## NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

### HOUTHAALBOMEN GRID CONNECTION INFRASTRUCTURE NORTH WEST

---

**Proposed Activity and Location:** Houthaalboomen Grid (Pty) Ltd proposes the development of grid connection infrastructure for Houthaalboomen PV Cluster, which includes a collector substation and a 132kV single or double-circuit power line. The grid connection infrastructure is situated within the Ditsobotla Local Municipality within the Ngaka Modiri Molema District Municipality.

The grid connection infrastructure will be located on the following properties:

- » Portion 1 of the Farm Houthaalboomen 31
- » Portion 0 of Farm Talene 25
- » Portion 39 of Farm Elandsfontein 34-
- » Portion 93 of Farm Elandsfontein 34
- » Portion 41 of Farm Elandsfontein 34
- » Portion 0 of Farm Priem 30
- » Portion 25 of Farm Houthaalboomen 31
- » Portion 1 of Farm Lichtenburg Town and Townlands, No 27

The grid connection infrastructure is located within a 6km long and 200m wide grid connection corridor

**Environmental Assessment Process:** Application for Environmental Authorisation in terms of the National Environmental Management Act (No. 107 of 1998) and the Environmental Assessment Regulations, 2014, as amended, (GNR 326) have been submitted for the projects. The application is being supported by a Basic Assessment process.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

Die Bloumasjien (eersterugbyspan) van Hoërskool Lichtenburg was algeheel derde tydens die finaal van die PUK-reeks wat verlede Saterdag op Potchefstroom plaasgevind het.

Die o/15A-Hokkiemeisies van Hoërskool Lichtenburg het verlede naweek algeheel derde gekom tydens die finaal van die PUK-reeks wat op Potchefstroom plaasgevind het.

**Uitslae van PUK reeks finaal**

**Aangewys as beste skaakmeisie**

Baie geluk aan Tlhagiso Tshwanele van Hoërskool Lichtenburg wat aangewys is as die beste meisie in skaak tydens die Vryheidsdag skaaktoernooi vir o/18's.

Tydens die finaal van die PUK reeks wat verlede Saterdag op Potchefstroom plaasgevind het, was die 2de hokkiespan van Hoërskool Lichtenburg algeheel tweede.

**Dansers dans medaljes los**

Die afgelope naweek het Sumé Weber van Hoërskool Lichtenburg aan die 'South African Dance Foundation' kompetisie deelgeneem. Sy ontvang twee goue medaljes vir haar items in Jazz en Hip Hop.

Bernei Snyman van Hoërskool Lichtenburg het die afgelope naweek aan die 'South African Dance Foundation' kompetisie deelgeneem. Sy het twee goue en drie silwer medaljes asook een brons medalje uit die nege items waaraan sy deelgeneem het, verower.

As deel van Moedersdagviering het Coligny Spesiale Skool uitgereik na die Re Ka Thusa Hospice in Tlhabologang deur aan hulle lekkergoed wat deur die graad 7 meisies gemaak is, te oorhandig. Daar is tans nege verswakte bejaardes wat versorg word in die hersteloord. Dit is 'n voorreg om betrokke te kan wees by dié instansie.

**Wil u ook weklíks die Noordwester by u besigheid verkoop?**

Believe it or not ... Noordwester is still selling like hotcakes even though the death of the printed newspaper was predicted years ago. The demand for your only local community newspaper is growing, therefore we are inviting more local retailers to become part of our newspaper's distribution network. If you want to be a newsagent for Noordwester's newspapers, drop us an email at [circulation@rustenburgherald.co.za](mailto:circulation@rustenburgherald.co.za) or visit our office building at 40 Transvaal Str, Lichtenburg to complete an application form.

**Do you also want to sell the Noordwester at your business on a weekly basis?**

Dit is 'n uitgemaakte saak, papier kraai koning. Lesers is steeds mal daaroor om hul gedrukte gemeenskapskoerant te lees, daarom nooi Noordwester kleinhandelaars om deel van ons verspreidingsnetwerk te word. Indien jy nog altyd die Noordwester wou verkoop, is dit nou jou kans. Stuur 'n e-pos na [circulation@rustenburgherald.co.za](mailto:circulation@rustenburgherald.co.za) of besoek ons by ons kantoor te Transvaalstraat 40, Lichtenburg om 'n aansoekvorm in te vul.

**Cape EAPrac**  
**PUBLIC PARTICIPATION PROCESS**  
**Doornhoek 1 and Doornhoek 2 Solar PV Developments**  
**on Portion 18 of the Farm Doornhoek 372.**

*Basic Assessment Processes*

Notice is hereby given of a Public Participation Process in terms of the National Environmental Management Act (Act No 107 of 1998) and the National Heritage Resources Act (NHRA)(No.25 of 1999).

