Proposed Building	2383m <sup>2</sup>
Existing Building	574m <sup>2</sup>
Proposed Parking	4330m <sup>2</sup>

### Notes

These drawings and the depicted design is and remains the intellectual property of the architect.

The architect accepts no responsibility for errors resulting from misinterpretation of the drawings. Any errors, discrepancies or omissions found on the drawings are to be reported to the architect immediately. Any and all measurements must be checked against the drawings on site before any work commences.

The contractor must report any discrepancies between the existing building, the specified Bill of Materials and the drawings to the architect or project leader before the work commences.

All relevant details, levels and dimensions to be checked and confirmed on site prior to commencement of work. All drawings to be read together with the Engineer's drawings.

All work is to conform to the latest version of SANS 10400, N.B.R. and Local Authority bylaws. Contractors are to locate and identify existing services on site and to protect these from damage throughout the duration of the works.

All dimensions are given in millimetres (unless denoted otherwise). Drawings are not to be scaled. All levels shown are measured as level above M.S.L.

No foundation or structure is to encroach on boundary. All electrical and plumbing work is to be carried out by a registered Tradesman.

All demolition work to comply with SANS 10400 Part E. S.S. Refers to Grade 316 Stainless Steel on all notes.

The Contractor must ensure the safety on site of the workmen and visitors in terms of the Occupational Health and Safety Act of 1993. It is the responsibility of the Owner/Initiator to ensure that act 85 of 2003 is met.
