Die Courier Hoor

According to Gerald Matiso, media officer of the BW Ratepayers Association, the Association has sent several letters to the Beaufort West Municipality in the past few month, but with no luck of getting a response. They have sent another letter last week with the assistance of a legal team that's assisting them and they hope that this effort will yield results. "We want to congratulate the incoming council and we hope that the people's needs and service delivery will be their priority and central to building community confidence (garbagetrucks, water and electricity tariffs, etc.) Furthermore we wish them to work with the community to ensure that poverty is curbed and relief are given to an already suffering community and citizenry.

Last Tuesday evening the N1 between Laingsburg and Beaufort West was closed due to a truck accident. Light motor vehicle traffic was diverted via Prins Albert.

Community notice by the Beaufort West Municipality on 8 November: "We had a power outage on the Prince Valley, Essopville, Extension 16 and Mandela Square feeder. Children threw rocks at the porcelain insulators, breaking them. The municipality had to replace nine broken insulators."

Community notice by the Beaufort West Municipality on 10 November: "The Eye Test Apparatus at the Beaufort West Driving Licence Testing Centre is currently offline. We are therefore unable to assist the community with driving licence renewals and learner and driving licence applications.

Please note that this is a national system and that the municipality has no control over the operation thereof. We will inform the public as soon as the system is online again. Enquiries can be directed to (023) 414-8159/8166. We apologize for any convenience."

Community notice by the Beaufort West Municipality last week: "We kindly asked the community not to put their waste outside but rather to keep them inside. We wish to apologise for this inconvenience and we will keep you posted when the truck is operational again."

Dipdag deur Karoo (Beaufort-Wes) DBV by die Hillside 2 kragverkooppunt op 27 November en by die Nieuveld Park polisiestasie op 4 Desember. Tyd: 09:00 – 12:00

Prys: R5.00 elk vir dip, ontwurming en hondsdolheid inspuiting.

GOOD Party: "Een seat in die Beaufort-Wes Munisipaliteit en een seat in die Sentraal Karoo

Distriksmunisipaliteit is 'n groot wen vir GOOD. Die ANC en die DA het elk twee twee seats verloor. Die ANC het vier wyke gewen (Wyk 1, 4, 5 en 7) en die DA het net vir Wyk 2 gewen (+ drie proporsionele verteenwoordiging seats). Die groot verloorders in die 2021 plaaslike verkiesing was dus die ANC en die DA. Die mense begin stadig maar seker sien dat onder hulle leiding niks gaan gebeur nie. GOOD het nou voet in die deur gekry, 'n stoel langs die tafel waar besluite geneem word. So as GOOD se leiers nou praat, praat hulle vir die meer as 3500 mense wat vir GOOD hulle stem geleen het. Ons mag hulle onder geen omstandighede vergeet nie. Nog iets... daar was die issue van PA + DA wat PaDa sou maak, maar nou lyk dit vir my daar is nie genoeg water vir dit nie. Dan is daar weer die issue van PA en ANC wat Pa an C gaan raak. Ek weet ook nie hoe daai gaan werk nie na alles wat gesê is die laaste twaalf

maande. GOOD moet sterk staan..

As GOOD sy identity behou gaan mense gou sien wie die alternatief

vir leierskap in Beaufort-Wes is."

50 jaar gelede

Op Vrydag 19 November 1971 word daar as volg in Die **Courier berig:**

Die lang beloofde besoek van amptenare van die Departement van Sport en Ontspanning het plaasgevind en samesprekings is met die stadsraad gevoer. Die stadsraad is meegedeel dat daar 'n gesamentlike sportkompleks aangebring moet word wat nie gholf en rolbal mag insluit nie. So 'n sportsentrum moet ook nie in 'n resedensiële gebied ontwikkel word nie. Die ou kragsentrale word geag ideaal vir binneshuise sport te wees.

