Dear Stakeholder,

NOTICE OF ACKNOWLEDGEMENT OF APPLICATION FOR PROSPECTING RIGHTS AND ENVIRONMENTAL AUTHORISATION IN TERMS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT (ACT NO. 107 OF 1998), ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED): PROSPECTING ALONG THE WEST COAST OF SOUTH AFRICA IN SEA CONCESSION AREAS 14C

APPLICATION PHASE: REQUEST FOR PRELIMINARY STAKEHOLDER INPUT AND STAKEHOLDER REGISTRATION

Trans Atlantic Diamonds Pty (Ltd) (the 'Applicant') is applying for the right to prospect in South African Sea Concession Area 14C. Concession Area 14C spans 106 001 ha and is located offshore of the Western cape coast. The inshore boundary of this concession area is located approximately 5 km offshore and the outer boundary at about 100 km seaward of the coast at the widest part. Sea concession 14C stretches from 12 km south of the Olifants River mouth to 23 km south of the mouth. The port nearest to the concession area is Lamberts Bay which is located approximately 21 km south of the concession.

This activity triggers Listed Activities in the Environmental Impact Assessment Regulations, 2014 (as amended) and promulgated in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA). The Applicant is therefore required to apply for Environmental Authorisation from the competent authority, i.e., the Department of Mineral Resources and Energy (DMRE), in addition to applying for prospecting rights to commence with the activity. The Applicant has appointed Anchor Environmental Consultants (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to assist with applying for prospecting rights and conducting a Basic Assessment Process which is required to apply for Environmental Authorisation.

You are herewith invited to provide input and to register as an Interested and Affected party (I&AP) for the proposed activity.

Please send your name, contact details, preferred method of notification (e.g. e-mail address, cellphone or verbal communication) and an indication of any direct business, financial, personal or other interest (e.g. fisheries, business owner, government official) which you may have in the application to info@anchorenvironmental.co.za. Alternatively, please complete and submit the questionnaire attached to the Background Information Document (BID). If you are aware of anyone that might be an I&AP, please direct them to this email or send us their details.

Please note that this first notification is to inform stakeholders that the application for prospecting rights has been accepted and the application for Environmental Authorisation has been acknowledged by the DMRE. Prospecting rights and environmental authorisation have NOT yet been granted. We are calling for any initial comment regarding the acceptance and acknowledgement of these applications. **Kindly submit any initial comments you might have regarding the prospecting rights application by filling out the questionnaire attached to the BID and submitting it to the following email address: info@anchorenvironmental.co.za by 15:00 on 17 March 2022.**

You are also notified that there will be an official 30-day Public Participation that will also include a meeting. Details regarding this process and meeting will be confirmed with and communicated to stakeholders at a later stage.

During this 30-day period, you will have an opportunity to review and comment on the Draft Basic Assessment Report (BAR) which will be made available online and at designated locations. The Draft BAR will provide details about the applicant, receiving environment, the prospecting activity, and any potential associated impacts. Any further comments/ concerns regarding the prospecting rights project and activities can still be submitted until the end of the Public Participation Period (date still to be confirmed).

Please do not hesitate to contact us should you have any questions concerning the proposed project or stakeholder consultation process.

Thank you

Kind regards,

Daar word dus van die aansoeker vereis om aansoek te doen om omgewingsmagtiging by die bevoegde owerheid, dit wil sê die Department van Minerale Hulpbronne en Energie (DMHE), benewens die aansoek om prospekterregte, voordat daar voortgegaan mag word met die aktiwiteite. Die aansoeker het Anchor Environmental Consultants (Edms) Bpk aangestel as die Onafhanklike Omgewingsassesseringspraktisyn (EAP) om te help met die aansoek om prospekterregte en om 'n Basiese Assesseringsproses uit te voer as deel van die aansoek om omgewingsmagtiging.

As u van iemand weet wat moontlik ook 'n I&AP is, verwys hulle asseblief na hierdie e-pos of stuur vir ons hulle besonderhede.

Let daarop dat hierdie eerste kennisgewing bedoel is om belanghebbendes in kennis te stel dat die aansoek om prospekterregte aanvaar is en dat die aansoek om omgewingsmagtiging deur die DMHE erken is. Prospekterregte en omgewingsmagtiging is nog NIE toegeken NIE. U word uitgenooi om aanvanklike kommentaar te lewer aangaande die aanvaarding en erkenning van aansoeke. Gedurende hierdie 30-dae periode het u die geleentheid om die Konsep-basiese assesseringsverslag (BAV) te hersien en kommentaar daarop te lewer. Hierdie verslag sal op ons webtuiste aanlyn en ook op aangewese plekke beskikbaar gestel word.
