CURRICULUM VITAE
CHRIS VAN ROOYEN

SPECIALIST FIELD: Avifauna

EDUCATION

My formal training is in the legal sciences. I studied at the Rand Afrikaans University where I obtained my LLB in 1990, and I was admitted as an advocate in 1994. However, my interest and passion has always been for the natural sciences, particularly the study of birds. I therefore had no regrets when I abandoned my legal career to pursue a career in conservation in 1996.

I started my formal employment in the conservation field at the Endangered Wildlife Trust (EWT) in April 1996. Prior to that I was a volunteer and member of the management committees of the Raptor Conservation Group and Vulture Study Group (now amalgamated under the Birds of Prey Working Group of the Endangered Wildlife Trust). I was offered the position of working group manager in April 1996, then Director of the EWT, and my brief was to develop a strategic partnership with Eskom, aimed at reducing the conflicts between electricity infrastructure and wildlife, particularly birds.

RELEVANT WORK EXPERIENCE

- 1991-1995: Volunteer for the Endangered Wildlife Trust's Raptor Conservation Group and Vulture Study Group.
- 1996-2007: Specialist Consultant with the Endangered Wildlife Trust. Duties entailed the overall co-ordination and management of the Endangered Wildlife Trust's national programme to eliminate negative wildlife interactions with electrical utility structures in southern Africa
- Since November 2007 to present: Environmental Consultant specialising in Bird Impact Assessment Studies

Bird Impact Assessment Studies for wind-powered generation facilities:

1. Klipheuwel Experimental Wind Power Facility
2. Kouga Wind Facility Western Cape
3. Biotherm Environmental Impact Assessment Report (Excelsior – Swellendam)
4. Biotherm Environmental Screening Report (Matjiesfontien – Napier)
5. Windcurrent SA Environmental Screening Report (Jeffery's Bay)
6. Genesys Bird Impact Scoping Study (Caledon)
7. Basic Assessment for five wind mast sites in the Western Cape (InnoWind)
