Uitnodiging na openbare vergaderings: Proses van Omvangbepaling en Omgewingsimpakbepaling (OB&OIB) vir die voorgestelde aflandige Produksiereg- en Omgewingsmagtigings-aansoek vir Blok 11B/12B deur TotalEnergies EP South Africa B.V. Verw. Nr. 12/4/013

'n Gesamentlike onderneming bestaande uit TotalEnergies EP South Africa B.V. (TEEPSA), QatarEnergy, Canadian Natural Resources International (South Africa) Limited en 'n Suid-Afrikaanse konsortium, MainStreet 1549, het 'n Eksplorasiereg oor Blok 11B/12B wat aflandig van die Suid-Kaapse kus, Suid-Afrika geleë is, en wil nou die Eksplorasiereg in 'n Produksiereg omskakel.

Die Produksiereg-aansoekgebied lê ongeveer 100 km aflandig en strek tussen Mosselbaai en Kaap St. Francis. TEEPSA beplan om die gashulpbronne binne die aansoekgebied te ontwikkel indien 'n Produksiereg toegestaan word en indien kommersiële ooreenkomste vir die verkoop van die gas op die binnelandse mark aangegaan kan word.

TEEPSA het WSP Group Africa (Pty) Ltd (WSP) aangestel as die onafhanklike Omgewingsevaluering-praktisyn om die statutêre Omvangbepaling en Omgewingsimpakbepaling (OB&OIB) en openbare-deelnameproses uit te voer.

'n E-pos is op 1 Desember 2022 uitgestuur om potensiële belangstellende en geaffekteerde partye (B&GP'e) van die voorgestelde aansoek om 'n Produksiereg in kennis te stel, en ons wil graag almal bedank wat as 'n B&GP geregistreer en kommentaar tot op hede ingedien het, asook diegene wat die eerste aanlyn openbare vergadering op 7 Desember 2022 bygewoon het. Soos aangedui in die skrywe van kennisgewing, word 'n reeks openbare vergaderings beplan om in Januarie 2023 te begin.

Uitnodiging om die openbare vergaderings by te woon

Ons nooi alle B&GP'e hartlik uit om die Omvangbepalingsfase- openbare vergaderings by te woon wat vanaf 16 Januarie tot 26 Januarie 2023 langs die Suid-Kaapse kus sal plaasvind. Tabel 1 bevat meer besonderhede oor die datum, plek en tyd van die openbare vergaderings.

Die doelwitte van die openbare vergaderings is:

- Om inligting te deel oor TEEPSA se voorgestelde aflandige Blok 11B/12B-ontwikkelingsprojek
- Om inligting te verskaf oor die statutêre Omvangbepaling en Omgewingsimpakbepaling en openbare-deelnameproses wat deel van die voorgestelde Produksiereg- en Omgewingsmagtigings-proses uitmaak.
- Vir B&GP'e om vrae te stel, bronne van kommer uit te lig, voorstelle vir sterker voordele of alternatiewe te maak, en potensiële impakte vir oorweging as deel van die OB&OIB te identifiseer.
