Children abandoned by municipality

Matthew Handley

The Steve Tshwete Local Municipality has “abandoned the children of Nasaret”.

Cries of distress over the state of the Nasaret Stadium have been ignored for years, forcing Middelburg Combined School to take matters into its own hands. The school was set to host an inter-house athletics event, which was then put under threat of cancellation due to the municipality's incompetence.

After the municipality ignored the school's pleas, they were forced to search for alternative forms of help, this led them to Democratic Alliance PR Councillor Mr Morgan Bruiners.

On the afternoon before the event, Mr Bruiners organised much-needed

maintenance to be done at the stadium, including painting the correct markings onto the field, cutting the overgrown grass, unclogging the blocked toilets and clearing out litter. This continued the following morning.

Middelburg Combined School were previously told by the municipality to move their athletics day to Eastdene Sports Ground, a shambolic proposal that paid no thought to the hassle or economics regarding the transportation of the learners. The Nasaret stadium is within walking distance of the school, offering convenience for both learners and educators participating in the event. Whereas, if the event were to be held in Eastdene, busses would need to be hired, an expense that the school does not have the

resources to bear.

The DA's intervention is viewed by Mr Bruiners as a “temporary solution to a persistent problem”, and he further added, “It is a right of the community to ask for the basic maintenance of community grounds.”

The lack of respect shown to the community of Nasaret is alarming, as the municipality's blasé attitude leaves the people of Nasaret frustrated and sapped of enthusiasm, for what is an important day in the lives of the school's children.

An educator at the school, Mr Curtly Short, said, “We as a school feel hopeless that the municipality doesn't care about us.”

The premises prior to the event was abysmal, with stagnant water protruding across the grounds posing a significant

health risk.

The stadium's pavilion is currently inaccessible due to being anchored in water.

On the day of the event, after Mr Bruiners and his hardworking team had salvaged what they could, learners were advised to stay on the opposite side of the field, with the 100m race using an impromptu track, due to the conditions affecting the official trail.

Security is employed to monitor the grounds, however, the recent theft of several large gates was met with no resistance from the guards on duty.

The security officers currently safeguard a site devoid of all assets.

The tennis courts have been left in a dire state, with both courts being stripped bare.

The caretaker's house, situated within the grounds, is currently being leased to a municipal worker, however, this worker is said to be a contractor with no affiliation or duty to the community stadium, leaving the arena without formal supervision.

This neglect of community grounds can only be seen as an enormous mismanagement of resources on the part of the municipality.

The *Middelburg Observer* has reported on the situation in several previous editions of the paper. This condemnation has seemingly fallen on deaf ears.

The maintenance being done before the sports day.

EXPRESSION OF INTEREST (EOI) IN SUPPLY AND INSTALLATION OF UNDERGROUND CONVEYORS BELTS AND ASSOCIATED EQUIPMENT – ELECTRICAL AND INSTRUMENTATION

Arnot Opco Mine (Arnot Opco) seeks an Expression of Interest from Reputable Suppliers and Operators for a 2-month Contract for the refurbishment and installation of underground conveyor belts and associated equipment – Electrical and Instrumentation

NOTES:

1. Submission of the EOI does not constitute an obligation by the Arnot Opco to include your company in this specific procurement exercise, neither does it assure that a respective bidding exercise will be undertaken in due course.
2. This is a readvertisement, and all the other vendors that expressed interest and/or forwarded proposals are encouraged to participate.
3. The Electrical refurbishment area to be covered is for conveyor 10.1 is 15m, 10.2 is 1200m long and conveyor 10.3 is 400m long together, they have a combined length of 1615m.

SPECIFIC REQUIREMENTS / INFORMATION (IF ANY):

1. Details of the requirements will be provided in the tender documents, however in brief the Contractor shall be expected to include for the furnishing of all plant, material, tools, consumables, supervision, labour, transportation, technical and professional services necessary for the construction, installation and commissioning of all electrical and instrumentation equipment as detailed within the body of this works package.
2. Tender documentation shall be forwarded to companies that expressed interest on/or before 17 February 2023, Kindly note that no EOI documentation shall be accepted after the closing date of the 17 February 2023.