'n Besondere eer het Mnr. Virgil Groepe te beurt geval deurdat hy gekies is as deel van die Protea rugbyspan wat binnekort 'n toer na Brittanje onderneem. Virgil Groepe is 'n onderwyser aan die A.H. Barnard laerskool en speel

Volgens 'n aankondiging van die Hoofbestuurder van die Spoorweë is die voorneme van die spoorweë om binne die bestek van 15 jaar alle stoomlokomotiewe te vervang met diesel en elektriese eenhede omdat dié baie meer ekonomies sal wees beide ten opsigte van mannekrag en finansies. Volgens plaaslike bronne bestaan daar 'n voorneme om reeds so vroeg as 1978 alle stoomeenhede van Beaufort-Wes te verwyder wat sal meebring dat talle spoorwegmanne dan elders geplaas sal word. Vir Beaufort-Wes sal so 'n stap 'n skok vir sy ekonomie wees. Dit is bekend dat slegs die salarisse van spoorwegmanne maandeliks 'n bedrag van meer as 'n kwartmiljoen rand in Beaufort-Wes se ekonomie pomp.

Mnr. Solly Essop, L.K.R., het in 'n skrywe aan Die Courier 'n beroep gedoen op gelyke lone vir gelyke werk wat betref Kleurlinge.

Mnr. P.G. van Velden het 'n beroep op die stadsraad gedoen vir beter tennisbane in Hospitaalheuwel omdat die bane van die huidige Beaufort-Wes Tennisklub, waarvan hy lid is, besig is om te

verkrummel, daar is geen kleedkamers, plek vir verversings, geen plek vir toeskouers, en verder is die bane so na aan mekaar dat dit totaal ongeskik is vir wedstryde en toernooie.

Fraserburg se Peperbus is pas as 'n nasionale monument verklaar. Hierdie seskantige gebou is ontwerp deur die dorp se eerste predikant, Ds. Carel Bamberger, en is in 1861 gebou. Aan die begin was dit bedoel as 'n stadsaal, maar tans word dit as 'n munisipale stoor gebruik.

Ons dank aan die Beaufort-Wes Museum vir toegang tot ou uitgawes van Die Courier.

SiVEST Omgewingsafdeling

KENNISGEWING VAN OMGEWINGSIMPAKEVALUERING (OIE) VIR DIE BEOOGDE OPRIGTING EN BEDRYF VAN DIE KOUP 1 EN KOUP 2 WINDKRAGAANLEGTE NABY BEAUFORT-WES, WES-KAAPPROVINSIE, SUID-AFRIKA

DBVO-verwysingsno.: Moet nog toegeken word

Ingevolge die Nasionale Wet op Omgewingsbestuur, 1998 (Wet 107 van 1998) (NEMA), soos gewysig, en die Regulasies op Omgewingsimpakevaluerings (OIE-regulasies) kragtens Staatskennisgewing R982, R983, R984 en R985 wat op 4 Desember 2014 afgekondig en op 7 April 2017 gewysig is, geskied kennis hiermee dat Genesis Enertrag Koup 1 Wind (Edms.) Bpk. en Genesis Enertrag Koup 2 Wind (Edms.) Bpk. (hierna "Genesis" genoem) SiVEST SA (Edms.) Bpk. aangestel het as die onafhanklike Omgewingsevalueringspraktisyn (OEP) om die nodige Omgewingsimpakevaluering (OIE) en Openbare Deelnameprosesse (ODP's) vir die bogenoemde ontwikkelings te onderneem. Die bevoegde gesag vir die vereiste OIE-prosesse is die Nasionale Departement van Bosbou, Visserye en die Omgewing (DBVO).

PROJEKBESKRYWING

Die beoogde Koup 1 en Koup 2 Windkragaanleg sal bestaan uit hoogstens 28 en 32 windturbines onderskeidelik, elk tussen 5,6 MW en 6,6 MW. Elke windkragaanleg sal oor 'n maksimum uitvoervermoë van sowat 140 MW beskik. Elke beoogde windkragaanleg sal ook bestaan uit 'n 33/132 kV interne substasie en Batterykragbergingstelsels (BESS'e), wat langs die beoogde interne substasies geleë sal wees.

