PETITION - PUBLIC OBJECTION

Name	City	State	Postal Code	Country	Date	Comment
tayyiba mayet	Johannesburg		1827	South Africa	2023/02/01	"I believe in LIFE"
Penny Brand	Florida			South Africa	2023/02/01	"I don't believe using up our lands resources is a good thing to do."
Heather Kohler	Durban			South Africa	2023/02/01	"The sea should be protected."
Ageela Hoosen	Johannesburg			South Africa	2023/02/01	"When nature is viewed as a source of profit and gain, this has serious consequences for society..."
Shakira Mohamed	Johannesburg			South Africa	2023/02/01	"We can't afford further damage to our already fragile earth."
fouad bhayat	Johannesburg			South Africa	2023/02/01	"I believe that what Total Energies are doing is totally irresponsible for our precious environment based on their own acknowledgement and the effects will be disastrous on our government as well as the ocean and protected areas ..."
Muhammed Vallee	Johannesburg			South Africa	2023/02/01	"This should be stopped"
Pedro De Albuquerque	Cape Town		8001	South Africa	2023/02/01	"Total already destroyed Mozambique delta (animals and flora) in the Mocimboa da Praia area. They will do exactly the same in S.A."
Shariff Khan				South Africa	2023/02/01	"Don't destroy our planet"
ANWARI HARNEKAR	Johannesburg		2041	South Africa	2023/02/02	"It's the right thing to do"
Essak Natalwalla	Boksburg			South Africa	2023/02/02	"I believe in preserving the coastal shore"
Yunus Mohamed	Cape Town			South Africa	2023/02/02	"Exploration and Production will negatively impact marine, plant, bird and consequently human life. Total Energies and partners are fully aware of this, in detail, and by the time real impact is apparent, the project is done, money pocketed, Total has moved on and the damage irreversible. The risks of leaks, spills, blasts etc are unacceptable to even consider risking one. (see pg 7 of their brochure for more detailed risks Brochure - Total Energies Draft Scoping Report Total Energies and their Partners, relinquish all responsibility, financial or otherwise, that may arise in the explored blocks after they're done with production and have moved out. This becomes the responsibility of the SA government. And they get to leave all their equipment, material etc on the seabed because it's too costly for them to remove. The "reasons" of benefit to the economy, contribution towards alleviating the energy crisis, and job creation are fancy wrappings. The masses and the environment are worse off in the long run. Corrupt"
sonja willan	cape town	Arizona	7201	US	2023/02/02	"It is the right thing to do"