Applications for two Basic Assessment processes have been submitted to the National Department of Forestry, Fisheries and the Environment for two Photovoltaic (PV) energy developments (Doornhoek 1 and Doornhoek 2 PV facilities) and associated infrastructure on Portion 18 of the Farm Doornhoek 372 near Klerksdorp in the North West Province.

**Proponents:** Doornhoek 1 (Pty) Ltd & Doornhoek 2 (Pty) Ltd.

**Environmental Consultant:** Cape EAPrac

**Proposal:** It is the intention of the proponents, as a Renewable Energy Independent Power Producers to develop 2 x Solar Photovoltaic (PV) Facilities (Doornhoek 1 will be up to 115MW and Doornhoek 2 will be up to 50 MW), with associated infrastructure including on site substations, auxiliary buildings, inverter stations, battery energy storage systems, access and internal roads, laydown areas, perimeter fences, security infrastructure, 33kV cabling between the project components and the facility substation, 132kV facility substation, 132kV Eskom switching station and Loop-in-Loop out (LILo) overhead 132kV power line between the Eskom switching station and the existing Watershed-Klerksdorp 1 132kV power line..

The procedures for a basic assessment process in terms of the 2014 Regulations are being followed for these projects. The following activities, in terms of Government Notice R983, R984 & R985 may be applicable: GN R983: 11(i), 19(i), 12(xii)(a)/(c) GN R984: 1,2 & 15 GN R985: 4(a)(h)(aa) & 18(a)(h)(aa)

Draft Basic Assessment Reports are available for review and comment from **13 May 2022 – 13 June 2022**. Copies of these reports are available on the Cape EAPrac website: [www.cape-eaprac.co.za](http://www.cape-eaprac.co.za) for review and comment. Should any parties not have access to this online platform, they should contact to Cape EAPrac, who will provide an alternative means to access the available information.

**COMMENTS MUST BE SUBMITTED IN WRITING BY NO LATER THAN MONDAY 13 JUNE 2022.**

**APPENDIX C3**  
**Background Information Document**

**BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS FOR THE HOUTHAALBOMEN GRID  
CONNECTION INFRASTRUCTURE, NORTH WEST PROVINCE**

---

**BACKGROUND INFORMATION LETTER**

**MAY 2022**

---

Houthaalboomen Grid (Pty) Ltd proposes the development of grid connection infrastructure for Houthaalboomen Photovoltaic (PV) Cluster, which includes a collector substation and a 132kV single or double-circuit power line. The grid connection corridor is located approximately 5.5km northwest of the town of Lichtenburg in the Ditsobotla Local Municipality and Ngaka Modiri Molema District Municipality.

The extent of the proposed grid connection is evaluated in the Basic Assessment (BA) phase to identify sensitivities. Site-specific studies and assessments will delineate areas of potential sensitivity within the identified study area. Once constraining factors have been confirmed, the layout of the grid connection can be planned to avoid sensitive environmental areas and features.

The grid connection infrastructure will be located on the following properties:

- » Portion 1 of the Farm Houthaalboomen 31
- » Portion 0 of Farm Talene 25
- » Portion 39 of Farm Elandsfontein 34-
- » Portion 93 of Farm Elandsfontein 34
- » Portion 41 of Farm Elandsfontein 34
- » Portion 0 of Farm Priem 30
- » Portion 25 of Farm Houthaalboomen 31
- » Portion 1 of Farm Lichtenburg Town and Townlands, No 27

Two alternative grid connection solutions located within a 200m wide corridor are assessed.

The Applicant has appointed Savannah Environmental, as the independent Environmental Assessment Practitioner (EAP), to undertake the BA for the Houthaalbomen Grid Connection Infrastructure.

**BA Report available for public review and comment:** A BA Report has been compiled for the project and is available for public review and comment from **Friday, 13 May 2022** until **Monday, 13 June 2022**. The BA Report can be downloaded from the Savannah Environmental website (<https://savannahsa.com/public-documents/grid-infrastructure/>).

The Public Participation Process (PPP) provides the public with an opportunity to understand and comment PPP provides the public with an opportunity to understand and comment on the project.

## **BASIC ASSESSMENT PROCESS**

In accordance with the Environmental Impact Assessment (EIA) Regulations, 2014 (as amended) published in terms of Section 24(5) of the National Environmental Management Act (No. 107 of 1998) (NEMA), the development and operation of the proposed project requires Environmental Authorisation (EA) from the Department of Forestry, Fisheries and Environment (DFFE).

In terms of Section 24(5) of the NEMA, as read with the EIA Regulations 2014, as amended, (GN R 324 and 327)), a BA Process is required to be undertaken in support of the application for EA for each project. Each application is required to be supported by comprehensive, independent environmental studies undertaken in accordance with the EIA Regulations, 2014, as amended.

