Rethabile Moli	-	-	0784044124 adorable@webmail.com	13/11/2014	I've seen your notice at EFS ISSUE of the 13 November 2014. I would like you to send me details regarding the Recycling facility, I'm really Interested.	<p>This letter serves to inform you that you have been registered as an Interested and Affected Party (I&AP) for the proposed Maluti-A-Phofung Landfill Site.</p> <p>Thank you for your comments/questions raised on the above mentioned project. Please note that Tholoana Consulting values your questions/comments raised and we have made note of your comments/questions.</p> <p>Your comments will be forwarded to the Project managers/Applicant, All Green Consultants and will be attended to/ responded to, in addition attached to this letter please find the background information document of the proposed landfill site.</p> <p>Note be made that all the reports for the project will be made available to the registered I&APs before submission to the competent authority.</p> <p>Please do not hesitate to contact Tholoana Consulting for further details.</p> <p>Yours Sincerely</p> <p>There will be no installation of an automated recycling plant. However provision has been for a recycling centre which will be used to sort wastes into different categories then sold to recycling specialists.</p> <p>In brief the facility is more of a sorting facility than a recycling facility.</p> <p>Tholoana Consulting values your comments and views, thus your comments are highly appreciated. Kindly do not hesitate to contact Tholoana Consulting in terms of the above.</p>	Mr Vusmuzi Hlatshwayo (Tholoana Consulting)
Mofokeng Betsie	Ward 32	Clr Ward 32	082 478 8925 betsi@webmail.co.za	08/01/2015	With reference to the advertisement that you have done in our Municipality particularly WARD 32 applications for Waste Management Licence. I discussed this matter with community in public meeting. Community felt that access roads, S20 Kgoledi ya Manka, Tebang to Bluegumbosch and Khabisi to Boitelo School must be paved because heavy trucks will be utilising that roads. No objection was done to your advertisement. I will be happy if this matter can be taken into consideration.	<p>The access roads to the proposed landfill site will be gravel, thus there is a need for the municipality to upgrade the road. This will be budgeted for in the next financial year and will be included in the municipal IDP aswell.</p> <p>Furthermore, Tholoana Consulting would like to indicate that during the EIA phase, mitigation measures in terms of how the dust generated as a result of movement of construction vehicles, will indicated in the Environmental Management Plan, which is submitted with the Final Environmental Impact Assessment Report for the decision.</p> <p>Thank you for your comments/questions raised on the above mentioned project. Please note that Tholoana Consulting values your questions/comments raised.</p>	Mr Stevie Nhlapo (MAP)

Tefo Simon Mantje		Co-operative Member	0719154288	20/02/2015	I am one of the Co-operative members; I started to attend the meeting from 12 th May 2010 till now I don't have a place to work. A project is under the Maluti-A-Phofung Municipality. Our project name is Phaphamang Sechaba Waste Management Primary Recycling. I think you will help me to have that site.	<p>RE: Kindly note that the proposed MAP landfill site, involves an establishment of an area where the municipality will be able to dispose off waste generated from households for instance. Furthermore Tholoana Consulting was appointed to act as independent Environmental Practitioners in order to facilitate the process of attaining the waste management license for the proposed landfill site.</p> <p>The landfill site entails the establishment of a recycling/sorting facility for waste coming into to the site, to be further sorted then sold to other recycling companies.</p> <p>Trusting that the above is in order, kindly do not hesitate to contact Tholoana Consulting for any clarity in terms of the above.</p>	Mr Vusmuzi Hlatshwayo (Tholoana Consulting)
Lebogang Msemanga	QwaQwa	Community Member	-	29 th January 2015	<p>I AM LEBOHANG MSEMANGA FROM QWAQWA AND I AM 23 YEARS OLD.I COMPLETED MY MATRIC 2010 AND I PASS WITH SYMBOL B.</p> <p>I COULDN'T WAIT TO GET OUT OF SCHOOL AND SEE WHAT LIFE HAD IN STORE FOR ME,WHAT THE "BIG BAD WORLD" HAD WAITING FOR ME. I WAS SO EXCITED, SO SURE OF MYSELF, AND SO READY TO TAKE ON THE WORLD.</p> <p>I SPEND MY ENTIRE LIFE AT HIGH SCHOOL WRITING POEMS, NOVELS, LOVE STORIES AND ENCOURAGEMENT EVEN NOW I AM STILL WRITING.</p> <p>SO ALL I NEED NOW IS SPONSORSHIP BECAUSE I REALLY NEED LAPTOP, FAXING MACHINE, PRINTING MACHINE AS WELL AS FINANCIALS.</p>	<p>Response: Kindly note that your comment/issue/request raised has been received by Tholoana Consulting, furthermore the request has been forwarded to the applicant being Maluti-A-Phofung Local Municipality for a response, this will further guide in terms of which relevant department within the Maluti-A-Phofung local municipality you can approach for the request for sponsorship.</p> <p>Note that the proposed project entails the establishment of a landfill site for the Maluti-A-Phofung Local municipality, thus does not entail provision of sponsorships. However kindly note that once a response in terms of the relevant department to approach has been received, this will be communicated to you.</p>	Mr Vusmuzi Hlatshwayo (Tholoana Consulting)