PROJEKLIGGING

Die beoogde windkragaanlegte en verwante roosterkonneksie-infrastruktuur is sowat 55 km suid van Beaufort-Wes in die Wes-Kaapprovinsie geleë en is in die Beaufort-Wes en Prins Albert Plaaslike Munisipaliteite in die Sentraal Karoo Distriksmunisipaliteit. Die Koup 1 Windkragaanleg se aansoekgebied is sowat 4279.398 hektaar (ha) in omvang en die Koup 2 Windkragaanleg se aansoekgebied is sowat 2477.408 ha in omvang. Die beoogde windkragprojekte is geleë op die volgende eiendomme:

	Koup 1		Koup 2
	Middelpuntkoördinate: S32° 51′ 34.738″ O22° 28′ 54.082″		Middelpuntkoördinate: S32° 50′ 38.784" O22° 23′ 51.841"

EXECUTION

SIVEST

NOTICE OF THE ENVIRONMENTAL IMPACT CONSTRUCTION AND OPERATION OF THE **KOUP 1 AND KOUP 2 WIND ENERGY FACILITIES** WESTERN CAPE PROVINCE OF SOUTH AFRICA DFFE Ref No: To be allocated

In terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) as amended and the mental Impact Assessment (EIA) Regulations under Government Notices No R982, R983, R984 and R985 promulgated on 4 December 2014 and amended on 07 April 2017, notice is hereby given that Genesis Enertrag Koup 1 Wind (Pty) Ltd and Genesis Enertrag Koup 2 Wind (Pty) Ltd (hereafter referred to as "Genesis"), has appointed SIVEST SA (Ptv) Ltd. as the independent Environmental Assessment Practitioner (EAP), to undertake the required Environmental Impact Assessment (EIA) and Public Participation Processes (PPP) for the above-mentioned developments. The competent authority for the required EIA Processes is the National Department of Forestry, Fisheries and the Environment (DFFE).

The proposed Koup 1 and Koup 2 WEFs will comprise of up to 28 and 32 wind turbines respectively, each between 5.6MW and 6.6MW. Each WEF will have a maximum export capacity of approximately 140MW. Each proposed WEF will also consist of a 33/132kV on-site substation and Battery Energy Storage Systems (BESS), located next to the

PROJECT LOCATION

The proposed WEF and associated grid connection infrastructure is located approximately 55km south of Beaufort West in the Western Cape Province and is within the Beaufort West and Prince Albert Local Municipalitie in the Central Karoo District Municipality. The Koup 1 WEF application site is approximately 4279.398 hectares (ha) in extent and Koup 2 WEF application site is approximately 2477.408ha in extent. The proposed WEF projects are located on the following properties:

Centre Point Coordinates

- S32° 51' 34.738" E22° 28' 54.082"

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED DEVELOPMENT OF THE KOUP 1 AND 2 WIND ENERGY FACILITY (WEF) AND ASSOCIATED INFRASTRUCTURE AND GRID INFRASTRUCTURE NEAR BEAUFORT WEST IN THE WESTERN CAPE PROVINCE

1. INTRODUCTION

The country wide restriction enforced in terms of Government Gazette 43096, has resulted in the entire country being placed in a national state of disaster. This has limited the movement and gathering of people in an effort to curb the spread CoVID-19 and therefore requires that the public participation process be amended and adjusted to comply with the restrictions.

As a result, alternative means of undertaking the required stakeholder engagement has been designed and implemented by SiVEST to ensure that all I&APs are afforded reasonable opportunity to engage meaningfully. As such, SiVEST are proposing the following amendments to the public participation process, described in more detail below.

2. PROJECT DESCRIPTION

Genesis Enertrag Koup 1 Wind Farm (Pty) Ltd and Genesis Enertrag Koup 2 Wind Farm (Pty) Ltd (hereafter referred to as 'Koup 1 Wind Farm' and 'Koup 2 Wind Farm') are proposing to develop the Koup 1 and Koup 2 Wind Energy Facility (WEF) and associated infrastructure on adjacent properties near Beaufort West in the Western Cape Province of South Africa. The proposed WEF developments will have maximum export capacities of up to approximately 140 megawatt (MW) respectively. The overall objective of the proposed WEF developments is to generate electricity by means of renewable energy technologies capturing wind energy and to feed into the national grid.

In addition, Koup 1 Wind Farm and Koup 2 Wind Farm are also proposing to construct 33/132kV substations and associated 132kV overhead power lines (namely the grid connection infrastructure) near Beaufort West in the Western Cape Province. The overall objective of the proposed grid connection infrastructure development is to feed the electricity generated by the proposed Koup 1 and Koup 2 WEFs into the national grid.

