Projek Beskrywing

Die applikant doen aansoek om 'n Mynreg op die Resterende Gedeelte van Gedeelte 1 van die Plaas Vogelstruisbult 104. Die aktiwiteit waarvoor aansoek gedoen word is vir ondergrondse mynbou sonder enige vereiste vir enige versteuring van die oppervlak binne die voorgestelde mynreg.

Orion Minerals (Orion), deur sy affiliaat maatskappy Vardocube (Edms.) Bpk., is diehouer van 'n prospekteerreg in die Copperton-gebied van die Noord-Kaap Provinsie. Die Copperton reserwe strek oor die Repli en Vardocube prospekteerreg gebied. Orion wil dus deur sy filiaalmaatskappy Vardocube toegang tot die ondergrondse minerale verky deur gebruik te maak van die reeds bestaande Hutchings-skag, geleë op Gedeelte 25 van die Plaas Vogelstruisbult 104, binne die voorgestelde Repli-mynreg. 'n Handelsooreenkoms sal tussen Repli en Vardocube aangegaan word sodat alle infrastruktuur en strukture wat beplan is op die voorgestelde Repli-oppervlak om ondergrondse mynbou te ondersteun, ook gebruik sal word vir die ondergrondse ontginning van die reserwe geassosieer met Vardocube. Die infrastruktuur en strukture wat deur Repli gevensionig gaan word, is ontwerp met voldoende kapasiteit om die bykomende erts en myn-oorblyfsels van die Vardocube-ondergrondse mynbou te akkommodeer.

Omvangsbepling en Impakbepling Proses

Die voorgestelde ontwikkeling het betrekking tot gelyste aktiwiteite wat geïdentifiseer is in Noteringskennisgewing 2 van die OIB-regulasies, 2014. Gevolglik moet 'n Omvangsbepling- en Omgewingsimpak-proses vir die aansoek vir n Omgewingsmagtiging onderneem word. ABS Africa (Pty) Ltd (ABS Africa) is aangestel as onafhanklike omgewingsbeplingspraktisy om die Omvangsbepling en Impakbepling Proses te onderneem. Die omvangsbepling fase van die Omvangsbepling en Impakbepling proses is voltooi en die bevindinge is saamgevat in die voorlopige Omvangsbeplingsverslag (OBV) wat nou beskikbaar is vir publieke hersiening en kommentaar.

Die Omgewingsmagtiging en Geïntegreerde Waterverbruikslisensie sal terselfdertyd onderneem word en sal ingelig word deur die omvangsbepling en Impakbepling proses.

**JAPIE PLAAS 'N WAG VOOR SY MOND****Tydsverloop verg aanpassings****Geagte Leser,**

Daar is soos mense wat nie kan gesels sonder om te verskil nie.

As jy nie met so'n persoon verskil nie, geniet hy nie werklik jou geselskap nie. Mense wat filosofies georiënteerd is, het dieselfde gebruik. Dit is die manier waarop hulle by die waarheid probeer uitkom.

In die Saterdag-Burger is soos gewoonlik 'n rubriek oor Geestelike Waardes geskryf deur Robert Vosloo. Hy huldig die standpunt dat waarheide van die verlede nie sonder nuansering steeds as die waarheid aangebied kan word nie. As voorbeeld noem hy dat Karl Barth klem daarop gelê het dat as jy 'n ware volgeling van die Calvinistiese tradisie is, jy die woorde van die verlede moet aanpas vir die huidige tydsgewig. Dit lyk dus asof die direkte woorde tyd anders verstaan.

GROOT RIELANDS OP CALVINA

DRIE jong rielandsertjies wat vir Noord-Kaap Toerisme in vertoning gelewer om die groot rielandsuitdun op 29 September 2018 op Calvinia te adverteer waar 100 rielanders verweg word om dit uit te spook vir die ATKV-riel-dans finaal later in die Paarl.

indien jy die tradisie tot een wil strek. Tydsverloop het dus 'n impak op die verstaan van wie iemand gesê het.

Daar is behalwe tydsverloop ook 'n volgende onderwerp waaroor mense verskil. As ons kyk na morele oorwegings, kan ons sê dat hierdie oorwegings vir almal geld oor alle kultuurgrense heen? Daar is voorbeeld van morele waardes wat vir almal geld (universelle waardes). 'n Ekstreeme voorbeeld is kannibalisme. Alle mense van alle kulture stem saam dat dit verkeerd is. Daar is egter ander waardes wat nie maklik is om dit as universeel te beskou nie. 'n Moontlike voorbeeld is veelwykylike. In ons kultuur is dit verkeerd. As jy nou te veel staatmaak op jou morele oordeel, kan jy dalk as rassistles beskou word of dat jy jou kultuur as meerwaardig ag.

Dit bring ons dus by die feit dat morele beskouings nie altyd universell geld nie en moet daar boonop rekening gehou word met die feit dat morele insprake oor tyd aangepas moet word om nog steeds die gees waarin dit vantevore gesê is, te weerspieël.

In ander woorde gestel: Morele aansprake is nie altyd universell geld nie en boonop moet die konteks van tyd ook in ag geneem word.

Na dit alles moet ons verstaan dat die bedoeling/betekenis van 'n geskrewe teks versigtig hanteer moet word, omdat daar 'n wesentlike gevare is dat dit verkeerd verstaan kan word. Uiteraard vra dit van ons om 'n eersterdie studie oor 'n onderwerp te doen en om in nederigheid daaroor standpunt in te neem.

Ons kan verskil in die wete dat ons ook verkeerd kan wees.

Groete, Japie.