The proponent has appointed Savannah Environmental, as the independent EAP, to undertake the BA for the project to identify and assess all potential environmental impacts associated with the project and recommend appropriate mitigation measures in the Environmental Management Programme (EMPr). As part of the environmental studies, Interested and Affected Parties (I&APs) will be actively involved through the public involvement process being undertaken by Savannah Environmental.

You and/or the organization / company, which you represent, have been identified as a stakeholder for the proposed project as described above. The nature and extent of the project is explored in more detail in the Background Information Document (BID) which is attached to this notification letter and is also available for download from the Savannah Environmental website: <https://savannahsa.com/public-documents/grid-infrastructure/>.

## **PUBLIC INVOLVEMENT PROCESS**

The PPP will be undertaken in accordance with the requirements of Regulations 39 to 44 of the EIA Regulations, 2014, as amended, (GN R326). The aim of the PPP is primarily to ensure that:

- » information containing all relevant facts in respect of the proposed project is made available to potential stakeholders and I&APs;
- » participation by I&APs is facilitated in such a manner that all potential stakeholders and I&APs are provided with a reasonable opportunity to comment on the proposed project; and
- » comments received from stakeholders and I&APs are recorded and incorporated into the BA process.

The restrictions enforced in terms of Government Gazette 43096 which placed the country in a national state of disaster limiting the movement and gathering of people to curb the spread of the COVID-19 virus has placed some limitations on how public consultation can be conducted as part of a BA process. The consultation process for the project has been designed considering these

limitations, and the implementation is in line with our public participation (PP) plan, as approved by the DFFE. Project related documents are available on our website as per the link provided above.

Alternative means of undertaking consultation have been designed to ensure that I&APs are afforded sufficient opportunity to raise comments on the project by WhatsApp / SMS / fax / telephone calls or e-mails (contact details provided below). Our website provides any person with interest in the project, access to project related information and enabling the public participation process to be undertaken in line with Regulations 41 to 44 of the EIA Regulations, 2014, as amended. The project related information on our website allows for the sharing of details regarding the project and consultation documentation, including project maps, presentations, and posters regarding the project, as well as all reports available for review.

The benefits of the having the project related information available on our website include:

- » Ability to create a dedicated project-specific project page to enable easy access to project-related information.
- » Ability to reach a wider audience, allowing more widespread consultation for project related information.
- » Allowing stakeholders and I&APs the opportunity to engage on a project without leaving their office or home.
- » Enabling stakeholders and I&APs to register their interest in a project (for inclusion on the project database), and automatically gaining access to comprehensive project documentation.
- » Enabling the EAP to maintain a complete database of I&APs through maintaining a record of persons registering on the website.
- » Enabling the EAP and stakeholders/I&APs to meet virtually, if requested.
- » Provides a resilient solution to a public consultation process.

Where I&APs do not have the applicable facilities or access to internet, provision has been made to facilitate the consultation process through limited one-on-one consultation where sanitary conditions, in line with COVID-19 restrictions, can be maintained, as well as consulting with the Ward Councillor, the relevant ward committee members, community representatives and local community forum members.

### **YOUR RESPONSIBILITIES AS AN I&AP**

In terms of the EIA Regulations, 2014 (as amended) and the Public Participation Guidelines, 2014 your attention is drawn to your responsibilities as an I&AP:

- » To participate in the EIA processes, you must register yourself on the I&AP database.
- » You must ensure that any comments regarding the proposed projects are submitted within the stipulated timeframes.
- » You are required to disclose any direct business, financial, personal, or other interest that you may have in the approval or refusal of the applications.

## HOW TO BECOME INVOLVED

1. By responding by phone, fax, or e-mail, to the invitation for your involvement.
2. By returning the reply form to the relevant contact person.
3. By contacting the environmental consultant with queries or comments.
4. By reviewing and commenting on the Reports within the stipulated 30-day review and comment periods. Registered I&APs will automatically be notified of the release of the Scoping/EIA Reports for comment, and the closing dates by which comments must be received.

If you consider yourself an I&AP for the proposed projects, we urge you to make use of the opportunities created by the public participation process to provide comment, raise issues and concerns which affect and / or interest you, or request further information. Your input forms a key element of the EIA processes.

By completing and submitting the accompanying reply form, you automatically register yourself as an I&AP for the proposed projects, and are ensured that your comments, concerns, or queries raised regarding the projects will be noted. Please note that all comments received will be included in the project documentation. This may include personal information.

## COMMENTS AND QUERIES

The Houthaalboomen Solar Farm Grid Connection Infrastructure Basic Assessment (BA) Process was announced on Friday, 13 May 2022. The notification letter served to invite Interested and Affected Parties (I&APs) and Landowners to register their interest in the project and to submit any comments / queries that they might have. All written comments received during the BA process to date have been included in the table below.