It should be noted that two (2) WEF developments are being proposed on adjacent properties and two (2) grid connection infrastructure developments (namely the substations and overhead power lines) are being proposed on nearby properties. The proposed developments (WEF and grid connection infrastructure) include the following:

- Koup 1 WEF (part of a separate EIA process);
- Koup 1 WEF Substation and Power Line (part of separate BA process);

Genesis Koup 1 Wind Farm (Pty) Ltd / Genesis Koup 2 Wind Farm (Pty) Ltd

Prepared By:

 Project No.:
 16017

 DFFE Reference No.:
 2021-07-0028

Description: Koup 1 and 2 WEF/GRID EIA/BA - PPP Plan

Revision No.: 1.0

Date: 22 September 2021 Page 1 of 20

- Koup 2 WEF (part of a separate EIA process); and
- Koup 2 WEF Substation and Power Line (part of separate BA process).

The respective WEF and grid connection infrastructure developments will require separate Environmental Authorisations (EAs) and are subject to separate Environmental Impact Assessment (EIA) and Basic Assessment (BA) processes respectively. The proposed grid connection infrastructure developments will be handed over to Eskom once constructed. The substations will include an Eskom portion and an Independent Power Producer (IPP) portion, hence the substations will be included in the respective WEF EIAs and in the respective associated grid connection infrastructure BAs in order to allow for handover to Eskom. The current applicants will remain in control of the low voltage components (i.e. 33kV components) of the substations, while the high voltage components (i.e. 132kV components) of these substations will likely be ceded to Eskom shortly after the completion of construction.

Although the respective WEF and associated grid connection infrastructure (substations and overhead power lines) developments will be assessed separately, it is proposed that a single public participation process be undertaken to consider all of the proposed projects [i.e. two (2) WEF EIAs and two (2) grid connection BAs]. Although the PPP will run concurrently as one combined process, separate comments and response reports will be compiled, as requested by DFFE. The potential environmental impacts associated with all of the proposed developments mentioned above will be assessed as part of the cumulative impact assessment.

3. ASSESSMENT OF PUBLIC INTEREST¹

To determine the appropriate level of public participation, it is important to assess the degree to which the public considers the proposed development to be significant and of public interest. The public will become involved according to its perception of the development.

Therefore, it is important to anticipate the public's level of interest or concern regarding a project or program. The assessment is based on prior project experience in the area and consultation with the DFFE.

It must be noted that the closest town (namely Beaufort West) is more than 50km away from the proposed project development area.

	Questions	Very Low /	Low /	Moderate /	High / Level 4	Very High /
1	What is the anticipated level of conflict, concern, controversy, or opportunity?		x			
2	How significant are the potential impacts to the public		x			
3	How much do the major stakeholders care about this issue, project or program?				x	
4	What degree of involvement does the public appear to desire?		x

	Questions	Very Low /	Low / Level 2	Moderate /	High / Level 4	Very High /
5	What is the potential for public impact on the potential decision or project?			x		
6	How significant are the possible benefits of involving the public?		x			
7	How serious are the potential ramifications of NOT involving the public?			x		
8	What level of public participation does the Authority desire/expect?			x		
9	What is the possibility that the media will become interested?	x				
10	What is the probable level of difficulty in solving the problem or advancing the project?		x			
	Sub Total	1	5	3	1	0
	Sub Total multiplied by level	1	10	9	4	0
	Total (addition of levels)	24				
	Level of PP required (Total / 10)		2.4			

4. DETERMINE LEVEL OF PUBLIC INTEREST

The Public Participation Spectrum below illustrates the four (4) levels of public participation: Public Information, Public Input, Public Involvement and Public Collaboration. Each of these levels serves a different purpose with a different outcome.

Based on our results from the assessment in Chapter 3, the Public Participation Spectrum below identifies the appropriate level of public participation as: "Solicit Input / Consult".

5. PUBLIC PARTICIPATION PLAN, STAKEHOLDER IDENTIFICATION AND ENGAGEMENT

5.1. PUBLIC PARTICIPATION PROCESS: LEGISLATIVE REQUIREMENTS

Public participation is the cornerstone of any EIA process. The principles of the NEMA as well as the EIA Regulations, 2014 (as amended), govern the EIA process, including public participation. These include provision of sufficient and transparent information on an on-going basis to Interested and/or Affected Parties (I&APs) and key stakeholders, such as Organs of State (OoS) / authorities, to allow them to comment, and to ensure the participation of previously disadvantaged people, women and the youth.

