River Mount Hope, a registered non-profit company, held a special Christmas Party on 17 December for the children of Hawston.

According to one of the organisers the children were so excited they started queuing from 0:700 even though the event only started at 12:00.

"Just over 500 people gave their hearts to Jesus," they said. "Everyone who attended was blessed with lunch, and the children received Christmas cookies, candy canes, party packs and gifts while the adults were entered into a draw.

"Some won manicure and pedicure vouchers, meat vouchers, barber vouchers, hair salon vouchers, car wash vouchers and Spur vouchers. We prayed for the sick, restoration in families, provision and for strongholds to be broken.

"We thank the Lord for working through our Pastors Percy, Gershom and Michelle Saayman and the rest of the River Mount Hope Team that made this Christmas event successful.

"Thank you to Mount Hope Church, Jesus our Saviour Ministries and ward councillor Arnie Africa for all their help. Thank you to our gift voucher sponsors: Sorbet Hermanus, Onrus Butchery, Spur Whale Coast, Old Hat Barber, Style Bar Hair Salon and The Car Wash at the Whale Coast Mall. "And thank you everyone

# 'Sanuphakuzela!' utsho urhulumente emva kubhaqwe uhlobo olutsha lweKhorona

CWAYITA NONDULA

CWAYITA.NONDULA@ACM.CO.ZA

**X**A kwabhaqwa uhlobo olutsha lweKhorona olwaluphawulwe njengolunosulelo kwaye lunokusibuyisela kwiintsuku zokuqala zobhubhane, amakhasi onxibelelwano aba sisiphithiphithi. Nangona kunjalo, uMphathiswa wezeMpilo, uGqirha Joe Phaahla, uthe akukho zithintelo ziya kumiselwa ngenxa yokubela kolu hlobo losulelo lweKhorona.

NgoLwesibini, umhla weshumi kweyoMqungu, uMphathiswa uGqirha Phaahla kunye noSekela Mphathiswa uGqirha Sibongiseni Dhlomo baye babamba indibano noonondaba benika ingxelo ngemeko yeKhorona eMzantsi Afrika.

I-XBB.1.5 yafunyanwa eMzantsi Afrika ngeyoMnga kwaye yaxelwa ekuqaleni kwale nyanga. Ngokutsho kuka-Phaahla, i-XBB.1.5 yingqulelo yeOmicron elawulayo kwihlabathi jikelele eyenza ukugula okuncinci.

Ngokutsho-Phaahla, baye bathethana neeKomiti zabo zeeNgecebiso kuMphathiswa kunye noMbutho wezeMpilo weHlabathi kwaye bafumene iingcebiso zokuba akukho mfuneko yokumiselwa ukundwendwela kulo naliphi

UMphathiswa wezeMpilo, uGqirha Joe Phaahla.

na ilizwe, kuquka ne-China. Bakwacetyiswa ukuba akukho mfuneko yokuba kuphinde kubekwe imiqathango kwilizwe.

"I-XBB.1.5 ifunyenwe ngakumbi eMelika apho ukuxhaphaka kwayo kulinganiswe malunga ne-6.8% yeengqulelo zentsholongwane yeKhorona. Ngelixa iintlobo ngeentlobo zogulo zibonakalise amanqanaba awohlukkeneyo osulelo, akukho tshintsho lubonakalayo kubuzaza besigulo," utshilo uPhaahla.

UMphathiswa uqhube wathi ugonyo lubeke uMzantsi Afrika kwindawo eyomeleleyo yokulwa usulelo lweKhorona,

kwaye khangela kubekho ziphumo zinkulu kwinkqubo yokhathalelo lwezempilo ukusukela oko kwafunyaniswa lentlobo entsha yeKhorona.

"Sikholelwa ukuba into yokuba i-Omicron iseyeyona nto ixhaphakileyo e-China nakwihlabathi liphela, kwaye ukukhuseleka kwabemi boMzantsi Afrika kugonyo kunye nokugonywa kwendalo kusenamandla kakhulu, kusibeka kwindawo engcono kwaye kusibeka emngciphekweni omncinci.

