

APPLICATION FORM FOR ENVIRONMENTAL AUTHORISATION

(For official use only)	File Reference Number:
12/12/20/	NEAS Reference Number:
DEAT/EIA/	Date Received:

Application for authorisation in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended and the Environmental Impact Assessment Regulations, 2010

PROJECT TITLE

Basic Assessment Report for the proposed upgrade of provincial roads OP09810 and OP09811 and associated infrastructure from the National Route N7 via Stofkraal and construction of a new private road and associated infrastructure to the proposed Zandkopsdriif Mine

Kindly note that:

1. This application form is current as of 2 August 2010. It is the responsibility of the applicant to ascertain whether subsequent versions of the form have been published or produced by the competent authority.
2. The application must be typed within the spaces provided in the form. The sizes of the spaces provided are not necessarily indicative of the amount of information to be provided. Spaces are provided in tabular format and will extend automatically when each space is filled with typing.
3. Where applicable **black out** the boxes that are not applicable in the form.
4. Incomplete applications may be returned to the applicant for revision.
5. The use of the phrase "not applicable" in the form must be done with circumspection. Should it be done in respect of material information required by the competent authority for assessing the application, it may result in the rejection of the application as provided for in the Regulations.
6. This application must be handed in at the offices of the relevant competent authority as determined by the Act and regulations.
7. No faxed or e-mailed applications will be accepted.
8. Unless protected by law, all information filled in on this application will become public information on receipt by the competent authority. Any interested and affected party should be provided with the information contained in this application on request, during any stage of the application process.
9. Should a specialist report or report on a specialised process be submitted at any stage for any part of this application, the terms of reference for such report must also be submitted.

Queries must be addressed to the contact hereunder:

2. ACTIVITIES APPLIED FOR TO BE AUTHORISED

2.1 For an application for authorisation that involves more than one listed or specified activity that, together, make up one development proposal, all the listed activities pertaining to this application must be indicated.

Indicate the number and date of the relevant notice:
 Activity No (s) (in terms of the relevant notice) :
 Describe each listed activity as per project description:

<p>The construction of: (vi) bulk storm water outlet structures (xi) infrastructure or structures covering 50 square metres or more where such construction occurs within a watercourse or within 32 metres of a watercourse, measured from the edge of a watercourse Construction of new storm water infrastructure, culverts and drifts within the Swart-Doring River or within 32 metres of the Swart-Doring River and its tributaries for the existing road as well as the proposed private road. The sizes of the proposed concrete drifts are 245 and 392 m² respectively, while the sizes of the proposed culverts range between 1,464 (minimum) and 10,248 (maximum) m².</p>	<p>11</p>	<p>544, 18 June 2010</p>
<p>The infilling or depositing of any material more than 5 cubic metres into: (i) a watercourse The infilling of material of more than 5 cubic meters into the Swart-Doring River and its tributary for the purposes of constructing drifts where the route alignment crosses the river. Further, due to the existing alignment of the road, road works will for a significant portion of the length of the road be within the floodplain (i.e. within 32m) of the watercourse itself.</p>	<p>18</p>	<p>544, 18 June 2010</p>
<p>The construction of a road, outside urban areas, (i) with a reserve wider than 13,5 metres The construction of a new private road 9,8 meter wide and 6,79 km long within a reserve of 25 metres.</p>	<p>22</p>	<p>544, 18 June 2010</p>

<p>The expansion of</p> <p>(v) bulk storm water outlet structures</p> <p>within a watercourse or within 32 metres of a watercourse, measured from the edge of a watercourse</p> <p>The upgrading and expansion of existing culvert structures and other storm water infrastructure within the watercourse(s) itself or within 32 metres of the Swart-Doring River and its tributaries. The existing culvert structure is approximately 12.5 m in length and 0.45 m wide and will be expanded to 2.44 m in length with a diameter of 0.6m.</p>	<p>The expansion of</p> <p>(iv) infrastructure by more than 50 square metres within a watercourse or within 32 metres of a watercourse, measured from the edge of a watercourse</p> <p>The upgrading and expansion of existing storm water infrastructure and culvert structures by more than 50 square metres in total for the entire existing road. The footprint of the existing culvert structure is 5.625 m² and will be upgraded to 1.464 m².</p>	<p>544, 18 June 2010</p> <p>39</p>
<p>The widening of a road by more than 6 metres, or the lengthening of a road by more than 1 kilometre –</p> <p>(v) where no reserve exists, where the road is wider than 8 metres –</p> <p>The widening of existing provincial roads (OP09810 and OP09811) to 9.8 meters in total and the lengthening of these roads by more than 1 km, but by no more than 10 km. The existing provincial roads OP09810 and OP09811 are approximately 5 m in width. Provincial roads OP09810 and OP09811 are 10.7km and 2.55 km in length respectively and will be lengthened by approximately 6.79km.</p>	<p>546, 18 June 2010</p> <p>4</p>	
<p>The construction of a road wider than 4 metres with a reserve less than 13.5 metres.</p> <p>(a) In Northern Cape Province</p> <p>ii. Outside urban areas, in:</p> <p>(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans;</p> <p>(d) In Western Cape</p> <p>ii. All areas outside urban areas</p> <p>The construction of a new private road 9.8 meter wide and 6.79 km long within a reserve of 25 metres outside an urban</p>	<p>544, 18 June 2010</p> <p>47</p>	