The BA Report is available for a 30-day review and comment period from **Friday, 13 May 2022** until **Monday, 13 June 2022**. The Comments and Responses Report (C&RR) will be updated with comments received during the review and comment period and included in **Appendix C8** of the final BA Report.

**LIST OF ABBREVIATIONS / ACRONYMS**

BA	Basic Assessment	I&AP	Interested and Affected Parties
C&RR	Comments and Response Report		

## 1. COMMENTS SUBMITTED DURING THE BASIC ASSESSMENT PHASE (INITIAL CONSULTATION & 30-DAY REVIEW PERIOD)

### 1.1. Organs of State

No comments have been received yet.

### 1.2. Key Stakeholders and I&APs

No.	Comment	Raised by	Response
1.	Requested that all project information be relayed in Afrikaans and confirmed that there is a person that understands English but was not available at the time of the engagement.	Petrus Barnard Landowner Elandsfontein 34 Portion 90.  Telephonic Correspondence Information Consultation: 13 May 2022.	This was noted and further action will be applied accordingly.
2.	What is the background of the project? And further requested to have the project documentation emailed for perusal.	Kopano Bokaba Landowner Priem Farm, RE.  Telephonic Correspondence Information Consultation: 13 May 2022.	The project background was provided, and email details updated on the project database for further landowner consultation.
3.	Request to have more project information and have their contact details updated for further correspondence. It was subsequently confirmed that all correspondence may be sent and will be relayed accordingly to the occupiers.	Jan Meyer Landowner Talene Farm No. 24, Portion 10 and 11.  Telephonic Correspondence Information Consultation: 13 May 2022.	The project background was provided, and email details updated on the project database for further landowner consultation.

**Application yet to be submitted/ Reference**

**April 2022**

---

**Introduction:**

The restrictions implemented by the Government through various mechanisms to curb the spread of the COVID-19 virus since the beginning of the pandemic in March 2020, particularly in terms of numbers of people at gatherings, has placed some limitations on the of public consultation process as part the Basic Assessment process. Considering these limitations, the following consultation process has been designed and will be implemented, on approval by the Department of Forestry, Fisheries and the Environment (DFFE).The public participation process which includes consultation with Interested and Affected Parties (I&APs), the competent authority, directly impacted landowners/occupiers, adjacent landowners/occupiers, relevant Organs of State departments, Municipalities, ward councillors and other key stakeholders.

The Public Participation Plan is submitted as per the requirements of the DFFE. According to Section (2)(4)(f) of the National Environmental Management Act (NEMA), the participation of all I&APs must be promoted and all potential I&APs must be informed early and in an informative and proactive way regarding applications that may affect their lives or livelihood in order to give effect to the above sections, and that it is essential to ensure that there is adequate and appropriate opportunity for public participation in decisions that may affect the environment.

Savannah Environmental as the independent assessment practitioners have adopted this plan to in compliance with the regulations. The submission of this and approval does not negate our responsibilities to comply with the requirements for public participation in terms of Regulations 39,40,41,42,43 & 44 of the EIA Regulations 2014, as amended.

**Project Details:**

The Applicant, Houthaalboomen Grid (Pty) Ltd, is proposing the development of grid connection infrastructure for Houthaalboomen PV Cluster and includes a collector substation (Houthaalboomen Collector Substation) and a 132kV power line to the existing Watershed MTS.

<b>Applicant</b>	Houthaalboomen Grid (Pty) Ltd
<b>Project Description</b>	In order to enable the evacuation of the generated power from the three (3) onsite facility substations for the Houthaalboomen PV Cluster (i.e., Barleria PV DFFE Ref: 14/12/16/3/3/2/2107, Dicoma PV DFFE Ref: 14/12/16/3/3/2/2108, Setaria PV DFFE Ref: 14/12/16/3/3/2/2106) to the collector substation to the existing Watershed MTS, two alternative grid

	<p>connection solutions (within a 200m wide corridor) have been assessed and includes:</p> <p><b>Grid Connection Alternative 1:</b> Houthaalboomen Collector Substation, centrally positioned on the southern boundary of Portion 1 of the Farm Houthaalboomen 31, and a 132kV power line connecting into the existing Watershed MTS. The grid connection infrastructure is located within a 6km long and 200m wide grid connection corridor</p> <p><b>Grid Connection Alternative 2:</b> Houthaalboomen Collector Substation, positioned on the south-eastern corner of Portion 1 of the Farm Houthaalboomen 31, and a 132kV power line connecting into the existing Watershed MTS. The grid connection infrastructure is located within a 4.5km long and 200m wide grid connection corridor</p>
<p><b>Affected Properties</b></p>	<ul style="list-style-type: none"> <li>» Portion 1 of the Farm Houthaalboomen 31</li> <li>» Portion 0 of Farm Talene 25</li> <li>» Portion 39 of Farm Elandsfontein 34-</li> <li>» Portion 93 of Farm Elandsfontein 34</li> <li>» Portion 41 of Farm Elandsfontein 34</li> <li>» Portion 0 of Farm Priem 30</li> <li>» Portion 25 of Farm Houthaalboomen 31</li> <li>» Portion 1 of Farm Lichtenburg Town and Townlands, No 27</li> </ul>