"Ngenxa yoko, asibonanga lutshintsho olukhulu kubhubhani wethu ngokwenqanaba losulelo,

ukwamkelwa esibhedlele, okanye izinga lokufa kwabantu ngenxa yobhubhani weKhorona ukuza kuthi ga ngoku," utshilo uPhaahla.

Nangona kungekho zithintelo zinkulu ziya kumiselwa, uMphathiswa uthe Inkonzo yezeMpilo iza kuthatha amanyathelo okhuseleko.

La manyathelo aphunyezwe liBhunga leSizwe lokuLawula iKhorona (NCCC), nosihlalo walo nguMongameli uCyril Ramaphosa. Zimi ngolu hlobo lulandelayo:

- Ukukhuthaza ukwanda kovavanyo kubantu abafumana iimpawu ezaziwayo zeKhorona

- Ukukhuthaza abo baneempawu ukuba baye kumaziko ezempilo

- Ukucebisa abasebenzi bezempilo ukuba bayalele uvavanyo lwe-antigen okanye lwe-PCR ukuba lwenziwe kubantu abaneempawu.

- Lonke uvavanyo lweKhorona luza kuthunyelwa kwiZiko leSizwe leZifo ezoSulelayo (NICD) ukuze kujongwe imfuzo efanekisa kwintsholongwane ukunceda ukulandelela ukusasazeka kwentsholongwane

- Ukunyusa uhlobo kunye novavanyo lwamanzi amdaka yi-NICD, kubandakanywa neenqwelomoya ezivela kumazwe amanani aphezulu weKhorona

- Ukuvuselela iphulo lesizwe lokugonyisa iKhorona

U-Phaahla uxinise ukuba ukufumana isitofu sokugonyisa kuseyeyona ndlela ilungileyo yokuphuhlisa ukukhuseleka kwiKhorona.

"Ikomiti yethu yokucebisa yabaphathiswa bogonyo kungekudala iza kwenza utshintsho kwiimfuno zeminyaka yogonyo lwe-booster kunye nekhetho phakathi kwe-booster. Ugonyo lwe-booster alujonge kubantu abangaphezulu kweminyaka engama-50 kuphela, kodwa nabo bonke abantu abadala abangaphezulu kweminyaka eyi-18," utshilo uPhaahla.

# Robberg's rocking new kid on the block

■ Chris van Gass

**PLETTENBERG BAY** – Robberg Nature Reserve has a new kid on the block – and a rare chap at that, a northern rockhopper penguin (*Eudyptes moseleyi*).

The new arrival, who made his appearance on Tuesday 3 January near Robberg Point, caused quite a flutter among Plett and other birding fraternities. Avid bird enthusiast Pieter Verster travelled a 1 000km round-trip to see it. He had been alerted to the penguin's presence on the Cape RARE bird alert.

The now-famous northern rockhopper penguin.

mystery," said Dreyer. Chanel Visser, chief Robberg marine ranger, took charge and made all the necessary arrangements to ensure the penguin stands a better chance of survival.

As a young mother herself, Visser has empathy with the "new kid on the block".

"I went out today again after a very hectic day with the penguin yesterday," she said the day after it was spotted. "Found him wandering off to sea, presumably to find breakfast. I fed him some squid and he was so happy."

least twice.

"It had been seen moving and had been photographed in two different locations after leaving its cave. We assume that it came

out of the cave in the early morning for some sunlight, and was then easily spotted by hikers passing right by the rock it was sitting on. The penguin then climbed further up the cliff, we

assume to find more privacy from the many passers-by.

Read the full story at [www.knysnapletherald.com](http://www.knysnapletherald.com)

**Sighting**

The penguin was first spotted by a member of the public, Paul Byrne, who informed bird enthusiast Mike Buckham. After realising the significance of the bird, the find was posted on the Cape RARE bird alert and Plett Rare Bird Alert WhatsApp groups.

This is also how CapeNature became aware of the penguin's presence. A group of local birders led by Rupert Horley then tracked down the bird to locate its position, said Natanya Dreyer, team leader (advocacy, learning and awareness) at CapeNature.

It was confirmed to be a *Eudyptes moseleyi* by Verster. The difference between a northern and southern rockhopper penguin can be told on examination of the underside of the flippers. If the black tip under the flipper covers only a sixth of the flipper, it is a southern rockhopper penguin. If the black covers a third of the flipper, it is a northern rockhopper penguin.