<p>area in the Northern and Western Cape.</p>	<p>The construction of facilities or infrastructure for the storage, or storage and handling of dangerous goods, where such storage occurs in containers with a combined capacity of 30 but not exceeding 80 cubic metres.</p> <p>(a) In Northern Cape province;</p> <p>!! Outside urban areas, in:</p> <p>(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans;</p> <p>(ii) Areas on the watercourse side of the development setback line or within 100 metres from the edge of a watercourse where no such setback line has been determined;</p> <p>(e) In Western Cape;</p> <p>!! All areas outside urban areas.</p> <p>The construction of "skid" tanks for the temporary storage of fuel not exceeding 80 cubic metres in total for the upgrade of the existing provincial roads and the construction of the proposed private road during the construction phase, outside an urban area in Northern and Western Cape.</p>	<p>10</p>	<p>546, 18 June 2010</p>
<p>The clearance of an area of 300 square metres or more of vegetation where 75% or more of the vegetative cover constitutes indigenous vegetation.</p> <p>(b) Within critical biodiversity areas identified in bioregional plans;</p> <p>The removal of more than 75% indigenous vegetation for the upgrade of provincial roads OP09810 and OP098911 and the construction of the private road to the Zandkopsdrif Mine. The entire footprint servitude of both the provincial roads and private road is 501 000m².</p>	<p>12</p>	<p>546, 18 June 2010</p>	
<p>The clearance of an area of 1 hectare or more of vegetation where 75% or more of the vegetative cover constitutes indigenous vegetation.</p> <p>(a) Critical biodiversity areas and ecological support areas as identified in systematic biodiversity plans adopted by the competent authority.</p> <p>The removal of more than 75% indigenous vegetation for the upgrade of provincial roads OP09810 and OP098911 and the construction of the private road to the Zandkopsdrif Mine. The entire footprint servitude of both the provincial roads and private road is 501 000m².</p>	<p>13</p>	<p>546, 18 June 2010</p>	

<p>The clearance of an area of 5 hectares or more of vegetation where 75% or more of the vegetative cover constitutes indigenous vegetation.</p> <p>(a) In Northern and Western Cape Provinces: i. All areas outside urban areas.</p> <p>The removal of more than 75% indigenous vegetation for the upgrade of provincial roads OP09810 and OP098911 and the construction of the private road to the Zandkopsdriff Mine. The entire footprint servitude of both the provincial roads and private road is 501 000m².</p>	<p>14</p>	<p>546, 18 June 2010</p>
<p>The construction of an infrastructure covering 10 square metres or more where such construction occurs within a watercourse or within 32 metres of a watercourse, measured from the edge of a watercourse.</p> <p>(a) In Northern Cape Province ii. Outside urban areas, in: (ff) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bio-regional plans;</p> <p>(d) In Western Cape ii. Outside urban areas, in: (ff) Critical biodiversity areas or ecosystem areas as identified in systematic biodiversity plans adopted by the competent authority or in bio-regional plans;</p> <p>The construction of culvert structures and drifts within the Swart-Doring River or within 32 meters of the Swart-Doring River and its tributaries for the existing road, and the construction of mechanisms to cross watercourses for the new portion of the road (i.e. the mine access road). The sizes of the proposed concrete drifts are 245 and 392 m² respectively, while the sizes of the proposed culverts range between 1,464 (minimum) and 10,248 (maximum) m².</p>	<p>16</p>	<p>546, 18 June 2010</p>
<p>The widening of a road by more than 4 metres, or the lengthening of a road by more than 1 kilometre.</p> <p>(a) In Northern Cape Province ii. Outside urban areas, in: (ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bio-regional plans; (ii) Areas on the watercourse side of the development setback line or within 100 metres from the edge of a watercourse where no such setback line has been determined.</p>	<p>19</p>	<p>546, 18 June 2010</p>