**Public Participation Plan:**

The public participation (PP) process will be undertaken in accordance with the requirements of Regulations 39 to 44 of the EIA Regulations, 2014, as amended, (GNR 326). The aim of the public participation process is primarily to ensure that:

- » Information containing all relevant facts in respect of the proposed project is made available to potential stakeholders and I&APs.
- » Participation by I&APs is facilitated in such a manner that all potential stakeholders and I&APs are provided with a reasonable opportunity to comment on the proposed project.
- » Comments received from potential stakeholders and I&APs are recorded and incorporated into the EIA process.

The traditional means and opportunities available for the undertaking of public participation are still covered and implemented as part of this plan considering current regulations to limit risks associated with COVID-19. A COVID-19 protocol has been appended as **Appendix A**. Alternative means of undertaking consultation have been designed and will be implemented by Savannah Environmental to ensure that I&APs are afforded sufficient opportunity to raise comments on the project through an interactive web-based platform readily available and accessible to any person illustrating interest in the project and enables the public participation process to be undertaken in line with Regulations 41 to 44 of the EIA Regulations, 2014, as amended.

The use of online tools enables stakeholders and I&APs to explore the project-specific content in their own time and allows them to participate in a meaningful way in the consultation process. The online platform

allows for project information to be shared and made available. Access to the project documentation via the Savannah Environmental website will be unrestricted to all I&APs. I&APs wanting to access the project information via this portal will be required to register and will receive a unique code (via an automated system) to access the report of interest. This step and the online portal support the EAP in maintaining a complete and accurate record and database of all parties who have interest in the project (and who choose to access the report via the online portal), in line with the requirements of the Regulations.

The online stakeholder engagement platform considers the limitations applied by the Government Regulations prohibiting the gathering of people, as well as limitations which certain I&APs may have in terms of access to computers and internet as well as access to public spaces which are not open for operation or which have restricted access.

The benefits of the online stakeholder engagement platform include:

- Ability to create a dedicated project-specific online platform to enable easy access to project-related information.
- Ability to reach a wider audience, allowing more widespread consultation for major infrastructure projects.
- Allowing stakeholders and I&APs the opportunity to engage on a project without leaving their office or home.
- Enabling stakeholders and I&APs to register their interest in a project (for inclusion on the project database), and automatically gaining access to comprehensive project documentation.
- Enabling the EAP to maintain a complete database of I&APs through maintaining a record of persons accessing the online stakeholder consultation platform.
- Enabling the EAP and stakeholders/I&APs to meet virtually.
- Provides a resilient solution to the public consultation process.

Where I&APs do not have the applicable facilities (i.e., access to internet, mobile phones, or computers), provision has been made to include these I&APs in the consultation process by:

- Consulting with the Ward Councillor and, the ward committee members to ensure broader inclusion.
- Consulting with community representatives, formalised community structures and local community forum members to ensure broader inclusion.
- Inviting direct consultation with the Public Participation team to ensure broader inclusion and support by assisting with the submission of comments.
- Use of the 'Please call me' alert of the dedicated cellphone number to allow a call-back at zero expense to the I&AP.
- Hard copy documentation may be made available to local public facilities, but will only be provided where appropriate sanitary conditions can be maintained.

The schematic illustration overleaf provides an overview of the tools that are available to I&APs and stakeholders to access project information and interact with the public participation team to obtain project information and resolve any queries that may arise, and to meet the requirements for public participation.