**'Rare bird'**

"This is indeed a very rare occurrence," said Dreyer. "We may find rockhoppers stranded along our South African coastline perhaps every few years or so. There was one in Sedgefield about two years ago, which was eventually released back into the wild. The Southern African Foundation for the Conservation of Coastal Birds (Sanccob) has also had a few rockhoppers that they have assisted along our coastline over the years."

Dreyer said it was hard to speculate why and how the penguin landed up at Robberg, so far away from its native islands such as Tristan da Cunha, Gough, Amsterdam and St Paul in the southern Indian and Atlantic oceans. "It could be as a result of ending up in a current and making its way on its own, or even that it was caught [in a commercial fishing net] as bycatch. Any guess would simply be speculation and it will remain a

**Safety concerns**

She said the bird initially chose an enclosed caved area that was relatively hidden from predators and hikers. From photographic and other evidence such as feathers and guano, CapeNature staff could see that it had been disturbed by people at

 Uitnodiging na openbare vergaderings: Proses van Omvangbepaling en Omgewingsimpakbepaling (OB&OIB) vir die voorgestelde aflandige Produksiereg en Omgewingsmagtigings-aansoek vir Blok 11B/12B deur TotalEnergies EP South Africa B.V. Verw. Nr. 12/4/013

'n Gesamentlike onderneming bestaande uit TotalEnergies EP South Africa B.V. (TEEPSA), QatarEnergy, Canadian Natural Resources International (South Africa) Limited en 'n Suid-Afrikaanse konsortium, MainStreet 1549, het 'n Eksplorasiereg gehou oor Blok 11B/12B wat aflandig van die Suid-Kaapse kus, Suid-Afrika geleë is. Die gesamentlike onderneming wil nou die Eksplorasiereg in 'n Produksiereg omskakel. Die Produksiereg-aansoekgebied lê ongeveer 100 km aflandig en strek tussen Mosselbaai en Kaap St. Francis. TEEPSA beplan om die gashulpbronne binne die aansoekgebied te ontwikkel indien 'n Produksiereg toegestaan word en indien kommersiële ooreenkomste vir die verkoop van die gas op die binnelandse mark aangegaan kan word.

TEEPSA het WSP Group Africa (Pty) Ltd (WSP) aangestel as die onafhanklike Omgewingevalueringpraktisyn om die Omvangbepaling en Omgewingsimpakbepaling en openbaredeelnamesproses uit te voer.

'n Reeks openbare vergaderings sal vanaf 16 Januarie tot 26 Januarie 2023 langs die Suid-Kaapse kus plaasvind. U word uitgenooi om die openbare vergaderings by te woon wat deel van die fase van Omvangbepaling van die OB&OIB uitmaak.

# PO pensioners in trouble

NETTALIE VILJOEN

**P**ensioners belonging to a medical aid scheme subsidised by the SA Post Office (Sapo) may very well find themselves in dire straits soon following the appointment of a firm to negotiate a buy-out offer in respect of medical aid subsidies on behalf of the national postal service.

*People's Post* has learned that, unbeknownst to many Sapo pensioners, medical aid service providers contracted to Sapo had suspended the benefits of their members during October, November and December last year due to non-payment for this period.

On Friday 13 January, Johan Kruger, Sapo national spokesperson, told *People's Post* that all medical aid contributions for all "recognised medical aid schemes" had been paid and were up to date.

While the news late last week that their mother's medical aid was again active came as a relief to Elizabeth Anne Engelbrecht's family, they said that it in no way made up for the shock they experienced when they tried to admit the 96-year-old to Rondebosch Medical Centre Private Hospital just before New Year, only to be turned away.

When *People's Post* spoke to Rondebosch resident James Engelbrecht (71) last week, he explained that his mother was getting weaker and needed to be hospitalised.

"When she got there (Rondebosch Medical Centre), we were told that her medical aid had been suspended. We were left looking around, asking, 'Now what?' In the end, we had to take her to Groote Schuur Hospital," said Engelbrecht.

With this having come out of nowhere, James immediately contacted Sapo and his mother's medical aid, Bonitas Medical Fund.

