Application area:
 15.7 ha
Client:

Lomeza Mining Services (Pty) Ltd

Consultant:

Please take note that although a portion of the area falls within an ESA, this area has been previously disturbed and no sensitive landscapes remain within the application area as it was previously used for mining. A small section 1.9 ha has not yet been disturbed and should be regarded as a no go zone.

Please take note that the coordinates were derived from a GIS and not physically surveyed and is therefore an estimation only.
