeholder,

Invitation to a Focus Group Meeting with Research Institutions: Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Application for Block 11B/12B by TotalEnergies EP South Africa B.V.

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of, the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to gain insight into research studies that are being undertaken, planned, or findings of studies that have been done that may be related to potential impacts of offshore development projects, as well as gaps that still exist. Furthermore, early engagement with Research Institutions is critical for the EAP to understand the extent to which specific concerns that are related to the proposed project must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the Research Institutions industry, as follows:

- Date:** Thursday, 19 January 2023
- Time:** 10h00 – 12h00
- Platform:** MS Teams
- RSVP:** Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Wednesday 18 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that forms part of the proposed PR and EA process, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the Research Industry regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application Area.

- For the Research Industry to share any data, information, or findings of research studies by the Research Industry that could inform and should be considered in the S&EIA specialist studies. This information could include, for example, but is not limited to the following:
 - Transformation of the Small-Scale Fishing sector in South Africa.
 - Cultural, heritage and historical importance of the ocean in the daily lives of coastal communities, sites of said importance to the coastline along the proposed project area and other factors that should be considered.
 - The future role of ocean economics, sustainability, food security and biodiversity conservation in the project area and factors that should be considered.

It is important for the EAP to consider all available and relevant information to the proposed project in the S&EIA so that it can be incorporated into the specialist studies.

You are welcome to pass on this invitation to relevant representatives or experts in your organisation, association or industry based on your knowledge of the industry or relevant research, or if you are not able to attend the online focus group meeting.

You can also attend any of the public meetings that will be convened in January 2023 as part of the Scoping phase of the S&EIA. Should you not be able to attend any of the consultation meetings, please submit your comments to the WSP Public Participation Office in any of the following ways:

15 December 2022

Dear Stakeholder,

Invitation to a Focus Group Meeting with the Business and Tourism Industry: Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Application for Block 11B/12B by TotalEnergies EP South Africa B.V.

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to gain insight into current and future business feasibility studies or projects, and tourism initiatives along the coast in the proposed project area, and findings of studies undertaken. Furthermore, early engagement with the business and tourism industry is critical for the EAP to understand the extent to which specific concerns that are related to the proposed project must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the Business and Tourism industry, as follows:

Date: Thursday, 19 January 2023
Time: 13h30 – 15h30
Platform: MS Teams
RSVP: Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Wednesday 18 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA project, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the business and tourism industry regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application area.
- For the business and tourism industry to share any data, information, results of feasibility studies or business and tourism plans that could inform and should be considered in the S&EIA specialist

Dear Stakeholder

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to gain insight into current and future business feasibility studies or projects, and tourism initiatives along the coast in the proposed project area, and findings of studies undertaken. Furthermore, early engagement with the business and tourism industry is critical for the EAP to understand the extent to which specific concerns that are related to the proposed project must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the Business and Tourism industry, as follows:

Date: Thursday, 19 January 2023

Time: 13h30 – 15h30

Platform: MS Teams

RSVP: Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Wednesday 18 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA project, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the business and tourism industry regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application area.
- For the business and tourism industry to share any data, information, results of feasibility studies or business and tourism plans that could inform and should be considered in the S&EIA specialist studies. It is important for the EAP to consider all available and relevant information to the proposed project in the S&EIA so that it can be incorporated into the specialist studies.

You are welcome to pass on this invitation to relevant representatives or experts in your organisation, association or industry based on your knowledge of the industry or relevant research, or, if you are not able to attend the online focus group meeting.

You can also attend any of the public meetings that will be convened in January 2023 as part of the scoping phase of the S&EIA. Should you not be able to attend any of the consultation meetings, please submit your comments to the WSP Public Participation Office in any of the following ways:

WSP Group Africa (Pty) Ltd, PO Box 6001, Halfway House, 1685

Tel: +27 (0) 11 254 4800, or

WhatsApp: 076 694 3842

Fax: +27 (0) 11 315 0317

Email: teepsaEIA@WSP.com / gld.teepsaesia@wsp.com

Download information from the data-free website at: <https://wsp-engage.com/Total-11B12B/>

Public comment period:

We would like to remind you that the public review period of the Draft Scoping Report will close on **Friday 03 February 2023**. In addition, the Non-Technical Summary of the Draft Scoping Report is available on the abovementioned websites and can be downloaded in English, isiXhosa, and Afrikaans. An audio recording of the Non-Technical Summary of the Draft Scoping Report is also available in English, isiXhosa, and Afrikaans on the websites.

