ATTENTION: Mrs. G. NEDELCU

Dear Madam

**TOWNSHIP ESTABLISHMENT: APPLICATION TO ESTABLISH
LINKSFIELD NORTH EXTENSION 6**

Johannesburg Water (Pty)Ltd has received and approved the report from Goba Consulting Engineers dated 5 April 2013 in support of this application.

Water

This development is outside existing Johannesburg Water (Pty)Ltd's distribution zones. A new Linksfield reservoir PRV will be created to accommodate this proposed development. A new 200mm diameter will be required as per the report and tie into existing 750mm diameter at the intersection of Grant and Club streets with a PRV. The existing water system has enough capacity to accommodate this development, no upgrades will be required, link services will be required. The cost will be for the developer's account.

Sewer

The sewer from this development can drain into the Bruma Sewer Drainage Basin as per connection on the report. Permission will be required to cross private property while servicing this development. The existing sewer infrastructure has enough capacity to accommodate additional flows from this development, no upgrades will be required. Link sewer services will be required. The cost will be for the developer's account

Contributions to External Services

External financial contributions for both potable water and sewerage will be required.

Should any additional information be required please do not hesitate to contact the writer.

Yours faithfully

(H. Matodzi)