In an email sent to James (and shared with *People's Post*) on Wednesday 11 January, the Sapo Payroll department informed him that October 2022 contributions had now been paid. However, it stated that contributions for November and December were still unpaid "due to the dire financial situation that Sapo is currently experiencing".

"Sapo is currently in discussion with the various schemes in so far as the arrears and the upliftment of suspensions. Sapo is doing their utmost to find urgent solutions to the current situation," the email read.

James said it was unacceptable that Sapo did not

inform his mother or his family about the medical aid suspension beforehand, adding that this could have cost pensioners their lives.

"How can you not inform these elderly, vulnerable people in society? My father worked for the Post Office for 40 years. He started as a cleaner and worked his way up to an inspector. How can you not inform people about the decisions that you as the Post Office have

made?"

On Monday 16 January, Lee Callakoppen, Principal Officer of Bonitas Medical Fund confirmed that payment from Sapo had been received.

"The Group membership is in good standing. Group suspension have been lifted however there may be individual specific pre-existing conditions (and not as a result of the suspension) that may be applicable to individ-

ual membership," said Callakoppen.

The fact that the arrears have now been paid may, however, turn out to be a reprieve only, rather than a long-term solution.

In the email, Sapo advised James to contact the appointed firm which "will gladly explain terms and conditions of the medical buy-out offer and the way forward".

Should pensioners accept the buy-out offer, they will be able to remain on their medical aid but without subsidy going forward.

For a pensioner like Elizabeth Anne, who received a Sapo subsidy of R4 838,93, the loss of the subsidy could mean a huge additional monthly expense.

At the time of going to print, *People's Post* was unable to determine how many Sapo pensioners in total, belonging to the various Sapo-recognised medical aid schemes, would be affected.

The number of Sapo pensioners belonging to Bonitas alone is 2 378.

James blamed this predicament on corruption and fraud.

"These are people who worked for South Africa for their whole lives. Pink, black, yellow, blue – everybody is going to be affected," he said.

Sadly, Elizabeth Anne Engelbrecht passed away on Saturday 14 January.

## Public asked to help in an inquest

Mitchell's Plain police are looking for public assistance in an inquest docket. On Sunday 14 August last year, at about 22:00 police officers were dispatched to Calypso Square Town Centre, where a body of an adult male was found.

It is alleged that he was homeless. The deceased was wearing a black shirt, red pants, blue jeans and black socks.

The body was taken to Salt River mortuary for an autopsy. Through the fingerprints, the deceased was identified as Johannes Brand alias Johnny with a birth date of 15 May 1964.

Anyone who might have information about the accident is asked to contact the investigating officer, Detective W/O Vuyani Claassen of Mitchell's Plain serious and violent crimes investigation department on 021 370 1682.

**RELATIVES SOUGHT:** Groote Schuur Hospital needs assistance to locate the relatives of Nomfezeko Talafala (35). The patient is recovering from a traumatic brain injury. Talafala was brought to the hospital via ambulance and is currently in ward F7. Family or relatives can contact the hospital on 021 404 5070.

**Invitation to Public Meetings: Scoping and Environmental Impact Assessment (S&EIA) process for the proposed offshore Production Right and Environmental Authorisation Applications for Block 11B/12B by TotalEnergies EP South Africa B.V. Ref No. 12/4/013**

A joint venture comprising TotalEnergies EP South Africa B.V. (TEEPSA), QatarEnergy, Canadian Natural Resources International (South Africa) Limited and a South African consortium, MainStreet 1549, held an Exploration Right over Block 11B/12B, located offshore from the Southern Cape Coast, South Africa. The Joint Venture now wants to convert the Exploration Right into a Production Right. The Production Right Application Area is approximately 100 km offshore and extends between Mossel Bay and Cape St Francis. TEEPSA is planning to develop the gas resources within the Application Area if a Production Right is granted and if commercial agreements for the sale of the gas onto the domestic market can be achieved.

TEEPSA appointed WSP Group Africa (Pty) Ltd (WSP) as the independent Environmental Assessment Practitioner to conduct the Scoping and Environmental Impact Assessment and public participation process.

A series of public meetings will be taking place along the Southern Cape Coast from 16 January to 26 January 2023. You are invited to attend the public meetings that form part of the Scoping Phase of the S&EIA.