The public participation process is primarily based on two (2) factors, namely.

- 1. Firstly, on-going interaction with the environmental specialists and the technical teams in order to achieve integration of technical assessment and public participation throughout; and
- Secondly, to obtain the bulk of the issues to be addressed early on in the process, with the latter half
 of the process designed to provide environmental and technical evaluation of these issues. These
 findings are presented to stakeholders for verification that their issues have been captured and for
 further comment.

The public participation (PP) process will be undertaken in accordance with the requirements of Regulations 39 to 44 of the EIA Regulations, 2014, as amended, (GN R 982). The primary aims of the Public Participation Process are:

- To inform I&APs and key stakeholders of the proposed project;
- To initiate meaningful and timeous participation of I&APs and key stakeholders;
- To identify issues and/or concerns of key stakeholders and I&APs with regards to the proposed project;
- To promote transparency and an understanding of the proposed project and its potential environmental impacts;
- To provide information used for decision-making;
- To provide a structure for liaison and communication with I&APs and key stakeholders;
- To assist in identifying potential environmental impacts associated with the proposed project;
- To ensure inclusivity (the views, needs, interests and values of I&APs and key stakeholders must be considered in the decision-making process);
- To focus on issues relevant to the proposed project and issues considered important by I&APs and key stakeholders;
- To provide responses to I&AP and key stakeholder queries / comments / concerns; and
- Meet the requirements for Public Participation as stated in Chapter 6 of the EIA Regulations, 2014 (as amended).

5.1.1. Compliance with regulations and subsequent circulars

In terms of Chapter 6 of the EIA Regulations, 2014 (as amended), a BA/EIA application requires a 30-day Public Participation Process (PPP) for both the draft BA, Scoping and EIA process. In light of the country wide restriction enforced in terms of Government Gazette 43096 (GN R 313) which has resulted in the entire country being placed in a national state of disaster and limits the movement and gatherings of people in an

Revision No.: 1.0

Date: 22 September 2021 Page 6 of 15

effort to curb the spread CoVID-19, the public participation process has been amended and adjusted in light of these restrictions².

As a result, alternative means of undertaking the required stakeholder engagement has been designed and implemented by SiVEST to ensure that all I&APs are afforded reasonable opportunity to engage meaningfully. As such, SiVEST are proposing the following public participation process, described in more detail below. This Public Participation plan, detailed below, is being submitted to the DFFE for their review and approval.

6. PROPOSED AMENDED PUBLIC PARTICIPATION

Figure 1 below provides an overview of the tools that are available to I&APs and stakeholders to access project information and interact with the public participation team to obtain project information and resolve any queries that may arise, and to meet the requirements for public participation.

² General Notice issued by the DFFE on 24 March 2020

- 1. Stakeholder Identification and registration of I&APs
- Register as an I&AP via SiVEST PPP office, via SMS, email or telephonically
- State interest in the project
- All project Information will be shared in preferred medium

2.Public Involvement and Consultation

- Distribution of notifications with overview of project and how I&APs could become involved in the consultation process
- Submissions of questions / queries or information requests to SiVEST PPP via email, SMS or telephonically
- Availability of Draft Reports on online platfrom

3. Advert and Notifications

- Site Notices were placed on site in July 2021.
- Advert will be placed in Die Courier in October 2021.
- Notifications regarding BA/EIA process and availability of draft reports for public review to be sent via email or SMS notifications.