SIVEST Environmental Division

NOTICE FOR THE PROPOSED CONSTRUCTION AND OPERATION OF THE HENDRINA SOUTH GRID CONNECTION INFRASTRUCTURE WHICH INCLUDES A 132KV POWERLINE IN THE MPUMALANGA PROVINCE OF SOUTH AFRICA

In terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) as amended and the Environmental Impact Assessment (EIA) Regulations, under Government Notices No. R982, R983, R984 and R985 promulgated on 4 December 2014 and amended on 07 April 2017, notice is hereby given that **ENERTRAG South Africa (Pty) Ltd (hereafter referred to as "ESA")**, has appointed SIVEST SA (Pty) Ltd, as the independent Environmental Assessment Practitioner (EAP), to undertake the required Basic Assessment (BA) and Public Participation Process (PPP) for the below-mentioned development. The competent authority for the required BA Process is the Provincial Mpumalanga Department of Agriculture, Rural Development, Land and Environmental Affairs (DARDLEA).

ESA proposes the development of grid connection infrastructure for the Hendrina South Wind Energy Facility (WEF), which includes a 132kV power line. The overall objective of the proposed development is to distribute electricity by means of renewable energy technologies capturing wind energy from the Hendrina South WEF and connecting the Hendrina South WEF to the Hendrina Power Station to feed the national grid.

PROJECT LOCATION: The proposed project is located approximately 15km west of Hendrina, within the Steve Tshwete Local Municipality, in the Nkangala District Municipality, Mpumalanga Province. The Hendrina Power Station is located approximately 17km northwest of Hendrina, near Pullens Hope.

The grid connection infrastructure will be located on the following properties:

- Portions 0 and 11 of Farm 162 Hendrina Power Station;
- Portion 8 of Farm 154 Boschmanskop;
- Portions 1, 2, 13, 14 and 18 of Farm 151 Roodepoort;
- Portion 1 of Farm 158 Aberdeen;
- Portion 1 of Farm 25 Broodsneyersplaats;
- Portions 02, 12, 17 and 37 of Farm 153 Driefontein;
- Portion 0 of Farm 186 Gloria;
- Portions 3 and 4 of Farm 185 Hartebeestkuil; and
- Portions 0, 1, 3, 4, 5, 6, and 7 of Farm 189 Dunbar

To register as an Interested and / or Affected Party (I&AP) and / or to obtain additional information please submit your name, contact details (telephone number, postal address and email address) and the interest which you have in the application to SIVEST as per the details below and please reference the 'Hendrina South Grid' in your correspondence:

Copies of the draft basic assessment reports can be obtained on the SIVEST website at: <https://www.sivest.com/za/download> or emailed on request and at the Hendrina Public Library, 44 Kerk Street, Hendrina, Mpumalanga, South Africa. The comment period for the draft BA report will run from 03 February 2023 to 05 March 2023.

POPIA, you hereby declare and confirm that you, as an I&AP providing information, consent for your information to be gathered, stored and distributed for the purpose of this project.

Queen of the Mountain

The Barberton XCM MTB challenge took place on Saturday.

Liezl Rosenstein from the Middelburg Cycle Club was crowned Queen of the Mountain after being first overall to complete the gruelling climb. She further made her club proud by finishing 14th overall as well as first in the 40 - 50 veteran ladies and first lady to complete the 75 km.

Gustav Basson also managed to end in third position in the ultra marathon, which consists of 110 km.

Finally, Neville Rosenstein ended in 8th position in the 75 km.

Dennies wedloop Woensdag

Sekerlik die dorp se gewildse nagwedloop word Woensdag, 8 Februarie, om 18:00, by Laerskool Dennesig aangebied.

Die Dennies wedlope oor 10 en 4.9 kilometer trek jaarliks honderde deelnemers, wat nie skroom om sommer met stootwaentjie en al die roetes deur Dennesig aan te durf nie.

Inskrywings vir die langer wedloop kos R80 en vir die korter afstand R40.

Daar kan nog die middag by die wegspringpunt ingeskryf word.

Loskop Comrades kwalifiseerder

Die gewildheid van die Nashua Loskop marathon op 6 Mei 2023 het 'n verdere inspuiting gekry, na die aankondiging dat die wedloop een van die laaste Comrades kwalifiseerders is.

Drawwers wat swoeg om te kwalifiseer gaan beslis in groot getalle na die wedloop opruk.

Die Loskop begin by die burgersentrum in Wanderersstraat en eindig by Forever Loskopdam, 50 kilometer verder.