<p>i. Stakeholder identification and register of I&amp;APs</p>	<ul style="list-style-type: none"> <li>• Register as an I&amp;AP on the online platform, via completion of a form and provision of contact information, by responding to an advert, or sending a 'please call me' which will be responded to</li> <li>• State interest in the project</li> <li>• Receive all project related information via email or other appropriate means.</li> </ul>
<p>ii. Notifications</p>	<ul style="list-style-type: none"> <li>• Advertisements, site notices, and written notifications provide information and details on where to access project information.</li> <li>• Notification regarding the EIA process and availability of project reports for public review to be sent via email, post or SMS notification.</li> </ul>
<p>iii. Public Involvement and consultation</p>	<ul style="list-style-type: none"> <li>• Availability of project information will be via the Savannah website which is accessible and user friendly.</li> <li>• An opportunity for I&amp;APs and stakeholders to request virtual meetings with the project team.</li> <li>• Where limited connectivity is encountered, in-person meeting/s will be arranged with strict COVID protocols followed.</li> </ul>
<p>iv. Comment on the EIA reports</p>	<ul style="list-style-type: none"> <li>• Availability of the project reports via the online platform for a 30-day comment period.</li> <li>• Where applicable, other electronic platforms (WeTransfer or DropBox), and upon written request CD, USB and/or hard copies will be made available.</li> <li>• Submission of comments facilitated through email, WhatsApp/SMS, direct on-site engagement (where necessary) and where required via post to the PP team.</li> <li>• Comments recorded and responded to, as part of the process.</li> </ul>
<p>v. Identification and recording of comments</p>	<ul style="list-style-type: none"> <li>• Comments and Responses Report, including all comments received throughout the process to be included in the reporting.</li> </ul>

The PP plan, as set out in the table below, has been drafted for the above-mentioned project to ensure compliance with the requirements of the EIA Regulations and that reasonable opportunity is provided to I&APs and that all administrative actions are reasonable. Proof of all notifications will be included in the public participation process report with supporting appendix's included in the Scoping and EIA Reports.

The PP plan is submitted to the DFFE for discussion and agreement before the PP process is undertaken for the proposed project.

**Public Participation Plan: Discussion of approach and methodology to meet the requirements of the Regulations, applicable to all above mentioned applications for environmental authorisation (combined where possible).**

Regulation	Approach & Methodology to meet requirements
<p>Regulation 40(1), Regulation 40(3) &amp; Regulation 43 – provide all potential or registered interested and affected parties, including the competent authority, <b>access to project related information</b>, access to the BA Report which will be made available for a period of at least 30 days to <b>submit comments on draft reports</b> prior to submission of final reports for decision-making.</p>	<p><u>Notification of BA process to be distributed using the following means:</u></p> <ul style="list-style-type: none"> <li>• Advertisement in local media</li> <li>• E-mail</li> <li>• Dedicated project page on the Savannah Environmental online stakeholder engagement platform. This platform is accessible and user friendly.</li> <li>• Post (where email or other means are not possible). This form of notification cannot be excluded considering that some parties may wish to use it.</li> <li>• Site notices placed on site as well as process notices placed at other relevant public locations.</li> </ul> <p><u>Notification of availability of report and period for review using the following means:</u></p> <ul style="list-style-type: none"> <li>• Newspaper advert in a local newspaper (i.e Noordwester) , including details of where the report can be accessed and details of the Savannah Environmental website.</li> <li>• Direct notification to registered I&amp;APs: Notification letter (to be sent via email, fax and/or post, as may be most applicable) to affected and surrounding landowners and occupiers, and registered I&amp;APs.</li> <li>• Direct notification to registered I&amp;APs: SMS and/ or WhatsApp notifications where possible and available.</li> <li>• Indirect notification to registered I&amp;APs: Where direct notification is restricted, notifications to communities via one of the following will be implemented: Ward Councillor, ward committee members, identified and confirmed community representatives, and local community forum members. It is critical to note that all avenues to exhaust direct notifications will be exercised (i.e., including forming part of any local communication groups WhatsApp and Telegram groups).</li> </ul> <p><u>Availability of reports for review:</u></p> <ul style="list-style-type: none"> <li>• Reports available on the Savannah Environmental website for download. Upon registering their interest, I&amp;APs will be able to download the respective project documentation.</li> <li>• Electronic copies can be made available to parties via a secure Dropbox link (or other means) that will be emailed upon request for the documentation.</li> <li>• CDs to be posted, if requested.</li> </ul>