Please feel free to contact the WSP Public Participation Office should you have any questions or would like to obtain more information.

We look forward to your participation in this project and hope to meet with you at this focus group meeting.

Kind regards,

WSP Public Participation Office

15 December 2022

Dear Stakeholder,

Invitation to a Focus Group Meeting with First Nations/Indigenous Peoples: Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Application for Block 11B/12B by TotalEnergies EP South Africa B.V.

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a regulatory notification letter about the proposed project, as well as an invitation to, and notification of the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to understand the views, perspectives, local knowledge, communal customs, and practices of First Nations and Indigenous Peoples who live in the area along the coast of the proposed project that will enrich, add value to and inform the S&EIA. Furthermore, early engagement with the First Nations and Indigenous Peoples is fundamental for the EAP to understand the extent to which specific concerns that are related to the proposed project must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the First Nations and Indigenous Peoples, as follows:

Date: Tuesday, 24 January 2023
Time: 10h00 – 12h00
Platform: MS Teams
RSVP: Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Monday 23 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA process, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the First Nations and Indigenous Peoples regarding issues, questions, fundamental and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application Area.
- Gain understanding from the First Nations and Indigenous Peoples regarding specific factors, or any data, information, results of studies or projects that could inform and should be considered in the S&EIA

15 December 2022

Dear Stakeholder,

Invitation to a Focus Group Meeting with Vulnerable Groups:

Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Application for Block 11B/12B by TotalEnergies EP South Africa B.V.

We trust that you have received the correspondence distributed to date to all Interested and Affected Parties (I&APs) regarding the S&EIA process for the proposed offshore Production Right (PR) and Environmental Authorisation (EA) Application for Block 11B/12B by TotalEnergies EP South Africa B.V. (TEEPSA). In summary, the correspondence included a statutory notification letter about the proposed project, as well as an invitation to, and notification of the public meetings that will be convened from 16 – 26 January 2023. Please contact the WSP Public Participation Office if, for some reason, you may not have received any of the correspondence and we will gladly provide you with the information.

TEEPSA, as the applicant of the PR and EA, and WSP, as the independent Environmental Assessment Practitioner (EAP), are keen to meet with you to gain insight into the work or studies that your organisation has undertaken that will add value to and inform the S&EIA. Furthermore, early engagement with the Vulnerable Group sector is critical for the EAP to understand the extent to which specific concerns that are related to the proposed project must be investigated as part of the S&EIA.

Therefore, the EAP cordially invites you to a virtual focus group meeting that will be convened with the Vulnerable Group sector, as follows:

Date: Monday, 23 January 2023

Time: 10h00 – 12h00

Platform: MS Teams

RSVP: Please respond to the MS Teams invitation by accepting/rejecting this meeting request by Friday 20 January 2023.

The objectives of the focus group meeting will be as follows:

- Share information about TEEPSA's proposed offshore Block 11B/12B development project.
- Provide information about the S&EIA and public participation process that form part of the proposed PR and EA process, as well as opportunities for you to contribute comments and participate in the process.
- Gain understanding from the Vulnerable Group sector regarding specific issues, questions and critical concerns related to potential impacts of the proposed development of gas resources in the PR and EA Application Area.

An audio recording of the Non-Technical Summary of the Draft Scoping Report is also available in English, isiXhosa, and Afrikaans on the websites.

Please feel free to contact the WSP Public Participation Office should you have any questions or would like to obtain more information.

We look forward to your participation in this project and hope to meet with you at this focus group meeting.

Kind regards,

WSP Public Participation Office