4. Comment on the Draft Reports

Availability of the Draft Reports for a 30-day comment period
Submission of comments on the Draft Reports via email, SMS or via telephone

5. Identification and recording of comments recieved

 Comments and Response Report (C&RR), including all comments received, and included within the final BA/EIA Report for decision making

Table 1: Public Participation Plan: Discussion of approach and methodology to meet the requirements of the Regulations

Regulation/ circular	Approach & Methodology to meet requirements	Special requests
	It is the intention to release all relevant project information to all interested and/or affected parties for a 30-day period. Notification of BA/EIA process to be undertaken to be distributed using the following means: Issuing of the notifications and initial landowner consultation (to be circulated to all I&APs in October 2021/March 2022 respectively as part of the Draft Scoping Report and Draft Basic Assessment Report (proof to be included in BA/EIA Report). Placement of site notices in English and Afrikaans (as per regulations) were placed along the entrance road to the application site and around the site itself on 2 July 2021 (proof to be included in Basic Assessment, Scoping and EIA Report). Notification letter to be sent via E-mail or sms (if cellphone number / email is available, it is assuming the I&AP have an email or cellphone). Public notification of the BA/EIA process will be advertised in a local newspaper (namely Die Courier) in October 2021, as required according to Regulation 41(2) (c) of the EIA Regulations (2014), as amended. Proof to be included in the Basic Assessment, Scoping and EIA Report. Availability of report for review: Report available on SiVESTs website for download. Electronic copies can be made available to parties via a secure digital link that will be emailed upon request for the documentation. CDs / Flash drive to be posted, only if requested ³ . The Draft Basic Assessment Report, Draft Scoping Report and the Draft EIA Report will be located at the following location and will be available for review:	N/A

³ The use of postage will only be required should an I&AP request that the documents be sent to them via CD or flash drive. All I&APs and OoS have either email / sms and will be sent an electronic link to the website where the reports can be reviewed or downloaded. Should any I&APs / stakeholders / Oos request documents via post or courier, this will be indicated and proof will be provided in the final report.

7. PUBLIC PARTICIPATION WAY FORWARD

We thank the DFFE for their input to this process to date. We kindly request confirmation the following process is reported:

Release of Draft Reports for public comment:

- The Draft Scoping Report, and thereafter both the Draft Basic Assessment and Draft EIA Report for the
 proposed development will be released for public review and comment for a period of 30 days (excluding
 public holidays and the DFFE's December closure period) from the 22 October 2021 till the 23 November
 2021 and the 8 March 2022 till the 7 April 2022 respectively.
- The report will be uploaded on to the SiVEST Website at http://www.sivest.co.za/Download

Notification of I&APs, landowners and OoS / authorities:

- All affected landowners, the relevant provincial authority (namely the Western Cape Department of Environmental Affairs and Development Planning (WC DEADP)) and I&APs will be notified of the BA/EIA process.
- All landowners (affected and surrounding) and I&APs will be notified of the submission of the Draft Reports and the 30-day public review and comment period accordingly.
- In addition, all Organs of State (OoS) / authorities will be sent electronic copies of the Draft Basic Assessment, Draft Scoping Report and the Draft EIA Report.
- The 30-day review and comment period will be provided for both the public and for OoS / authorities, as required by the EIA Regulations (2014), as amended.
- All I&APs will be notified via Email and SMS, which is deemed suitable considering that contact details are available (i.e. a cellphone number confirms access to a cellphone).

Comments and Response Report (C&RR):

Comments received on the DBAR, DSR and DEIR will be included in the final reports, which will be submitted to the DFFE for decision making at a later stage (within the timeframes as stipulated in the EIA Regulations, 2014, as amended). A full C&RR will also be drafted to capture all comments received during the EIA process, including responses thereto. The C&RR will be included in the Final EIA Report.

The public participation process will come to a close for the project when the decision on the EIA is received and is made available to the public. All registered I&APs / stakeholders will be notified of the EA (should this be granted) and appeal process accordingly⁴.

8. CONCLUSION

The Public Participation Plan, as set out above, has been drafted for the BA/EIA Process for the proposed development of the Koup 1 and 2 Wind Energy Facility (WEF) and associated infrastructure and Grid Connection to ensure that reasonable opportunity is provided to I&APs / stakeholders and that all

The Public Participation Plan is submitted to the DFFE, for discussion and agreement before the Public Participation Process is undertaken for the proposed EIA process.

9. SCHEDULE

The public participation process will commence in October 2021 with the submission of the draft Scoping Report. Thereafter, the Draft Basic Assessment Report and the Draft EIA Report will go out for comment together from 8 March to 7 April 2022.

The project schedule is attached in **Appendix A**.

Genesis Koup 1 Wind Farm (Pty) Ltd / Genesis Koup 2 Wind Farm (Pty) Ltd