Regulation	Approach & Methodology to meet requirements
	<ul style="list-style-type: none"> <li>• Hard copy project documentation and reports to be available only where appropriate sanitary conditions can be maintained.</li> <li>• Report will be submitted to the DFFE using the DFFE online portal.</li> <li>• Report will be submitted to Organs of State and commenting authorities via an agreed electronic platform (such as on CD, or via a secure Dropbox link or WeTransfer, etc.).</li> </ul> <p><u>Submission of comments to PP team:</u></p> <ul style="list-style-type: none"> <li>• Written comments can be submitted via email, WhatsApp/SMS, fax or post, whichever is most applicable.</li> <li>• Any comments provided telephonically or via instant message will be transcribed and recorded as formal comments.</li> </ul> <p><u>Opportunity and means of consultation where applicable facilities are not available to I&amp;APs:</u></p> <ul style="list-style-type: none"> <li>• Advertisement in local media.</li> <li>• Post (where email or other means are not possible).</li> <li>• Placement of site notice on all affected properties.</li> <li>• Consultation and communication through one of the following, where available: the ward councillor, ward committee members and confirmed community representatives and local community forum members. These forums would be suitable for notifications to occupiers, where access to these parties is not available through other means (such as direct consultation).</li> <li>• SMS or WhatsApp notification.</li> <li>• CDs or USBs to be posted, if requested (and where a computer is available).</li> <li>• Hard copy report only where sanitary conditions can be maintained.</li> </ul>
<p>Regulation 40(2) - Provide access to all project information that has the potential to influence any decision regarding the application, unless protected by law, and must include <b>consultation</b> with Competent Authority, Organs of State &amp; registered I&amp;APs.</p> <p>Regulation 41 (6) – Relevant <b>information available and accessible</b></p>	<p>Provision of project information and consultation via various means including:</p> <ul style="list-style-type: none"> <li>• Telephonic consultation.</li> <li>• Email correspondence.</li> <li>• Correspondence sent via post (where email or other means are not possible)</li> <li>• SMS and/or WhatsApp.</li> <li>• The Savannah Environmental online stakeholder engagement platform will include the following:- <ul style="list-style-type: none"> <li>○ A means for I&amp;APs to register on the project database and provide details of their interest in the project.</li> <li>○ Project maps (as applicable).</li> <li>○ Presentation of findings of the EIA process for each project.</li> </ul> </li> </ul>

Regulation	Approach & Methodology to meet requirements
	<ul style="list-style-type: none"> <li>• Virtual focus group meetings using an appropriate platform agreeable to all parties (such as Zoom, Skype or Teams). The meetings will be recorded, and the attendees' details captured in an attendance register.</li> <li>• Where limited connectivity is encountered, in-person meeting/s will be arranged with strict COVID protocols followed. This includes having an understanding of the venue where the meeting is to be held and the number of attendees to ensure sanitary conditions can be maintained.</li> <li>• Communities will be consulted via one of the following, where available: the relevant Ward Councillor, ward committee members, community representative or local community forum members, as determined and confirmed during the consultation process. Through consultation these forums would be suitable for notifications to occupiers, where access to these parties is not available through other means (such as direct consultation).</li> </ul> <p><u>Opportunity and means of consultation where applicable facilities are not available to I&amp;APs:</u></p> <ul style="list-style-type: none"> <li>• Telephonic consultation.</li> <li>• Post (where email or other means are not possible)</li> <li>• SMS and/or WhatsApp.</li> <li>• Consultation and communication through one of the following, where available: face-to-face meetings or workshops (in an appropriate local language where required) the ward councillor, ward committee members and confirmed community representatives and local community forum members.</li> </ul>
Regulation 41(2)(a) – <b>Site notice</b>	<ul style="list-style-type: none"> <li>• Site notices will be placed at affected properties by the EAP, landowner or specialist, depending on specific travel restrictions applicable at the time.</li> <li>• Size and content will be in accordance with Regulation 41(3) &amp; 41(4).</li> </ul>
Regulation 41(2)(b) – <b>Written notification</b> to affected and neighbouring landowners and occupiers; municipality; ward councillors; Organs of State & other parties required by the CA	<ul style="list-style-type: none"> <li>• Notification letter to be sent via email, fax, or post.</li> </ul> <p><u>Opportunity and means of consultation where applicable facilities are not available to I&amp;APs:</u></p> <ul style="list-style-type: none"> <li>» Post (where email or other means are not possible)</li> <li>» SMS or WhatsApp notification.</li> </ul>
Regulation 42 – <b>Project database</b>	<ul style="list-style-type: none"> <li>• I&amp;APs to be identified through a process of networking and referral, obtaining information from Savannah Environmental and Eskom's existing stakeholder databases, liaison with potentially affected parties in the greater surrounding area and a registration process involving response to adverts.</li> <li>• Organs of State, key stakeholders and affected and surrounding landowners will be identified and registered on the project database.</li> </ul>