<p>(d) In Western Cape ii. All areas outside urban areas</p> <p>The upgrading and subsequent widening of the existing provincial roads OP09810 and OP09811 by more than 4 metres and the lengthening of these roads by more than 1 kilometre but by no more than 10 km outside urban areas in the Western Cape. The existing provincial roads OP09810 and OP09811 are approximately 5 m in width and will be widened to 9.8 m. Provincial roads OP09810 and OP09811 are 10.7km and 2.55 km in length respectively and will be lengthened by approximately 6.79km.</p>		
---	--	--

Please note that any authorisation that may result from this application will only cover activities specifically applied for.

2.2 A project schedule, indicating the different phases and timelines of the project, must be attached to this application form.

¹ Please note that this description should not be a verbatim repetition of the listed activity as contained in the relevant Government Notice, but should be a brief description of activities to be undertaken as per the project description

3. OTHER AUTHORISATIONS REQUIRED

3.1 DO YOU NEED ANY AUTHORISATIONS IN TERMS OF ANY OF THE FOLLOWING LAWS?

- 3.1.1 National Environmental Management: Waste Act No
- 3.1.2 National Environmental Management: Air Quality Act No
- 3.1.3 National Environmental Management: Protected Areas Act No
- 3.1.4 National Environmental Management: Biodiversity Act No
- 3.1.5 National Environmental Management: Integrated Coastal Management Act? No
- 3.1.6 National Water Act Yes
- 3.1.7 National Heritage Resources Act No
- 3.1.8 Mineral Petroleum Development Resources Act No
- 3.1.9 Other (please specify) No
- 3.2 Have such applications been lodged already? No

² Where an environmental authorization in terms of chapter 5 of the National Environmental Management Act is required for coastal activities, the competent authority must take into account all the relevant factors including those listed in section 63(1) of the National Environmental Management Integrated Coastal Management Act.

4. DECLARATIONS

4.1 The Applicant

1. Cyrl V. Thomas, declare that

I - ~~am~~ or represent, the applicant in this application;

have appointed an environmental assessment practitioner to act as the independent environmental assessment practitioner for this;

will provide the environmental assessment practitioner and the competent authority with access to all information at my disposal that is relevant to the application;

will be responsible for the costs incurred in complying with the Environmental Impact Assessment Regulations, 2010, including but not limited to -

■ costs incurred in connection with the appointment of the environmental assessment practitioner or any person contracted by the environmental assessment practitioner;

■ costs incurred in respect of the undertaking of any process required in terms of the Regulations;

■ costs in respect of any fee prescribed by the Minister or MEC in respect of the Regulations;

■ costs in respect of specialist reviews, if the competent authority decides to recover costs; and

■ the provision of security to ensure compliance with conditions attached to an environmental authorisation, should it be required by the competent authority;

will ensure that the environmental assessment practitioner is competent to comply with the requirements of these Regulations and will take reasonable steps to verify whether the EAP complies with the Regulations;

will inform all registered and affected parties of any suspension of the application as well as of any decisions taken by the competent authority in this regard;

am responsible for complying with the conditions of any environmental authorisation issued by the competent authority;

herby indemnify the Government of the Republic, the competent authority and all its officers, agents and employees, from any liability arising out of the content of any report, any procedure or any action which the applicant or environmental assessment practitioner is responsible for in terms of these Regulations;

will not hold the competent authority responsible for any costs that may be incurred by the applicant in proceeding with an activity prior to obtaining an environmental authorisation or prior to an appeal being decided in terms of these Regulations;

will perform all other obligations as expected from an applicant in terms of the Regulations;

³ If this is signed on behalf of the applicant, proof of such authority from the applicant must be attached.

⁴ If exemption is obtained from appointing an EAP, the responsibilities of an EAP will automatically apply to the person conducting the environmental impact assessment in terms of the Regulations.

all the particulars furnished by me in this form are true and correct; and I realise that a false declaration is an offence in terms of regulation 71 and is punishable in terms of section 24F of the Act.

Signature of the applicant⁵/ Signature on behalf of the applicant:

Sedex Minerals (Pty) Ltd

Name of company (if applicable):

12 · 12 · 2014

Date:

⁵ If the applicant is a juristic person, a signature on behalf of the applicant is required as well as proof of such authority. An EAP may not sign on behalf of an applicant.
