Good day,

I am looking to be connected to someone from the EIA department, we have 3 applications we wish to submit and want to confirm that the NWPG is the competent authority for the authorization. We would also like to find out if the department requires a pre app meeting and public participation plan, I have been trying to find someone to chat to but have been unsuccessful, this is an urgent request.

Regards,

Ansoné Esterhuizen

Good Afternoon Idiale,

I hope you are well, we at Savannah are planning to start with the Solar PV EIA application for 3 different areas in the Rustenburg area. We would like to find out if we need to submit a pre-application for approval of the public participation or is there anything else you would require from us?

Furthermore, I would like to also find out if we can run the WUL application parallel with the EIA process.

Looking forward to hearing from you.

Regards,

Ansoné Esterhuizen