Regulation	Approach & Methodology to meet requirements
	<ul style="list-style-type: none"> <li>• Other stakeholders will be required to formally register their interest in the project through either directly contacting the Savannah Environmental Public Participation team via email or fax or use of the Savannah Environmental website.</li> <li>• To access the Savannah Environmental online stakeholder engagement platform, I&amp;APs will be required to provide their details such that they are automatically registered on the project database.</li> <li>• The register of I&amp;APs will contain the names of: <ul style="list-style-type: none"> <li>○ all persons who requested to be registered on the database through the use of the Savannah Environmental website, or in writing and disclosed their interest in the project;</li> <li>○ all Organs of State which hold jurisdiction in respect of the activity to which the application relates; and</li> <li>○ all persons who submitted written comments or attended virtual meeting/s and viewed virtual presentations on the Savannah Environmental website during the public participation process.</li> </ul> </li> <li>• The information captured on the project database will contain the names, organisation and contact details, as required. It must be noted that personal details will not be shared in public documentation in accordance with the requirements of the POPI Act.</li> </ul>
<p>Regulation 44 – <b>Comments</b> to be recorded</p>	<ul style="list-style-type: none"> <li>• Written comments can also be submitted via email, WhatsApp/SMS, fax or post, which ever is most applicable.</li> <li>• Any comments provided telephonically or via instant message will be transcribed and recorded as formal comments.</li> <li>• All comments received throughout the BA process will be acknowledged and captured in the comments and responses report (C&amp;RR) with a relevant response.</li> <li>• The C&amp;RR and all comments received will be included in the final report submitted to the CA.</li> </ul> <p><u>Opportunity and means of consultation where applicable facilities are not available to I&amp;APs:</u></p> <ul style="list-style-type: none"> <li>• I&amp;APs without the applicable electronic facilities to access the Savannah Environmental website will be provided with the opportunity to submit their comments and communicate with the public participation team via SMS, WhatsApp or by sending a Please-call-me notification. These comments will be transcribed and recorded as formal comments</li> <li>• Written comments via post or fax (where email or other means are not possible).</li> <li>• Comment submission telephonically and instant messaging (SMS and/or WhatsApp).</li> <li>• Sending a Please-call-me notification to the Public Participation team so that contact can be made at any point of the project cycle.</li> </ul>

Regulation	Approach & Methodology to meet requirements
Regulation 4(2) – Notification of <b>decision</b> on application	<p><u>Notification of Environmental Authorisation (EA) using the following means:</u></p> <ul style="list-style-type: none"> <li>• Notification letter with details as outlined in EA issued will be sent via email, fax, or post whichever is most applicable.</li> <li>• Notifications that the IEA and WML has been issued and where to download and/or obtain a copy to communities via one of the following, where available: Ward Councillor and his/her ward committee members and identified and confirmed community representatives. These channels will be closely facilitated where no direct notification is possible.</li> <li>• SMS or WhatsApp notification.</li> </ul> <p><u>Opportunity and means of consultation where applicable facilities are not available to I&amp;APs:</u></p> <ul style="list-style-type: none"> <li>• Post (where email or other means are not possible)</li> <li>• Communication via one of the following, where available: the ward councillor, ward committee members and confirmed community representatives and local community forum members.</li> <li>• SMS and/or WhatsApp.</li> </ul>

**APPENDIX A**  
**COVID-19 Protocol**

	<p><b>Avoid large gatherings:</b></p> <ul style="list-style-type: none"> <li>» Meetings will comply with the latest government restrictions regarding gatherings</li> <li>» Participants will be confirmed by invitation only and will be required to register their attendance prior to the meeting</li> </ul>
	<p><b>Wearing of cloth face-masks:</b></p> <ul style="list-style-type: none"> <li>» Mandatory wearing of face masks by all participants incl. consultants and applicant in line with latest government regulations</li> <li>» Where required the applicant will provide face masks for participants who do not have</li> <li>» Both Consultants and Community members have the right to refuse to participate if someone is refusing to wear a mask</li> </ul>
	<p><b>Maintenance of Social distancing:</b></p> <ul style="list-style-type: none"> <li>» Consultants and Community members will be seated according to the latest government restrictions for any community and/or Focus Group Meetings</li> <li>» Where meetings are held inside, adequate ventilation will be ensured</li> </ul>
	<p><b>Hand washing and sanitising:</b></p> <ul style="list-style-type: none"> <li>» Hand sanitisers will be provided at the entrance of the venue for all meetings</li> </ul>
	<p><b>Regular cleaning of shared surfaces and equipment:</b></p> <ul style="list-style-type: none"> <li>» The venue hire used will sanitise and clean chairs and tables in the venue prior to commencement of the meeting</li> <li>» Should there be a break during the meeting, the tables and chairs will be sanitised before the next session</li> <li>» There will be a designated rubbish bin in the meeting venue to collect all waste generated. All waste will be handled and treated as sanitary waste</li> </ul>

**Subject:** Request for Pre-Application & PP Plan Approval - Houthaalboomen Grid Connection Infrastructure, North West Province

Good day

Kindly see attached the Pre-application form and PP Plan for the Houthaalboomen Grid Connection infrastructure, North West Province. A pre-application meeting is not specifically required for the project, the request is submitted in order to provide the DFFE details of the proposed Houthaalboomen Grid Connection infrastructure and for approval of the Public Participation Plan.

Your assistance will be highly appreciated. Please contact the EAP Rendani Rasivhetshele, cc'd in this email, if have any queries in this regard.

Kind regards
